CAROLYN FREY

The Thrifty Guide to Ancient Greece Princeton University Press
 A funny, feminist twist on the Cinderella fairy tale for fans of fractured fairy tales Princess Harriet Hamsterbone is not the kind of princess who enjoys fancy dresses or extravagant parties. Cliff-diving, fractions, and whacking people with swords are more her thing. So when she's forced to attend a boring ball in honor of a visiting ambassador, Harriet is less than thrilled--until a bewitchingly beautiful stranger arrives. Who is she? And where did she come from? The mystery leads to a not-so-wicked stepsister, an incontinent lizard, and a fairy's spell that's really more of a curse. Luckily, Harriet knows a thing or two about curses... Smart, funny, and filled with swashbuckling adventure, book five in the critically acclaimed Hamster Princess series is a hilariously re-told fairy tale for the modern age.
The Thrifty Guide to Ancient Rome The Thrifty Guide to Ancient Greece

It is an excellent book - highly intelligent, interesting and original. Expressing high philosophy in a readable form without trivialising it is a very difficult task and McAleer manages the task admirably. Plato is, yet again, intensely topical in the chaotic and confused world in which we are now living. Philip Allott, Professor Emeritus of International Public Law at Cambridge University This book is a lucid and accessible companion to Plato's Republic, throwing light upon the text's arguments and main themes, placing them in the wider context of the text's structure. In its illumination of the philosophical ideas underpinning the work, it provides readers with an understanding and appreciation of the complexity and literary artistry of Plato's Republic. McAleer not only unpacks the key overarching questions of the text - What is justice? And Is a just life happier than an unjust life? - but also highlights some fascinating, overlooked passages which contribute to our understanding of Plato's philosophical thought. Plato's 'Republic': An Introduction offers a rigorous and thought-provoking analysis of the text, helping readers navigate one of the world's most influential works of philosophy and political theory. With its approachable tone and clear presentation, it constitutes a welcome contribution to the field, and will be an indispensable resource for philosophy students and teachers, as well as general readers new to, or returning to, the text.

Envy, Spite and Jealousy Penguin

The kid-friendly series that makes history approachable, engaging, and funny! From the publishing house that brought you the Who Was? books. The Thrifty Guide to Medieval Times: A Handbook for Time Travelers is a snappy, informative, illustrated travel guide with everything the sensible time traveler needs to

know, like: * Where I can find the best hovel? * What are my healthcare options if I catch the Black Plague? * How can I avoid being attacked by pillaging Huns? * And most importantly, why on earth would anyone want to travel back to medieval times? This book is designed as a parody of Fodor's guides, complete with humorous maps, reviews of places to stay and top attractions (don't miss a jousting tournament . . . but watch out for lances!), and tips on whom to have lunch with (murderous Queen Olga of Kiev, naturally--just don't eat or drink anything around her!). If you had a time travel machine and could take a vacation anywhere in history, this is the only guidebook series you would need.

Democracy and Liberty Penguin

Addison Cooke and the Treasure of the Incas Penguin

Named a Book of the Year by the Daily Telegraph, Times Literary Supplement, The Times, Spectator, and The Economist The English first materialized as an idea, before they had a common ruler and before the country they lived in even had a name. From the armed Saxon bands that descended onto Roman-controlled Britain in the fifth century to the travails of the Eurozone plaguing the prime-ministership of today's multicultural England, acclaimed historian Robert Tombs presents a momentous and challenging history of a people who have a claim to be the oldest nation in existence. Drawing on a wealth of recent scholarship, Tombs sheds light on the strength and resilience of English governance, the deep patterns of division among the people who have populated the British Isles, the persistent capacity of the English to come together in the face of danger, and not the least the ways the English have understood their own history, have argued about it, forgotten it and yet been shaped by it. Momentous and definitive, The English and Their History is the first single-volume work on this scale for more than half a

century.

