Einstein's Dreams South End Press
 Cuddle up and share your love this Easter with this precious picture book from USA Today bestselling author Sandra Magsamen! There's no better way to say "I love you" than with this message of universal love from the author of Welcome Little One. Written with genuine heart and warmth, this children's book is the perfect way to tell your child that no matter the time or place, you love them today, tomorrow, and always! Filled with sweet illustrations, adorable elephants, and heartwarming rhymes, this book of love is a story to cherish for years to come. Why readers love Lots of Love Little One: Makes a delightful Easter basket stuffer, holiday stocking stuffer, or Valentine's Day gift for kids An I love you gift for birthdays, Mother's or Father's Day, preschool and kindergarten graduations, for simply sharing your love! The perfect year-round read aloud for kids and toddlers ages 3-7 Doubles

as a special keepsake with dedication space for a heartfelt message You're a gift and a blessing in every way. I love you more each and every day! I love you more than all the stars that twinkle at night And all the fireflies that glow so bright. I love you as you sleep at night and play through the days. I'll love you yesterday, today, forever and always.
Someday Dancer
 Cambridge University Press
 Integrate practical insights from modern physics, ancient Hermetic Laws, non-dual metaphysics, transpersonal psychology, and humor, as tools for undoing conflicting beliefs we've dreamed ourselves into. The seven Hermetic laws are explored in depth and demonstrate how a mindfulness that embraces 'other' as 'self' can reverse the typical misapplication of these inescapable laws of Mentalism, Correspondence, Vibration, Polarity, Rhythm, Cause & Effect and Generation. Ubiquitous geometric symbols, paired to each of these laws - the circle, vesica piscis, sine wave, line, spiral, fractal and yin-yang - and their

countless commonplace variations, seen from the vantage point of shared interests, reflect these ideas. The inspired use of natural law restores attributes of life, love, strength, purity, beauty, perfection and gratitude to our awareness.
The Geometry Code
 Waterhouse Press
 Elizabeth Gilbert, author of The Signature of All Things and Eat, Pray, Love "What a cool and fascinating ride. Leigh Ann Henion has tackled one of the great questions of contemporary, intelligent, adventurous women: Is it possible to be a wife and mother and still explore the world? Her answer seems to be that this is not only possible, but essential. This story shows how. I think it will open doors for many." Heartfelt and awe-inspiring, Leigh Ann Henion's Phenomenal is a moving tale of physical grandeur and emotional transformation, a journey around the world that ultimately explores the depths of the human heart. A journalist and young mother, Henion combines her own varied experiences as a parent with a panoramic tour of the world's most extraordinary natural wonders. Phenomenal

begins in hardship: with Henion deeply shaken by the birth of her beloved son, shocked at the adversity a young mother faces with a newborn. The lack of sleep, the shrinking social circle, the health difficulties all collide and force Henion to ask hard questions about our accepted wisdom on parenting and the lives of women. Convinced that the greatest key to happiness—both her own and that of her family—lies in periodically venturing into the wider world beyond home, Henion sets out on a global trek to rekindle her sense of wonder. Henion's quest takes her far afield, but it swiftly teaches her that freedom is its own form of parenting—one that ultimately allows her to meet her son on his own terms with a visceral understanding of the awe he experiences every day at the fresh new world. Whether standing on the still-burning volcanoes of Hawai'i or in the fearsome lightning storms of Venezuela, amid the vast animal movements of Tanzania or the elegant butterfly migrations of Mexico, Henion relates a world of sublimity and revelation. Henion's spiritual wanderlust puts

her in the path of modern-day shamans, reindeer herders, and astrophysicists. She meets laypeople from all over the world, from all walks of life, going to great lengths to chase migrations, auroras, eclipses, and other phenomena. These seekers trust their instincts, follow their passions, shape their days into the lives they most want to lead. And, somewhere along the way, Leigh Ann Henion becomes one of them. A breathtaking memoir, *Phenomenal* reveals unforgettable truths about motherhood, spirituality, and the beauty of nature. Oprah.com "Part travel memoir, part parenting manifesto and part inquiry into those 'fleeting, extraordinary glimpses of something that left us groping for rational explanations in the quicksand of all-encompassing wonder.'" [Wishes for Little One](#) Ballantine Books When Fallon and aspiring novelist Ben meet and fall in love the day before Fallon's cross-country move, they vow to meet on the same date every year, until Fallon suspects Ben is fabricating their relationship to create the perfect plot twist.

