Education

"Richard, Duke of
Aquitaine, son of the
King of England,
remained with Philip,
the King of France, who

so honored him for so
long that they ate
every day at the same
table and from the
same dish, and at night
their beds did not
separate them. And
the King of France
loved him as his own
soul; and they loved
each other so much
that the King of
England was absolutely

astonished at the vehement love between them and marveled at what it could mean." Public avowals of love between men were common from antiquity through the Middle Ages. What do these expressions leave to interpretation? An extraordinary amount, as Stephen Jaeger demonstrates. Unlike current efforts to read medieval culture through modern mores, Stephen Jaeger contends that love and sex in the Middle Ages relate to each other very differently than in the postmedieval period. Love was not only a mode of feeling and desiring, or an exclusively private sentiment, but a way of behaving and a social ideal. It was a form of aristocratic

self-representation, its social function to show forth virtue in lovers, to raise their inner worth, to increase their honor and enhance their reputation. To judge from the number of royal love relationships documented, it seems normal, rather than exceptional, that a king loved his favorites, and the courtiers and advisors, clerical and lay, loved their superiors and each other. Jaeger makes an elaborate, accessible, and certain to be controversial, case for the centrality of friendship and love as aristocratic lay, clerical, and monastic ideals. *Ennobling Love* is a magisterial work, a book that charts the social constructions of passion and sexuality in our own times, no less than in the Middle

Ages.

An Irish-English

Dictionary iUniverse
Lynn English High School is half black, half white; half urban, half small town. The students struggle to learn and to rise above the limits of their town, the racial stereotypes of 1990s New England, and the narrow-mindedness of some of their teachers. Other teachers at Lynn English are heroes, seeing more in their students, and in the significance of their own lives, than most could imagine. Though filled with problems - even a killing in the year this book spans - Lynn English is filled with hope. In both regards it is more typical of the American high school than any sunny suburban school can be today.

Secret Mermaid Molly sets off with Coral, protector of the ocean reefs, to find the third piece of the enchanted conch shell. With it, they would be able to restore the dying tropical reefs and return a host of sea creatures, including a

lost baby turtle, to their rightful homes. But first they will have to find a way to beat off a swarm of the Dark Queen's evil jellyfish ...

Language Planning and Policy in Native America Walter de Gruyter GmbH & Co KG

This essential book will help English teachers to address the challenges and opportunities in creating a powerful, knowledge-rich, concept-led curriculum, which draws on lived experience and engages with cognitive science and other educational research. It explores persistent problems in the teaching of English, why we have struggled to address them and how we can go about creating a curriculum which enables all pupils to achieve.

Written by experienced English teachers and teacher educators, the book empowers teachers to reclaim their subject as one which has the power to change lives, and to deliver it with passion and authenticity. The *Trouble with English and How to Address It* contains: A detailed exploration of the challenges English teachers face in designing and delivering a rigorous, coherent, sequenced curriculum An overview of the implications of cognitive science research for the teaching of English Approaches to building a powerful, knowledge-rich curriculum which encompasses concepts, contexts and content in English Suggestions for how to use curriculum design

and implementation as a training opportunity in departments
 Practical strategies for English teachers which provide the link between cognitive science research and their classroom practice To equip leaders and classroom teachers with everything they might need to improve their provision, this book provides a forensic account of what to change, why and how, moving from the big picture into fine details about what we might see in a highly successful English classroom.

A School in Trouble

Other

The text is composed of attributes circumventing the author's transition and adaptation to the world's most exciting

society, after growing up in a country, which in many ways, had facilities that were at least two hundred years behind that of the modern world in 1965. The journey through academic education, family, friends, and the glorious development of Art, tells the story of perseverance, tolerance, and the quest for excellence. It also includes historical events that allow its reader to reflect back to what was happening in his personal life during those years, while at the same time, providing later generations with some knowledge of the past.

English Journal

Oxford University Press Comprehensive in scope and rich in detail, this book explores language

planning, language education, and language policy for diverse Native American peoples across time, space, and place. Based on long-term collaborative and ethnographic work with Native American communities and schools, the book examines the imposition of colonial language policies against the fluorescence of contemporary community-driven efforts to revitalize threatened mother tongues. Here, readers will meet those who are on the frontlines of Native American language revitalization every day. As their efforts show, even languages whose last native speaker is gone can be reclaimed through family-,

community-, and school-based language planning. Offering a critical-theory view of language policy, and emphasizing Indigenous sovereignties and the perspectives of revitalizers themselves, the book shows how language regeneration is undertaken in social practice, the role of youth in language reclamation, the challenges posed by dominant language policies, and the prospects for Indigenous language and culture continuance current revitalization efforts hold.

One School Now
Skyhorse Publishing Inc.

