Secret of the Magician's trick** Demos

Winner of the 2016 PEN/ESPN Award for
Literary Sports Writing The true story of
the game that never should have
happened--and of a nation on the brink
of monumental change In the fall of
1943, at the little-known North Carolina
College for Negroes, Coach John
McLendon was on the verge of changing
basketball forever. A protégé of James
Naismith, the game's inventor,

McLendon taught his team to play the
full-court press and run a fast break that
no one could catch. His Eagles would
become the highest-scoring college
team in America--a basketball
juggernaut that shattered its opponents
by as many as sixty points per game. Yet
his players faced danger whenever they
traveled backcountry roads. Across
town, at Duke University, the best
basketball squad on campus wasn't the
Blue Devils, but an all-white military
team from the Duke medical school.
Composed of former college stars from
across the country, the team dismantled
everyone they faced, including the Duke
varsity. They were prepared to take on

anyone--until an audacious invitation arrived, one that was years ahead of anything the South had ever seen before. What happened next wasn't on anyone's schedule. Based on years of research, *The Secret Game* is a story of courage and determination, and of an incredible, long-buried moment in the nation's sporting past. The riveting, true account of a remarkable season, it is the story of how a group of forgotten college basketball players, aided by a pair of refugees from Nazi Germany and a group of daring student activists, not only blazed a trail for a new kind of America, but helped create one of the most meaningful moments in basketball history.

You might walk right by a vernal pool

and not notice it. Often mistaken for mere puddles in the woods, vernal pools are the source of life for many interesting creatures. These secret pools form every year when low places on the forest floor fill up with rain and melted snow. They soon become home to hatching wood frogs, spotted salamanders, and fairy shrimp. Even in late summer and fall, creatures such as turtles and snakes rely on these places for shelter and food.

For readers of The Story of Edgar Sawtelle, this is a dramatic and deeply moving novel about an act of violence in a small Appalachian town and the repercussions that will forever change a young man's view of human cruelty and compassion. After seeing the death of

his younger brother in a terrible home accident, fourteen-year-old Kevin and his grieving mother are sent for the summer to live with Kevin's grandfather. In this town of Medgar, Kentucky, a peeled-paint coal town deep in Appalachia, Kevin quickly falls in with a half-wild hollow kid named Buzzy Fink who schools him in the mysteries and magnificence of the woods. The town is beset by a massive mountaintop removal operation that is blowing up the hills and back filling the hollows. Kevin's grandfather and others in town attempt to rally the citizens against the "company" and its powerful owner to stop the plunder of their mountain heritage. But when Buzzy witnesses a brutal hate crime, a sequence is set in play that will test Buzzy and Kevin to

their absolute limits in an epic struggle for survival in the Kentucky mountains.

Over 10 million adults in the United States have chronic problems with dizziness and imbalance - vestibular problems. This compares to 400,000 with multiple sclerosis or 1.5 million with autism for example, both chronic illnesses with much greater name

recognition. Vestibular problems are difficult to diagnose and treat. While vestibular problems come with various medical names (Meniere's, Perilymph Fistula, Endolymphatic Hydrops, Benign Paroxysmal Positional Vertigo (BPPV), Mal de Debarquement (MdDS), and others) they present a common challenge for the affected person on how to deal with the dizziness and eventually find balance. Finding Balance addresses over a decade of illness, from the initial two years searching for a diagnosis, through the long years of treatment and finally to the period of rebuilding a life within the confines of what dizziness and vertigo will allow. Finding Balance provides a detailed description of symptoms, what can trigger them, the emotional reactions to symptoms, how

to recognize their subtle differences, and how to track them in order to contribute to your own diagnosis. It also emphasizes the patient's responsibility for healing and eventually how to find the inner balance in life that will be necessary to equitably live with these symptoms over time. And it provides a sense of time, of patience. Special Features of Finding Balance Include: Call-out boxes presenting facts and tips for dealing with the disorder All of the medical information in the book has been reviewed by vestibular specialists for accuracy Bulleted lists at the end of chapter with advice to the reader on next steps

