BRIGGS DEVIN

After the Rain
Pantheon
The first major
biography of the
pathbreaking,
perpetually influential
surrealist artist and
iconoclast whose
inspiration can be seen
in everyone from
Jasper Johns to
Beyoncé—by the
celebrated biographer

of Cézanne and Braque
In this thought-
provoking life of René
Magritte (1898-1967),
Alex Danchev makes a
compelling case for
Magritte as the single
most significant
purveyor of images to
the modern world.
Magritte's surreal
sensibility, deadpan
melodrama, and fine-
tuned outrageousness
have become an
inescapable part of our
visual landscape,
through such

legendary works as The Treachery of Images (Ceci n'est pas une pipe) and his celebrated iterations of Man in a Bowler Hat. Danchev explores the path of this highly unconventional artist from his middle-class Belgian beginnings to the years during which he led a small, brilliant band of surrealists (and famously clashed with André Breton) to his first major retrospective, which traveled to the United States in 1965 and gave rise to his international reputation. Using 50 color images and more than 160 black-and-white illustrations, Danchev delves deeply into Magritte's artistic development and the profound questions he raised in his work about the very nature

of authenticity. This is a vital biography for our time that plumbs the mystery of an iconoclast whose influence can be seen in everyone from Jasper Johns to Beyoncé.

Never Enough Baker Books

From triangles, rotations and power laws, to cones, curves and the dreaded calculus, Alex takes you on a journey of mathematical discovery with his signature wit and limitless enthusiasm. He sifts through over 30,000 survey submissions to uncover the world's favourite number, and meets a mathematician who looks for universes in his garage. He attends the World Mathematical Congress in India, and visits the

engineer who designed the first roller-coaster loop. Get hooked on math as Alex delves deep into humankind's turbulent relationship with numbers, and reveals how they have shaped the world we live in.

Savage. Menacing. Ruthless. Predators get a pretty bad rap. Sure, they prey on helpless animals that never stand a chance, but behind those jagged teeth, powerful jaws, and razor-sharp claws, every predator has a softer side. Maybe even an adorable one. Everyone has compassion for the cute bunny or lamb. But what about their predators who are working hard for their meal? Capturing their prey is a life-or-death

game. Just think about the last time you had to hunt for food while hangry. You can understand, right? Including famous quotes from history that give context to these disturbingly cute illustrations, Alex Solis shares his sense of humor while giving readers a way to enjoy the darkest parts of life with a smile. It's time to give theses predators a break! Because, in the end, both predators and their prey play a role. I mean, it's not their fault they were made this way! They're just living off of instincts, doing what comes naturally to them. So rather than turning away from nature, let's celebrate all the animals who complete The Adorable Circle of Life.

Witches of America

Schiffer Pub Limited
The first biography of the artist who "essentially invented indie and alternative rock" (Spin) A brilliant and influential songwriter, vocalist, and guitarist, the charismatic Alex Chilton was more than

a rock star—he was a true cult icon.

Awardwinning music writer Holly George-Warren's *A Man Called Destruction* is the first biography of this enigmatic artist, who died in 2010. Covering Chilton's life from his early work with the chart-topping Box Tops and the seminal power-pop band Big Star to his experiments with punk and roots music and his sprawling solo career, *A Man Called Destruction* is the story of a musical icon and a richly detailed chronicle of pop music's evolution, from the mid-1960s through today's indie rock.

Who Is Alex Trebek?

Hay House, Inc
"Witches are gathering." When most people hear the word "witches," they think of horror films and

Halloween, but to the nearly one million Americans who practice Paganism today, witchcraft is a nature-worshipping, polytheistic, and very real religion. So Alex Mar discovers when she sets out to film a documentary and finds herself drawn deep into the world of present-day magic. *Witches of America* follows Mar on her immersive five-year trip into the occult, charting modern Paganism from its roots in 1950s England to its current American mecca in the San Francisco Bay Area; from a gathering of more than a thousand witches in the Illinois woods to the New Orleans branch of one of the world's most influential magical societies. Along the

way she takes part in dozens of rituals and becomes involved with a wild array of characters: a government employee who founds a California priesthood dedicated to a Celtic goddess of war; American disciples of Aleister Crowley, whose elaborate ceremonies turn the Catholic mass on its head; second-wave feminist Wiccans who practice a radical separatist witchcraft; a growing "mystery cult" whose initiates trace their rites back to a blind shaman in rural Oregon. This sprawling magical community compels Mar to confront what she believes is possible-or hopes might be. With keen intelligence and wit, Mar illuminates the world of witchcraft while grappling in fresh

and unexpected ways with the question underlying every faith: Why do we choose to believe in anything at all? Whether evangelical Christian, Pagan priestess, or atheist, each of us craves a system of meaning to give structure to our lives. Sometimes we just find it in unexpected places.

The Third Door Arrow
Two estranged brothers come together when one of them discovers he has a brain tumor and the other emerges as his caretaker.