Hailed as "toweringly important" (Baltimore Sun), "a work of

scrupulous and significant reportage" (E. L. Doctorow), and "an unforgettable historical drama" (Chicago Sun-Times), *Big Trouble* brings to life the astonishing case that ultimately engaged President Theodore Roosevelt, Supreme Court justice Oliver Wendell Holmes, and the politics and passions of an entire nation at century's turn. After Idaho's former governor is blown up by a bomb at his garden gate at Christmastime 1905, America's most celebrated detective, Pinkerton James McParland, takes over the investigation. His daringly executed plan to kidnap the radical union leader "Big Bill" Haywood from Colorado to stand trial in Idaho sets the stage

for a memorable courtroom confrontation between the flamboyant prosecutor, progressive senator William Borah, and the young defender of the dispossessed, Clarence Darrow. *Big Trouble* captures the tumultuous first decade of the twentieth century, when capital and labor, particularly in the raw, acquisitive West, were pitted against each other in something close to class war. Lukas paints a vivid portrait of a time and place in which actress Ethel Barrymore, baseball phenom Walter Johnson, and editor William Allen White jostled with railroad magnate E. H. Harriman, socialist Eugene V. Debs, gunslinger Charlie

Siringo, and Operative 21, the intrepid Pinkerton agent who infiltrated Darrow's defense team. This is a grand narrative of the United States as it charged, full of hope and trepidation, into the twentieth century.

Life's Big Instruction

Book University of Pennsylvania Press
Today, Indian writing in English is a field of study that cannot be overlooked. Whereas at the turn of the 20th century, writers from India who chose to write in English were either unheeded or underrated, with time the literary world has been forced to recognize and accept their contribution to the corpus of world literatures in English. Showcasing the burgeoning field of Indian English writing,

this encyclopedia documents the poets, novelists, essayists, and dramatists of Indian origin since the pre-independence era and their dedicated works. Written by internationally recognized scholars, this comprehensive reference book explores the history and development of Indian writers, their major contributions, and the critical reception accorded to them. The Routledge Encyclopedia of Indian Writing in English will be a valuable resource to students, teachers, and academics navigating the vast area of contemporary world literature.

Coping with the teen years can be painful and frustrating for

parents and child alike. Many parents of teens discover that their parenting skills no longer work, that their love and concern don't seem to "register" with their child. If you are worried that your teenager may be headed down the wrong path or if you just want some sensible guidance on how to cope with the challenges of the teen years, *The Ten Most Troublesome Teen-age Problems* offers hope, insight, and practical, proven solutions. Psychologist Lawrence Bauman shares his insights into the common problems parents encounter and shows what you can do to solve them. He explains how your teen's troubling behavior is part of a natural metamorphosis

into adulthood, and he gives useful advice on guiding that change in a positive direction. He also shows how you can both resolve specific conflicts with your child and build a loving, trusting, mutually respectful relationship.

A Mutual-Aid Model for Social Work with

Groups Citadel Press

Annotation During and after his term as interim Central Falls superintendent in 2006-2007, Bill Holland sought answers to why some Central Falls High School students had school success while over half of their

classmates failed to graduate. Much can be learned from how these students survived in a chronically low-achieving school located in the poorest community in the state. Holland provides behind-the-scenes details on the issues of poverty, ineffective teaching, and cultural differences while also advising students, parents, and teachers on ways to gain greater educational success. Before the book was completed, a federal and state mandate unexpectedly resulted in the superintendent having to adopt a turn-around model and fire the entire high school faculty and staff-an action that set off a firestorm between the school and state

leadership and the American Federation of Teachers. The conflict made national headlines and was mentioned by President Obama as a prime example of a "last resort" approach in reforming failing inner-city schools.

English Inside and Out Simon and Schuster

I have heard it said that we all shall pay for the sins of the father. Someone once told me that when the next generation has it rough, its because they are reaping what the generation before them has sowed. This is what Creole people would call Blood Magic in the Basement (or so Ive been told). I am Vernon Lucas II and my father was a kingpin in the heroin drug trade. I cant say that my adult

life has been easy, but at least as a child I never really wanted for anything. I've been told that since my family has helped to poison many people in America with illegal drugs, that I was cursed to suffer in my adult life for their sins. I almost believed that for a time. I felt very restless in my adult life and very few goals that I set for myself ever worked out for me. I felt ashamed and even embarrassed by my family, until I began to research the reasons why they did what they did in the first place. My father and his brothers came from very humble beginnings. His mother, my Grandmother was a field hand/housewife and her husband, my Grandfather was a

share cropper as well as a bootlegger. They lived, loved and struggled in the segregated south of the early 1900s. There have been rumors about how mean my Grandfather was, but by the time I had to live with him he was much kinder and gentler. My Father's brother, Frank Lucas was at least 20 years older than he was, so it was natural for him to look up to my Uncle Frank as not only an older brother but also as somewhat of a Father figure. Frank left home at a very early age to make his own way in life and turned to a life of crime out of necessity. He became one of the best at what he did. It was just a matter of time before my father eventually followed in

his footsteps. I am by no means condoning what they did in the 60s & 70s I just want to let it be known that they were not Harvard Educated, to say the least and they felt that they didnt have much choice in what they did. To follow their American dream, they sold narcotics and cut out the middle man in doing so. This allowed them to sell it very pure and inexpensive. Needless to say, it pissed a lot of people off. Once they made their fortune, they invested within their community, gave an economic boost to many minorities across America, as well as paying back taxes and saving the homes of certain celebrities. These were only some of the positive things that they