[Imagine a World](#) Page Street Kids

"Mia's whirlwind journey is a refreshing mix of adventure, soul-searching, and steaming hot physical intensity that packs an emotional punch." -Meredith Wild, #1 NYT Bestselling Author of the Hacker Series Synopsis A muse. Me. The motorcycle riding, ass-kicking, concert t-shirt wearing chick from Las Vegas, is a world-renowned French artist's muse. For a month. I had no idea when I took the escort job with Exquisite Escorts I would be standing naked in front of a blank canvas in a Seattle warehouse. "Love on Canvas" he calls his exhibit, a combination of photographic stills and paint entwined to create the most awe-inspiring pieces the world will ever see. Except every last one of them features me and a moment in time where I was vulnerable. Alec Dubois played on those vulnerabilities, teaching me lessons about love and life that would stay with me through the rest of my days. *** Mia Saunders continues her mission to bail out her comatose father whose life is on the line to a dangerous loan-shark who happens to be Mia's ex-

boyfriend. For this journey, she serves as a high-priced escort to French artist named Alec Dubois in Seattle, Washington. Each installment in the Calendar Girl Serial will release every month throughout 2015. The stories will feature Mia, told from her perspective as she continues her journey as an escort to twelve clients in twelve different locations.

Warning: This book is designed for audiences 18+ due to language and graphic sexual content.

After the Cataclysm, Postwar Indochina and the Reconstruction of Imperial Ideology

Springer

Monsieur Perdu can prescribe the perfect book for a broken heart. But can he fix his own?

Monsieur Perdu calls himself a literary apothecary. From his floating bookstore in a barge on the Seine, he prescribes novels for the hardships of life. Using his intuitive feel for the exact book a reader needs, Perdu mends broken hearts and souls. The only person he can't seem to heal through literature is himself; he's still haunted by heartbreak after his great love disappeared. She left him with only a

letter, which he has never opened. After Perdu is finally tempted to read the letter, he hauls anchor and departs on a mission to the south of France, hoping to make peace with his loss and discover the end of the story.

Joined by a bestselling but blocked author and a lovelorn Italian chef, Perdu travels along the country's rivers, dispensing his wisdom and his books, showing that the literary world can take the human soul on a journey to heal itself.

Internationally bestselling and filled with warmth and adventure, *The Little Paris Bookshop* is a love letter to books, meant for anyone who believes in the power of stories to shape people's lives.

Phenomenal Vintage
A NEW YORK TIMES BESTSELLER! In his first major book on the subject of income inequality, Noam Chomsky skewers the fundamental tenets of neoliberalism and casts a clear, cold, patient eye on the economic facts of life. What are the ten principles of concentration of wealth and power at work in America today? They're simple enough: reduce democracy, shape ideology, redesign the economy, shift the burden onto the poor and middle

classes, attack the solidarity of the people, let special interests run the regulators, engineer election results, use fear and the power of the state to keep the rabble in line, manufacture consent, marginalize the population. In *Requiem for the American Dream*, Chomsky devotes a chapter to each of these ten principles, and adds readings from some of the core texts that have influenced his thinking to bolster his argument. To create *Requiem for the American Dream*, Chomsky and his editors, the filmmakers Peter Hutchison, Kelly Nyks, and Jared P. Scott, spent countless hours together over the course of five years, from 2011 to 2016. After the release of the film version, Chomsky and the editors returned to the many hours of tape and transcript and created a document that included three times as much text as was used in the film. The book that has resulted is nonetheless arguably the most succinct and tightly woven of Chomsky's long career, a beautiful vessel--including old-fashioned ligatures in the typeface--in which to carry Chomsky's bold and uncompromising vision,

his perspective on the economic reality and its impact on our political and moral well-being as a nation. "During the Great Depression, which I'm old enough to remember, it was bad—much worse subjectively than today. But there was a sense that we'll get out of this somehow, an expectation that things were going to get better . . ." —from *Requiem for the American Dream*

