National Geographic of Egypt Left Brain Kids

This acclaimed bestseller and modern classic has changed America's relationship with food. It's essential reading for kids who care about the environment and climate change. "What's for dinner?" seemed like a simple question—until journalist and supermarket detective Michael Pollan delved behind the scenes. From fast food and big organic to small farms and old-fashioned hunting and gathering, this young readers' adaptation of Pollan's

famous food-chain exploration encourages kids to consider the personal and global implications of their food choices. With plenty of photos, graphs, and visuals, *The Omnivore's Dilemma* serves up a bold message to the generation most impacted by climate change: It's time to take charge of our national eating habits—and it starts with you.

Pyramids Bellwether Media

Readers will be inspired by the amazing story of Helen Keller in this informative biography. They will learn all about her life, her achievements, and the challenges she faced along the way. The Level 2 text provides accessible, yet wide-ranging, information for independent readers.

Egyptian Pyramids! Ancient History for Children Penguin

Describes the role of the archaeologist, including what they do, what tools they use in the field, and the future of the profession.

Storms Collins

Massive pyramids tower over the Giza Plateau near Cairo, Egypt. Built in the Bronze Age, these immense stone structures were engineered with remarkable precision. How did the ancient Egyptians construct them without the use of modern tools? Why were they built? Throughout the centuries, historians and archaeologists have studied the pyramids and other Egyptian artifacts in search of possible answers to these questions. The pyramids are filled with mysterious doors and passageways—what other secrets and treasures might lie inside? Find out more about the myths, science, and technology surrounding the creation and exploration of the Egyptian pyramids.

National Geographic Kids Readers: Ancient Egypt (Readers)