accomplished. The real story is that of the Country Boys. Even though there wouldnt be any Country Boys without the help of my Uncle Frank. The Country Boys and Frank Lucas were 2 completely separate entities. It took the help of the Country boys to expand Frank Lucas empire and even though it started out with number running and narcotics, it eventually became so much more. My father, Vernon (Shorty) Lucas Sr. helped run the Country Boys and with the help of his brothers he was able to pull his family and everyone he knew out of obscurity and poverty. Frank wasnt very proud of what he felt he had to do to make a living so he lied to his mother and told her that he

was a business man. When he brought her up north from North Carolina he lived in New York and set his Parents and most of his siblings up in Northern New Jersey. This autobiographical tale gives firsthand insight on what it was actually like growing up in such a household. I have decided to share at least the first 30 years of my life to show exactly what I personally went through as the son of an American Gangster. It has been an emotional roller coaster for me and I cannot determine which came first; the chicken or the egg. Meaning: Was my life's emotional instability inherited, or was it caused by the way I had to live? You be the judge. I am hoping this

autobiography serves some as a manual as well as entertainment through self education. So in synopsis, what I'm trying to convey is that the Lucas family is so much more than this gangster image
English for Everyone: Level 4: Advanced, Course Book Golden Age Media
 Started in 1958, Sanathana Sarathi is a monthly magazine devoted to Sathya (Truth), Dharma (Righteousness), Shanti (Peace) and Prema (Love) - the four cardinal principles of Bhagawan Baba's philosophy. It is published from Prasanthi Nilayam (the Abode of Highest Peace) and acts as a mouthpiece of Baba's Ashram as it speaks of the important events that take place in His

sacred Abode, besides carrying Divine Messages conveyed through Divine Discourses of Bhagawan Sri Sathya Sai Baba. The word meaning of Sanathana Sarathi is the 'Eternal Charioteer'. It signifies the presence of the Lord in every being as the atma guiding their lives like a charioteer. It implies that he who places his life, the body being likened to a chariot, in an attitude of surrender in the hands of the Lord, will be taken care of by the Lord even as a charioteer would take the occupant of his chariot safely to its destination. The magazine is an instrument to disseminate spiritual knowledge for the moral, physical and mental uplift of

humanity without any discrimination as the subject matter discussed therein is always of common interest and of universal appeal. The fifteen Vahinis - streams of sacredness - known as the Vahini Series comprising annotation and interpretation of the Upanishads and other scriptures, Itihasas like the Ramayana, the Bhagavatha and the Mahabharata, and authentic explanations on Dhyana, Dharma, Prema, etc., have been serially published in this magazine as and when they emanated from the Divine pen of Bhagawan Baba. This magazine is published in almost all Indian languages, English and Telugu from Prasanthi Nilayam and others from respective

regions. Every year Sanathana Sarathi comes out with a special issue in November commemorating the Divine Birthday. The English and Telugu magazines are posted on the 10th and 23rd respectively, of every month, from Prasanthi Nilayam. This magazine has wide, ever increasing circulation in India as well as abroad, as the study of it brings the reader closer to the philosophy of the Avatar in simple understandable language THUS SPAKE SAI... Discoursing during the launch of Sanathana Sarathi... From this day, our Sanathana Sarathi will lead to victory the cohorts of truth - the Vedas, the Sastras and similar scriptures of all

faiths, against the forces of the ego such as injustice, falsehood, immorality and cruelty. This is the reason why it has emerged. This Sarathi will fight in order to establish world prosperity. It is bound to sound the paean of triumph when universal Ananda is achieved. *Standing in the Shadows of Street Legends* Routledge This new edition of takes a fresh look at enduring questions at the heart of fundamental debates about the role of schools in society, the links between education and employment, and conflicts between linguistic minorities and mainstream populations. Big Trouble Routledge "Krishna Meditations" by author HG Urmila

Mataji is a contemplative masterpiece that offers a collection of meditations and reflections centered around Lord Krishna. Drawing from the Bhakti tradition, this book guides readers on a transformative journey of introspection and devotion. Each meditation provides profound insights into Krishna's divine qualities and teachings, fostering a deeper connection with the divine and facilitating spiritual growth and inner peace.

In an attempt to bridge the vast divide between classical Asian thought and contemporary Western philosophy, Joel J. Kupperman finds that the two traditions do not, by and large, supply different answers to the same questions. Rather, each

tradition is searching for answers to their own set of questions--mapping out distinct philosophical investigations. In this groundbreaking book, Kupperman argues that the foundational Indian and Chinese texts include lines of thought that can enrich current philosophical practice, and in some cases provide uniquely sophisticated insights. Special attention is given to the ethical issues of formation and fluidity of self, the nature and possibilities of choice, the compartmentalization of life implicit in some ethical systems, the variations of ethical demands from person

to person, and the nature of philosophy itself as a communicative activity. This study will provide a wealth of information for philosophers seeking a closer knowledge of Asian philosophy and general readers with an interest in Eastern thought.
