Advanced Level Financial Reporting Q&a 2018
Disha Publications
Our Advanced Level Financial Reporting Exam Room Notes 2019 provide an alphabetically-organised set of quick reference notes of relevance to both the Corporate Reporting and Strategic Business Management Advanced Level examinations. The 2019 edition of the book has been extensively revised to allow for IFRS 9 and IFRS 15 becoming the main examinable standards on financial instruments and revenue (respectively) in the 2019 Advanced Level syllabus. We have worked backwards from the model answers to all Advanced Level past papers, Mock exams and Question Bank questions to summarise approximately 75 highly examinable financial reporting areas into sets of key mark-scoring points - ideal to prevent you dropping easy marks by forgetting basic points and also helpful when attacking harder parts of the questions. In addition, it is vital to revise

brought-forward knowledge from the Professional Level paper in Financial Accounting and Reporting (FAR) as part of your preparations for the Advanced Level examinations (in many Corporate Reporting examinations, brought-forward FAR knowledge is worth at least as many marks as the new Advanced Level FR topics). Therefore, the book also includes key model answer points from our review of all FAR past papers, Mock exams and Question Bank questions to provide useful reminders - examiner feedback is often that the brought-forward knowledge of candidates is weak, losing many potentially easy marks. All content is organised in a sensible alphabetical format so that you can very quickly find the content that you need. This organisation is more efficient than organisation by Study Manual chapter and should save you time in finding the information you require - just head to the "D" section for Deferred Tax, rather than having to remember to look in chapter 22 of the Study Manual. The book has been developed by the same authors behind our very successful BPT

Exam Room Notes and SBM Exam Room Notes books and is based on our trademark style of simple, clear and succinct explanations of syllabus content with a focus on what you really need to do to get the marks as quickly as possible. Important notice: this set of Exam Room Notes has been designed as a quick reference resource to remind you of content that you should already have studied in detail based on the ICAEW Study Manual and your tuition provider's notes. You must already have studied the Advanced Level syllabus in detail before using this book - the book is in no way designed to replace the Study Manual as a learning resource. If you have invested insufficient time in learning the syllabus content then our Exam Room Notes will not be comprehensible or useful as the book only provides reminders regarding material you must already have studied. Look out for our other Advanced Level Exam Room Notes publications: Strategic Business Management Exam Room Notes 2019 and Advanced Level Audit & Assurance Exam Room Notes 2019! See

New 2015 edition fully updated for new Study Manual and including analysis of the financial reporting elements of the 2014 exam papers in both Corporate Reporting and Strategic Business Management (the first real exam papers sat under the new evolved Advanced Level syllabus). Short form question bank providing over 700 practice questions for the financial reporting aspects of the Advanced Level.

This book is applicable to both the Corporate Reporting and Strategic Business Management papers as the same core financial reporting concepts are tested in both papers. Designed to

complement past paper practice by splitting topics and concepts into smaller and more manageable chunks which you can revise many times before the exam, helping the knowledge to sink in.

Helps to build your confidence and avoid becoming overwhelmed by the large number of learning points in full exam standard questions and in the vast and dense Study Manual. Instead, our Q&A tests one thing at once and therefore allows you to learn an issue properly before moving on. In this way, you can build your knowledge effectively and without feeling overwhelmed. Questions are organised into 15 chapters, covering all aspects of the financial reporting element of the Advanced Level syllabus. Analysis of distribution of past paper marks in the first Advanced Level paper exams set in 2014 to help you focus your revision on key areas. Detailed questions on relevant IFRSs and new Advanced Level material such as pensions, share-based payments, deferred tax, forex and forex consolidation and hedge accounting. Also includes revision of topics such as groups, leases,

government grants and revenue. All questions are designed to split topics into smaller parts, allowing you to study one thing at once and gradually build up knowledge. Our short form Q&A method strips the syllabus down into the core components and gives you a 100% active way of learning the models and theories, making it more interesting to revise this very dense syllabus. Please also see our Advanced Level Audit Q&A 2015 to complete your revision of the auditing elements of the Corporate Reporting Study Manual. We will also be releasing books in our Exam Room Notes series covering SBM. Please note that we strongly recommend that you thoroughly revise your brought forward financial reporting knowledge from the Professional Level/Stage - our FAR Q&A 2015 provides the ideal way to do so.  The Association of Chartered Certified Accountants (ACCA) is the global body for professional accountants. With over 100 years of providing world-class accounting and finance qualifications, the ACCA has significantly raised its international profile in recent years and now supports a BSc (Hons) in Applied Accounting and an MBA. BPP Learning Media is an ACCA Official Publisher. P2 is a very challenging paper which builds on the knowledge and skills acquired at earlier levels in the