Addison Cooke and the Ring of Destiny Twenty-First Century Books

This monumental work of ancient Greek literature, compiled in the 3rd century AD, is an encyclopedic compendium of knowledge, entertainment, and gossip. In this edition, translated and annotated by Charles Duke Yonge, readers will find fascinating insights into everything from ancient cookery to music theory. An essential resource for classicists and historians. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

The History of the Manners and Customs of Ancient Greece Oxford University Press

What modern economics can tell us about ancient Rome The quality of life for ordinary Roman citizens at the height of the Roman Empire probably was better than that of any other large group of people living before the Industrial Revolution. The Roman Market Economy uses the tools of modern economics to show how trade, markets, and the Pax Romana were critical to ancient Rome's prosperity. Peter Temin, one of the world's foremost economic historians, argues that markets dominated the Roman economy. He traces how the Pax Romana encouraged trade around the Mediterranean, and how Roman law promoted commerce and banking. Temin shows that a reasonably vibrant market for wheat extended throughout the empire, and suggests that the Antonine Plague may have been responsible for turning the stable prices of the early empire into the persistent inflation of the late. He vividly describes how various markets operated in Roman times, from commodities and slaves to the buying and selling of land. Applying modern methods for evaluating economic growth to data culled from historical sources, Temin argues that Roman Italy in the second century was as prosperous as the Dutch Republic in its golden age of the seventeenth century. The Roman Market Economy reveals how economics can help us understand how the Roman Empire could have ruled seventy million people and endured for centuries.

Five Days in Paris Penguin

A Witch's 21-Century Guide to Making Magick with the Greek Gods The ancient Greek gods surround us even now in our modern world. From Aphrodite to Zeus, this book reveals the

origins of more than sixty deities and other mythological figures, including the Olympians, Titans, and Primordial Forces. Explore how they've been worshipped across the centuries and how you can work with them in your own practice. You'll meet the gods one by one, exploring their history, unique correspondences, and personal insights from contributing authors who work with them magickally. This book also provides rituals and spells to connect with each deity. Draw down the moon with Selene, cast a courage spell with Ares, and reclaim lost parts of yourself with a ritual for Persephone. By inviting these divine beings into your practice, you can cultivate a magickal life that satisfies your soul to its very core.

The Freedmen's Book Open Book Publishers

"Addison Cooke is Indiana Jones and James Bond rolled into one for the middle-grades set."--Booklist Addison Cooke's second laugh-out-loud adventure--a journey through Asia in pursuit of the legendary tomb of Genghis Khan! Fresh off of a victorious treasure hunt and rescue mission in South America, Addison Cooke just can't seem to steer clear of rogue bandits, pesky booby traps, and secret treasure troves. But it sure beats sitting around in school all day. Addison's aunt and uncle, on the other hand, are none too happy about their habit of attracting kidnappers. When they become pawns in a dangerous gang's plan to steal the most prized possession of the notorious Mongolian leader Genghis Khan, Addison and his friends find themselves once again caught in the middle of a multi-million-dollar international heist. Armed with nothing but their wits and thirst for adventure, they travel across Asia in an attempt to rescue Addison's family and stop the treasure from falling into the wrong hands. Brimming with round-the-clock action and tons of laughter, Addison Cooke and the Tomb of the Khan is perfect for fans of Indiana Jones, ancient history, and James Patterson's Treasure Hunters series. Praise for Addison Cooke and the Tomb of the Khan: "Humorous and thrilling...a clever and well-done fast-paced adventure for intrepid readers." --Huffpost Praise for Addison Cooke and the Treasure of the Incas: "Combines the derring-do of Indiana Jones with a genuine archaeological mystery. Stokes brings a cinematic scope to the story. This lively debut promises more seat-of-the-pants thrills for readers who love adventure."--Booklist "Cinematic pacing and action drive the story, but it's Addison and his friends who will keep readers engaged. Humor is never in short supply. . . and Addison's endless optimism and irrepressible confidence in his own abilities are endearing."--School Library Journal "Addison is often one step ahead of the adults, but his lead is constantly threatened, building steady tension throughout the novel, screenwriter Stokes's debut."--Publishers Weekly "What to give the kid who's read all the Harry Potter and Percy Jackson books? Try Addison Cooke...this fast-paced adventure will enthrall middle-grade readers and leave them wanting more."--Parents

