DARIO MALIK

Zulu Kings and their Armies Pen and
Sword

Covering nearly one hundred years of Zulu military history, this book focuses on the creation, maintenance, development, tactics and ultimate destruction of the Zulu army. It studies the armies, weapons and tactics under the rule of the five Zulu kings from Shaka to Dinizulu. The rule of each of the five kings is examined in terms of their

relationships with the army and how they raised regiments to expand their influence in the region. All the major battles and campaigns are discussed with reference to the development of the weapons and tactics of the army.

From the Land of the Zulu Kings Franklin
Watts

Since his assassination Shaka Zulu, the founder of the Zulu kingdom, has made his empire in popular imaginations in Africa and the West. This text explores the reasons for the potency of Shaka's image, examining the ways it has changed over time.

The Boer Invasion of The Zulu

Kingdom 1837-1840 Penguin Random House South Africa

A fictional account of a Zulu boy who might have explored with Henry Fynn, a white hero of the Zulus who encouraged exploration of Africa.

The House of Shaka Independently Published

Covering nearly one hundred years of Zulu military history, this book focuses on the creation, maintenance, development, tactics and ultimate destruction of the Zulu army. It studies the armies, weapons and tactics under the rule of the five Zulu kings from Shaka to Dinizulu. The rule of each of the five kings is examined in terms of their relationships with the army and how they raised regiments to expand their

influence in the region. All the major battles and campaigns are discussed with reference to the development of the weapons and tactics of the army.

History of the Zulu War and Its Origin

London : Chatto and Windus

"Taylor's resonant and acute account conjures the atmosphere of the past through close adherence to contemporary oral sources."--Back cover.

African Kings Quercus Publishing
Surveys historical regions and kingdoms of Southern Africa, with biographies of Nzinga Mbande, Queen of Angola; Shaka, King of the Zulu Nation; and Moshoeshoe, King of the Sotho.
Zulu Empire Decolonised Manchester University Press

This scholarly account traces the

emergence of the Zulu Kingdom in South Africa in the early nineteenth century, under the rule of the ambitious and iconic King Shaka. In contrast to recent literary analyses of myths of Shaka, this book uses the richness of Zulu oral traditions and a comprehensive body of written sources to provide a compelling narrative and analysis of the events and people of the era of Shaka's rule. The oral traditions portray Shaka as rewarding courage and loyalty and punishing failure; as ordering the targeted killing of his own subjects, both warriors and civilians, to ensure compliance to his rule; and as arrogant and shrewd, but kind to the poor and mentally disabled. The rich and diverse oral traditions, transmitted from generation to generation, reveal the

important roles and fates of men and women, royal and subject, from the perspectives of those who experienced Shaka's rule and the dramatic emergence of the Zulu Kingdom.

The Assassination of King Shaka

Theclassics.us

The battle of Blood River, or Ncome, on 16 December 1838 has long been regarded as a critical moment in the history of South Africa. It is the culminating victory by the land-hungry Boers who had migrated out of the British-ruled Cape and invaded the Zulu kingdom in 1837. Many Afrikaners long acclaimed their triumph as the God-given justification for their subsequent dominion over Africans. By contrast, Africans celebrate the war with pride for its significance in their valiant struggle

against colonial aggression. In this account, John Laband deals as even-handedly as possible with the warring sides in the conflict. In contrasting their military systems, he explains both victory and defeat in the many battles that marked the war. Crucially, he also presents the less familiar Zulu perspective explaining the political motivation, strategic military objectives and fissures in the royal house. This is the first book in English that engages with the war between the Boers and the Zulu in its entire context or takes the Zulu evidence into proper account.

Shaka Ten Speed Press

In a single decade, between 1818 and 1828, Shaka transformed a modest chieftaincy into one of the most powerful kingdoms in southern Africa. His empire,

whose heartland lay to the north of the Thukela River in present-day KwaZulu-Natal, was renowned for its military might and expansionist drive. But the sovereignty of the Zulu was short-lived, their realm crushed in the Anglo-Zulu War of 1879, at the battles of Rorke's Drift and Ulundi, despite trouncing the British at Isandlwana. Although the mighty empire is long gone, many of the traditions and customs have survived. *The Zulu - An A-Z of Culture and Traditions* is packed with information about this heritage, covering more than 50 topics that include beadwork, pottery, carvings and basket weaving; ceremonial dances and stick fighting; rituals of courtship and marriage; Zulu dress; traditional homesteads and cattle kraals; ancestor worship; the role of

