Gossip Girl #5: I Like It Like That Poppy

Gossip Girl #10: Would I Lie to You A&C Black

Welcome back to New York City's glamorous Upper East Side, where the uptown girls get everything - and everyone - they want. Nabbing the latest Marc Jacobs bag or your best friend's boyfriend isn't always pretty, but it's always pretty cool. It's almost graduation and the lives of New York's private high school elite are really heating up. Everyone's got into college and it's clearly time to party - not that they haven't been doing plenty of that already! Blair and Nate's relationship has moved on to a new level - but will the love affair continue? Or will Nate's love affair with his bong get in the way? Will Blair finally get into Yale? Or will Nate and Serena hook up in New Haven and leave Blair alone in the city? And as for the juiciest gossip of all, what's this rumour about Jenny leaving Constance Billard to go to boarding school? Only time will tell how everyone will end up, but one thing's for sure: love is in the air, and it smells a lot like Gucci envy.

Prime time soaps are often revered long after their runs on television have ended, as Dallas, Twin Peaks, and Beverly Hills 90210 readily demonstrate. Due to their profound impact, it's easy to forget how recently the genre itself was born. Dallas premiered in 1978, and was originally intended to air solely as a five-part mini-series. Then, in 1981, producer Aaron Spelling stepped in and introduced his own ultra-glitzzy entry Dynasty. Between these two mega-hits, the era of the nighttime soap was born. Soaps soon spun off into non-traditional avenues as well, in sitcoms like Filthy Rich and the supernatural drama Twin Peaks. Then, with the arrival of the more youth-oriented Fox Network, producers were able to hook an entirely new generation on programs such as Beverly Hills, 90210, Melrose Place, and Party of Five. Pay-cable channels have also stepped into the picture and now act as trendsetters with hits like Sex and the City, Six Feet Under, The Sopranos, and The L Word. Now, from the spiritually themed 7th Heaven to the naughty neighbors of ABC's Desperate Housewives, soaps dominate prime time. Prime Time Soaps

covers all the major shows within the soap-opera genre, and also investigates all the ways that soaps have contributed to the development of more general television trends. Interviews with producers, actors, and other artistic collaborators also supplement this revealing and entertaining account. Even outside of their genre, these shows continue to influence current programming. Few series on TV today are purely episodic, instead containing on-going storylines involving the personal dilemmas of their characters. Another very recognizable contribution from soaps occurred on the evening of March 21, 1980, when Dallas finished out its third year with J.R. Ewing being shot by an unknown assailant, leaving fans to wait until the fall for the resolution. This was the beginning of the cliffhanger endings that are now implemented by just about every series on television. Prime Time Soaps covers all the major shows, and also investigates all the ways that soaps have contributed to the development of more general television trends. Interviews with producers, actors, and other artistic collaborators supplement this revealing and entertaining account.
