The Critical Difference

Hatier

Barbara Johnson

investigates the significant and illuminating ways in which both literature and criticism are "critically different" from what they purport to be. Her subtle and provocative studies of Balzac, Mallarmé, Baudelaire, Apollinaire, Melville, Poe, Barthes, Lacan, Austin, and Derrida take a refreshing new approach to the fundamental questions of meaning, interpretation, and the relationship between literature and criticism. In each of seven essays, a clear, precise, and detailed reading of the rhetoric of one or more literary or critical works reveals the text's fundamental

discrepancies, ambiguities, and contradictions. If rhetoric is seen as language's capacity to differ from literal statement, and if "to differ" can also mean "to disagree," then the reading of the rhetoric of literature and theory here is an attempt to capture the logic of a text's own disagreement with itself.

Perhaps the most

explosively original
mind of his century,
Charles Baudelaire has
proved profoundly
influential well beyond
the borders of
nineteenth-century
France. Writers from
Lord Alfred Douglas to
Edna St. Vincent Millay,
from Aldous Huxley to
Seamus Heaney, from
Arthur Symons to John
Ashbery, from Basil
Bunting to Robert
Lowell, have all
attempted to transmit
in English his
psychological and
sexual complexity, his
images of urban
alienation. This superb
addition to the Poets in
Translation series
brings together the
translations of his
poetry and prose
poems that best reveal
the different facets of
Baudelaire's
personality: the
haughtily defiant artist,

the tormented
bohemian, the savage
yet tender lover, and
the celebrant of
strange and haunted
cityscapes.

Baudelaire ascribed
exceptional importance
to the arrangement of
Les Fleurs du mal. His
book, he said,
constituted "a perfect
whole," which he had
arranged according to
a preconceived plan.
One of his earliest
readers, the novelist
and critic Barbey
d'Aurevilly, spoke of a
"secret architecture"
and "a plan calculated
by the solitary
meditative poet,"
though he did not go
into details; and ever
since, scholars have
pursued the question
of structure. This new
study offers an exciting
reading of the 127
poems of the second
edition (1861), which
shows that, beyond the
meanings of its
individual poems, the
collection has a sense
that we ignore at
substantial cost. The

author presents a precise dialectical method, a "somber and limpide tete-a-tete" of the poet with himself. The argument is pursued between the poems, which ask to be read with and against each other.

Les Fleurs du mal is a volume of French poetry by Charles Baudelaire. First published in 1857, it was important in the symbolist and modernist movements. The poems deal with themes relating to decadence and eroticism. Charles Pierre Baudelaire was a French poet who also

produced notable work as an essayist, art critic, and pioneering translator of Edgar Allan Poe.

individual and 'modern' of twentieth-century poets in that he bridges the gap between poetry and contemporary science, closes it. Almost all the major poets of the period are included: Nerval, Baudelaire, Mallarmé, Verlaine, Rimbaud and Laforgue from the second half of the nineteenth century; Valéry, Apollinaire, Supervielle and Eluard in the twentieth. The lesser known Cros and Desnos, fresh and spontaneous poets with an immediate appeal, invite a new look at the lyric traditions of french verse and offer an attractive new avenue for study. The choice of poems, dictated above all by their individual poetic value, reflects also the trends of recent criticism and

the tastes of present-day readers. The texts are all accompanied by full notes, which not only explain local difficulties of vocabulary, syntax and expression, but lead the reader directly into the heart of the richness of theme, style and interpretation. These will prove of value not only to the student who is grappling with the basics of french verse, or is anxious to give depth to his familiarity, but to the general reader seeking to rekindle his enjoyment of French poetry. In addition, there are introductions to each poet summarizing the essence of his art, useful suggestions for further reading, and groups of discussion topics to stimulate

comparative insights and a wider responsiveness.

Debussy's Paris takes readers on a tour of Belle Époque Paris through detailed descriptions of the city's delights and the exquisite piano music Debussy wrote to accompany them. Kautsky reveals little known aspects of Parisian life and weaves the music, the man, the city, and the era into an indissoluble whole.

Lost in an art—the art of translation. Thus, in an elegant anagram (translation = lost in an art), Pulitzer Prize-winning author and pioneering cognitive scientist Douglas Hofstadter hints at what led him to pen a deep personal homage to the witty sixteenth-century French poet Clément Marot. “Le ton beau de Marot” literally means “The sweet tone of Marot”, but to a French ear it suggests “Le tombeau de Marot”—that is, “The tomb of Marot”. That double entendre foreshadows the linguistic exuberance of this book, which was sparked a decade ago when Hofstadter, under the spell of an exquisite French miniature by Marot, got hooked on the challenge of recreating

both its sweet message and its tight rhymes in English—jumping through two tough hoops at once. In the next few years, he not only did many of his own translations of Marot's poem, but also enlisted friends, students, colleagues, family, noted poets, and translators—even three state-of-the-art translation programs!—to try their hand at this subtle challenge. The rich harvest is represented here by 88 wildly diverse variations on Marot's little theme. Yet this barely scratches the surface of *Le Ton beau de Marot*, for small groups of these poems alternate with chapters that run all over the map of language and thought. Not merely a set of translations of

one poem, *Le Ton beau de Marot* is an autobiographical essay, a love letter to the French language, a series of musings on life, loss, and death, a sweet bouquet of stirring poetry—but most of all, it celebrates the limitless creativity fired by a passion for the music of words. Dozens of literary themes and creations are woven into the picture, including Pushkin's *Eugene Onegin*, Dante's *Inferno*, Salinger's *Catcher in the Rye*, Villon's *Ballades*, Nabokov's essays, Georges Perec's *La Disparition*, Vikram Seth's *Golden Gate*, Horace's odes, and more. Rife with stunning form-content interplay, crammed with creative linguistic experiments yet

always crystal-clear, this book is meant not only for lovers of literature, but also for people who wish to be brought into contact with current ideas about how creativity works, and who wish to see how today's computational models of language and thought stack up next to the human mind. *Le Ton beau de Marot* is a sparkling, personal, and poetic exploration aimed at both the literary and the scientific world, and is sure to provoke great excitement and heated controversy among poets and translators, critics and writers, and those involved in the study of creativity and its elusive wellsprings.

Charles Baudelaire's
place among the great

poets of the Western world is undisputed, and his influence on the development of poetry since his lifetime has been enormous. In this Companion, essays by outstanding scholars illuminate Baudelaire's writing both for the lay reader and for specialists. In addition to a survey of his life and a study of his social context, the volume includes essays on his verse and prose, analyzing the extraordinary power and effectiveness of his language and style, his exploration of intoxicants like wine and opium, and his art and literary criticism. The volume also discusses the difficulties, successes and failures of translating his poetry and his continuing

power to move his readers. Featuring a guide to further reading and a chronology, this Companion provides students and scholars of Baudelaire and of nineteenth-century French and European literature with a comprehensive and stimulating overview of this extraordinary poet.

 Les Fleurs du mal, once the most infamous book of poems in French literature, became in the twentieth century the most famous, and the most admired: its challenge to convention when it was first published in 1857 led to its judicial condemnation, but it owes its 'landmark' status to the sheer

aesthetic quality of its verses. In this volume, Professor Leakey provides a newly comprehensive guide to the understanding and appreciation of Les Fleurs du mal, offering fresh insights into its composition, themes and style (sound as well as sense), and setting it in its historical context. A whole chapter is devoted to Baudelaire's crowning poetic achievement, *Le Cygne*, and the book includes a detailed index to individual poems as well as a guide to further reading.
