The progeny of both god and mortal endures ceaseless war in a frozen hell in the second volume of the Lionwolf scrolls Lionwolf awakes on an unfamiliar shore under a cold blue sun, with no memories save the sensation of being in the deadly womb of the sea. Others join him, and they too cannot remember who they are or where they have been. Though Lionwolf can't remember his name—and, in fact, calls himself Nameless—he feels like he was once a king. The twenty-three men on the shore are his army, and soon they are called to duty. Eyeless blue hounds and snake-haired figures riding eight-legged horses lead the men toward a towering city where a bestial mouth trumpets a horrible battle cry. It is Shabatu, a Place of War. There, Lionwolf sets eyes on the king's lover, Chillel—the woman who was once Lionwolf's wife. Are Lionwolf and his men dead? And is Shabatu

perhaps their hell?

Lotta Wiik-Lambert looks back at a lifetime of adventures, beginning in 1985, in this collection of stories that reveal the thrills and dangers of being a world traveler. Often joined by close friends and family, she traveled the seven continents, including several trips to Europe and Russia, where she dined on caviar, wine, and delectable food she'd remember for a lifetime. But not everything always went smoothly: In Leningrad, she and her first husband, Einar, had to wait two hours before they could drive their car off a ship. Lined up behind a Volvo with dogs sniffing for all kinds of things, they thought their turn would be easy but they'd find out differently. In New Zealand, Australia, Tahiti, and Bora Bora, she enjoyed white water rafting

and watching colorful birds running up and down aluminum roofs. On a trip to the Himalayas, India, Thailand, and Hong Kong, she was amazed by the variety of cobras, vipers, and boas. It was a special treat visiting a teak factory where children in their early teens hand-carved teak wood. Join the author as she looks back at a lifetime of adventures and meeting interesting people in *Traveling the Seven Continents*.

A half-Danish, half-German woman grows up in the midst of World War II before leaving Europe for America in this debut memoir. Born to a Danish mother and a German father in 1938 Berlin, Farrin's earliest memories include her mother's severe warning: "Don't say anything to anyone at any time." Later, she remembers their apartment being destroyed by a bomb in 1943. After the author's father went missing in the war, her mother took her, her little sister, Irene, and a baby brother affected by Down syndrome, Jurgen, to Denmark. There, they slowly adjusted to living the subtle stigma of their German connections until their mother found a new community in the Mormon Church. The fifteen-year-old author's mother soon secured visas and passage to America, and the teen's life was drastically changed yet again after they arrived in Salt Lake City. They eventually settled in California, living in a small cottage just off Hollywood Boulevard. Farrin's reluctance about America later gave way to ambition; she attended Stanford University and met her future husband, Jim. Together, they raised five children in nine different foreign cities. Although the daily trials of life as a foreigner and immigrant weighed on the author throughout her life, she continued to derive strength from her faith and her fiercely determined mother. She ably relates the complex character of her mother, and her account of her strange symbiosis with Mutti is equally engaging. Anyone with an interest in history or immigrant experiences will still find Farrin's tale to be thrilling. Kirkus Review

The Oslo Detectives are back in another chilling slice of Nordic Noir ... Frølich searches for the mysterious sister of a young female asylum seeker, but when people start to die, everything points to an old case and a series of events that someone will do anything to hide... 'An impeccably plotted gold-star, A-grade work of Scandi noir' The Times 'Absorbing, heart-rending and perfectly plotted' Denzil Meyrick 'Outstanding ... This is a must for fans of Nordic noir' Publishers Weekly STARRED review \_\_\_\_\_ Suspended from duty, Detective Frølich is working as a private investigator, when his girlfriend's colleague asks for his help with a female asylum seeker, who the authorities are about to deport. She claims to have a sister in Norway, and fears that returning to her home country will mean instant death. Frølich quickly discovers the whereabouts of the young woman's sister, but things become increasingly complex when she denies having a sibling, and Frølich is threatened off the case by the police. As the body count rises, it becomes clear that the answers lie in an old investigation, and the mysterious sister, who is now on the run... A dark, chilling and up-to-the-minute Nordic Noir thriller, Sister is also a tense and well-plotted murder mystery with a moving tragedy at its heart, cementing Kjell Ola Dahl as one of the greatest crime writers of our generation. \_\_\_\_\_ 'Kjell Ola Dahl has always been skilful at character and setting, but the particular defining characteristic of Sister is the steadily accelerating pace, handled with a sure touch. And Frølich remains a rounded and intriguing character, particularly in this latest iteration' Barry Forshaw, Financial Times 'Kjell Ola Dahl's novels are superb' William Ryan 'Dark, stylish and suspenseful ... the perfect example of why Nordic Noir has become such a popular genre' Reader's Digest 'If you have never sampled Dahl, now is the time to try' Daily Mail 'Suspenseful, beautifully and clearly written, with a sure-footed plot, this is a book that thrills' Live & Deadly 'Dahl is a quiet master of the detective thriller, delivering complex plots and a simpatico hero — Frank Frolich, cop turned PI — with Chandleresque elan plus a serious intelligence that roots out essential truths. Here, Frolich is pulled into the "shadowlands" of Norway's asylum seekers and those who profit from them, in an impeccably plotted gold-star, A-grade work of Scandi noir' The Times

