Peter Brown comes a heartwarming and action-packed sequel to his New York Times bestselling *The Wild Robot*, about what happens when nature and technology collide. *Weird Scenes Inside The Canyon* SCB Distributors NAMED ONE OF THE BEST CHILDREN'S BOOKS OF THE YEAR BY THE NEW YORK TIMES • FIVE STARRED REVIEWS Visit a truly special street bursting with joy, hope, and dreams.

Inspired by the neighborhood where they grew up as cousins, this gorgeous picture book from an award-winning illustrator and critically acclaimed author is the perfect gift or keepsake for every generation. Welcome to Dream Street--the best street in the world! Jump rope with Azaria--can you Double Dutch one leg at a time? Dream big with Ede and Tari, who wish to create a

picture book together one day. Say hello with Mr. Sidney, a retired mail carrier who greets everyone with the words, "Don't wait to have a great day. Create one!" On Dream Street, love between generations rules, everyone is special, and the warmth of the neighborhood shines. A magical story from the critically acclaimed author of *Nana Akua Goes to School* and a

Caldecott Honor and Coretta Scott King Award winning illustrator. Illuminating this vivid cast of characters are vibrant, joyful illustrations that make this neighborhood-based on the Roxbury neighborhood in Boston where the author and illustrator grew up together as cousins--truly sing. This book is a perfect way for parents to share with their children the importance of

community. **Manifesto for Living in the Anthropocene** Ballantine Books The New York Times--bestselling author Donald McCaig has established an expansive literary career, founded equally on books about working sheepdogs and the Civil War novels *Jacob's Ladder* and *Rhett Butler's People*, the official sequel to *Gone with the Wind*. In his new book, *Mr. and Mrs. Dog*, McCaig

draws on twenty-five years of experience raising sheepdogs to vividly describe his—and his dogs June and Luke's—unlike ly progress toward and participation in the World Sheepdog Trials in Wales. McCaig engagingly chronicles the often grueling experience—t hrough rain, snow, ice storms, and brain-numbing heat—of preparing and trialing Mrs. Dog, June, "a foxy lady in a slinky black-

and-white peignoir," and Mr. Dog, Luke, "a plain worker—no flash to him." Along the way, he relays sage advice from his decades spent talking with America's most renowned dog experts, from police-dog trainers to positive-training gurus. As readers of McCaig's novels will expect, Mr. and Mrs. Dog delivers far more than straightforward dog-training tips. Revealing an abiding love and

respect for his dogs, McCaig unveils the life experiences that set him on the long road to the Welsh trial fields. Starting with memories of his first dog, Rascal, and their Montana roadtrip in a '48 Dodge, McCaig leads us into his thirties, when he abandons his New York advertising career to move to a run-down Appalachian sheep farm in the least populous county in Virginia. This 1960s

agrarian adventure ultimately brings McCaig, Luke, and June to the Olympics of sheepdog trials. In his narration of one man's love for his dogs, McCaig offers a powerful portrayal of the connection between humans and their animal companions. **Dreaming of Italy** University of Virginia Press Experience a Creative Breakthrough in Your Classroom Have you ever

wished you were more creative... or that your students were more engaged in your lessons? utopia. Laurel Canyon in the 1960s and early 1970s was a magical place where a dizzying array of musical artists congregated to create much of the music that provided the soundtrack to those turbulent times. Members of bands like the Byrds, the Doors, Buffalo Springfield, the Monkees, the Beach Boys, the Turtles, the Eagles, the Flying Burrito Brothers, Frank Zappa and the

Mothers of Invention, Steppenwolf, CSN, Three Dog Night and Love, along with such singer/songwriters as Joni Mitchell, Judy Collins, James Taylor and Carole King, lived together and jammed together in the bucolic community nestled in the Hollywood Hills. But there was a dark side to that scene as well. Many didn't make it out alive, and many of those deaths remain shrouded in mystery to this day. Far

more integrated into the scene than most would like to admit was a guy by the name of Charles Manson, along with his murderous entourage. Also floating about the periphery were various political operatives, up-and-coming politicians and intelligence personnel – the same sort of people who gave birth to many of the rock stars populating the canyon. And all the

canyon's colorful characters – rock stars, hippies, murderers and politicians – happily coexisted alongside a covert military installation. The Treehouse on Dog River Road Canelo A new approach to writing culture has arrived: multispecies ethnography. Plants, animals, fungi, and microbes appear alongside humans in this singular book about natural and cultural history. Anthropologist

