 Speak the Culture: Italy offers a rich and engaging insight into the events, people and movements that have shaped Italy and the Italians. A guidebook can show you where to go, a phrase-book what to say, but only Speak the Culture: Italy will lead you to the nation's soul. The Italian character is complex, contradictory, alluring and infinitely variable: heirs to the greatest empire of the ancient world but almost ungovernable; cradle of western civilization as well as the Mafia; maestros of modern design, mired in old-fashioned bureaucracy; epicentre of the Catholic Church and exemplars of la dolce vita. Where do you start? Giotto? Caravaggio? Murky Etruscan tombs or the mighty Roman Pantheon? Speak the Culture: Italy sifts through a sprawling 3,000 year saga and makes sense of it, dissecting architecture, music, food, art, literature, cinema, family and much more.

Culture is covered in its broadest sense, extending into every aspect of Italian life--food and drink, religion, politics, sport, manners, character and so on. While the Italian peninsula has its ancient history, it's been a unified nation for less than 150 years. Lo Stivale, or the famous Boot, is young: the nuances of strong, surviving regional identities are important and revealed. Taken as a whole, Speak the Culture: Italy gives you an insight into what it means to be Italian, but it's also a book to dip into, to learn, for instance, about Giuseppe Verdi, Sophia Loren or Umberto Eco. Easily read and beautifully illustrated, this, the fourth in the Speak the Cultureseries, offers an intimate understanding of Italian life and culture for new residents, second home-owners, holidaymakers, business travelers, students and lovers of Italy everywhere.

A bestselling modern classic—both poignant and funny—narrated by a fifteen year old autistic savant obsessed with Sherlock Holmes, this dazzling novel weaves together an old-fashioned mystery, a contemporary coming-of-age story, and a fascinating excursion into a mind incapable of processing emotions.

Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. Although gifted with a superbly logical brain, Christopher is autistic. Everyday interactions and admonishments have little meaning for him. At fifteen, Christopher's carefully constructed world falls apart when he finds his neighbour's dog Wellington impaled on a garden fork, and he is initially blamed for the killing. Christopher decides that he will track down the real killer, and turns to his favourite fictional character, the impeccably logical Sherlock Holmes, for inspiration. But the investigation leads him down some unexpected paths and ultimately brings him face to face with the dissolution of his parents' marriage. As Christopher tries to deal with the crisis within his own family, the narrative draws readers into the workings of Christopher's mind. And herein lies the key to the brilliance of Mark Haddon's choice of narrator: The most wrenching of emotional moments are chronicled by a boy who cannot fathom emotions. The effect is dazzling, making for one of the freshest debut in years: a comedy, a tearjerker, a mystery story, a novel of exceptional literary merit that is great fun to read.

This volume demonstrates that mixed utterances in young bilinguals can be analyzed in the same way as adult code-switching. It provides new insights not only in the field of code-switching and of language mixing in young bilinguals, but also in issues concerning general questions on linguistic theory which are difficult to be answered with monolingual data.

Francesca Caccini (1587--ca.1640) was an accomplished composer, singer, and instrumentalist in the tradition of the Florentine Camerata. Her 1618 volume *Il primo libro delle musiche* was dedicated to her patron the Cardinal de' Medici (1596--1666). This modern critical edition presents 17 secular monodies for one and two voices with figured bass accompaniment from this landmark collection. The book includes text translations, biographical and stylistic essays, recommendations on performance practice, and other commentary.

"The work of Giorgio Caproni has been translated into French, German, and Chinese, among others, but this collection is his first book-length English publication. His works are finely tuned to modern man's preoccupations with existence in a world deprived of certainties (for example, the existence or inexistence of God). Most are touched by experiences such as the Second World War and its atrocities, the Resistance Movement, or the death of loved ones, events that represent the conviction of a subject that will do its best to survive all adversity, uncompromised" -- from the Introduction by Pasquale Verdicchio

Mauro Giuseppe Sergio Pantaleo Giuliani (1781 - 1829) was an Italian guitarist and composer and is considered by many to be one of the leading guitar virtuosos of the early 19th century. Here are compositions from the 19th Century - the Romantic Era - transcribed for Low G ukulele. As a composer for the guitar, he was very fond of the theme and variations style which had been an extremely popular form in Vienna. He had a remarkable ability to weave a melody into a passage with a musical effect while remaining true to the idiom of the instrument. These pieces are composed for intermediate to advanced performers and are designed to improve your skills as a performer.

The most important figure of seventeenth-century Neapolitan music, Francesco Provenzale (1624-1704) spent his long life in the service of a number of Neapolitan conservatories and churches, culminating in his appointment as maestro of the Tesoro di S. Gennaro and the Real Cappella. Provenzale was successful in generating significant profit from a range of musical activities promoted by him with the participation of his pupils and trusted collaborators. Dinko Fabris draws on newly discovered archival documents to reconstruct the career of a musician who became the leader of his musical world, despite his relatively small musical output. The book examines Provenzale's surviving works alongside those of his most important Neapolitan contemporaries (Raimo Di Bartolo, Sabino, Salvatore and Caresana) and pupils (Fago, Greco, Veneziano and many others),

revealing both stylistic similarities and differences, particularly in terms of new harmonic practices and the use of Neapolitan language in opera. Fabris provides both a life and works study of Provenzale and a conspectus of Neapolitan musical life of the seventeenth century which so clearly laid the groundwork for Naples' later status as one of the great musical capitals of Europe.