sangomas and inyangas; and a variety of celebrations and ceremonial practices. This book is the perfect memento for anyone fascinated by the history and culture of South Africa's largest ethnic society. Uli von Kapff moved to South Africa in 1989, initially settling in KwaZulu-Natal. His knowledge of the Zulu shines through in this book, giving the reader a rich insight into the culture and traditions of the country's largest indigenous group. He lives in Cape Town, where he works in the IT support industry and undertakes expeditions in southern Africa.

Zulu Identities Duke University Press
Brian Roberts tells the story of the rise and fall of the Zulu dynasty in colourful detail. But it is the first two Kings -- the resolute Shaka and the fickle Dingane --

who dominate the book. Ruling when Zululand was independent and all-powerful, their tyrannical regimes transformed the tribal pattern in southern Africa. Shaka's wars devastated the surrounding territories and were responsible for the deaths of some two million Africans. Dingane fought fewer wars but, by aping Shaka's methods, was every bit as fearsome. The Kings are seen largely through the eyes of the extraordinary collection of white men who visited their kraals. How far the intrigues of these white adventurers influenced the fate of the Zulu Kings has never before been revealed. Until now their activities have been regarded as relatively innocent. By drawing on significant, unpublished material, Brian Roberts shows this to be far from the

truth. Zulu history is thus presented in a completely new light. This is a saga of the Zulu empire at its height -- its bizarre customs, its bloodthirsty battles, its colourful rituals and, above all, its larger-than-life personalities.

A Zulu king speaks. Statements made by Cetshwayo kaMpande on the history and customs of his people GRIN Verlag

Describes the history, culture, modern and traditional economies, religion, family life, and language of South Africa's Zulu people, as well as the region in which they live.

Forty Years Among the Zulus Lerner Publications

What does it mean to be Zulu today? Does being Zulu today differ from what it meant in the past? "Zulu Identities" wrestles with these and many other

related questions to show how the characteristic traditions of a pre-industrial people have evolved into different cultural expressions of "Zuluness" in modern South Africa. This authoritative and specially commissioned volume, which contains more collected expertise on the Zulus than is available from any other source, examines the legacies of Shaka, the intrigues of Zulu royalty, gender and generational struggles, cultural and symbolic projections, and spirituality. It highlights the debates in contemporary South Africa over the manipulation of Zulu heritage, whether deployed for party political purposes or exploited to promote eco- and battlefield-tourism. And finally the book contemplates the future of Zulu identity in a unitary South

Africa seeking to embrace the forces of globalization.

The King's Assegai University of Kwazulu Natal Press

In this riveting new book, John Laband, pre-eminent historian of the Zulu Kingdom, tackles some of the questions that swirl around the assassination in 1828 of King Shaka, the celebrated founder of the Zulu Kingdom and war leader of legendary brilliance: Why did prominent members of the royal house conspire to kill him? Just how significant a part did the white hunter-traders settled at Port Natal play in their royal patron's downfall? Why were Shaka's relations with the British Cape Colony key to his survival? And why did the powerful army he had created acquiesce so tamely in the usurpation of the throne

by Dingane, his half-brother and assassin? In his search for answers Laband turns to the Zulu voice heard through recorded oral testimony and praise-poems, and to the written accounts and reminiscences of the Port Natal trader-hunters and the despatches of Cape officials. In the course of probing and assessing this evidence the author vividly brings the early Zulu kingdom and its inhabitants to life. He throws light on this elusive character of and his own unpredictable intentions, while illuminating the fears and ambitions of those attempting to prosper and survive in his hazardous kingdom: a kingdom that nevertheless endured in all its essential characteristics, particularly militarily, until its destruction fifty one years later in 1879 by the British; and

whose fate, legend has it, Shaka predicted with his dying breath.