s have collaborated with artists and biological scientists to illuminate how diverse organisms are entangled in political, economic, and cultural systems. Contributions from influential writers and scholars, such as Dorion Sagan, Karen Barad, Donna Haraway, and Anna Lowenhaupt Tsing, are featured along with essays by emergent artists and cultural anthropologists. Delectable mushrooms flourishing in the aftermath of ecological disaster, microbial cultures enlivening the politics and value of food, and nascent life forms running wild in the age of biotechnology all figure in this curated collection of essays and artifacts. Recipes provide instructions on how to cook acorn mush, make cheese out of human milk, and enliven forests after they have been clear-cut. The Multispecies Salon investigates messianic dreams, environmental nightmares, and modest sites of biocultural hope. The Earl of Downe has come home to rusticate from this wild ways- -spurred by	his need to prove his father was right...that he is nothing but a worthless rake. But at a neighboring estate, Letty Hornsby believes dear Richard is her hero, her dream man, her heart's desire! She's been in love with him since childhood, since she was eleven and accidentally knocked him into a river, the first of several such disastrous encounters. Now that the earl's friends have convinced him	to leave Town and recuperate from overindulgenc e (women, alcohol and gambling), Letty is taking advantage of the opportunity and spinning her own plan to save Richard from himself. Richard expects his life to be boring and restful once he's home, but after a chance encounter with the meddlesome Letty and her obnoxious dog, Gus, he discovers

there is no rest for the wicked. He soon finds himself captive aboard a smugglers' ship with an adoring young woman who is a walking catastrophe... and her enormous clod of a dog. Never missing a beat, she gets them into one hilarious predicament after another before Richard realizes that she might be the one woman who can save his black soul with a faith in him that is bright enough

to burn the shadows from the darkest heart. If he can survive.... Publishers Weekly starred review. "A ray of summer sunshine!" Jill Barnett has concocted another charming tale filled with witty dialog, plenty of humor and a sprinkling of magic. Walk the Wild Road University of Virginia Press We are living in the midst of the Earth's sixth great extinction event, the first one caused by

a single species: our own. In Wild Dog Dreaming, Deborah Bird Rose explores what constitutes an ethical relationship with nonhuman others in this era of loss. She asks, Who are we, as a species? How do we fit into the Earth's systems? Amidst so much change, how do we find our way into new stories to guide us? Rose explores these questions in the form of a

dialogue between science and the humanities. Drawing on her conversations with Aboriginal people, for whom questions of extinction are up-close and very personal, Rose develops a mode of exposition that is dialogical, philosophical, and open-ended. An inspiration for Rose--and a touchstone throughout her book--is the endangered dingo of

Australia. The dingo is not the first animal to face extinction, but its story is particularly disturbing because the threat to its future is being actively engineered by humans. The brazenness with which the dingo is being wiped out sheds valuable, and chilling, light on the likely fate of countless other animal and plant species. "People save what they love," observed Michael Soul ,

the great conservation biologist. We must ask whether we, as humans, are capable of loving--and therefore capable of caring for--the animals and plants that are disappearing in a cascade of extinctions. *Wild Dog Dreaming* engages this question, and the result is a bold account of the entangled ethics of love, contingency, and desire. *Pigeon Trouble* University of Virginia Press Roz the robot

discovers that she is alone on a remote, wild island with no memory of where she is from or why she is there, and her only hope of survival is to try to learn about her new environment from the island's hostile inhabitants. *The Wild Card* Duke University Press
Twelve-year-old Rebecca dreams of becoming a famous dog-sled racer. She's an inventive but self-doubting musher who

Described as 'eerie and sensual' by The Guardian, Wild Dog tells the story of a young couple who discover

dark secrets in the remote French countryside. 'Reads like a modern fairy tale' New York Journal of Books Franck and Lise, a French couple in the film industry, rent a cottage in the quiet hills of the French Lot to get away from the stresses of modern life. In this remote corner of the world, there is no phone signal. A mysterious dog emerges, looking for a new master. Ghosts of a dark past run wild in these

hills, where a German lion tamer took refuge in the First World War ... Franck and Lise are confronted with nature at its most brutal. And they are about to discover that man and beast have more in common than they think. A literary sensation in France, *Wild Dog* is a dark, menacing tale of isolation, human nature and the infinite savagery of the wild.

Pigeon Trouble chronicles a foreign-born, birdphobic anthropologist's venture into the occult craft of pigeon shooting in the depths of Pennsylvania's anthracite coal country. Though initially drawn by a widely publicized antipigeon shoot protest by animal rights activists, the author quickly finds himself traversing into a territory much stranger than clashing worldviews—a n uncanny

world saturated with pigeon matters, both figuratively and literally. What transpires is a sustained meditation on self-reflexivity as the author teeters at the limit of his investigation—his own fear of birds. The result is an intimate portrayal of the miners' world of conspiracy theory, anti-Semitism, and whiteness, all inscribed one way or another by pigeon matters, and seen through

the anguished eyes of a birdphobe. This bestiary experiment through a phobic gaze concludes with a critique on the visual trope in anthropology's self-reflexive turn. An ethnographer with a taste for philosophy, Song writes in a distinctive descriptive and analytical style, obsessed with his locale and its inhabitants, constantly monitoring his own reactions and his impact on others, but always teasing out larger implications to his subject. the cathedral of the wild that is our true home."—Martha Beck, author of Finding Your Own North
Star Boyd Varty had an unconventional upbringing. He grew up on Londolozi Game Reserve in South Africa, a place where man and nature strive for balance, where perils exist alongside wonders. Founded more than eighty years ago as a hunting ground, Londolozi was

transformed into a nature reserve beginning in 1973 by Varty's father and uncle, visionaries of the restoration movement. But it wasn't just a sanctuary for the animals; it was also a place for ravaged land to flourish again and for the human spirit to be restored. When Nelson Mandela was released after twenty-seven years of imprisonment, he came to the reserve to recover.