preparation and analysis of financial reports for single entities and groups. It takes these areas to a higher level, putting into context the role of the accountant as a professional steward and adviser, who is responsible to the stakeholders of an organisation. It has five main sections: 1. Regulatory and ethical framework and current issues 2. Reporting the financial performance of entities 3. Group financial statements 4. Specialised entities 5. Analysis of the financial performance of entities. The main new topics introduced at this level relate to group accounts, but other topics are tested with a different emphasis and in more depth than at the Fundamentals Level. We provide material for both International and UK streams. International is now the ACCA main stream. The study text has been reviewed by the examiner and takes account of his advice on approaching the paper. Ethics, which have an impact on all aspects of financial reporting, are introduced at an early stage in the text, as is corporate social responsibility, so that students do not neglect

these topics when covering the numerical areas. Accounting standards come next, combining revision with extension into more advanced areas. After a brief revision of basic groups, the more advanced consolidation topics are covered. Current issues are covered throughout the text within the appropriate topics, and also summarised in a final chapter. The question bank contains practice at the case study-style question you will encounter in the real exam. BPP Learning Media is the publisher of choice for many ACCA students and tuition providers worldwide. Join them and plug into a world of expertise in ACCA exams.

The book has been developed by the same authors behind

our very successful BPT Exam Room Notes and SBM Exam Room Notes and is based on our trademark style of simple, clear and succinct explanations of syllabus content. Like all our publications, our Advanced Level Financial Reporting Exam Room Notes 2017 is available with free UK delivery and is fully covered by Amazon's returns policy. Important notice: this set of Exam Room Notes has been designed as a quick reference resource to remind you of content that you should already have studied in detail based on the ICAEW Study Manual and your tuition provider's notes. You must already have studied the Advanced Level syllabus in detail before using this book - the book is in no way designed to replace the Study Manual as a learning resource and if you have invested insufficient time in learning the syllabus content then our Exam Room Notes will not be comprehensible or useful as the book only provides reminders regarding material you must already have studied. ACCA Paper F7 - Financial Reporting (GBR) Study Text The Study Text has been

reviewed by the examiner and takes account of their advice on approaching the paper. Ethics, which have an impact on all aspects of financial reporting, are introduced at an early stage, as is corporate social responsibility. The accounting standards coverage combines revision with extension into more advanced areas. Later, more advanced consolidation topics are covered. Current issues are reflected throughout and also summarised in their own chapter. The question bank contains practice at the case study-style question you will encounter in the real exam. The Study Text is suitable for both International and UK streams. Additional topics relating to the UK are covered in an online supplement.

ACCA Essentials P2 Corporate Reporting (International and UK) Study Text 2014 Taxmann Publications Private Limited

[Previously known as Advanced Level Audit Q&A] New 2018 edition based on the updated 2018 ICAEW Study Manual and including analysis of the audit and assurance elements of the 2014,

2015, 2016 and 2017 Advanced Level exam papers in both Corporate Reporting and Strategic Business Management. This Q&A uses a self-test methodology to reduce the very dense Advanced Level Audit and Assurance syllabus into over 700 active questions, making the topic more interesting and interactive to study. Questions are split into 13 different topic areas and also include relevant past paper questions from the old "Technical Integration" papers for further practice. The introduction to the book analyses the papers set for the first 8 sittings of this paper, which was introduced with effect from July 2014. We also include relevant questions and detailed analysis of the mark allocation from Technical Integration past papers over the 2009-2013 period, showing you which areas to prioritise - the Evolved ACA Audit syllabus is relatively unchanged from the previous Technical Integration syllabus so we believe that this analysis will remain valid for the Advanced Level. We also include extensive testing of the new "Audit Focus" sections which can be found hidden away at the end of the financial

reporting chapters of the Corporate Reporting Study Manual - easily missed when preparing for Audit! Combined with our companion Advanced Level Audit & Assurance Exam Room Notes book, this Q&A should provide all that you need to pass Advanced Level questions involving Audit and Assurance - this means potentially all 3 questions in Corporate Reporting and vital marks also in both Strategic Business Management questions. Analysis of distribution of past paper marks in CR and SBM papers set in 2014, 2015, 2016 and 2017 to help you focus your revision on key areas. Contains questions on areas such as auditing standards, audit tests, specialist assurance areas such as internal auditing, environmental and social auditing, agreed upon procedures and groups. See www.acasimplified.com for more information on our Q&A technique.

form Q&A method strips the syllabus down into the core components and gives you a 100% active way of learning the models and theories, making it more interesting to revise this very dense syllabus. Please also see our Advanced Level Audit Q&A 2016 to complete your revision of the auditing elements of the Corporate Reporting Study Manual. Please note that we strongly recommend that you thoroughly revise your brought forward financial reporting knowledge from the Professional Level/Stage - our FAR Q&A 2016 provides the ideal way to do so.
