A Frog in the Fjord ABRAMS
 What draws us towards a shop window display? What drives us to grab a special offer, to enter the privileged circle of premium newspaper subscribers, to peruse the pages of an enticing magazine? Without doubt, it is curiosity - that essential force of everyday action which invites us to break from our habits and to become transported beyond our very selves. Curiosity (whether healthy or unhealthy) is one of the favourite tricks of market seduction. Capturing a public - attracting the attention of a reader, seducing a customer, meeting the expectations of a user, persuading a voter ... - often requires the construction of a set of technical devices that can play upon people's inner motivations. Cochoy invites us to take a sociological trip into these cabinets of curiosity, accompanied throughout by Bluebeard, a fairy tale that is both a model of the genre and a pure curiosity machine. At once a work of history and economic anthropology, the book meticulously analyses the devices designed by markets to arouse, excite, and sustain curiosity: a window display, practices of 'teasing', packaging, bus shelters, mobile internet

technologies, to name but a few. In the Bettencourt and Strauss-Kahn affairs and the Wikileaks controversy, Cochoy also uncovers the work of investigative journalism and its attention-grabbing 'scoops', revealing the secrets of the revealers of secrets. Available in English for the first time, this major work will arouse readers' curiosity over the course of its unusual and colourful journey. By the end, now better informed and more cautious, they will be able to identify the traps of which they are the target. So long as curiosity is kept at bay, at least!

Which sort of seducer could you be? Siren? Rake? Cold Coquette? Star? Comedian? Charismatic? Or Saint? This book will show you which. Charm, persuasion, the ability to create illusions: these are some of the many dazzling gifts of the Seducer, the compelling figure who is able to manipulate, mislead and give pleasure all at once. In this beautiful, sensually designed book, Greene unearths the two sides of seduction: the characters and the process. Discover who you, or your pursuer, most resembles. Learn, too, the pitfalls of the anti-Seducer. Immerse yourself in the twenty-four manoeuvres and strategies of the seductive process, the ritual by which a seducer gains mastery over their target. though. Men and women differ in so many ways that it's difficult for many of us to really grasp how to get inside the mind of the opposite sex. The true key to seducing a woman isn't a mere laundry list to check off, step by step. It's more a guidebook on the path you must follow to completely seduce a woman, mind, body and soul. And believe it or not, what really gets a woman going is much simpler than you may have ever imagined. Understanding the differences between the sexes will help give you a better foundation on which to build your knowledge of women. Once you can get inside her mind, it's all downhill from there.

This is a full-scale commentary devoted to the third book of Ovid's *Ars Amatoria*. It includes an Introduction, a revision of E. J. Kenney's Oxford text of the book, and detailed line-by-line and section-by-section commentary on the language and ideas of the text. Combining traditional philological scholarship with some of the concerns of more recent critics, both Introduction and commentary place particular emphasis on: the language of the text; the relationship of the book to the didactic, 'erotodidactic' and elegiac traditions; Ovid's usurpation of the *lena's* traditional role of erotic instructor of women; the poet's handling of the controversial subjects of cosmetics and personal adornment; and the literary and political significances of Ovid's unexpected emphasis in the text of *Ars III* on restraint and 'moderation'. The book will be of interest to all postgraduates and scholars working on Augustan poetry.

USA Today bestselling author Melanie George displays her flair for vibrant characters and witty dialogue in a sparkling, sensual romance about a duke who finds that the girl he adored is now the woman he desires. The Art of Seduction Parris Sutherland cares little for the gossip swirling about her after she is left at the altar. She is far too busy with a new project: masquerading as "Lady Scruples" and exacting justice on philandering men. If only she could resist the desire aroused by her childhood protector, Dominick Carlisle, recently returned home after eight years. As the new Duke of Wakefield, Dominick has no interest in the aristocratic duties foisted upon him. He'd rather unmask Lady Scruples -- especially if it distracts him from his long-suppressed feelings for Parris and the dreams that have haunted him since a sultry night with a mysterious girl so long ago. But when Dominick discovers that all of the women on his mind are one and the same -- Parris -- he vows to teach the minx a lesson by seducing her all the way to the altar.

The hidden truth about the French way of life: it's all about seduction—its rules, its pleasures, its secrets France is a seductive country, seductive in its elegance, its beauty, its sensual pleasures, and its joie de vivre. But Elaine Sciolino, the longtime Paris bureau chief of The New York Times, has discovered that seduction is much more than a game to the French: it is the key to understanding France. Seduction plays a crucial role in how the French relate to one another—not just in romantic relationships but also in how they conduct business, enjoy food and drink, define style, engage in intellectual debate, elect politicians, and project power around the world. While sexual repartee and conquest remain at the heart of seduction, for the French seduction has become a philosophy of life, even an ideology, that can confuse outsiders. In *La Seduction*, Sciolino gives us an inside view of how seduction works in all areas, analyzing its limits as well as its power. She demystifies the French way of life in an entertaining and personal narrative that carries us from the neighborhood shops of Paris to the halls of

government, from the gardens of Versailles to the agricultural heartland. *La Seduction* will charm you and encourage you to lower your defenses about the French. Pull up a chair and let Elaine Sciolino seduce you.
