Garland - That's Beyond Entertainment - Reflections on Judy Garland Volume 2 John Wiley & Sons

Since the mid-eighties, more audiences have been watching Hollywood movies at home than at movie theaters, yet little is known about just how viewers experience film outside of the multiplex. This is the first full-length study of how contemporary entertainment technologies and media—from cable television and VHS to DVD and the Internet—shape our encounters with the movies and affect the aesthetic, cultural, and ideological definitions of cinema. Barbara Klinger explores topics such as home theater, film collecting, classic Hollywood movie reruns,

repeat viewings, and Internet film parodies, providing a multifaceted view of the presentation and reception of films in U.S. households. Balancing industry history with theoretical and cultural analysis, she finds that today cinema's powerful social presence cannot be fully grasped without considering its prolific recycling in post-theatrical venues—especially the home.

Beyond the Wall Xlibris Corporation

Taking up the work of prominent theater and performance artists, *Beyond Text* reveals the audacity and beauty of avant-garde performance in print. With extended analyses of the works of Edward Gordon Craig, German expressionist Lothar Schreyer, the Living Theatre, Carolee Schneemann, and Guillermo Gómez-Peña, the book shows how live performance and print aesthetically revived one another during a period in which both were supposed

to be in a state of terminal cultural decline. While the European and American avant-gardes did indeed dismiss the dramatic author, they also adopted print as a theatrical medium, altering the status, form, and function of text and image in ways that continue to impact both the performing arts and the book arts. *Beyond Text* participates in the ongoing critical effort to unsettle conventional historical and theoretical accounts of text-performance relations, which have too often been figured in binary, chronological (“from page to stage”), or hierarchical terms. Across five case studies spanning twelve decades, *Beyond Text* demonstrates that print—as noun and verb—has been integral to the practices of modern and contemporary theater and performance artists.

Beyond Piggly Wiggly Island Press

AN INTERNATIONAL BESTSELLER • From the ashes of the Second World War to the fall of the Berlin Wall, the definitive history of East Germany, “a fascinating, sparkling book, filled with insights” (Peter Frankopan) In 1990, a country disappeared. When the Iron Curtain fell, East Germany ceased to be. For over forty years, from the ruin of the Second World War to the cusp of a new millennium, the German Democratic Republic presented a radically different Germany than what had come before and what exists today. Socialist solidarity, secret police, central planning, barbed wire: this was a Germany forged on the fault lines of ideology and geopolitics. In *Beyond the Wall*, acclaimed historian Katja Hoyer sets aside the usual Cold War caricatures of the GDR to offer a kaleidoscopic new vision of this vanished country, revealing the rich political, social, and cultural landscape that existed amid oppression and hardship. Drawing on a vast array of

never-before-seen interviews and documents, this is the definitive history of the other Germany, beyond the Wall.

Garland – That’s Beyond Entertainment – Reflections on Judy Garland BOOM! Studios

Patented in 1917, Piggly Wiggly was by far the most influential self-service store of the early twentieth century. Before 1940 it was the only self-service chain with a national distribution network, but it was neither the first nor the only version. *Beyond Piggly Wiggly* reveals the importance of Piggly Wiggly in the invention of self-service and goes beyond the history of a single firm to explore the role of small business entrepreneurs who invented the first self-service stores in a grassroots social process. During the 1920s and 1930s a minority of enterprising grocers experimented with a wide variety of (sometimes wacky) design ideas for automating shopping. They created specialized stores designed as enclosed retail systems that went far beyond open display techniques to construct unique physical and psychological advantages for automating salesmanship. *Beyond Piggly Wiggly* offers the first perspective on the national scale of experimentation and connects the southern Jim Crow origins of self-service to the national history of this mass retailing method. Empirical analysis of store arrangements demonstrates how small stores that have previously been overlooked or undervalued as quaint anomalies were integral to the creation of supermarkets. Ultimately, self-service was more than a business decision; it was a fundamentally new social practice.