Springer Handbook of Robotics Sourcebooks, Inc.

For parents, the arrival of a newborn child is an event that offers the promise of never-ending love. Filled with lively illustrations and heartfelt rhyming text, *Welcome Little One* allows parents and children to celebrate and cherish their bond. [Harold and the Purple Crayon](#) Tordotcom Addressing a field that has been dominated by astronomers, physicists, engineers, and computer scientists, the contributors to this collection raise questions that may have been overlooked by physical scientists about the ease of establishing meaningful communication with an extraterrestrial intelligence. These scholars are grappling

with some of the enormous challenges that will face humanity if an information-rich signal emanating from another world is detected. By drawing on issues at the core of contemporary archaeology and anthropology, we can be much better prepared for contact with an extraterrestrial civilization, should that day ever come.

There's a Mouse on My Head! Chronicle Books Here, from Pulitzer Prize-winning critic Paul Goldberger, is the first full-fledged critical biography of Frank Gehry, undoubtedly the most famous architect of our time. Goldberger follows Gehry from his humble origins—the son of working-class Jewish immigrants in Toronto—to the heights of his extraordinary career. He explores Gehry's relationship to Los Angeles, a city that welcomed outsider artists and profoundly shaped him in his formative years. He surveys the full range of his work, from the Bilbao Guggenheim to the Walt Disney Concert Hall in L.A. to the architect's own home in Santa Monica, which galvanized his neighbors and astonished the world.

He analyzes his carefully crafted persona, in which an amiable surface masks a driving ambition. And he discusses his use of technology, not just to change the way a building looks, but to revolutionize the very practice of the field. Comprehensive and incisive, *Building Art* is a sweeping view of a singular artist—and an essential story of architecture's modern era.

Warrior Nation Sourcebooks, Inc.

A ballerina tale with a thoroughly modern twist! Casey Quinn has got more grace in her pinkie toe than all those prissy ballet-school girls put together, even if you'd never guess it from the looks of her too-long legs and dirty high-top sneakers. It's 1959, and freckle-faced Casey lives in the red-dust countryside of South Carolina. She's a farm girl: Her family can't afford ballet lessons. But Casey's dream is to dance in New York City. And if anyone tries to stand in her way, she's going to pirouette and jeté right over them! Casey's got the grit, and Casey's got the grace: Is that enough to make it in Manhattan someday? Or might the Big Apple have something even better in

mind? When she meets a visionary choreographer she calls "Miss Martha," Casey's ballerina dream takes a thoroughly, thrillingly modern twist! *Requiem for the American Dream* Waterhouse Press Make your mark your way! Every artist seeks to stand apart from the crowd. But how? Let author Carmen Torbus inspire you to new creative highs in this collection of hands-on techniques and heartfelt stories from 16 artists who have worked through their own artistic struggles and stalls to emerge triumphant, with looks uniquely their own. Whether art is new to you, or you have been at it awhile and are having trouble discovering your own style, this encouraging book will guide you to experiment with different mediums, techniques and possibilities to make a mark that is exclusively yours. Inside you'll find: • 17 of the artists' favorite mixed-media techniques shown step by step, with suggestions for how to make them your own • Beautiful finished art illustrating how individual artists use and combine these techniques in their own work • Easy worksheets to help reveal

your artistic skills, strengths and preferences • A quick-start guide to various mediums, mark makers and creative paraphernalia • Lots of tips and advice for putting yourself into your art Embrace who you are and find out what defines you as an artist. Make your art far from ordinary--become the artist UNIQUE! January Sourcebooks Wonderland It's time to diversify your reading list. A perfect baby shower gift or first book for the toddler in your life. Part of the proceeds from this book's sales will be

donated to the Global Fund for Children to support innovative community-based organizations that serve the world's most vulnerable children and youth.

