Erik Josef is a
forty-three-

year-old,
recently
divorced
businessman
with one goal:
wrap up his
last project of
the year so he
can spend the
holidays in
Tahiti. All he
wants is
drinks on a

beach, served
to him by a
woman in a
bikini. While
waiting at an
airport bar for
his business
partner to fly
into Buffalo,
New York, he
encounters
Seth Cobb, a
chatty travel

writer waiting for a flight to Pittsburgh to visit his family. After a huge snowstorm grounds all flights, a mix-up at the Williamsville Inn leads to Erik and Seth sharing a room. Seth's love of Christmas gets on Erik's last nerve, but a mugful of Seth's hot chocolate slowly melts Erik's icy exterior. When Erik realizes he's attracted to Seth, he must choose between the life he's always known,

or a new adventure with a man a decade younger and a second chance at happiness. The Last Chance Hotel Chicken House In this "absorbing and moving" memoir, a scholar of children's literature considers the relationship between fathers and sons, and between literature and life (Kenneth Gross, author of *Puppet*). Through elliptical memories and reflections,

Seth Lerer delves into his own evolution from boyhood to fatherhood, as well as his intellectual evolution through his lifelong love of reading. While presenting an intimate portrait of Lerer's life, *Prospero's Son* is about the power of books and theater, the excitement of stories in a young man's life, and the transformative magic of words and performance. Lerer's father, a teacher and lifelong actor, comes to

terms with his life as a gay man. Meanwhile, Lerer himself grows from bookish boy to professor of literature and an acclaimed expert on the very children's books that set him on his path. Only then does he learn how hard it is to be a father—and how much books can, and cannot, instruct him. Throughout these intertwined accounts of changing selves, Lerer returns again and again to stories—the

ways they teach us about discovery, deliverance, forgetting, and remembering. Goodly and Grave in A Bad Case of Kidnap (Goodly and Grave, Book 1) Penguin This is a small book of life's big and not-so-big lessons. Written from the heart, these nuggets of personal insights will resonate with just about anyone who has experienced and questioned universal

conundrums such as marriage, love, failure, parenting, passion, ambition, or money. A relook at everyday wisdom and learning that we all very often take for granted. "An extravagant wealth of profound reflections sparingly expressed" - Sir Martin Sorrell "A lyrical guide to life - accessible, uncensored, and honest. If only we all thought so clearly." - Fatima Bhutto

" This is free verse from a free mind, liberated by indifference to conventional rewards and knitted to values and emotions that make life such a unique arc between the accident of birth and the certainty of death" - MJ Akbar "The stuff every parent would love to tell his children" - Tarun Tejpal "I have known Swapan ever since he was born. He is a compelling advertising writer with unique consumer

insights. In this book, he presents some unique insights into life. This book is so very Swapan. He leads life by his words, and he leads it with his wonderfully grounded wife and my two adorable nephews." - Suhel Seth *Unstitched* Drawn and Quarterly ". . . the Sons would never just let him go-alive." Seth O'Keefe has broken the laws of his god. He never thought he would sacrifice his

own future to protect a Daughter of Isis. But when the Sons of Set discovered Natti is the Secret Keeper, he had no choice. Now, Seth and Natti are on the run from his father, who wants nothing more than to see Seth dead. With no allies, Seth turns to the Daughters of Isis for help, hoping they would protect Natti. But when they meet the Daughters, he discovers a secret that puts both their lives in more

danger. Low on options, Seth sees only one possibility for survival. He must help Natti solve an ancient puzzle and find the secret name of Ra. Natara "Natti" Stone is having a hard time swallowing the truth. She can't believe what she has learned in the past twenty-four hours: Seth is a Son of Set blessed with charm; she is a Daughter of Isis blessed with a sliver of Ma 'at; the locket her grandmother gave her holds

an ancient Egyptian secret linking to Osiris and Isis. That along with being tortured and brutalized by the Sons of Set, she can hardly hold herself together. Thank God for Seth's touch! That warm, tingling sensation that drowns it all out. Yet her heart struggles to stay focused. She must quickly embrace her destiny before the secret name of Ra falls into the wrong hands.

