### **Nemesis** BRILL

Nemesis, the toughest costumed villain in the world, is systematically destroying the lives of every police chief in Asia, and now he has set his sights on Washington, D.C.

*Operation Nemesis* Harvard University Press

Delia and Nemesis - The Elegies of Albius Tibullus provides an introduction to the first-century Latin Poet, Albius Tibullus, whose charming poetry ranks among the most delicate and sophisticated verse produced in the Augustan age. The author presents the material so that readers unfamiliar with the Latin language and history can access it easily.

### Nemesis Vintage

Orphan Black meets Lord of the Flies in this riveting new thriller from the co-author of the Virals series. It's been happening since Min was eight. Every two years, on her birthday, a strange man finds her and murders her in cold blood. But hours later, she wakes up in a clearing just outside her tiny Idaho hometown—alone, unhurt, and with all evidence of the horrifying crime erased. Across the valley, Noah just wants to be like everyone else. But he's not. Nightmares of murder and death plague him, though he does his best to hide the signs. But when the world around him begins to spiral toward panic and destruction, Noah discovers that people have been lying to him his whole life. Everything changes in an eye blink. For the planet has a bigger problem. The Anvil, an enormous asteroid

threatening all life on Earth, leaves little room for two troubled teens. Yet on her sixteenth birthday, as she cowers in her bedroom, hoping not to die for the fifth time, Min has had enough. She vows to discover what is happening in Fire Lake and uncovers a lifetime of lies: a vast conspiracy involving the sixty-four students of her sophomore class, one that may be even more sinister than the murders.

#### **Nemesis** Feiwel & Friends

Criminals, beware; the Scorpion is on your trail! Hoodlums fear his fury—and, for that matter, so do the cops!

#### Nemesis House of Anansi

The powerful transgender teenage superhero returns in this action-packed sequel to *Dreadnought*. Only nine months after her debut as the superhero *Dreadnought*, Danny Tozer is already a scarred veteran. Protecting a city the size of New Port is a team-sized job and she's doing it alone. Between her newfound celebrity and her demanding cape duties, *Dreadnought* is stretched thin, and it's only going to get worse. When she crosses a newly discovered billionaire supervillain, *Dreadnought* comes under attack from all quarters. From her troubled family life to her disintegrating friendship with Calamity, there's no lever too cruel for this villain to use against her. She might be hard to kill, but there's more than one way to destroy a hero. Before the war is over, *Dreadnought* will be forced to confront parts of herself she never wanted to acknowledge. And behind it all, an old enemy waits in the wings, ready to unleash a plot that will scar the world forever. "Daniels doesn't just perfectly "queer the capes," she delivers a book that's tightly packed with brilliantly rendered fights, nail-biting scenes of peril, emotional authenticity,

and a perfect first kiss."—Kirkus Reviews "An extremely compelling narrative...An uplifting kind of book."—Tor.com "Danny is so real that even when she is flying around in space throwing punches at a bazillion miles per hour, she is 100% believable."—Locus "A well-crafted story, filled with charming characters and nerve-wracking narratives that keep the reader enthralled."—Lambda Literary

#### Nemesis the Warlock Penguin

The long-awaited final volume of Chalmers Johnson's bestselling *Blowback* trilogy confronts the overreaching of the American empire and the threat it poses to the republic. In his prophetic book *Blowback*, Chalmers Johnson linked the CIA's clandestine activities abroad to disaster at home. In *The Sorrows of Empire*, he explored the ways in which the growth of American militarism and the garrisoning of the planet have jeopardized our stability. Now, in *Nemesis*, he shows how imperial overstretch is undermining the republic itself, both economically and politically. Delving into new areas—from plans to militarize outer space to Constitution-breaking presidential activities at home and the devastating corruption of a toothless Congress—*Nemesis* offers a striking description of the trap into which the dreams of America's leaders have taken us. Drawing comparisons to empires past, Johnson explores in vivid detail just what the unintended consequences of our dependence on a permanent war economy are likely to be. What does it mean when a nation's main intelligence organization becomes the president's secret army? Or when the globe's sole "hyperpower," no longer capable of paying for the vaulting ambitions of its leaders, becomes the greatest hyper-debtor of all times? In his stunning conclusion,

Johnson suggests that financial bankruptcy could herald the breakdown of constitutional government in America—a crisis that may ultimately prove to be the only path to a renewed nation.