John Coltrane's *A Love Supreme* is widely considered one of the greatest jazz albums of all time. In *Beyond A Love Supreme*, author Tony Whyton explores both the musical aspects of *A Love Supreme*, and the album's seminal importance in jazz history, as well as its broader musical and cultural impact.

Beyond the Shadows Omnibus Press

Scholarly editions contextualize our cultural heritage.

Traditionally, methodologies from the field of scholarly editing are applied to works of literature, e.g. in order to trace their genesis or present their varied history of transmission. What do we make of the variance in other types of cultural heritage? How can we describe, record, and reproduce it systematically? From medieval to modern times, from image to audiovisual media, the book traces discourses across different disciplines in order to develop a conceptual model for scholarly editions on a broader scale. By doing so, it also delves into the theory and philosophy of the (digital) humanities as such.

Far Beyond Video Games Northwestern University Press

Story of a saga video games... If the *Dark Souls* series managed to seduce players and journalists, it was mainly by word of mouth. It was such a great success that *Dark Souls 2* was named "Game of the Year" 2014 by the vast majority of gaming magazines and websites. To date, this saga is one of the most important in the gaming industry. The odd thing is that these

games are well known for their difficulty and their cryptic universe. This publication narrates the epic success story, but also describes its gameplay mechanics and its specific lore across more than 300 pages. Characters, plots and the scenario of the three Souls (*Demon's Souls*, *Dark Souls* and *Dark Souls II*) are deciphered by Damien Mecheri and Sylvain Romieu, who spent a long year studying these dense and enigmatic games down to the smallest detail. The serie *Dark Souls* and her spiritual father *Demon's Souls* will not have secrets for you anymore! EXTRACT In May 2014, Hidetaka Miyazaki succeeded Naotoshi Zin as president of FromSoftware, after the studio was purchased by Kadokawa Shoten. This was a highly significant promotion for the person who had led the company's most successful project, *Dark Souls*. And yet, he did not lose from view what had attracted him to the field: an insatiable creative drive. In spite of his new status within the studio, one of the conditions he requested and was granted was to remain creative director of his new project: *Bloodborne*. This allowed him to successfully design this spiritual successor to the first Souls game, while also assuming his new responsibilities. Given his drive to work and create, it is not surprising how quickly Miyazaki moved up through the ranks. ABOUT THE AUTHORS Passionate about films and video games, Damien Mecheri joined the writers team of *Gameplay RPG* in 2004, writing several articles for the second special edition on the *Final Fantasy* saga. He continued his work with the team in another publication called *Background*, before continuing the online adventure in 2008 with the site *Gameweb.fr*. Since 2011, he has come aboard *Third Éditions* with Mehdi El Kanafi and Nicolas Courcier, the publisher's two founders. Damien is also the

author of the book *Video Game Music: a History of Gaming Music*. For Third Éditions, he is actively working on the “Level Up” and “Année jeu vidéo” collections. He has also written or co-written several works from the same publisher: *The Legend of Final Fantasy X*, *Welcome to Silent Hill: a journey into Hell*, *The Works of Fumito Ueda: a Different Perspective on Video Games* and, of course, the first volume of *Dark Souls: Beyond the Grave*. Curious by nature, a dreamer against the grain and a chronic ranter, Sylvain Romieu is also a passionate traveler of the real and the unreal, the world and the virtual universes, always in search of enriching discoveries and varied cultures. A developer by trade, he took up his modest pen several years ago to study the characteristics and richness of the marvelously creative world of video games. He writes for a French video game site called *Chroniques-Ludiques*, particularly on the topic of RPGs, his preferred genre.

