 NEW YORK TIMES BESTSELLER • The definitive cookbook on French cuisine for American readers: "What a cookbook should be: packed with sumptuous recipes, detailed instructions, and precise line drawings. Some of the instructions look daunting, but as Child herself says in the introduction, 'If you can read, you can cook.'" —Entertainment Weekly "I only wish that I had written it myself." —James Beard Featuring 524 delicious recipes and over 100 instructive illustrations to guide readers every step of the way, Mastering the Art of French Cooking offers something for everyone, from seasoned experts to beginners who love good food and long to reproduce the savory delights

of French cuisine. Julia Child, Simone Beck, and Louisette Bertholle break down the classic foods of France into a logical sequence of themes and variations rather than presenting an endless and diffuse catalogue of dishes—from historic Gallic masterpieces to the seemingly artless perfection of a dish of spring-green peas. Throughout, the focus is on key recipes that form the backbone of French cookery and lend themselves to an infinite number of elaborations—bound to increase anyone's culinary repertoire. "Julia has slowly but surely altered our way of thinking about food. She has taken the fear out of the term 'haute cuisine.' She has increased gastronomic awareness a thousandfold by stressing the importance of good foundation and technique, and she has elevated our consciousness to the refined pleasures of dining." —Thomas Keller, *The French Laundry*

#1 NEW YORK TIMES BESTSELLER • Brené Brown has taught us what it means to dare greatly, rise strong, and brave the wilderness. Now, based on new research conducted with leaders, change makers, and culture shifters, she's showing us how to put those ideas into practice so we can step up and lead. Don't miss the five-part HBO Max docuseries Brené Brown: Atlas of the Heart! NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BLOOMBERG Leadership is not about titles, status, and wielding power. A leader is anyone who takes responsibility for recognizing the potential in people and ideas, and has the courage to develop that potential. When we dare to lead, we don't pretend to have the right answers; we stay curious and ask the right questions. We don't see power as finite and hoard it; we know that power becomes infinite when we share it with others. We don't avoid difficult conversations and situations; we lean into vulnerability when it's necessary to do good work. But daring leadership in a culture defined by scarcity, fear, and uncertainty requires skill-building around traits that are deeply and uniquely human. The irony is that we're choosing not to invest in developing the hearts and minds of leaders at the exact same time as we're scrambling to figure out what we have to offer that machines and AI can't do better and faster. What can we do better? Empathy, connection, and courage, to start. Four-time #1 New York Times bestselling author Brené Brown has spent the past two decades studying the emotions and experiences that give meaning to our lives, and the past seven years working with transformative leaders and teams spanning the globe. She found that leaders in organizations ranging from small entrepreneurial startups and family-owned businesses to nonprofits, civic organizations, and Fortune 50 companies all ask the same question: How do you cultivate braver, more daring leaders, and how do you embed the value of courage in your culture? In this new book, Brown uses research, stories, and examples to answer these questions in the no-BS style that millions of readers have come to expect and love. Brown writes, "One of the most important findings of my career is that daring leadership is a collection of four skill sets that are 100 percent teachable, observable, and measurable. It's learning and unlearning that requires brave work, tough conversations, and showing up with your whole heart. Easy? No. Because choosing courage over comfort is not always our default. Worth it? Always. We want to be brave with our lives and our work. It's why we're here." Whether you've read Daring Greatly and Rising Strong or you're new to Brené Brown's work, this book is for anyone who wants to step up and into brave leadership.

French Prepositions is an in-depth study of the forms of both simple and compound prepositions and their use in modern French. It is designed for use by teachers and students who wish to express themselves correctly in French and are looking for a complete and reliable reference book. **Automate the Boring Stuff with Python, 2nd Edition** University Press of America Learn how to code while you write programs that effortlessly perform useful feats of automation! The second edition of this international fan favorite includes a brand-new chapter on input validation, Gmail and Google Sheets automations, tips for updating CSV files, and more. If you've ever spent hours renaming files or updating spreadsheet cells, you know how tedious tasks like these can be. But what if you could have your computer do them for you? Automate the Boring Stuff with Python, 2nd Edition teaches even the technically uninclined how to write programs that do in minutes what would take hours to do by hand—no prior coding experience required! This new, fully revised edition of Al Sweigart's bestselling Pythonic classic, Automate the Boring Stuff with Python, covers all the basics of Python 3 while exploring its rich library of modules for performing specific tasks, like scraping data off the Web, filling out forms, renaming files, organizing folders, sending email responses, and merging, splitting, or encrypting PDFs. There's also a brand-new chapter on input validation, tutorials on automating Gmail and Google Sheets, tips on automatically updating CSV files, and other recent feats of automations that improve your efficiency. Detailed, step-by-step instructions walk you through each program, allowing you to create useful tools as you build out your programming skills, and updated practice projects at the end of each chapter challenge you to improve those programs and use your newfound skills to automate similar tasks. Boring tasks no longer have to take to get through—and neither does learning Python!