Cathedral of the Wild is Varty's memoir of his life in this exquisite and vast refuge. At Londolozi, Varty gained the confidence that emerges from living in Africa. "We came out strong and largely unafraid of life," he writes, "with the full knowledge of its dangers." It was there that young Boyd and his equally adventurous sister learned to track animals, raised leopard and lion cubs,

followed their larger-than-life uncle on his many adventures filming wildlife, and became one with the land. Varty survived a harrowing black mamba encounter, a debilitating bout with malaria, even a vicious crocodile attack, but his biggest challenge was a personal crisis of purpose. An intense spiritual quest takes him across the globe and back again—to reconnect

with nature and “rediscover the track.” Cathedral of the Wild is a story of transformation that inspires a great appreciation for the beauty and order of the natural world. With conviction, hope, and humor, Varty makes a passionate claim for the power of the wild to restore the human spirit. Praise for Cathedral of the Wild “Extremely touching . . . a book about growth and hope.”—The

New York Times “It made me cry with its hard-won truths about human and animal nature. . . . Both funny and deeply moving, this book belongs on the shelf of everyone who seeks healing in wilderness.”—BookPage **Big Cat Dreaming** Chronicle Books (CA) Coyote. Anansi. Brer Rabbit. Trickster characters have long been a staple of folk literature. Twenty-six

authors, including Holly Black (The Spiderwick Chronicles), Charles de Lint (Little (Grrl) Lost), Ellen Klages, (The Green Glass Sea), Kelly Link (Pretty Monsters), Patricia A. McKillip (Ombria in Shadow), and Jane Yolen, have crafted stories and poems drawing from cultures and traditions all over the world—each surprising, engrossing, and thought provoking. Terri Windling

provides a comprehensive introduction to the trickster myths of the world, and the entire book is highlighted by the remarkable decorations of Charles Vess. *The Coyote Road*, like its companions *The Green Man* (winner of the World Fantasy Award) and *The Faery Reel* (a World Fantasy Award Finalist), is essential reading for anyone interested in contemporary fantasy fiction. Press Up for a dream promotion, Emma won't let anything get in her way - not even love. Working for a major Hollywood film company isn't all glitz and glam. But when Emma gets sent to tour around Italy to scout the perfect location for a new blockbuster movie, she's not going to complain. Especially when it could make or break her career... Historical adviser Mark is a distraction

that Emma does not need. As they explore the beauty of Italy, though, Emma starts to fall for the mysterious historian, finding herself torn between her job and her heart. From the wild, northern mountains of Piedmont, down the vibrant coast of Cinque Terre and through the rolling hills of Tuscany, Emma's journey becomes one of self-discovery as she questions her priorities

in life. This heartwarming story of romance and redemption is the perfect read for fans of Tilly Tennant, Holly Martin and Daisy James. *The Multispecies Salon* University of Pennsylvania Press Vibrantly offbeat and utterly original, Lucy Keating's debut novel combines the unconventional I romance of *Eternal Sunshine of the Spotless Mind* with the sweetness and heart of

Jenny Han. For as long as Alice can remember, she has dreamed of Max. Together, they have traveled the world and fallen deliriously, hopelessly in love. Max is the boy of her dreams—and only her dreams. Because he doesn't exist. But when Alice walks into class on her first day at a new school, there he is. Real Max is nothing like Dream Max. He's stubborn and complicated.

And he has a whole life Alice isn't a part of. Getting to know each other in reality isn't as perfect as Alice always hoped. Alarmingly, when their dreams start to bleed into their waking hours, the pair realize that they might have to put an end to a lifetime of dreaming about each other. But when you fall in love in your dreams, can reality ever be enough? *Behave* Columbia

University Press Learn to communicate with your dog—using their language “Good reading for dog lovers and an immensely useful manual for dog owners.”—The Washington Post An Applied Animal Behaviorist and dog trainer with more than twenty years’ experience, Dr. Patricia McConnell reveals a revolutionary new perspective on our relationship with dogs—sharing insights on how “man’s best friend” might interpret our behavior, as well as essential advice on how to interact with our four-legged friends in ways that bring out the best in them. After all, humans and dogs are two entirely different species, each shaped by its individual evolutionary heritage. Quite simply, humans are primates and dogs are canids (as are wolves, coyotes, and foxes). Since we each speak a different native tongue, a lot gets lost in the translation. This marvelous guide demonstrates how even the slightest changes in our voices and in the ways we stand can help dogs understand what we want. Inside you will discover: • How you can get your dog to come when called by acting less like a primate and more like a dog • Why the

advice to “get dominance” over your dog can cause problems • Why “rough and tumble primate play” can lead to trouble—and how to play with your dog in ways that are fun and	keep him out of mischief • How dogs and humans share personality types—and why most dogs want to live with benevolent leaders rather than “alpha wanna-bes!” Fascinating, insightful, and	compelling, The Other End of the Leash is a book that strives to help you connect with your dog in a completely new way—so as to enrich that most rewarding of relationships.
