Not everything in your life produces the same effect as far as your destiny is concerned. God gave us 24hours and it's full of several activities that can

move us towards destiny but not all of them move us at the same level and not all of them carry the same gravity. It is very important we understand this. I think one of the wrong perceptions that our generation has is that we allocate equal time, equal priority and equal interest to everything and anything. Your time for play is equal to your of prayer. Your time of gisting is equal to your time of personal development. There must be a system of prioritizing your life and I want to show you the three most important things in a man's life in my opinion and supported by scripture. These three areas I want to show you today are worth dying for. Not everything is worth dying for. There are people who have died for nothing; there are people who have died the deaths of fool but it is important to know what is worth committing your energy, your time and your money. At the end of your life, there are only few things that will make your life count. Believe me when I tell you this. In the maze of several activities clamoring for your attention;the average young man is like a magnet attracting different things that need your attention in life and I have found out in my little experience and by the privilege of wisdom and mentorship and the word that in the end of your life, there are not more than four (4) or five (5) things that are worth living for. So, in our business;an attempt to make money, marry, serve God, grow ministries, expand, etc all of these things are important but a time must come in our life where we have to shut the door and ask ourselves "what is really important?" because many of us as I'll be showing you, if you don't know what is important you'll major on the minors and minor on the majors. An altar is a gateway between the realm of the spirit and the earth realm that grants unhindered access to certain spirit beings to find legal

expression in the earth. An altar is a legal landing spot of the spirit on the earth. An altar is an altar because of the presence of sacrifice, the realm of the spirit wants to interact with the realm of the earth legally and vice versa because the inhabitants of the earth knows that without the realm of the spirit they are limited in the possibilities that they can produce, they call for the assistance of these spirit beings. In agreement to bring these possibilities to the inhabitants of earth, the spirits give their conditions, certain things that can create a habitation that will look exactly like where they are coming from and then they summarize their demands in what they call sacrifice and they ask men to raise certain structures and put certain sacrifices. The kind of sacrifice on the altar depends on the kind of spirit that wants to access the earth, the absence of sacrifice on an altar makes it unqualified to be called an altar, thus, the sacrifice is what makes it an altar and the kind of spirit to whom the altar is raised determines whether the altar will be a good one or a bad one. I believe that the Lord is going to help us and grant us understanding (1st Chronicles chapter 12 vs. 32) I used to think God dwells in the realm of eternity until I understood what eternity was, then I found out that God does not dwell in eternity, he dwells in a dimension that only he can define. Eternity is time, just that, it is time that is limitless, and every time you compress God to time you insult his sovereignty, he does not dwell in eternity. Eternity means the summation of infinite dispensations, one dispensation connecting another, but they are still time-dependent. He dwells in a realm that the Bible simply describes as unapproachable light, the Bible says, in the beginning, God created the heavens and the earth, meaning he was in neither of them, he constructed this dimension of his kingdom and allocated a mystery called times and seasons. The Bible says, he made the stars also, having made the sun and the moon, then the Bible says he made the stars, and that the assignment of the stars, among other things, is to signify seasons, which means that they can guide up into times and seasons, so it is true that God does not dwell in time, but he designed man and limited man to function within the circumference of time, that means the greatest gift man has, second only to salvation, is time, and if you understand times and seasons, and you know how to align to the possibilities that come with times and seasons, then you can walk in victory. The Bible is very clear about the fact that all things are not possible every time, you may plant during the dry season, as we have in our region here, but you are not guaranteed to have a bumper harvest if you will have one at all because there is an advantage that comes with the rainy season, it saves you the rigor of looking for water, the season was designed with that advantage in view, so if you desire a bumper harvest your assignment is to continue to look at the weather, and find a time when your desire collides with the season that supplies an advantage, with minimal effort you will plant during the rainy season and you will find out that your crops will grow, because part of the possibilities and the advantage that comes with that season is rain you can outsource a system during the dry season to supply water but it will be at a cost that means that not all seasons carry the same possibilities. It is important we understand, that every time a season comes, there is always, what God is doing, he's not always doing the same thing all the time, and he has his emphasis. We see in the Bible, Gabriel appears to people to introduce seasons, the archangel that introduces seasons, he comes to Daniel to introduce a new season, he comes to Mary, the virgin, to announce that she's about to be with child and that will usher another season, times and seasons, (1st Chronicles chapter 12 vs 32) the Bible says, and the children of Issachar, which were men that had an understanding of the times, to know what Israel ought to do, it says, the heads of them and all their brethren were at their command, what was their advantage, they understood the times, to know what Israel ought to do. My assignment, by the wisdom of the spirit, is to be able to guide us, to know what times, and that in a time like this, what is the posture, what is the response, what is the advantage, that this season comes with for the believer. The Significance of Blood This is the common ground for every religion I know including the occultic. They respect blood and they have something to do with blood. Right from the garden of Eden, we begin to see how that when man fell, God Himself stripped a bloody lamb and used it to cover Adam and Eve. Right from the garden of Eden, there was the shedding of blood. Then all through the old covenant, we see the shedding of the blood of bulls. But the question I have is that what is it about blood that makes it effective? Why not the flesh? Why not water? Is it the colour of the blood? Is it anything that is just red in the human body? Many people know that the blood saves, but we do not know what is it in the blood that is so powerful that even Satan and death- the last enemy to be destroyed, can respect it. [Law of an Encounter](#) Independently Published

