From USA Today bestselling author Jennifer Sucevic comes a sexy, new standalone novel. Trust me when I say that Rowan Michaels fever is alive and well at Western University. His fanbase is legendary. The guy is a major player. Both on and off the field. Girls fall all over themselves to be with him. They fill the stands at football practice, show up at parties he's rumored to be at, and basically stalk him around campus. It's a little nauseating. Don't these girls have any self-respect when it comes to a hot guy? Fine...I'll admit it, he's good looking. If you're into that kind

of thing. Which I'm not. I've got school and soccer to keep me busy which is exactly why I avoid him like an unfortunate clap diagnosis. Too bad for me that Rowan is my father's star quarterback. He's practically part of the family, attending Wednesday night dinners with us. To make matters worse, we're in the same major and get stuck together in classes every semester. It's like the universe is trying to play a cosmic joke on me. The one guy I'd like to steer clear of is the very same one I can't seem to get away from. But what if Rowan isn't the player I pegged him to be? What if one little secret has the capability to change everything between us?

From USA Today bestselling author Jennifer Sucevic comes a

sexy, new standalone novel. Brayden Kendricks might be God's gift to the female species at Western University, but I want nothing to do with the dark-haired football player. The guy is an attention seeking you-know-what who soaks up fan adoration like it's his due in life for being hot and talented. Damn. Did I just say that? All right, fine...I'll grudgingly admit that Brayden is decent looking. I suppose if you're into guys who resemble Greek gods with abs of steel and chiseled pecs, then sure, one could consider him attractive. Am I guilty of having a tiny, practically non-existent crush on him freshman year? I'd prefer not to answer that question. Thankfully, I quickly came to my senses and have made a concerted effort to steer clear of Brayden ever since. It hasn't been easy, considering that my bestie is now dating his roommate and we've been thrown together for an accounting project. You'd think after years of baring my teeth at him like a rabid dog, the guy would have gotten the memo that I'm not interested. Apparently not, since he's spreading word around campus that we're going out. I mean, can you even imagine? Me? Dating Brayden Kendricks? I have four words for him... No. Way. In. Hell.

The #1 New York Times bestselling author of The Baxter Family novels shares an inspiring short story about campus life at Liberty University. Inspired by her time as a visiting professor at Liberty University, Karen Kingsbury decided to write a short story series set on its beautiful campus in Lynchburg, Virginia. In part one of Once Upon a Campus, readers can sit with incoming freshmen at convocation—the largest

Christian student gathering in the world, cheer with them from the stands on a football Saturday, and feel their hearts pound as romance and lifelong friendships begin.

How can it be that 50 years after the passage of the Civil Rights Act, our institutions of higher education have still not found ways of reducing the higher education gaps for racial and ethnic groups? That is the question that informs and animates the Equity Scorecard model of organizational change. It shifts institutions' focus from what students do (or fail to do) to what institutions can do—through their practices and structures, as well as the actions of their leaders and faculty—to produce equity in outcomes for racially marginalized populations. Drawing on the theory of action research, it creates a structure for practitioners to become investigators of their own institutional culture, to become aware of racial disparities, confront their own practices and learn how things are done on their own turf to ask: In what ways am I contributing to equity/inequity?The Equity Scorecard model differs significantly from traditional approaches to

effecting change by creating institutional teams to examine and discuss internal data about student outcomes, disaggregated by race and ethnicity. The premise of the project is that institutional data acts as a powerful trigger for group learning about inequities in educational outcomes, and that the likelihood of improving those outcomes increases if the focus is on those things within the immediate control of the participating leaders and practitioners. Numerous institutions have successfully used The Equity Scorecard's data tools and processes of self-reflection to uncover and document the behaviors and structures that lead to failure to retain and graduate students from diverse racial and ethnic backgrounds with a history of unequal opportunity; and to create the climate for faculty and staff to take ownership of the issues and develop sustainable practices to eliminate racial disparities in academic performance. The Scorecard can be used at a small-scale to analyze individual courses or programs, as well as broader institutional issues. This book presents the underlying concept of funds of knowledge for race-conscious expertise that informs this process, describes its underlying theories; defines the attributes needed to achieve equity-minded practice; demonstrates, through examples of implementation, what different institutions have learned, and what they have achieved; and provides a blueprint for action for higher education as a whole. For college leaders, instructors and support staff who feel the pressure—moral or otherwise—to close the racial equity gap that their institutions produce year after year, this book provides the structure, knowledge and tools to do so. It is also of value to scholars and students of higher education who have an interest in the study of organizational change.

Johnny Maverick is a lot of things. Great hockey player. Loyal friend. Rule breaker. Always up for a good time. And now, he's my new roommate. It's only for a few weeks while I intern for the Wildcats—his new NHL team. And there are some pros to living with my hot and ridiculous friend (or is that ridiculously hot?). He's fun and unexpectedly sweet, and he reminds me not to take myself too seriously. I had no intention of breaking the one rule given to me on my first day on the job: no sleeping with the players. And if I had, I never dreamed that player would be Johnny Maverick. After being diagnosed with terminal cancer, a professor shares the lessons he's learned—about living in the present, building a legacy, and taking full advantage of the time you have—in this life-changing classic. "We cannot change the cards we are dealt, just how we play the hand." —Randy Pausch A lot of professors give talks titled "The Last Lecture." Professors are asked to consider their demise and to ruminate on what matters most to

them. And while they speak, audiences can't help but mull over the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave—"Really Achieving Your Childhood Dreams"—wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because "time is all you have . . . and you may find one day that you have less than you think"). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.

