[Weird But True! 2](#) Imprint Discusses animal droppings and their uses, importance, and meaning.

125 True Stories of Amazing Animals
National Geographic

Books

Named one of the “Best Children’s Books of 2019” by Parents magazine, this funny, clever picture book tells the true story of how Pencil and Eraser became the best of friends. When Pencil draws on the pages of this book, Eraser erases parts of Pencil’s work, and the book itself becomes a canvas for their different takes on creativity—until the two discover their

artwork is even better when they work together. From Karen Kilpatrick, Luis O. Ramos, Jr., and illustrator Germán Blanco, *When Pencil Met Eraser* brings to life something kids use every day at school and at home. Engaging art, adorable characters, and a clever ending create a memorable message about friendship and creativity. An Imprint Book "An imaginative and engaging look into artistic possibility." —Kirkus Reviews "Readers young and old alike will love this

imagining of the dynamic duo that is Pencil and Eraser." —School Library Journal

Homework help on key topics is sprinkled throughout the book. [5,000 Awesome Facts \(about Everything!\)](#) 2

National Geographic Books
 “The name Leakey is synonymous with the study of human origins,” wrote The New York Times. The renowned family of paleontologists—Louis Leakey, Mary Leakey, and their son Richard Leakey—has vastly expanded our understanding of human evolution. The Origin of Humankind is Richard Leakey’s personal view of the development of Homo Sapiens. At the heart of his new picture of

evolution is the introduction of a heretical notion: once the first apes walked upright, the evolution of modern humans became possible and perhaps inevitable. From this one evolutionary step comes all the other evolutionary refinements and distinctions that set the human race apart from the apes. In fascinating sections on how and why modern humans developed a social organization, culture, and personal behavior, Leakey has much of interest to

say about the development of art, language, and human consciousness.

The World Almanac and Book of Facts 2016

National Geographic Books

Happy New Almanac Year!

It's time to celebrate the 230th edition of The Old Farmer's Almanac! Long recognized as North America's most-beloved and best-selling annual, this handy yellow book fulfills every need and expectation as a calendar of the heavens, a time capsule of the year, an

essential reference that reads like a magazine. Always timely, topical, and distinctively "useful, with a pleasant degree of humor," the Almanac is consulted daily throughout the year by users from all walks of life. The 2022 edition contains the fun facts, predictions, and feature items that have made it a cultural icon: traditionally 80 percent-accurate weather forecasts; notable astronomical events and time-honored astrological dates; horticultural, culinary,

fashion, and other trends; historical hallmarks; best fishing days; time- and money-saving garden advice; recipes for delicious dishes; facts on folklore, farmers, home remedies, and husbandry; amusements and contests; plus too much more to mention—all in the inimitable Almanac style that has charmed and educated readers since 1792.

National Geographic Kids Almanac, 2011 National Geographic Children's Books

A collection of fun and

surprising facts about our world.

Weird But True 9 National Geographic Books

A flower-spouting princess, gobbling prince, emerald-winged fairy, foolish giants, fearsome ogres, and talking frog and fish are just a few of the captivating characters found in this anthology of beloved stories from 29 places around the world, from the Arctic to Africa to Asia to Australia to Europe to the Americas. Meet a sailor with an ogre wife in a story from China, a young girl who outsmarts

giants in a tale from Fiji, a clever rooster seeking its fortune in a tale from Morocco, a music-playing jaguar in a story from Ecuador, and princes turned to statues in a story from Italy. Donna Jo Napoli's powerful storytelling makes these stories fresh and fun, and Christina Balit's dazzling illustrations make this book a true treasure—a very special gift and a must-have for family bookshelves.