In this kingdom, we rise not just by desire but how much light we have accessed and engaged. You can access it, meaning that you are not ignorant of its operation but if you don't engage it, you will not see anything. Accessing it is a product of humility and desperate pursuit but engaging it is the product of faith. I have said it that faith is simply a product of understanding, obedience and courage. You cannot sustainably act upon what you do not understand. Obedience is the ability to obey to the letter and the courage to stay there regardless of the temporary results that you see. So desire alone will not get you any where in this kingdom. Our society is full of desires. That is wonderful except for the fact that desire alone will not amount to anything. People desire to carry the anointing, prosperity, influence, etc. But they just stop at the level of desire and believe that that is all that they need to do. No. Desire sponsor the appetite for pursuit. With desire, you will defy every excuse and consequences and just pursue. Your desire gives you the inner strength and tenacity to pursue. If and when you have the encounter, you have access to it now, the next thing is to put your understanding to work, engage that truth you know. The engaging part is where I do believe that the church of the Lord Jesus Christ has failed.

[Fear Not!](#) Independently Published

The possibilities of the kingdom are dependent on the truth that we act upon. It is not dependent on God alone. God's desire can be helplessly sabotaged by our inability to understand His systems. The Psalmist said, "open my eyes that I may behold wondrous things from your law". A man can receive nothing except it be given him. If God does not open your eyes, you will only be reading story book. Favor is a reality that we all desire. There is no one who will argue with the fact that a man's life and success is directly dependent on favour. We come from backgrounds that by default should keep us failures forever. Working on human strength, sometimes your lifetime cannot even remedy the catastrophe that is associated with your backgrounds. It will take decades to remedy the damage that has been made before we can have any chance at success at all. So God programmed a system in His dealings with men where men can rise out of the limitations associated with their backgrounds, mistakes and pains.

What is Doctrine? It comes from the latin word, "doctrina" and it means teaching, instructions. Basically, doctrine is a set of believes that are accepted and taught. It is not just a body of truth communicated, it has to be accepted by a standard first of all. So, before it can be a Doctrine, it must have been standardized based on a reference. That means a compromise of the standard, usually, will start from dishonour to the reference. If there is a reference and the reference is honored, it will be difficult to compromise. We can trust the graduate that comes from Oxford or Harvard because we do not need to know the lecturers that taught them. We trust the standard. We know that there is a system of compliance that ensures that anyone who passes through Harvard, no matter how high or low, there is a minimum standard that he will not come under. As we look across the length and breadth of the body of Christ, we see that there are aberration and compromises on the kind of formation that the Bible says should be. After 10-15 active years in church activities, we do not see that formation. It ought not to be so. So we want to examine what is wrong. There are scriptures that talk about the reality of doctrines as far as the kingdom life is concerned

There is a mystery that controls result in this kingdom. There is a reason and an exact explanation as to why certain people can host superior dimensions of God's presence. There is an exact explanation as to why certain people can command untold levels of wealth and prosperity. There is an exact explanation as to why an individual can live in the realm of favor that is more than just a mere confession such that his life begins to explain what favour is. There is a dimension where individuals can rise in the spirit. But you see, everything in the spirit is done on God's terms. You have to understand the character and structure of the kingdom. Part of the system of the kingdom is your ability to find out God's way of doing things and align yourself to it. You are not at liberty to suggest your formula when you are walking with God. [Activating Your Breakthrough](#)