How did a Venice Beach T-shirt vendor become television's most successful

producer? How did an entrepreneur who started in a garage create the most iconic product launches in business history? How did a timid pastor's son overcome a paralyzing fear of public speaking to captivate sold-out crowds at Yankee Stadium, twice? How did a human rights attorney earn TED's longest standing ovation, and how did a Facebook executive launch a movement to encourage millions of women to "lean in"? They told brilliant stories. In *The Storyteller's Secret: From TED Speakers to Business Legends, Why Some Ideas Catch on and Others Don't*, keynote speaker, bestselling author, and communication expert Carmine Gallo reveals the keys to telling powerful stories that inspire, motivate, educate, build brands, launch movements, and

change lives. The New York Times has called a well-told story "a strategic tool with irresistible power" - the proof lies in the success stories of 50 icons, leaders, and legends featured in *The Storyteller's Secret*: entrepreneurs like Richard Branson, Sara Blakely, Elon Musk, Steve Jobs, and Sheryl Sandberg; spellbinding speakers like Dr. Martin Luther King, Jr., Bryan Stevenson, and Malala Yousafzai; and business leaders behind famous brands such as Starbucks, Southwest Airlines, Wynn Resorts, Whole Foods, and Pixar. Whether your goal is to educate, fundraise, inspire teams, build an award-winning culture, or to deliver memorable presentations, a story is your most valuable asset and your competitive advantage. In *The Storyteller's Secret*, Gallo explains why

the brain is hardwired to love stories - especially rags-to-riches stories - and how the latest science can help you craft a persuasive narrative that wins hearts and minds. "The art of storytelling can be used to drive change," says billionaire entrepreneur Richard Branson. And since the next decade will see the most change our civilization has ever known, your story will radically transform your business, your life, and the lives of those you touch. Ideas that catch on are wrapped in story. Your story can change the world. Isn't it time you shared yours? *The Hidden Secrets of 18 Stramongate Secret Seven*

The tale begins over three-hundred years ago, when the Fair People—the goblins, fairies, dragons, and other fabled and fantastic creatures of a dozen

lands—fled the Old World for the New, seeking haven from the ways of Man. With them came their precious jewels: diamonds, rubies, emeralds, pearls... But then the Fair People vanished, taking with them their twelve fabulous treasures. And they remained hidden until now... Across North America, these twelve treasures, over ten-thousand dollars in precious jewels, are buried. The key to finding each can be found within the twelve full color paintings and verses of *The Secret*. Yet *The Secret* is much more than that. At long last, you can learn not only the whereabouts of the Fair People's treasure, but also the modern forms and hiding places of their descendants: the Toll Trolls, Maitre D'eamons, Elf Alphas, Tupperwerewolves, Freudian Sylphs,

Culture Vultures, West Ghosts and other delightful creatures in the world around us. The Secret is a field guide to them all. Many "armchair treasure hunt" books have been published over the years, most notably Masquerade (1979) by British artist Kit Williams. Masquerade promised a jewel-encrusted golden hare to the first person to unravel the riddle that Williams cleverly hid in his art. In 1982, while everyone in Britain was still madly digging up hedgerows and pastures in search of the golden hare, The Secret: A Treasure Hunt was published in America. The previous year, author and publisher Byron Preiss had traveled to 12 locations in the continental U.S. (and possibly Canada) to secretly bury a dozen ceramic casques. Each casque contained a small key that

could be redeemed for one of 12 jewels Preiss kept in a safe deposit box in New York. The key to finding the casques was to match one of 12 paintings to one of 12 poetic verses, solve the resulting riddle, and start digging. Since 1982, only two of the 12 casques have been recovered. The first was located in Grant Park, Chicago, in 1984 by a group of students. The second was unearthed in 2004 in Cleveland by two members of the Quest4Treasure forum. Preiss was killed in an auto accident in the summer of 2005, but the hunt for his casques continues.

A memoir from a political prisoner in Morocco's notorious Tazmamart prison. On July 10, 1971, during birthday celebrations for King Hassan II of Morocco, attendant officers and cadets opened fire on visiting dignitaries. A young officer, Aziz BineBine, arrived late

and witnessed the ensuing massacre without firing a single shot, yet he would spend the next two decades in a political prison hidden in the Atlas Mountains—Tazmamart. Conditions in this now-infamous prison were nightmarish. The dark, underground cells, too small for standing up in, exposed prisoners to extreme weather, overflowing sewage, and disease-ridden rats. Forgetting life outside his cell—his past, his family, his friends—and clinging to God, BineBine resolved to survive. Tazmamart: 18 Years in Morocco's Secret Prison is a memorial to BineBine and his fellow inmates' sacrifice. This searing tale of endurance offers an unfiltered depiction of the agonizing life of a political prisoner.