Washington Post Vincent is a bartender at the Hotel Caiette, a five-star lodging on the northernmost tip of Vancouver Island. On the night she meets Jonathan Alkaitis, a hooded figure scrawls a message on the lobby's glass wall: Why don't you swallow broken glass. High above Manhattan, a greater crime is committed: Alkaitis's billion-dollar business is really nothing more than a

game of smoke and mirrors. When his scheme collapses, it obliterates countless fortunes and devastates lives. Vincent, who had been posing as Jonathan's wife, walks away into the night. Years later, a victim of the fraud is hired to investigate a strange occurrence: a woman has seemingly vanished from the deck of a container ship between ports of call. In this captivating story of crisis and survival,

Emily St. John Mandel takes readers through often hidden landscapes: campgrounds for the near-homeless, underground electronica clubs, service in luxury hotels, and life in a federal prison. Rife with unexpected beauty, *The Glass Hotel* is a captivating portrait of greed and guilt, love and delusion, ghosts and unintended consequences, and the infinite ways we search for meaning in

our lives. Look for Emily St. John Mandel's bestselling new novel, *Sea of Tranquility!*

 First serialized in *The New York Times Magazine* "Funny Pages"
 The celebrated cartoonist and *New Yorker* illustrator Seth weaves the fictional tale of George Sprott, the host of a long-running television program. The events forming the patchwork of

George's life are pieced together from the tenuous memories of several informants, who often have contradictory impressions. His estranged daughter describes the man as an unforgivable lout, whereas his niece remembers him fondly. His former assistant recalls a trip to the Arctic during which George abandoned him for two months, while George himself remembers

that trip as the time he began writing letters to a former love, from whom he never received replies. Invoking a sense of both memory and its loss, George Sprott is heavy with the charming, melancholic nostalgia that distinguishes Seth's work. Characters lamenting societal progression in general share the pages with images of antiquated objects—proof of events and individuals rarely

documented and barely remembered. Likewise, George's own opinions are embedded with regret and a sense of the injustice of aging in this bleak reminder of the inevitable slipping away of lives, along with the fading culture of their days. *Heart of a Champion* Scholastic Inc. "[The] weird, beautiful, unapologetically apocalyptic Last Policeman trilogy is one of my favorite mystery series."—John

Green, author of *The Fault in Our Stars* and *Paper Towns* Winner of the 2013 Edgar® Award Winner for Best Paperback Original! What's the point in solving murders if we're all going to die soon, anyway? Detective Hank Palace has faced this question ever since asteroid 2011GV1 hovered into view. There's no chance left. No hope. Just six precious months until impact. The Last Policeman

presents a fascinating portrait of a pre-apocalyptic United States. The economy spirals downward while crops rot in the fields. Churches and synagogues are packed. People all over the world are walking off the job—but not Hank Palace. He's investigating a death by hanging in a city that sees a dozen suicides every week—except this one feels suspicious, and Palace is the only cop who cares.

The first in a trilogy, *The Last Policeman* offers a mystery set on the brink of an apocalypse. As Palace's investigation plays out under the shadow of 2011GV1, we're confronted by hard questions way beyond "whodunit." What basis does civilization rest upon? What is life worth? What would any of us do, what would we really do, if our days were

Seth is so confused. If Coulson is straight, why is he checking Seth out? Seth is an out and proud Secret Service agent. When he's asked to assist the FBI on an investigation, he meets FBI agent Coulson. Coulson is straight. Or so he says. Seth has no reason to doubt that, not even when they become close friends. Really close friends. But that's all they are: friends. Until Seth finds himself checking

Coulson out a little too closely—especially certain over-sized body parts—and notices Coulson doing the same to him. For someone who's straight, Coulson shows a lot of interest in Seth's dating life, his preferences, and his hookups. Could it be that he's not so straight after all? Meanwhile, every discovery they make in their investigation leads to even more

questions. Who's really behind the assassination? How did they pull it off? And most importantly: what are they planning next? Friends is a friends-to-lovers romance that begins with a slow burn friendship but ends in high steam. The White House Men series is a romantic suspense set in the White House. Like what would happen if The West Wing and The American President had a gay lovechild. Each book has a new love story with a happily ever after, but the suspense plot ends on a cliffhanger and will be continued in the rest of the series, so the series needs to be read in order. A revolutionary philosophy for rookie and veteran travelers alike, Rediscovering Travel "gets to the heart of why we travel" (Matt Kepnes, "Nomadic Matt"). Having

captivated millions during his tenure as the New York Times's "Frugal Traveler," Seth Kugel is one of our most internationally beloved travel writers. With the initial publication of Rediscovering Travel, he took the corporate modern travel industry to task, determined to reignite an age- old sense of adventure that has virtually been vanquished by the spontaneity-obliterating

likes of Google Maps, TripAdvisor, and Starwood points. Writing for the tight- belted tourists and the fi rst- class fl yer, the eager student and the comfort- seeking retiree, Kugel shows all readers "not

only where to look, but how” (Samantha Brown), and promises that we too can rediscover the joy of discovery. “Travel is not about the destination but the experience. . . .
