 INSTANT NEW YORK TIMES BESTSELLER “One of the most important books I’ve ever read—an indispensable guide to thinking clearly about the world.”
 – Bill Gates “Hans Rosling tells the story of ‘the secret silent miracle of human progress’ as only he can. But Factfulness does much more than that. It also explains why progress is so often secret and silent and teaches readers how to see it clearly.” —Melinda Gates
 “Factfulness by Hans Rosling, an outstanding international public health expert, is a hopeful book about the potential for human progress when we work off facts rather than our inherent biases.” - Former U.S. President Barack Obama
 Factfulness: The stress-reducing habit of only carrying opinions for which you have strong supporting facts. When asked simple questions about global trends—what percentage of the world’s population live in poverty; why the world’s population is increasing; how many girls finish school—we systematically get the answers wrong. So wrong that a chimpanzee choosing answers at random will consistently outguess teachers, journalists, Nobel laureates, and investment bankers. In Factfulness, Professor of International Health and global TED phenomenon Hans Rosling, together with his two long-time collaborators, Anna and Ola, offers a radical new explanation of why this happens. They reveal the ten instincts that distort our perspective—from our tendency to divide the world into two camps (usually some version of us

and them) to the way we consume media (where fear rules) to how we perceive progress (believing that most things are getting worse). Our problem is that we don’t know what we don’t know, and even our guesses are informed by unconscious and predictable biases. It turns out that the world, for all its imperfections, is in a much better state than we might think. That doesn’t mean there aren’t real concerns. But when we worry about everything all the time instead of embracing a worldview based on facts, we can lose our ability to focus on the things that threaten us most. Inspiring and revelatory, filled with lively anecdotes and moving stories, Factfulness is an urgent and essential book that will change the way you see the world and empower you to respond to the crises and opportunities of the future. --- “This book is my last battle in my life-long mission to fight devastating ignorance...Previously I armed myself with huge data sets, eye-opening software, an energetic learning style and a Swedish bayonet for sword-swallowing. It wasn’t enough. But I hope this book will be.” Hans Rosling, February 2017.

In this six-session women’s small group Bible study (DVD/digital video sold separately), Karen Ehman provides practical, biblically based steps for letting go of the need to control. Let’s face it: many women are wired to control. We make sure that the house is clean, the meals are prepared on time, the beds are made, the children are dressed, and everyone gets to work, school, and other activities on time. And trying to control it all is not only exhausting, but can also cause us to lose friends and sometimes, the affection of our families. It can earn wives and mothers the label of control freak and send those within our sphere of influence packing. In this humorous, yet thought-provoking small group Bible study you’ll find the freedom

and reward of living “out of control” – putting God in the rightful place he deserves in your life. Armed with relevant biblical and current examples (both to emulate and to avoid), doable ideas, new thought patterns, and practical tools to implement, this study will gently lead you out of the land of over-control and into a place of quiet trust. Sessions include: God Called and He’d Like His Job Back Combating the “Me First” Mentality Pursuing the Appearance of Perfection Practicing the Art of Soul Control When Comparisons Lead to Over-Control Fixing Your Eyes on the Attitude Indicator Designed for use with the Let. It. Go. Video Study (sold separately).

A New York Times Best Seller A February IndieNext Pick Named A Most Anticipated Book of 2019 by Buzzfeed, Nylon, The A. V. Club, CBC Books, and The Rumpus. And a Winter's Most Anticipated Book by Vanity Fair and The Week Starred Reviews: Kirkus and Booklist "Warm, immediate and intensely personal."—New York Times How does one pay homage to A Tribe Called Quest? The seminal rap group brought jazz into the genre, resurrecting timeless rhythms to create masterpieces such as *The Low End Theory* and *Midnight Marauders*. Seventeen years after their last album, they resurrected themselves with an intense, socially conscious record, *We Got It from Here . . . Thank You 4 Your Service*, which arrived when fans needed it most, in the aftermath of the 2016 election. Poet and essayist Hanif Abdurraqib digs into the group's history and draws from his own experience to reflect on how its distinctive sound resonated among fans like himself. The result is as ambitious and genre-bending as the rap group itself. Abdurraqib traces the Tribe's creative career, from their early days as part of the Afrocentric rap collective known as the Native Tongues, through their first three classic albums, to their eventual breakup and long hiatus. Their work is placed in the context of the broader rap landscape of the 1990s, one upended by sampling laws that forced a reinvention in production methods, the East Coast–West Coast rivalry that threatened to destroy the genre, and some record labels' shift from focusing on groups to individual MCs. Throughout the narrative Abdurraqib connects the music and cultural history to their street-level impact. Whether he's remembering *The Source* magazine cover announcing the Tribe's 1998 breakup or writing personal letters to the group after bandmate Phife Dawg's death, Abdurraqib seeks the deeper truths of A Tribe Called Quest; truths that—like the low end, the bass—are not simply heard in the head, but felt in the chest.