This is the newly updated SECOND EDITION! This version has been fully re-checked for accuracy and re-formatted to make it even more user-friendly, following feedback after a full year of

classroom use by thousands of teachers across the world. Spanish Sentence Builders is a workbook aimed at beginner to pre-intermediate students co-authored by two modern languages educators with over 40 years of extensive classroom experience between the two, both in the UK and internationally. This 'no-frills' book contains 19 units of work on very popular themes, jam-packed with graded vocabulary-building, reading, translation, retrieval practice and writing activities. Key vocabulary, lexical patterns and structures are recycled and interleaved throughout. Each unit includes: 1) A sentence builder modelling the target constructions; 2) A set of vocabulary building activities; 3) A set of narrow reading texts exploited through a range of tasks focusing on both the meaning and structural levels of the text; 4) A set of retrieval-practice translation tasks; 5) A set of writing tasks targeting essential micro-skills such as spelling, lexical retrieval, syntax, editing and communication of meaning. Based on the Extensive Processing Instruction (E.P.I.) principle that learners learn best from comprehensible and highly patterned input flooded with the target linguistic features, the authors have carefully designed each and every text and activity to enable the student to process and produce each item many times over. This occurs throughout each unit of work as well as in smaller grammar, vocabulary and question-skills micro-units located at regular intervals in the book, which aim at reinforcing the understanding and retention of the target grammar, vocabulary and question patterns.

A bold new theory of leadership drawn from elite captains throughout sports—named one of the best business books of the year by CNBC, The New York Times, Forbes, strategy+business, The Globe and Mail, and Sports Illustrated “The book taught me that there’s no cookie-cutter way to lead. Leading is not just what Hollywood tells you. It’s not the big pregame speech. It’s how you carry yourself every day, how you treat the people around you, who you are as a person.”—Mitchell Trubisky, quarterback, Chicago Bears Now featuring analysis of the five-time Super Bowl champion New England Patriots and their captain, Tom Brady The seventeen most dominant teams in sports history had one thing in common: Each employed the same type of captain—a singular leader with an unconventional set of skills and tendencies. Drawing on original interviews with athletes, general managers, coaches, and team-building experts, Sam Walker identifies the seven core qualities of the Captain Class—from extreme doggedness and emotional control to tactical aggression and the courage to stand apart. Told through riveting accounts of pressure-soaked moments in sports history, The Captain Class will challenge your assumptions of what inspired leadership looks like. Praise for The Captain Class “Wildly entertaining and thought-provoking . . . makes you reexamine long-held beliefs about leadership and the glue that binds winning teams together.”—Theo Epstein, president of baseball operations, Chicago Cubs “If you care about leadership, talent development, or the art of competition, you need to read this immediately.”—Daniel Coyle, author of The Culture Code “The insights in this book are tremendous.”—Bob Myers, general manager, Golden State Warriors “An awesome book . . . I find myself relating a lot to its portrayal of the out-of-the-norm leader.”—Carli Lloyd, co-captain, U.S. Soccer Women’s National Team “A great read . . . Sam Walker used data and a systems approach to reach some original and unconventional conclusions about the kinds of leaders that foster enduring success. Most business and leadership books lapse into clichés. This one is fresh.”—Jeff Immelt, chairman and former CEO, General Electric “I can’t tell you how much I loved The Captain Class. It identifies something many people who’ve been around successful teams have felt but were never able to articulate. It has deeply affected my thoughts around how we build our culture.”—Derek Falvey, chief baseball officer, Minnesota Twins

The Captain Class Hodder Education

"... a curriculum geared toward helping students gain skills in consciously regulating their actions, which in turn leads to increased control and problem solving abilities. Using a cognitive behavior approach, the curriculum's learning activities are designed to help students recognize when they are in different states called "zones," with each of four zones represented by a different color. In the activities, students also learn how to use strategies or tools to stay in a zone or move from one to another. Students explore calming techniques, cognitive strategies, and sensory supports so they will have a toolbox of methods to use to move between zones. To deepen students' understanding of how to self-regulate, the lessons set out to teach students these skills: how to read others' facial expressions and recognize a broader range of emotions, perspective about how others see and react to their behavior, insight into events that trigger their less regulated states, and when and how to use tools and problem solving skills. The curriculum's learning activities are

presented in 18 lessons. To reinforce the concepts being taught, each lesson includes probing questions to discuss and instructions for one or more learning activities. Many lessons offer extension activities and ways to adapt the activity for individual student needs. The curriculum also includes worksheets, other handouts, and visuals to display and share. These can be photocopied from this book or printed from the accompanying CD."--Publisher's website.

National bestseller 2017 National Book Critics Circle (NBCC) Finalist ABA Indies Introduce Winter / Spring 2017 Selection Barnes & Noble Discover Great New Writers Spring 2017 Selection ALA 2018 Notable Books Selection An intimate and poignant graphic novel portraying one family's journey from war-torn Vietnam, from debut author Thi Bui. This beautifully illustrated and emotional story is an evocative memoir about the search for a better future and a longing for the past. Exploring the anguish of immigration and the lasting effects that displacement has on a child and her family, Bui documents the story of her family's daring escape after the fall of South Vietnam in the 1970s, and the difficulties they faced building new lives for themselves. At the heart of Bui's story is a universal struggle: While adjusting to life as a first-time mother, she ultimately discovers what it means to be a parent—the endless sacrifices, the unnoticed gestures, and the depths of unspoken love. Despite how impossible it seems to take on the simultaneous roles of both parent and child, Bui pushes through. With haunting, poetic writing and breathtaking art, she examines the strength of family, the importance of identity, and the meaning of home. In what Pulitzer Prize-winning novelist Viet Thanh Nguyen calls "a book to break your heart and heal it," *The Best We Could Do* brings to life Thi Bui's journey of understanding, and provides inspiration to all of those who search for a better future while longing for a simpler past.