The most powerful thing about the word of God is the ability to produce result, if the word of God did not have the ability to produce result we would be wasting our time, I just want you to imagine for one minute that everything you have believed was a lie, that would be a complete waste of time, years invested in the pursuit of the spirit only to find out it's a lie, but we thank the Lord because that which is written here in the scripture is true, it can change lives, we hear the testimonies all the time, and today we would be changed in the name of Jesus Christ. I think a lot and one of the things that I think about is the level of transformation and impact that God has granted unto us as individual and as a ministry, to be able to communicate a dimension of spiritual reality to help build and strengthen the body of Christ, and I think it is a great privilege. See the more you know God, the more you see how easy it is for him make things happen in your life that defies all human logic, the more you know God, the more you have an encounter with his mind, the more you see how small and inconsequential you are in the overall equation of his will and then you will see how much is a privilege for him sometimes to have to wait on you and wait on your will to cooperate with you before he moves and our lives are a reflection of such a testimony that it looks as though it is difficult for God to do it without us although he has all the power and it seems to always patiently carry us along with his program and it's a privilege for us to represent his purposes, not only in this city but in many regard around different areas of this nation and around the world, it's a pleasure, and it's a privilege, let us never forget this thing. [The Coming Move of God](#)

The manifestation of Enoch is one of the activities that foreruns the coming of Christ. Enoch is a representation of intimacy and passion for spiritual things. It is a system that goes past the gate of fame, ambition and all the mundane things of this earth. Imagine that a man lived for 365 years and all the Bible can say about such a man is that he walked with God. What a testimony. That you lived your life and the most striking signature activity of your life is that you walked with God. He had children and the children did not disrupt his walk with God. The coming move of God will not just start with revivals. It will start with the restoration of the spirit of Enoch- intimacy and desire for God beyond the walls of Church, ministry, preaching, etc. We will never be able to host what the spirit of God is doing across the nations in this endtime if our focus is just preaching an accurate exegesis of the word, as powerful as this is. It will be a product of our walk with God. The Bible declares that the remnant of the house of Jacob will first bear root downwards. You won't see it when it happens but it will become the stability of the tree and fruit that they produce.

[Knowing God Experiencially](#)

We will be discussing the economic system of the kingdom of God, and we need to understand that the battle for wealth and prosperity is not just about the desire to use money to prove a point to people around you, but that there is a program and there is an agenda that is bigger than the personal interest of men, its important to get this, that prosperity is not just about the propriety for affluence but it's the time redemption strategy. Paul was teaching the church in Ephesus and he admonish them to redeem time and he said the reason why they should redeem time is because the

days were evil and the days are still evil, so we must access the system of God that makes up time for redemption, also in my previous message, I also spoke about preserving our soul while we prosper, that satan is not after your money, he's not after real estate, he's not after any of these things, he's after the souls of men and that he will use the journey or your desire or your need for financial prosperity to force you to exchange your souls the kind of prosperity that he gives and the bibles says what shall it profit a man to gain the whole world and then looses his soul. #### *Winning Through Prayer Part 1*

It's of great importance that we know God. In the knowledge of God is our stability found and made manifest. If your knowledge of God is low, you will not be able to survive today's world. The pride of a believer is not in the acquisition of things. Earthly achievements are not bad in themselves but the real pride of a believer is their knowledge of God. No matter what you possess if you don't have God, you have nothing. It is difficult to believe these things because we need the things we chase but this doesn't change the fact that our pride as a believer is our knowledge of God. The Bible says "let the wise man not glory in his wisdom, let the strong man not glory in his strength. Let him that glorieth glory in this that he understandeth and knoweth me." #### Spiritual Timing

It is important for us as believers to understand that there is a territorial dimension to kingdom advance. Kingdom advance generally speaks of extending the influence and the reign of the Christ. When Prophet Isaiah received the Messianic prophecy that talked about Christ, it was said in that prophecy that of the increase of his government and his peace, there will be no end. This means that of the increase of the continual advancement and expansion of Christ, His purposes and the peace that comes in that kingdom, there shall be no end. So this is a kingdom that grows. He says, "I will build my church and the gate of hell will not prevail over it". I know that looking at the society right now, it looks like the church is not growing and that the purpose of Christ is not advancing. I want you to know that the church is growing and the purposes of Christ is advancing. The Bible declares that it is God's desire that the Lordship of Christ be established, first of all in the heart of men and then across territories. So kingdom advancement is in two folds- the establishment of the purposes of Christ first of all in the hearts of men and then across territories. This means that it is not enough that individuals be saved/come under the governing influence of Christ. It is time to start taking cities. The Bible says, in the book of Acts, that these are they that have turned the world upside down. The story of revival as we read from the scripture and then in modern history talks about men and women who (according to Hebrews 11) subdued kingdoms. He said ask of me for the earthen, I will give them to you for your inheritance. It is time for us take systems, structures, nations and bring them under the Lordship of Christ. This is one of the ways the kingdom will advance.