From USA Today bestselling author Jennifer Sucevic comes a steamy, older brother's teammate off-limits new adult sports romance that is laugh out loud funny featuring a strong heroine and the cocky football player who falls first and hard for her. Carson Roberts is Western University's most sought-after tight end. He's the total package. A pretty face to go along with all those sculpted muscles—check. An All-American—double check. A guaranteed one-way ticket to the NFL after graduation—triple check. Did I happen to mention that he's also my brother's best friend, which means I grew up with the guy and have crushed on him for nearly just as long? We're talking a decade of unrequited

yearning here, folks. Don't worry, I'm slowly coming to terms with the fact that he'll never see me as anything more than the little sis he never had. Sort of. And even if he did just so happen to notice that I've filled out and no longer wear braces, Brayden would have a major conniption. When it comes to the male species, he's ridiculously overprotective. Any guy who has so much as given me a bit of side-eye has been treated to a swift and memorable beat down. Which is precisely why I'm still in possession of my V-card. Want to know how to make being a nineteen-year-old virgin with a major crush on her brother's best friend even more pathetic? Blurt out at a frat party that you've spent all these years saving yourself for him. Sadly, I can't even blame it on the alcohol because I don't drink. If you're thinking it can't possibly get more humiliating than that, you'd be wrong. Oh. So. Wrong. ---- "There is an intense sexual tension between them that had me on the edge of my seat, waiting for it to break" -Joy, GoodReads "This was such a great read with real life issues that were handled admirably and the love between Elle and Carson was impossible to deny for anyone" -Courtney, GoodReads "The angst, the push and pull between these two made this one hard to put down" -Christy, GoodReads "It's got all the parts of a good college/sports romance with an intensity that will keep you interested" -Jela, GoodReads Read the entire Campus Series Campus Player Campus Heartthrob Campus Flirt Campus Hottie Campus God Campus Legend --- Keywords: Sports romance, alpha male, Sports romance books, Football romance, Friends-to-lovers, Forced proximity, College, university romance, College romance, College sports romance, Virgin romance, He falls first, College football romance, humor, laugh, sexy, swoony,

In 1990, under the direction of Ernest Boyer, the Carnegie Foundation for the Advancement of Teaching published a classic report on the loss of a meaningful basis for true community on college campuses—and in the nation. Now this expanded edition of *Campus Life: In Search of Community* reintroduces educational leaders to the Boyer report's proposals while offering up-to-date analysis and recommendations for Christian campuses today. Editors Drew Moser and Todd C. Ream have assembled pairs of academic and student-development leaders from top Christian colleges to offer a hopeful update on the practical contributions of Christian higher education to the practice of community. This volume includes new chapters, the long out-of-print Boyer report in its entirety, and a discussion guide to facilitate team conversations. Higher education now stands at a critical point, yet the contributors to this expanded edition of *Campus Life* see current challenges as an opportunity to revive Boyer's commitment to its formative power. Contributors include: Mark L. Sargent and Edee Schulze of Westmont College Randall Basinger and Kris Hansen-Kieffer of Messiah College Brad Lau and Linda Samek of George Fox University Stephen T. A brand-new standalone novel in the New York Times bestselling Briar U series! What I learned after last year's distractions cost my hockey team our entire season? No more screwing up. No more screwing, period. As the new team captain, I need a new philosophy: hockey and school now, women later. Which means that I, Hunter Davenport, am officially going celibate...no matter how hard that makes things. But there's nothing in the rulebook that says I can't be friends with a woman. And I won't lie—my new classmate Demi Davis is one cool chick. Her smart mouth is hot as hell, and so is the rest of her, but the fact that she's got a boyfriend eliminates the temptation to touch her. Except three months into our friendship, Demi is single and looking for a rebound. And she's making a play for me. Avoiding her is impossible. We're paired up on a yearlong school project, but I'm confident I can resist her. We'd never work, anyway. Our backgrounds are too different, our goals aren't aligned, and her parents hate my guts. Hooking up is a very bad idea. Now I just

have to convince my body—and my heart.

On the heels of his New York Times bestselling *Stories I Only Tell My Friends*, Rob Lowe is back with an entertaining collection that “invites readers into his world with easy charm and disarming frankness” (Kirkus Reviews). After the incredible response to his acclaimed bestseller, *Stories I Only Tell My Friends*, Rob Lowe was convinced to mine his experiences for even more stories. The result is *Love Life*, a memoir about men and women, actors and producers, art and commerce, fathers and sons, movies and TV, addiction and recovery, sex and love. Among the adventures he describes in these pages are: · His visit, as a young man, to Hugh Hefner's Playboy Mansion, where the naïve actor made a surprising discovery in the hot tub. · The time, as a boy growing

up in Malibu, he discovered a vibrator belonging to his best friend's mother. · What it's like to be the star and producer of a flop TV show. · How an actor prepares, for Californication, Parks and Recreation, and numerous other roles. · His hilarious account of coaching a kid's basketball team dominated by helicopter parents. · How his great, great, great, great grandfather may have inspired everything from his love of The West Wing to

his taste in classic American architecture. · His first visit to college, with his son, who is going to receive the education his father never got. · The time a major movie star stole his girlfriend. Linked by common themes and his philosophical perspective on love—and life—Lowe's writing "is loaded with showbiz anecdotes, self-deprecating tales, and has a general sweetness" (New York Post).