Eyewitness Workbooks Ancient Egypt Penguin

Mutual-fund superstar Peter Lynch and author John Rothchild explain the basic principles of the stock market and business in an investing guide that will enlighten and entertain anyone who is high-school age or older. Many investors, including some with substantial portfolios, have only the sketchiest idea of how the stock market works. The reason, say Lynch and Rothchild, is that the basics of investing—the fundamentals of our economic system and what they have to do with the stock market—aren't taught in school. At a time when individuals have to make important decisions about saving for college and 401(k) retirement funds, this failure to provide a basic education in investing can have tragic consequences. For those who know what to look for, investment opportunities are everywhere. The average high-school student is familiar with Nike, Reebok, McDonald's, the Gap, and the Body Shop. Nearly every teenager in America drinks Coke or Pepsi, but only a very few own shares in either company or even understand how to buy them. Every student studies American history, but few realize that our country was settled by European colonists financed by public companies in England and Holland—and the basic principles behind public companies haven't changed in more than three hundred years. In *Learn to Earn*, Lynch and Rothchild explain in a style accessible to anyone who is high-school age or older how to read a stock table in the daily newspaper, how to understand a company annual report, and why everyone should pay attention to the stock market. They explain not only how to invest, but also how to think like an investor.

Politics: A Very Short Introduction Bright Matter Books

These ardent, even obsessed, poems about erotic passion are among the brightest jewels in the crown of Latin literature. Written by Propertius, Rome's greatest poet of love, who was born around 50 b.c., a contemporary of Ovid, these elegies tell of

Propertius' tormented relationship with a woman he calls "Cynthia." Their connection was sometimes blissful, more often agonizing, but as the poet came to recognize, it went beyond pride or shame to become the defining event of his life. Whether or not it was Propertius' explicit intention, these elegies extend our ideas of desire, and of the human condition itself.

Aspiration Penguin

Classical Greece was permeated by a spirit of rivalry. Games and sports, theatrical performances, courtroom trials, recitation of poetry, canvassing for public office, war itself - all aspects of life were informed by a competitive ethos. This pioneering book considers how the Greeks viewed, explained, exploited and controlled the emotions that entered into such rivalrous activities, and looks at what the private and public effects were of such feelings as ambition, desire, pride, passion, envy and spite. Among the questions the authors address: How was envy distinguished from emulation? Was rivalry central to democratic politics? What was the relation between envy and erotic jealousy? Did the Greeks feel erotic jealousy at all? Did the views of philosophers correspond to those reflected in the historians, tragic poets and orators? Were there differences in attitude towards the rivalrous emotions within ancient Greece, or between Greece and Rome? Did jealousy, envy and malice have bad effects on ancient society, or could they be channelled to positive ends by stimulating effort and innovation? Can the ancient Greek and Roman views of envy, spite and jealousy contribute anything to our own understanding of these universally troubling emotions? This is the first book devoted to the emotions of rivalry in the classical world taken as a whole. With chapters written by a dozen scholars in ancient history, literature and philosophy, it contributes notably to the study of ancient Greece and to the history of the emotions more generally.

The Book of Ecclesiastes Explained Penguin

In this provocative but balanced essay, Kenneth Minogue discusses the development of politics from the ancient world to the twentieth century. He prompts us to consider why political systems evolve, how politics offers both power and order in our society, whether democracy is always a good thing, and what future politics may have in the twenty-first century. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

The Thrifty Guide to Medieval Times Univ of California Press

The Laws is Plato's last, longest, and perhaps, most famous work. It presents a conversation on political philosophy between three elderly men: an unnamed Athenian, a Spartan named Megillus, and a Cretan named Clinias. They worked to create a constitution for Magnesia, a new Cretan colony that would make all of its citizens happy and virtuous. In this work, Plato combines political philosophy with applied legislation, going into great detail concerning what laws and procedures should be in the state. For example, they consider whether drunkenness should be allowed in the city, how citizens should hunt, and how to punish suicide. The principles of this book have entered the legislation of many modern countries and provoke a great interest of philosophers even in the 21st century.

The English and Their History Penguin

By offering fluent, accurate translations of extracts and fragments from a wide assortment of ancient texts, this volume allows a comprehensive overview of ancient Greek and Roman concepts of otherness, as well as Greek and Roman views of non-Greeks and non-Romans. A general introduction, thorough annotation, maps, a select bibliography, and an index are also included.