There Are No Children Here Knopf
"Brilliant, elegant, and shy, Alexander Liberman was twenty-eight when he left war-torn Europe in 1940 to make a new start in New York. This is the

fascinating biography of the Russian-born painter, sculptor, and photographer who - from 1943 to 1962 as art director of Vogue and from 1962 to the present as editorial director of all Conde Nast magazines - has been the mysterious and legendary force responsible for shaping the look and content of the most powerful magazine publishing empire in the world. Having witnessed the Bolshevik revolution as a child in St. Petersburg, he spent his turbulent youth in Moscow, London, and Paris, where evenings at home included, among others, Leger, Cocteau, Chagall, and Bronislava Nijinska. His life would be marked by two strong and exotic women: his mother, Henriette

Pascar, who would push him to paint, and his second wife, Tatiana, who would push him to succeed." "Here is the inside story of Conde Nast, the publishing colossus that has played such an influential role in defining American culture. For half a century, Liberman has overseen the editorial content, from articles to layout, of Vogue, House & Garden, Glamour, and all the other Conde Nast magazines. He was also an important catalyst for the careers of photographers Irving Penn, Erwin Blumenfeld, Andre Kertesz, William Klein, Helmut Newton, and Deborah Turbeville. Here, too, is the New York art world in which Liberman was able to establish a separate

and important career: openings at the Betty Parsons and Andre Emmerich galleries; friendships with Barnett Newman, Robert Motherwell, and Helen Frankenthaler, as well as the cream of New York's Russian society and artists-in-exile - Valentina, Iva Patcevitch, Joseph Brodsky, and Mikhail Baryshnikov." "Dodie Kazanjian and Calvin Tomkins not only evoke a fascinating portrait of a man who has contributed to the worlds of high fashion, publishing, and art, but also give us an incisive look into a hugely successful media empire and the people who run it."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. Upon winning the prestigious 2013 Crime Writers Association International Dagger Award, the judges praised Alex by saying, "An original and absorbing ability to leash incredulity in the name of the fictional contract between author and reader... A police procedural, a thriller against time, a race between hunted and hunter, and a whydunnit, written from multiple points of view that explore several apparently parallel stories which finally meet." Alex Prevost--kidnapped, savagely beaten, suspended from the ceiling of an abandoned warehouse in a tiny wooden cage--is running out of time. Her abductor appears to want only to watch

her die. Will hunger, thirst, or the rats get her first? Apart from a shaky eyewitness report of the abduction, Police Commandant Camille Verhoeven has nothing to go on: no suspect, no leads, and no family or friends anxious to find a missing loved one. The diminutive and brilliant detective knows from bitter experience the urgency of finding the missing woman as quickly as possible--but first he must understand more about her. As he uncovers the details of the young woman's singular history, Camille is forced to acknowledge that the person he seeks is no ordinary victim. She is beautiful, yes, but also extremely tough and resourceful. Before

long, saving Alex's life will be the least of Commandant Verhoeven's considerable challenges. A 2013 Financial Times Book of the Year Shortlisted for the 2014 RUSA Reading List Horror Award From the Hardcover edition.

Alex, the Life of a

Child A&C Black
 A RECOMMENDED SUMMER READ BY THE NEW YORK TIMES, USA TODAY, TIME, AND NEWSWEEK Longtime Jeopardy! host and television icon Alex Trebek reflects on his life and career. Since debuting as the host of Jeopardy! in 1984, Alex Trebek has been something like a family member to millions of television viewers, bringing entertainment and education into their homes five nights

a week. Last year, he made the stunning announcement that he had been diagnosed with stage four pancreatic cancer. What followed was an incredible outpouring of love and kindness. Social media was flooded with messages of support, and the Jeopardy! studio received boxes of cards and letters offering guidance, encouragement, and prayers. For over three decades, Trebek had resisted countless appeals to write a book about his life. Yet he was moved so much by all the goodwill, he felt compelled to finally share his story. "I want people to know a little more about the person they have been cheering on for the past year," he writes in *The Answer Is...*

Reflections on My Life. The book combines illuminating personal anecdotes with Trebek's thoughts on a range of topics, including marriage, parenthood, education, success, spirituality, and philanthropy. Trebek also addresses the questions he gets asked most often by Jeopardy! fans, such as what prompted him to shave his signature mustache, his insights on legendary players like Ken Jennings and James Holzhauer, and his opinion of Will Ferrell's Saturday Night Live impersonation. The book uses a novel structure inspired by Jeopardy!, with each chapter title in the form of a question, and features dozens of never-before-seen photos that candidly capture Trebek over

the years. This wise, charming, and inspiring book is further evidence why Trebek has long been considered one of the most beloved and respected figures in entertainment.

The native Canadian also struggled with depression after the failure of his first marriage, and for years afterward he despaired of ever having a family

of his own until he met the woman who would become his soulmate. *Who Is Alex Trebek?* is the first biography of the much-loved game show host, and as such, celebrates the man who has created a remarkable legacy that will live on in popular culture for generations to come.

Eminem as emblem of America throughout Alex Da Corte's oeuvre

This book exhaustively documents Philadelphia-based

installation artist Alex Da Corte's (born 1980) preoccupation with the musician Eminem across four exhibitions. From Detroit to Cologne, from an artist-run space to a major international museum, Da Corte's work parallels Eminem's career through his thirties, reappearing, evolving alongside America, explaining more of himself each time. Eminem's place in culture and his role in Da Corte's practice, as well as the larger story of American identity, is explored through recent and commissioned essays by Hilton Als, Charlie Fox, William Pym, Martine Syms and Moritz Wessler, as well as manipulated found texts and an extensive Q&A with

Danish filmmaker Jørgen Leth, whose 1982 work *Andy Warhol Eating a Hamburger* strongly informs the discussion. *True Life* is both an uncompromising reference book and a work of fantasy. [Loving My Actual Life](#)