### **Delia and Nemesis** Encounter Books

Peter Evans's biography of Aristotle Onassis, *Ari*, met with great acclaim when it was published in 1986. *Ari* provided the world with an unprecedented glimpse of the Greek shipping magnate's orbit of dizzying wealth, twisted intrigues, and questionable mores. Not long after the book appeared, however, Onassis's daughter Christina and his long-time business partner Yannis Georgakis hinted to Evans that he had missed the "real story" -- one that proved Onassis's intrigues had deadly results. "I must begin," Georgakis said, "with the premise that, for Onassis, Bobby Kennedy was unfinished business from way back..." His words launched Evans into the heart of a story that tightly bound Onassis not to Jackie's first husband, but to his ambitious younger brother Bobby. A bitter rivalry emerged between Bobby and Ari long before Onassis and Jackie had even met. *Nemesis* reveals the tangled thread of events that linked two of the world's most powerful men in their intense hatred for one another and uncovers the surprising role played by the woman they both loved. Their power struggle unfolds against a heady backdrop of international intrigue: Bobby Kennedy's discovery of the Greek shipping magnate's shady dealings, which led him to bar Onassis from trade with the United States; Onassis's attempt to control much of Saudi Arabia's oil; Onassis's untimely love affair with Jackie's married sister Lee Radziwill; and his bold invitation to First Lady Jackie to join him on his yacht -- without the president. Just as this self-made Greek tycoon gloried in the chance to stir

the wrath of the Kennedys, they struggled unsuccessfully to break his spell over the woman who held the key to all of their futures. After Jack's death, Bobby became ever closer to Camelot's holy widow, and fought to keep her from marrying his sworn rival. But Onassis rarely failed to get what he wanted, and Jackie became his wife shortly after Bobby was killed. Through extensive interviews with the closest friends, lovers, and relatives of Onassis and the Kennedys, long-time journalist Evans has uncovered the shocking culmination of the Kennedy-Onassis-Kennedy love triangle: Aristotle Onassis was at the heart of the plot to kill Bobby Kennedy. Meticulously tracing Onassis's connections in the world of terrorism, *Nemesis* presents compelling evidence that he financed the assassination -- including a startling confession that has gone unreported for nearly three decades. Along the way, this groundbreaking work also daringly paints these international icons in all of their true colors. From Evans's deeply nuanced portraits of the charismatic Greek shipping magnate and his acquisitive iconic bride to his probing and revelatory look into the events that shaped an era, *Nemesis* is a work that will not be soon forgotten.

Retribution University Press of America

"In the final book in the Diabolic trilogy, *Nemesis* must choose between love and justice as she watches her once-idealistic husband ravage the galaxy through his tyrannical rule"--

Nemesis Spectra

The fifth book in the NYT bestselling *Expanse* series, *Nemesis* Games drives the crew of the *Rocinante* apart, and as they struggle to survive, the inner planets fall victim to an enemy's catastrophic plan. Now a Prime Original series. HUGO AWARD

WINNER FOR BEST SERIES A thousand worlds have opened, and the greatest land rush in human history has begun. As wave after wave of colonists leave, the power structures of the old solar system begin to buckle. Ships are disappearing without a trace. Private armies are being secretly formed. The sole remaining protomolecule sample is stolen. Terrorist attacks previously considered impossible bring the inner planets to their knees. The sins of the past are returning to exact a terrible price. And as a new human order is struggling to be born in blood and fire, James Holden and the crew of the Rocinante must struggle to survive and get back to the only home they have left. ### **Nemesis, the Roman State and the Games** Orbit

A masterful account of the assassins who hunted down the perpetrators of the Armenian Genocide In 1921, a tightly knit band of killers set out to avenge the deaths of almost one million victims of the Armenian Genocide. They were a humble bunch: an accountant, a life insurance salesman, a newspaper editor, an engineering student, and a diplomat. Together they formed one of the most effective assassination squads in history. They named their operation Nemesis, after the Greek goddess of retribution. The assassins were survivors, men defined by the massive tragedy that had devastated their people. With operatives on

three continents, the Nemesis team killed six major Turkish leaders in Berlin, Constantinople, Tiflis, and Rome, only to disband and suddenly disappear. The story of this secret operation has never been fully told, until now. Eric Bogosian goes beyond simply telling the story of this cadre of Armenian assassins by setting the killings in the context of Ottoman and Armenian history, as well as showing in vivid color the era's history, rife with political fighting and massacres. Casting fresh light on one of the great crimes of the twentieth century and one of history's most remarkable acts of vengeance, Bogosian draws upon years of research and newly uncovered evidence. Operation Nemesis is the result--both a riveting read and a profound examination of evil, revenge, and the costs of violence.

### **The Nemesis** Magic Dome Books

After the brutal murder of their young daughter, Sue and John Hackett retreat to the small, peaceful town of Hinkston. But Hinkston isn't peaceful anymore. It's being torn apart by a series of horrific unexplained murders. And it holds a fateful 50-year-old secret.