The Little Blue Cottage Houghton Mifflin Harcourt A Publishers Weekly Best Book of the Year for Nonfiction "...an essential and engaging look at recent disability history."— Buzzfeed One of the most influential disability rights activists in US history tells her personal story of fighting for the right to receive an education, have a job, and just be human. A story of fighting to belong in a world that wasn't built for all of us and of one woman's activism—from the streets of Brooklyn and San Francisco to inside the halls of Washington—Being Heumann recounts Judy Heumann's lifelong battle to achieve respect, acceptance, and inclusion in society. Paralyzed from polio at eighteen months, Judy's struggle for equality began early in life. From fighting to attend grade school after being described as a "fire hazard" to later winning a lawsuit against the New York City school system for denying her a

teacher's license because of her paralysis, Judy's actions set a precedent that fundamentally improved rights for disabled people. As a young woman, Judy rolled her wheelchair through the doors of the US Department of Health, Education, and Welfare in San Francisco as a leader of the Section 504 Sit-In, the longest takeover of a governmental building in US history. Working with a community of over 150 disabled activists and allies, Judy successfully pressured the Carter administration to implement protections for disabled peoples' rights, sparking a national movement and leading to the creation of the Americans with Disabilities Act. Candid, intimate, and irreverent, Judy Heumann's memoir about resistance to exclusion invites readers to imagine and make real a world in which we all belong.

Global Baby Bedtimes

Simon and Schuster

"Flora the pig ditches the sedentary life on the farm for an adventure in Antarctica, where she escapes the knife and lives her dream of pulling a sled with a team of dogs"--

The DREAMers Lulu.com

On May 17, 2010, four undocumented students occupied the Arizona office of Senator John McCain. Across the country a flurry of occupations, hunger strikes, demonstrations, and marches followed, calling for support of the DREAM Act that would allow these young people the legal right to stay in the United States. The highly public, confrontational nature of these actions marked a sharp departure from more subdued, anonymous forms of activism of years past. *The DREAMers* provides the first investigation of the youth movement that has transformed the national immigration debate, from its start in the early 2000s through the present day. Walter Nicholls draws on interviews, news stories, and firsthand encounters with activists to highlight the strategies and claims that have created this now-powerful voice in American politics. Facing high levels of anti-immigrant sentiment across the country, undocumented youths sought to increase support for their cause and change the terms of debate by arguing for their unique position—as

culturally integrated, long term residents and most importantly as "American" youth sharing in core American values. Since 2010 undocumented activists have increasingly claimed their own space in the public sphere, asserting a right to recognition—a right to have rights. Ultimately, through the story of the undocumented youth movement, *The DREAMers* shows how a stigmatized group—whether immigrants or others—can gain a powerful voice in American political debate. *The Adventures of a South Pole Pig* Scholastic Inc. Winner of the Hugo Award! In *A Psalm for the Wild-Built*, bestselling Becky Chambers's delightful new Monk and Robot series, gives us hope for the future. It's been centuries since the robots of Panga gained self-awareness and laid down their tools; centuries since they wandered, en masse, into the wilderness, never to be seen again; centuries since they faded into myth and urban legend. One day, the life of a tea monk is upended by the arrival of a robot, there to honor the old promise of checking in. The robot cannot go back until the

question of "what do people need?" is answered. But the answer to that question depends on who you ask, and how. They're going to need to ask it a lot. Becky Chambers's new series

asks: in a world where people have what they want, does having more matter? At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Messy One
