CASSIUS SASHA

Greece and the Greeks W. W. Norton & Company

All but two chapters "originate from talks forming part of a series called 'The Greeks' broadcast on Network Three of the British Broadcasting Corporation and published in the Listener between 19th January and 16th March, 1961."

The Greeks Lerner Publications

An enjoyable, accessible exploration of the legacy of ancient Greece today, across our daily lives and all forms of popular culture Our contemporary world is inescapably Greek. Whether in a word like "pandemic," a Freudian state of mind like the "Oedipus complex," or a replica of the Parthenon in a Chinese theme park, ancient Greek culture shapes the contours of our

lives. Ever since the first Roman imitators, we have been continually falling under the Greeks' spell. But how did ancient Greece spread its influence so far and wide? And how has this influence changed us? Tony Spawforth explores our classical heritage, wherever it's to be found. He reveals its legacy in everything from religion to popular culture, and unearths the darker side of Greek influence—from the Nazis' obsession with Spartan "racial purity" to the elitism of classical education. Paying attention to the huge breadth and variety of Hellenic influence, this book paints an essential portrait of the ancient world's living legacy—considering to whom it matters, and why. *The Greeks and Their Heritages* Univ of California Press
An overview of ancient Greek civilization is provided with discussions of Greek philosophy, art, and literature
The Greeks A&C Black

Drawing on a wealth of sources, from Hesiod to Pausanias and from the Orphic Hymns to Proclus, Professor Kerényi provides a clear and scholarly exposition of all the most important Greek myths. After a brief introduction, the complex genealogies of the gods lead him from the begettings of the Titans, from Aphrodite under all her titles and aspects, to the reign of Zeus, to Apollo and Hermes, touching the affairs of Pan, nymphs, satyrs, cosmogonies and the birth of mankind, until he reaches the ineffable mysteries of Dionysos. The lively and highly readable narrative is complemented by an appendix of detailed references to all the original texts and a fine selection of illustrations taken from vase paintings. '...learned, admirably documented, exhaustive...'—TIMES LITERARY SUPPLEMENT '...it most emphatically must be the book that many have long been waiting for...'—STEPHEN SPENDER 'Kerényi's effort to reinterpret mythology...arises out of the conviction that an appreciation of the mythical world will help Western man to regain his lost sense of religious values....(His) theory of myth and his actual interpretations of mythical themes...help to point the way to...a new kind of humanism.'—A. Altman, *Philosophy*

The Story of the Greeks Faber & Faber

Offers an introduction to the societies of Classical Greece. This book introduces six key areas of ancient Greece: Greek religion, the Olympic Games, Athenian drama, Athenian society, Athenian democracy, and Sparta. It reflects on some of the social, political and cultural issues of classical Greece.

The Greeks Princeton University Press

'Monumental . . . A wonderful book.' Peter Frankopan'*Magisterial* . . . remarkable.' *Guardian*'Erudite and highly readable . . . An

authoritative guide to the countless ways in which Greek words and ideas have shaped the modern world.' *Financial Times*

The Greeks is a story which takes us from the archaeological treasures of the Bronze Age Aegean and myths of gods and heroes, to the politics of the European Union today. It is a story of inventions, such as the alphabet, philosophy and science, but also of reinvention: of cultures which merged and multiplied, and adapted to catastrophic change. It is the epic, revelatory history of the Greek-speaking people and their global impact told as never before.

The Greeks Univ of California Press

Explores successfully the heritage of the Mycenaean Greeks, the Hellenic Greeks, the Byzantine Greeks, and the Modern Greeks.

The Greeks in America Transaction Publishers

Originally published in 1901, this book was intended as a history of the Greeks and an outline of the continuing influence of ancient Greek culture.

The Gods of The Greeks Weidenfeld & Nicolson

Wide-ranging introduction to the culture of ancient Greece. Illus.

The Greeks in America The Rosen Publishing Group, Inc

"Wonderful...a thoughtful discussion of what made [the Greeks] so important, in their own time and in ours." —Natalie Haynes, *Independent*

The ancient Greeks invented democracy, theater, rational science, and philosophy. They built the Parthenon and the Library of Alexandria. Yet this accomplished people never formed a single unified social or political identity. In *Introducing the Ancient Greeks*, acclaimed classics scholar Edith Hall offers a bold synthesis of the full 2,000 years of Hellenic history to show how the ancient Greeks were the right people, at the right time,

to take up the baton of human progress. Hall portrays a uniquely rebellious, inquisitive, individualistic people whose ideas and creations continue to enthrall thinkers centuries after the Greek world was conquered by Rome. These are the Greeks as you've never seen them before.

The Greeks Cambridge University Press

This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1930.

Introducing the Ancient Greeks: From Bronze Age Seafarers to Navigators of the Western Mind Silver Burdett Press

The Greeks Faber & Faber
New Discovery Books

Discusses the land, history, government, economy, culture, and people of ancient Greece.

The Greeks Gale Cengage

Deals with ancient Greece's possessions in Sicily and the coastal regions of southern Italy.

The Rise of the Greeks Oxford University Press, USA

When did the Indo-Europeans enter the lands that they occupied during historical times? And, more specifically, when did the Greeks come to Greece? Robert Drews brings together the evidence--historical, linguistic, and archaeological--to tackle these important questions.

What the Greeks Did for Us New York : G.P. Putnam

Presents realistic and gruesome facts about different aspects of life in ancient Greece, describing ancient diet, slavery, superstitions, warfare, disease, athletics, and the treatment of women.

The Story of the Greeks Millbrook Press

"Most ancient cultures disappeared with scarcely a trace, their effect upon our modern way of life of little consequence. The Greeks, however, continue to influence contemporary man through their drama, philosophy and art, their political cognizance and knowledge of science. There are many books introducing the Greek world to the modern reader, but this volume was recognized as a classic in the field upon its publication by Penguin Books. It now appears in a new paperback edition, with a new preface by the author and 32 pages of photographs selected especially for the American reader. The Greeks introduces us to the people who formed and founded a new and distinct way of life, the democratic city-state. The author presents--frequently in the words of the Greeks themselves--the formation of the people as a nation, the nature of the country, the impact of Homer, and the rise and decline of the city-state. The book includes an intensive study of the classical period, and provides an illuminating view of the Greek mind, myths and religion, life and character. The Greeks is a recognized classic, written with remarkable grace and wit. In its new, richly illustrated and permanent form, it will endure as perhaps the best reconstruction of one of the greatest episodes in the history of civilized man. H.D.F. Kitto (1897-1982) was professor of Greek at the University of Bristol and is well known as a scholar, teacher and writer in his field. He wrote several books on Greek drama,

and his In the Mountains of Greece resulted from extensive travel throughout the country."--Provided by publisher.

The Greeks of To-day London, Thomas

How can biblical authority be a reality for those shaped by the modern world? This book treats the First World as a mission field, offering a unique perspective on the relationship between the gospel and current society by presenting an outsider's view of contemporary Western culture.

The Greeks University of Texas Press

Traces the history of the Greeks from the years c. 1000-490 B.C. and traces by region and places the early Greeks in context with other civilizations of the same period.

Home Life in Hellas Knopf Books for Young Readers

The Greeks and Greek Civilization offers a detailed description of the lives of the ancient Greeks and the origins of their culture.