 CHAPTER XXIV. ZULU KINGS AND WARS.
 CHAKA, the most renowned of Zulu kings, not improperly called the "Bonaparte of South Africa," began to reign about the beginning of this century. His name awakens deep emotions in the native mind. As it is little more than fifty years since his death, there are natives living who knew him personally, and they are never tired of

rehearsing his mighty deeds. I have often heard them repeat with genuine delight a song which his warriors were accustomed to sing to his praise: -- Thou hast finished the nations. Where wilt thou go to battle now? Hey! where wilt thou go to battle now? Unlike other South African chiefs, he was in the habit of fighting in person at the head of his braves, and it is said he never fled before a foe or lost a battle. His name is regarded by the Zulus as sacred, and is never mentioned except to give solemnity to an oath or to nerve the warrior for battle. At the time of his death he had a standing army of thirty-six regiments. "In working out the scheme of his ambition he introduced some remarkable reforms into the art of barbarian warfare. Each regiment was

distinguished from others by the color and pattern of their shields. His men were taught to wield the short assegai and shield in close personal combat, instead of putting their trust, as of old, in the long javelin hurled from afar; and the warrior who returned from the fight without assegai and shield in his hand, or who bore the mark of a wound on his back, did so to the forfeit of his life. His warriors were forbidden to marry, as domestic ties were thought to soften and enervate. But after a certain period of service old regiments were superannuated as veterans and furnished with wives, and new levies raised to take their...

The Story of the Zulus London :
Chapman and Hall
Thomas Mofolo's final novel and

masterpiece, Chaka captures the phenomenal rise and fall of the great Zulu king. One of the earliest modern literary classics from Southern Africa, Chaka, is the tragic tale of a warrior-king and his insatiable hunger for power. Told in a mythic style, Chaka follows the torments of the Zulu king's early life, his rapid ascension to the throne, and the prophesied events that lead to his downfall. 'Chaka is a beautifully dark and twisted take on the true life story of the Zulu King ... built around one of the most enigmatic and memorable literary figures you'd ever encounter.' Ainehi Edoro

The Eight Zulu Kings Story Press Africa
Shaka struggles to retain power as challenges at home and from across an ocean threaten his new rule.

Chaka Pen and Sword

"The classic of African History -- a biography of Shaka Zulu, founder of the Zulu nation, born leader and brilliant general...E.A. Ritter grew up with the Zulus, earning their respect and accumulating a rich store of material during his long association with them. Shaka's life and deeds had been handed down by word of mouth from generation to generation, and they are here evoked with a sense of drama and an eye for detail." -- Back cover.

The Zulu Penguin (Non-Classics)

Presents a collection of photographs of seventy African monarchs along with information on each of their tribes.

The Saga of the Post-conquest Zulu

Kings HarperCollins Publishers

By tracing the long and turbulent history

of the Zulus from their arrival in South Africa and the establishment of Zululand, *The Zulus at War* is an important and readable addition to this popular subject area. It describes the violent rise of King Shaka and his colorful successors under whose leadership the warrior nation built a fearsome fighting reputation without equal among the native tribes of South Africa. It also examines the tactics and weapons employed during the numerous intertribal battles over this period. They then became victims of their own success in that their defeat of the Boers in 1877 and 1878 in the Sekunini War prompted the well-documented British intervention. Initially the might of the British empire was humbled as never before by the shock Zulu victory at

Isandlwana but the 1879 war ended with the brutal crushing of the Zulu Nation. But, as Adrian Greaves reveals, this was by no means the end of the story. The little known consequences of the division of Zululand, the Boer War, and the 1906 Zulu Rebellion are analyzed in fascinating detail. An added attraction for readers is that this long-awaited history is written not just by a leading authority but, thanks to the coauthor's contribution, from the Zulu perspective using much completely fresh material. Skyhorse Publishing, as well as our Arcade imprint, are proud to publish a broad range of books for readers interested in history--books about World War II, the Third Reich, Hitler and his henchmen, the JFK assassination, conspiracies, the American Civil War, the

American Revolution, gladiators, Vikings, ancient Rome, medieval times, the old West, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

The Zulu of Africa Cambridge University Press

1826. Shaka, king of the Zulus, has brutally consolidated his power, and is ready to move against those who continue to resist his authority. But now a new tribe has emerged: white men from across the Great Water, claiming they wish to trade with Shaka. As the king grows increasingly obsessed with these outsiders, he becomes oblivious to

the threat growing from within his own court. Only Shaka's loyal captain and his young sidekick can thwart this

conspiracy. But to succeed, their wits will need to be as sharp as their enemies' knives.
