Kabuki  
Warriors, a

new title for  
the Xbox  
system, is a  
3D fighting  
game inspired  
by classic  
Japanese  
theater.  
Players  
command a  
troop of

Kabuki  
warriors, as  
they attempt  
to travel  
across Japan,  
from the area  
of Edo to  
Kyoto. As they  
journey,  
gamers will  
encounter

many obstacles. They will have to fight other Kabuki troops and win the favor of the crowds to receive money. In addition, recruiting the best members of defeated Kabuki troops will be key in forming the most powerful samurai warriors. There are over 24 characters, each with different weapons, unique abilities and attacks like fireballs, fire storms, lightning, and tornadoes.

Skilled sword gameplay and dramatic moves will be vital for the numerous competitions that take place on stages across Japan. The game also has many modes of play including, Adventure, Time Attack, Tournament, and Versus. Not Final Cover. Grand Theft Auto IV Prima Games In Extra Lives, acclaimed writer and life-long video game enthusiast Tom Bissell takes the

reader on an insightful and entertaining tour of the art and meaning of video games. In just a few decades, video games have grown increasingly complex and sophisticated, and the companies that produce them are now among the most profitable in the entertainment industry. Yet few outside this world have thought deeply about how these games work, why they are so appealing,

and what they are capable of artistically.

Blending memoir, criticism, and first-rate reportage, *Extra Lives* is a milestone work about what might be the dominant popular art form of our time.