Books in Print arthistoricum.net

Dear audience, welcome to a danse bizarre in four acts between fictional fantastic worlds. Fans of wacky horror stories will get their money's worth in the first, 'wicked' act. In addition, there are recipes from the realm of fantasy for all gourmets - we recommend 'unicorn stew' here. In the second act we delight our audience with bizarre crime stories and tales from our 'weird world'. The whole thing is garnished with really wacky advertisements for totally smart people or masochists. Cool articles are included for free. In the third act we look beyond reality and delight the inclined audience with all kinds of fantasy stories. In addition, there are all sorts of fantastic odds and ends, including the religious outpourings of our atheistic druid. In the

last act, shadows from time and a surreal game with timelines await us.

Beyond Profit and Self-interest University of Michigan Press
Phuket - a tropical paradise jammed with endless pleasures and treasures - has long been Thailand's top tourist destination. And Thailand is the number-one tourist destination in Southeast Asia. The island of Phuket, which is approximately the size of Singapore, has everything from ancient relics to zoos. There is something to please any adventure seeker. There are crowded beaches, or secluded coves. Festivals and regattas cram the calendar. Also covered in detail are the numerous other islands nearby, plus an extensive section on Thai cuisine, helpful language and vocabulary tips, where to get medical and legal help if you need it, and much more. The finest hotels, with impeccable service, cost a fraction of what you would pay elsewhere, and shoppers will never tire of the vast selections, from silk scarves and designer gowns to exotic jewelery. Try elephant trekking, sea canoeing or Thai massage. Taste the exquisite cuisine, explore mystic temples and sail to unspoiled islands. "The Adventure Guides" are about living more intensely, waking up to your surroundings and truly experiencing all that you encounter. The regional chapters take you on an introductory tour, with stops at museums, historic sites and local attractions. Places to stay and eat; transportation to, from and around your destination; practical concerns; tourism contacts - it's all here! Detailed maps. Then come the adventures - both cultural and physical - from canoeing and hiking to taking dance or cooking classes. This unique approach allows you to really immerse yourself in the local culture.

Here is a guide to the most amazing city in Thailand, perhaps in all of the Far East - Bangkok - and to all the surrounding sites. This is based on sections extracted from the more comprehensive Hunter guide to the number-one tourist destination in Southeast Asia. The finest hotels, with impeccable service, cost a fraction of what you would pay elsewhere, and shoppers will never tire of the vast selections, from silk scarves and designer gowns to exotic jewelry. Try elephant trekking, sea canoeing or Thai massage. Taste the exquisite cuisine, explore mystic temples (30,000 of them!) and sail to unspoiled islands. "The Adventure Guides" are about living more intensely, waking up to your surroundings and truly experiencing all that you encounter. The regional chapters take you on an introductory tour, with stops at museums, historic sites and local attractions. Places to stay and eat; transportation to, from and around your destination; practical concerns; tourism contacts - it's all here! Detailed maps feature walking and driving tours. Then come the adventures - both cultural and physical - from canoeing and hiking to taking

dance or cooking classes. This unique approach allows you to really immerse yourself in the local culture.

BEYOND FEAR Oxford University Press

Is liberal democracy appropriate for East Asia? In this provocative book, Daniel Bell argues for morally legitimate alternatives to Western-style liberal democracy in the region. *Beyond Liberal Democracy*, which continues the author's influential earlier work, is divided into three parts that correspond to the three main hallmarks of liberal democracy--human rights, democracy, and capitalism. These features have been modified substantially during their transmission to East Asian societies that have been shaped by nonliberal practices and values. Bell points to the dangers of implementing Western-style models and proposes alternative justifications and practices that may be more appropriate for East Asian societies. If human rights, democracy, and capitalism are to take root and produce beneficial outcomes in East Asia, Bell argues, they must be adjusted to contemporary East Asian political and economic realities and to the values of nonliberal East Asian political traditions such as Confucianism and Legalism. Local knowledge is therefore essential for realistic and morally informed contributions to debates on political reform in the region, as well as for mutual learning and enrichment of political theories. *Beyond Liberal Democracy* is indispensable reading for students and scholars of political theory, Asian studies, and human rights, as well as anyone concerned about China's political and economic future and how Western governments and organizations should engage with China.