Propertius in Love Simon and Schuster

In the tradition of Indiana Jones and The Goonies, the next installment of this comedic adventure series sends young Addison and his friends on the run from fortune hunters linked to an ancient Cooke clan curse. Soon after the disappearance of his aunt Delia and uncle Nigel outside the tomb of notorious Mongolian leader Genghis Khan, amateur archeologist Addison Cooke, his sister Molly, and their best friends Raj and Eddie, embark on another globe-trotting adventure. When a mysterious package arrives on Addison's doorstep, criminals and fortune-hunters from around the world are suddenly hunting the Cooke family. Addison and team will travel to London, Paris, Istanbul, and beyond, on the run for their lives to unravel the mystery of the package, find out what really happened to Aunt Delia and Uncle Nigel, and come face-to-face with the terrifying Vrolock Malazar. But Addison and the team find there are dangerous secrets about his aunt and uncle's pasts and hidden truths about the Cooke clan that must be uncovered. Addison Cooke and the

Ring of Destiny is full of nonstop laughs and heart-pounding action, perfect for fans of James Patterson's Treasure Hunters series, Rick Riordan's Percy Jackson series, and Peter Lerangis's Seven Wonders series.

In Danielle Steel's beloved #1 New York Times bestselling novel, two strangers meet unexpectedly and fall in love in the City of Light. As president of a major pharmaceutical empire, Peter Haskell has everything: power, position, and a family that means everything to him. Compromise has been key in Peter Haskell's life, and integrity is the base on which he lives. Olivia Thatcher is the wife of a famous senator. She has given to her husband's ambition and career until her soul is bone-dry. She is trapped in a web of duty and obligation, married to a man she once loved and no longer even knows. Accidentally, they meet in Paris. Their totally different lives converge for one magical moment in the Place Vendôme, as Olivia carefully, silently, steps out of her life and walks away. Peter follows her, and in a café in Montmartre, their hearts are laid bare. Peter, once so certain of his path, is suddenly faced with a professional future in jeopardy. Olivia is no longer sure of anything except that she can't go on anymore. Five days in Paris is all they have. They go back to their separate lives, but nothing is the same. Everything they believe is put on the line, until they each realize they must stand fast against compromise and face life's challenges head-on. Danielle Steel's classic novel is about honor and commitment, love and integrity—and the strength to find hope again. Five Days in Paris will change your life forever. BONUS: This edition contains an excerpt from Danielle Steel's Hotel Vendome.

The Complete Idiot's Guide to Ancient Greece Penguin

From the publishing house that brought you the Who Was? books comes the next big series to make history approachable, engaging, and funny! The Thrifty Guide to the Ancient Greece: A Handbook for Time Travelers is a snappy, informative travel guide containing information vital to the sensible time traveler: * How can I find a decent tunic that won't break my bank account? * Where can I score cheap theater tickets in ancient Athens? * What do I do if I'm being attacked by an army of one million Persians? This two-color book is filled with humorous maps, reviews of places to stay and top attractions (Don't miss the first-ever Olympics!), and tips on who to have lunch with (Alexander the Great and his horse, Bucephalus, naturally). If you had a time travel machine and could take a vacation anywhere in history, this is the only guidebook you would need.

Totally Random Facts Volume 1 Llewellyn Worldwide

This funny, action-filled series is perfect for adventure-loving fans of Indiana Jones and James Patterson's Treasure Hunters! Twelve-year-old Addison Cooke just wishes something exciting would happen to him. His aunt and uncle, both world-famous researchers, travel to the ends of the earth searching for hidden treasure, dodging dangerous robbers along the way, while Addison is stuck in school all day. Luckily for Addison, adventure has a way of finding the Cookes. After his uncle unearths the first ancient Incan clue needed to find a vast trove of lost treasure, he is kidnapped by members of a shadowy organization intent on stealing the riches. Addison's uncle is the bandits' key to deciphering the ancient clues and looting the treasure . . . unless Addison and his friends can outsmart the kidnappers and crack the code first! Full of laugh-out-loud moments, danger, excitement, and nonstop action, Addison Cooke and the Treasure of the Incas is sure to strike gold with kid readers. "What to give the kid who's read all the Harry Potter and Percy Jackson books? Try Addison Cooke and the Treasure of the Incas." —Parents Magazine "An exciting Indiana Jones-style tale of a seventh-grade boy trying to save his kidnapped aunt and uncle—museum curators who are linked to an ancient key that unlocks riches." —Good Housekeeping "An exciting, adventurous new read...the first book in a new series that promises laugh-out-loud moments and nonstop action." —Boys' Life