### **Nemesis** Vintage

Longtime enemies of the Federation, the Romulan Empire has expressed its desire to initiate negotiations which, it is hoped, will lead to a lasting peace and the ultimate goal of unity within the galaxy. But upon their arrival on Romulus, the Enterprise crew is faced not with hope for the future but with a plot that threatens the very existence of Federation space. In the heart of the Romulan Empire, have Captain Jean-Luc Picard and the Federation encountered their Nemesis at last?

*Nemesis* Simon and Schuster

This first book of the series establishes the setting for the following seven. Princess Anghara had no place in the Forbidden Tower, and no business tampering with its secrets. But she did, and now the seven demons are loose and her world is cursed, prey to the wrath of the Earth Goddess.

*Glorious Nemesis* Little, Brown

A terrifying epidemic is raging, threatening the children of a New Jersey city with maiming, paralysis, even death. This is the startling theme of *Nemesis*, Philip Roth's wrenching new book: a wartime polio epidemic in the summer of 1944 and the effect it has on a closely knit, family-oriented community. Bucky Cantor, a vigorous, dutiful, 23-year-old playground director, javelin thrower, and weightlifter, is devoted to his charges and disappointed because his weak eyes have excluded him from serving in the war alongside his contemporaries. Focusing on Cantor's dilemmas as polio begins to ravage his playground—and on the everyday realities he faces—Roth leads us through every inch of emotion such a pestilence can breed: the fear, the panic, the anger, the bewilderment, the suffering, and the pain. And through this story runs the dark question that haunts Roth's most recent novels: what choices fatally shape a life? How powerless is each of us up against the force of circumstances?

**Chrysalis** Minotaur Books

A trans teen is transformed into a superhero in this action-packed series-starter perfect for fans of *The Heroine Complex* and *Not Your Sidekick*. Danny Tozer has a problem: she just inherited the powers of Dreadnought, the world's greatest superhero. Until Dreadnought fell out of the sky and died right in front of her, Danny was trying to keep people from finding out she's

transgender. But before he expired, Dreadnought passed his mantle to her, and those secondhand superpowers transformed Danny's body into what she's always thought it should be. Now there's no hiding that she's a girl. It should be the happiest time of her life, but Danny's first weeks finally living in a body that fits her are more difficult and complicated than she could have imagined. Between her father's dangerous obsession with "curing" her girlhood, her best friend suddenly acting like he's entitled to date her, and her fellow superheroes arguing over her place in their ranks, Danny feels like she's in over her head. She doesn't have time to adjust. Dreadnought's murderer—a cyborg named Utopia—still haunts the streets of New Port City, threatening destruction. If Danny can't sort through the confusion of coming out, master her powers, and stop Utopia in time, humanity faces extinction. "I didn't know how much I needed this brave, thrilling book until it rocked my world. Dreadnought is the superhero adventure we all need right now."—Charlie Jane Anders, author of *All the Birds in the Sky* "A thoroughly enjoyable, emotionally rich, action-packed story with the most exciting new superheroes in decades. Unmissable."—Kirkus Reviews  
*The Nemesis of the Living (An NPC's Path Book #5): LitRPG Series* Vintage

In virtual reality, nothing is for real. Fake orcs pretend to fight phony elves. Priests go through the motions of casting blessings. Wizards defeat their enemies with digital illusions of combat spells. Still, every game is only a part of something much bigger. Human nature doesn't change. People will always find a way to take advantage or even hurt someone, even if that someone ends up suffering real losses or dying the ultimate death in real

life. I'm John Doe, a necromancer and guardian of the dead. Still, this is only my game persona. Just an illusion. In reality, I'm a sleuth forced to follow a trail of clues. And to make it even worse, my employers' interests aren't limited to the game alone...

*Nemesis* Wildside Press LLC

Even if it takes an eternity, he will make amends. Weakest link When an old friend from graduate school contacts Fred for help with her job at a top scientific facility, Fred feels a mixture of dread about renewing ties to her past and wistfulness for the quiet life she might have led entrenched in her research. But the night they are supposed to meet, her friend is gunned down, the seemingly innocent victim of a mob hit gone wrong. Fred is inconsolable. Although Angel and the others want to help, they have been called upon to solve a rash of murders among a group of wizards. These wizards are the only ones preventing an apocalyptic breach of the walls separating our reality from other, more-deadly worlds. Fred decides to leave the investigation and take her friend's place as a researcher in order to uncover the truth behind her murder. But when the worlds of scientific research and the supernatural collide, Fred may be the only one who can solve the case and stop the coming apocalypse.
