2021 Freeman Book Awards Honorable Mention - Children's Literature The Best Children's Books of the Year 2022, Bank Street College STARRED REVIEW!

"Hadley has created a remarkable debut that flows elegantly, interweaving the two tales in a way that is readable and fun...An exquisite choice for all collections."—School Library Journal starred review A multigenerational retelling of a Japanese legend. Tanabata Matsuri, the Star Festival, celebrates a popular folktale: The Emperor of the Heavens separates his daughter, Orihime, from her love, Hikoboshi, all year—but on this day the two stars finally reunite on a bridge across the

Milky Way. For Keiko, her mama, and her grandmother, Tanabata is about making tanzaku wishes, taking in the colorful decorations, and eating delicious food like nagashi somen and shaved ice. But when Obasaan gets lost in the crowd, Keiko and Mama must make their own bridge to find her again—and see if their tanzaku comes true.

**Kindling the Moon** HarperCollins

This book is a comprehensive exploration of 90 years of film and television adaptations of the world's best-selling novelist's work. Drawing on extensive archival material, it offers new information regarding both the well-known and forgotten screen adaptations of Agatha Christie's stories, including unmade and rare adaptations, some of which have been unseen for more than

half a century. This history offers intriguing insights into the discussions and debates that surrounded many of these screen projects – something that is brought to life through previously unpublished correspondence from Christie herself and a new wide-ranging interview with her grandson, Mathew Prichard. *Agatha Christie on Screen* takes the reader on a journey from little known silent film adaptations, through to famous screen productions including 1974's *Murder on the Orient Express*, as well as the television series of the Poirot and Miss Marple stories and, most recently, the BBC's acclaimed version of *And Then There Were None*.

Pour Maria Montessori, le bébé a besoin, dès la naissance, d'un environnement et

d'un matériel adaptés qui lui permettent d'expérimenter différentes sensations et respectent son rythme. Ce coffret contient : Le mobile des papillons. Dans la pédagogie Montessori, le mobile est le premier élément sensoriel à proposer au bébé. Il favorise la concentration et l'observation des couleurs, des formes, des mouvements. 10 grandes images en noir et blanc adaptées aux compétences du bébé. Un livret pour découvrir la pensée de Maria Montessori sur les bébés.

*Concrete Rose* Simon and Schuster  
A gorgeously illustrated nonfiction book about the polar bear, this is a factually accurate as well as a poetic exploration of polar bear bodies, habits, and habitats. Working in a painterly, expressive way, Jenni Desmond creates

landscapes and creatures that are marked by atmosphere and emotion, telling a story about bears that engages the reader's interest in amazing facts as well as their deep sense of wonder. A graduate of the renowned MA program in Children's Book Illustration at the Cambridge School of Art (ARU), Jenni Desmond works from her studio in London, UK. This, her second book for Enchanted Lion, will be followed by one about elephants.

Mon coffret Montessori du jardin Vintage International phenomenon Angie Thomas revisits Garden Heights seventeen years before the events of *The Hate U Give* in this searing and poignant exploration of Black boyhood and manhood. A Printz Honor Book! If there's one thing seventeen-year-old Maverick Carter

knows, it's that a real man takes care of his family. As the son of a former gang legend, Mav does that the only way he knows how: dealing for the King Lords. With this money he can help his mom, who works two jobs while his dad's in prison. Life's not perfect, but with a fly girlfriend and a cousin who always has his back, Mav's got everything under control. Until, that is, Maverick finds out he's a father. Suddenly he has a baby, Seven, who depends on him for everything. But it's not so easy to sling dope, finish school, and raise a child. So when he's offered the chance to go straight, he takes it. In a world where he's expected to amount to nothing, maybe Mav can prove he's different. When King Lord blood runs through your veins, though, you can't just walk away.

Loyalty, revenge, and responsibility threaten to tear Mav apart, especially after the brutal murder of a loved one. He'll have to figure out for himself what it really means to be a man.