Beyond the Little Mac Book BearManor Media

Detailing the history of Don Post Studios from its inception in 1938 through to its closure in 2012. This was the company responsible for the creation of the rubber Halloween mask and it was at the forefront of the "Monster Kid" phenomenon of the 1960s and 70s. Don Post Studios a leader in the Halloween Industry for over 7 decades and also dabbled in special effects work for the film industry from 1947 through 1988.

Beyond the Visible: The Art of Odilon Redon BearManor Media

Take a trip back in time in 30 nostalgic chronicles that involve video games, video stores, friends, family, messes, confusions, discoveries, adventures, challenges, learning and all the nostalgia that surround the lives of those who grew in the 80s, 90s and 2000s, added to a personal message of life, courage and hope for video game players, as well as an article in which the — often delicate — relationship between games, art and the Christian faith is analyzed . Smile, have fun, identify yourself, go back to your own childhood and adolescence!

Beyond the Multiplex Stephen Szabados

Before the enormously successful NES console changed the video game landscape in the 1980s, Nintendo became famous for producing legendary arcade machines like Donkey Kong and Mario Bros. Drawing on original interviews, news reports and other documents, this book traces Nintendo's rise from a small business that made playing cards to the top name in the arcade industry. Twenty-eight game titles are examined in-depth, along with the people and events that defined the company for more than four decades.

Automobile Industry 2001 and Beyond Edward Elgar Publishing
American singer and TV personality Kelly Rowland rose to fame as one of the founding members of the American girl group Destiny's Child. She sold forty million albums and twenty million singles with the group, and more than four million solo albums and eighteen million solo singles. This biography details her childhood strife with an alcoholic – and then absent – father, life on the edge as a teenage R&B star in Destiny's Child, an ill-fated early solo career and finally finding success on her own, as well as taking centre stage as a judge on X-Factor. Kelly's rocky childhood growing up in Houston as the only black girl in her school. How her poverty-stricken family was torn apart and she and her mother fled their alcoholic father when she was seven, never to see him again. Details the highs and lows of being in Destiny's Child, the cat-fights, the accusations of favouritism, the hours of training and the lowdown on life in what would soon become, according to the 2005 World Music Awards, the world's best-selling girl group of all time. Kelly's struggle to shine while hiding in her band mate's Beyonce's shadow and her endurance of rumours that Mathew Knowles – whom she'd moved in with – was her father. An in depth look at Kelly's early solo career (including her first two albums), her collaborations and her acting career as both a singer in sitcoms and an actress in worldwide box office hit films. Kelly's split from Beyonce's father as manager and the reasons behind it, her change in musical style and her dramatic decision not to have Beyonce involved with her third album, unlike previous solo efforts to which her ex-band mate contributed. Recording her third solo album in a period of insecurity when she'd been without a record label for over a year

and feared never getting a deal again. Kelly's success as a Number 1 selling artist and her time as a UK X-Factor judge as she becomes just as much a big name in the UK as she is in the USA.

Female founders in Byzantium and beyond Hunter Publishing, Inc Gassler (economics, Vrije U., Brussels) tries to establish some order in the chaos he sees resulting from economists expanding their portfolio to deal with just about everything in society. He does not offer a new theory, but reformulates existing theory to make it more applicable across disciplines, illuminate its

limitations and point out necessary extensions, show its successes, and provide some new extensions of his own. First he sets out the scope, method, foundations, and taxonomy of the theory; then he surveys applications in such contexts as interactions, non-profits, and planets. He writes for upper-division, graduate, and professional economists who are conversant in intermediate microeconomic theory, multivariable calculus, and statistics. Annotation : 2004 Book News, Inc., Portland, OR (booknews.com).