Seeking justice for the murder of a fellow cop, Jack Taggart goes undercover to penetrate a gang whose leader is the culprit. Jack Taggart is out for justice, and just a little revenge, when he goes undercover as a pimp to hunt down the murderer of a cop to whom he owes an everlasting debt of gratitude. Embroiled in a mysterious international crime syndicate, for once Taggart might be in over his head. It seemed like a simple investigation of a drug trafficker at first, but when Taggart gets a desperate call for help from one of his informants, he falls headlong into a ruthless network of black marketeering and murder orchestrated by an elusive mastermind. After an Interpol agent is compromised and assassinated, Jack is drawn deeper into the web of crime as things get personal. Despite the constant risk of exposure, Jack is getting close, but any mistake could be fatal. As his allies fall, the only protection Jack has left is a stolen painting that might as well be a bullseye on his back.

Set in the Norwegian countryside over the course of one summer, *The Birds* tells the story of forty-year-old Mattis, who has mental disabilities and lives in a small house near a lake with his sister Hege, who ekes out a modest living knitting sweaters. From time to time Hege encourages her brother to find work to ease their financial burdens, but Mattis's attempts to work at the surrounding farms always end in failure and disgrace. Mattis is keenly aware of the distance between himself and the world around him, which often feels hostile; the villagers call him Simple Simon. Profoundly sensitive to his surroundings, Mattis spends much of his time in the forest, reading its signs and symbols: A woodcock begins a daily flight over their house, a beautiful bird is waiting for him on the path one day when he returns from the store, and one afternoon lightning strikes one of the two withered aspen trees outside the house -- trees known in the village as "Mattis-and-Hege." When Mattis decides to employ himself as a ferryman, the only passenger he manages to bring across the lake is a lumberjack, Jørgen. When Jørgen and Hege become lovers, Mattis finds he cannot adjust to this new situation. Wholly reliant on Hege and terrified of losing her, he clings to the familiar and does everything in his power to make Jørgen leave. Simultaneously, he struggles to find a place for himself in a world that does not seem to want him. With spare simplicity, Vesaas's straightforward prose subtly reveals Mattis's perspective and readers will find themselves shifting irrevocably from observers of his experience to participants in it. Written by one of Norway's most celebrated and beloved authors, *The Birds* is a deeply nuanced examination of identity and responsibility, with abundant narrative suspense and hauntingly beautiful writing besides.

Alex Pella, the acclaimed neuroscientist, is in a heart-stopping race to save humanity. The action-packed stories *The New Reality*, *The Hidden Reality*, and *The Final Reality* draw from both our nation's politically charged environment and the worldwide economic crisis which project a frightening path for human existence in the twenty-first century. *The New Reality*. In the year 2080, a deadly retrovirus is inadvertently released upon the planet. Facing financial ruin and catastrophic loss of life, the world's nations turn to acclaimed neuroscientist Alex Pella and NIH expert Marissa Ambrosia. Assembling a team of experts, the scientists begin an international search for the cure while fighting off a foreign elite military unit sent to stop them at all costs. Guided by a code concealed within the Hebrew text of the Old Testament, the scientists must traverse ancient lands and solve a biblical riddle in their quest to save humanity from its eminent destruction. *The Hidden Reality*. The brilliant doctor and inventor Alex Pella finds himself caught in a deadly power struggle between the tyrant who rules and the one who would. As he sets out on a mission to unravel the New World Order, he must also face the hidden truths about his own genetic heritage, truths that are slowly destroying him. When he receives an ambiguous message sent from a man long since dead, Alex learns that the only way to win his battle against *The New Reality* is to defeat a long-forgotten enemy nearly 2,500 years old. *The Final Reality*. In the high-octane conclusion of the Alex Pella novels, the brilliant doctor and inventor finds himself racing against the unstoppable ambition of Jules Windsor who now leads *The New Reality*. When Jules begins to uncover the powerful, long-forgotten technology behind the world's massive megalithic structures, he sets into motion the same cascade of events that once destroyed the ancient civilization that built them. As the planet heads toward an apocalyptic upheaval not seen since biblical times, Alex and his team know they must stop Jules--and *The New Reality*--once and for all.

In 1862, a mere four years after becoming a state, the Dakota Uprising was a watershed event that would affect Minnesota at all levels. The tenacity and stoicism of the settlers and pioneers would be tested; but, so too, the very survival of the Eastern Dakota and their society, all were in the balance. The Dakota Uprising was one of the many chapters in the 'story' of the American Indian wars that occurred across the western United States up into the 1890's. However, the Dakota Uprising was largely overshadowed by a greater conflict that was occurring in the East - the Civil War. This book, this story, is an attempt to relay the events surrounding the Uprising - before, during, and immediately after. But, the author has tried to shift the focus of the story off of the battles slightly and to highlight the 'heroes' that emerged during the Uprising. The 'heroes' are well represented on both sides - settler and native. These 'heroes' in this story, both native and settler, are highlighted because we need to remember their deeds and the effort they put forth in trying to save themselves, their families, and their people. In our modern society, where we spend so much time keeping track of what is going on in exotic places around the globe, we sometimes forget the very important history that occurred right in our own backyards.