#### **The Assignment**

It is always a privilege to bring the word of God. When the word of God comes, there are exact things that it is able to do in the life of those who hear, believe, receive and act on it. Take note, that the word of God comes to you doesn't mean that it will change you. You must hear it, you must believe that it is true, you must receive of the instructions that come with the word and you must be diligent to apply it. If you do this, no power in existence will stop the word of God from finding expression. Often times, the challenge is that believers just hear and they believe that because they have heard, it should work and they keep wondering why the word of God is not producing the kind of results that it should produce. The word of God must be heard and it must be believed. Read this book and Be Blessed

matured. And the Bible says for this reason, for this course, He gave on to some, apostles, prophets, evangelists, pastors, teachers for the maturing, perfecting of the saints. So, it is important that every time we are exposed to the word of God, no matter how brief, we must receive it with hearts opened and we must listen for transformation, not just information. The Bible says now that you know these things, happy are you if you do them. It is the doers of the word that become blessed, not just the hearer. As the Bible says that we do not be hearers alone but doers of the word. Matters of life and destiny. This book is going to challenge our hearts again and bring to our consciousness some of these truths that govern our faith walk to the end that we be established, strong and built. I commend you to God and to the word of his grace, which is able to build you up and to give you an inheritance among them that are sanctified. I'd like to start by just communicating a burden that has been in my heart. It is God's desire that believers grow and continue to grow. It is not God's design that a believer get saved and remains at that level. The Bible tells us that growth is part of the expectations of God for a believer. In fact, it says, the path of the just is as a shining light that shines ever brighter onto the perfect day. That means that if believers don't grow, you don't allow space for others to come into the fold. Soul winning demands that as you are saved, you don't remain in that position indefinitely. You get to a point where through the ministry of the Word and the spirit, you are growing. Now, that vacuum should not be left empty. Someone went up to allow you come there. So, whilst you are transiting, you have a responsibility to make sure that the vacuum that you have created is not left. You have an assignment to make sure that as you grow spiritually, someone gets saved through your life and then begins that journey too. This is how God trained us. Never was there a time when you would look back and not find someone following you, even though you are following. You are growing. There has to be someone who gets saved through your life.

#### **Stewards of the Mysteries of God**

I believe that it is important for believers to not only know God but to be taught the principles and the protocol of His presence. Encounter are predictable, men can be mentored into understanding the ways of the spirit and I believe that messages in book like this are not only serving as retreats but they are times provided by the spirit of God to allow us encounter the life, the power and the glory of God. I'm going to be sharing briefly and then we pray. I believe that so many people are seeking for the factors that make for the relevance of a man, of a person within the context of a generation, listen carefully, preachers here and there continue to seek for the various ways to access the power of God, to access relevance within the context of the generation, and here and there we've invented all kinds of formulas and methodologies attempting to touch the heart of God, attempting to touch the grace of God, to the end that we may sustain the ability to be relevant within the context of the generation, but some things we need to understand is that the dealings of God with men creativity is not required. You are not at liberty to invent the pathway that's make for your relationship with God, it is only when it has to do with your dominion upon and around the cosmos, that is when you will draw from the well of creativity. Your dominion in life is a summation of your comprehension of the mystery of the kingdom. I have said this again and again and I want us to please pay attention. Every gate can be opened if we have the key. Gate only open when you have the key not when you want it open. Desire is not enough to bring you to a place of destiny and breakthrough. As we keep coming week after week, I want you to realize that there is a transformation that is happening. And that transformation is happening by the power of the word of God. The word of God not only gives you knowledge, it translates you to become what it's saying and it empowers you to demonstrate the reality of what you claim to know. Any truth that you have and you know but cannot be demonstrated is not yet a revelation in your life. I want to challenge us that our passion in this place, must be kept high even as we seek to press to know Him and to understand His ways. I give you a guarantee. The bible says they are life to them, those who find them. Not everybody will find them, they're not life to Christians, they are life to those who find them. Read This book and Be Blessed.
