Books 3 and 5 are for a
one semester course in
Non-Western/Eastern Art
taught from a historical
perspective. Art History
Portable Edition by
Marilyn Stokstad offers
exactly the same content
as Art History, Third
Edition but in smaller
individual booklets for
maximum student
portability. Based on more
than forty years that
Marilyn Stokstad has been
introducing the history of
art to students and to the
public, she found that the
first goal of an
introductory course
should be to nurture an
educated, enthusiastic
public for the arts. She
firmly believes that
students and lay readers
can and should enjoy their
introduction to art history.
Only then will they learn
to appreciate art as the
most tangible creation of
the human imagination.
Marilyn Stokstad offers
students the most
student-friendly,
contextual, and inclusive

western art history
survey. Please visit

The American Journal of Science and Arts Random House Value Publishing Completely rewritten and reorganized, this groundbreaking edition weaves together the most recent scholarship, the most current thinking in art history, and the most innovative digital art library. Experience the new Janson and re-experience the history of art. The Portable Edition of Janson's History of Art, Seventh Edition features four lightweight, paperback books packaged together along with optional access to a powerful student website, www.myartkit.com, making the text more student friendly than ever. Janson's History of Art is still available in the original hardcover edition and in Volume I and Volume II splits. The Portable Edition is

comprised of four books each representing a major period of art history: Book 1: Ancient Art includes chapters 1-7 Book 2: Medieval Art includes chapters 8-13 Book 3: The Renaissance Art Through the Rococo includes chapters 13-22 Book 4: The Modern World includes chapters 23-30. Long established as the classic and seminal introduction to art of the Western world, the Seventh Edition of Janson's History of Art is groundbreaking. When Harry Abrams first published the History of Art in 1962, John F. Kennedy occupied the White House, and Andy Warhol was an emerging artist. Janson offered his readers a strong focus on Western art, an important consideration of technique and style, and a clear point of view. The History of Art, said Janson, was not just a stringing together of historically significant objects, but the writing of a story about their interconnections, a history of styles and of stylistic change. Janson's text focused on the visual and technical characteristics of the objects he discussed, often in extraordinarily eloquent language. Janson's History of Art

helped to establish the canon of art history for many generations of scholars. The new Seventh Edition introduces the authorship of six distinguished specialists narrating the history of art for today's students. The contribution of multiple authors allows an expert's understanding to permeate each and every part of the text with a currency in art historical thinking and an enhanced discussion of context. The result is a complete rewriting and a weaving together of expert knowledge into a meaningful and powerful presentation of Western art.

In this companion, a diverse, international and interdisciplinary group of contributors and editors examine the rapidly expanding, far-reaching field of mobile media as it intersects with art across a range of spaces—theoretical, practical and conceptual. As a vehicle for—and of—the everyday, mobile media is recalibrating the relationship between art and digital networked media, and reshaping how creative practices such as writing, photography, video art and filmmaking

are being conceptualized and practised. In exploring these innovations, The Routledge Companion to Mobile Media Art pulls together comprehensive, culturally nuanced and interdisciplinary approaches; considerations of broader media ecologies and histories and political, social and cultural dynamics; and critical and considered perspectives on the intersections between mobile media and art. This book is the definitive publication for researchers, artists and students interested in comprehending all the various aspects of mobile media art, covering digital media and culture, internet studies, games studies, anthropology, sociology, geography, media and communication, cultural studies and design. formal analysis with contextual art history in order to engage a diverse student audience. Authors Marilyn Stokstad and Michael Cothren- both scholars as well as teachers- share a common vision that survey courses should be filled with as much enjoyment as learning, and that they should foster an enthusiastic, as well as an educated, public for the visual arts. This revision is the strongest and most comprehensive learning program for measuring student progress and improving student success in attaining the outcomes and goals of the art history survey course. Not only does the text address four overarching goals of the survey course, the new MyArtsLab further develops and reinforces these outcomes and skills with market-leading learning tools such as personalized study plans for each student and multimedia assets geared towards addressing different learning styles and abilities, such as chapter audio, student videos, Closer Looks, architectural panoramas and much more. The end result is a complete learning program

designed to increase students' success with a personalized, digital and a highly mobile learning experience.