The newest Oprah's Book Club 2.0 selection: this special eBook edition of *The Twelve Tribes of Hattie* by Ayana Mathis features exclusive content, including Oprah's personal notes

highlighted within the text, and a reading group guide. The arrival of a major new voice in contemporary fiction. A debut of extraordinary distinction: Ayana Mathis tells the story of the children of the Great Migration through the trials of one unforgettable family. In 1923, fifteen-year-old Hattie Shepherd flees Georgia and settles in Philadelphia, hoping for a chance at a better life. Instead, she marries a man who will bring her nothing but disappointment and watches helplessly as her firstborn twins succumb to an illness a few pennies could have prevented. Hattie gives birth to nine more children whom she raises with grit and mettle and not an ounce of the tenderness they crave. She vows to prepare them for the calamitous difficulty they are sure to

face in their later lives, to meet a world that will not love them, a world that will not be kind. Captured here in twelve luminous narrative threads, their lives tell the story of a mother's monumental courage and the journey of a nation. Beautiful and devastating, Ayana Mathis's *The Twelve Tribes of Hattie* is wondrous from first to last—glorious, harrowing, unexpectedly uplifting, and blazing with life. An emotionally transfixing page-turner, a searing portrait of striving in the face of insurmountable adversity, an indelible encounter with the resilience of the human spirit and the driving force of the American dream.

Meet Arcadia Bell: bartender, renegade magician, fugitive from the law. . . .

Being the spawn of two infamous occultists (and alleged murderers) isn't easy, but freewheeling magician Arcadia

“Cady” Bell knows how to make the best of a crummy situation. After hiding out for seven years, she’s carved an incognito niche for herself slinging drinks at the demon-friendly Tambuku Tiki Lounge. But she receives an ultimatum when unexpected surveillance footage of her notorious parents surfaces: either prove their innocence or surrender herself. Unfortunately, the only witness to the crimes was an elusive Æthyric demon, and Cady has no idea how to find it. She teams up with Lon Butler, an enigmatic demonologist with a special talent for sexual spells and an arcane library of priceless stolen grimoires. Their research soon escalates into a storm of conflict involving missing police evidence, the decadent Hellfire Club, a ruthless bounty hunter, and a powerful

occult society that operates way outside the law. If Cady can’t clear her family name soon, she’ll be forced to sacrifice her own life . . . and no amount of running will save her this time.

La pédagogie Montessori est essentiellement fondée sur la manipulation et le contact avec la réalité : l'enfant touche et expérimente à son rythme. Entre 3 et 6 ans, il va s'intéresser particulièrement aux lettres et aux sons. Directement inspiré par le matériel utilisé dans les classes Montessori, ce coffret permettra à l'enfant de découvrir les lettres, les sons, puis de déchiffrer les syllabes et les premiers mots.

HarperCollins

As elegant as his bestselling *How to Know God* and as practical as his phenomenal *The Seven Spiritual Laws of Success*, this groundbreaking new book from Deepak Chopra contains a dramatic premise: Not only are everyday

coincidences meaningful, they actually provide us with glimpses of the field of infinite possibilities that lies at the heart of all things. By gaining access to this wellspring of creation, we can literally rewrite our destinies in any way we wish. From this realm of pure potential we are connected to everything that exists and everything that is yet to come.

“Coincidences” can then be recognized as containing precious clues about particular facets of our lives that require our attention. As you become more aware of coincidences and their meanings, you begin to connect more and more with the underlying field of infinite possibilities. This is when the magic begins. This is when you achieve the spontaneous fulfillment of desire. At a time when world events may leave us

feeling especially insignificant and vulnerable, Deepak Chopra restores our awareness of the awesome powers within us. And through specific principles and exercises he provides the tools with which to create the magnificent, miraculous life that is our birthright.

There Be Monsters Here. . . It's not as great as you'd think, living in a tourist

town that's known as "the most magical place in America." Same boring high school, just twice as many monsters under the bridges and rival Families killing each other for power. I try to keep out of it. I've got my mom's bloodiron sword and my slightly illegal home in the basement of the municipal library. And a couple of Talents I try to keep quiet, including very light fingers and a way with a lock pick. But then some nasty characters bring their Family feud into my friend's pawn shop, and I have to make a call--get involved, or watch a cute guy die because I didn't. I guess I made the wrong choice, because now I'm stuck putting everything on the line for Devon Sinclair. My mom was murdered because of the Families, and it looks like I'm going to end up just like

her. . .
