Buku yang
Anda pegang
saat ini ditulis
dengan satu
asumsi

optimis: Ego
Anda
bukanlah
kekuatan
yang harus
Anda puaskan
pada setiap

kesempatan. Ego dapat diatur. Ego dapat diarahkan. Dalam buku ini, kita akan melihat orang- orang, seperti William Tecumseh Sherman, Katharine Graham, Jackie Robinson, Eleanor Roosevelt, Bill Walsh, Benjamin Franklin, Belisarius, Angela Merkel, dan George C. Marshall. Bisakah mereka mendapatkan yang telah mereka dapatkan	sekarang—me nyelamatkan perusahaan yang hampir bangkrut, menguasai seni peperangan, menjaga kekompakan tim bisbol, merevolusi strategi rugby, melawan tirani, dan menghadapi ketidakberunt ungan—jika ego menguasai mereka dan membuat mereka hanya memikirkan diri sendiri? Hal yang membuat mereka sukses adalah pemahaman terhadap realitas dan	kesadaran—se suatu yang pernah dikatakan oleh seorang penulis dan ahli strategi Robert Greene, “kita perlu menyerupai laba-laba dalam sarangnya”. Itulah inti dari kehebatan mereka, kehebatan penulisan, kehebatan desain, kehebatan bisnis, kehebatan dalam pemasaran, dan kehebatan kepemimpina n mereka. Yang kami temukan saat
---	---	--

mempelajari orang-orang tersebut adalah mereka selalu memiliki dasar berpikir, berhati-hati, dan realistis. Tidak ada satu pun dari mereka yang tidak memiliki ego sama sekali. Akan tetapi, mereka tahu cara meredamnya. Tahu cara menyalurkannya dan melepaskannya, ketika ego muncul. Mereka hebat namun tetap rendah hati. Sebentar, tunggu dulu, tetapi ada juga beberapa orang yang

memiliki ego tinggi dan sukses. Bagaimana dengan Steve Jobs? Kanye West? Beberapa dari mereka mempelajari kerendahan hati. Beberapa orang memilih ego. Beberapa mempersiapkan diri untuk perubahan nasib, positif ataupun negatif. Yang lainnya tidak siap. Yang mana yang akan Anda pilih? Akan menjadi siapakah Anda? Yang pasti, Anda telah memilih buku ini karena

merasa bahwa Anda membutuhkan menjawab pertanyaan itu, cepat atau lambat, sadar atau tidak sadar. My Life - In Spite of Myself! Cambridge University Press
 Named a Best Book of the Year by The Boston Globe, Garden & Gun, Electric Literature, and St. Louis Public Radio
 The New York Times bestselling author of *The Book of Delights and Inciting Joy* is

back with exactly the book we need in these unsettling times. Margaret Roach of The New York Times says, "Yes, please. I'll have another dose of delight." In Ross Gay's new collection of small, daily wonders, again written over the course of a year, one of America's most original voices continues his ongoing investigation of delight. For Gay, what delights us is what connects

us, what gives us meaning, from the joy of hearing a nostalgic song blasting from a passing car to the pleasure of refusing the "nefarious" scannable QR code menus, from the tiny dog he fell hard for to his mother baking a dozen kinds of cookies for her grandchildren. As always, Gay revels in the natural world—sweet potatoes being harvested, a hummingbird carousing in the beebalm, a sunflower

growing out of a wall around the cemetery, the shared bounty from a neighbor's fig tree—and the trillion mysterious ways this glorious earth delights us. The Book of (More) Delights is a volume to savor and share. Something of Myself and Others Princeton University Press The author makes a case for "egocentric presentism," a view about the nature of first-person experience. A

natural thought about the first-person experience is that "all and only the things of which I am aware are present to me." He goes even further and claims that the thought should instead be that "all and only the things of which I am aware are present." That there is something unique about me and the things of which I am aware. This book represents a

new take on an old view, known as solipsism, which maintains that people's experiences give them grounds for believing that they have a special, distinguished place in the world--for example, believing that only they exist or that other people do not have conscious minds like their own. The author maintains that the version of solipsism he argues for is capable of resolving

some seemingly intractable philosophical problems--both in metaphysics and ethics--concerning personal identity over time, as well as the tension between self-interest and the greater good. *The Body Keeps the Score* St. Martin's Press An unforgettable novel from the New York Times bestseller Gordon Korman Link, Michael, and Dana live in a quiet town.

But it's woken up very quickly when someone sneaks into school and vandalizes it with a swastika. Nobody can believe it. How could such a symbol of hate end up in the middle of their school? Who would do such a thing? Because Michael was the first person to see it, he's the first suspect. Because Link is one of the most popular guys in school, everyone's looking to him to figure it

out. And because Dana's the only Jewish girl in the whole town, everyone's treating her more like an outsider than ever. The mystery deepens as more swastikas begin to appear. Some students decide to fight back and start a project to bring people together instead of dividing them further. The closer Link, Michael, and Dana get to the truth, the more there is to face-not

just the crimes of the present, but the crimes of the past. With *Linked*, Gordon Korman, the author of the acclaimed novel *Restart*, poses a mystery for all readers where the who did it? isn't nearly as important as the why? *How to Be You* Simon and Schuster The National Book Critics Circle Award-winning author delivers a collection of essays that serve as the perfect "antidote to

mansplaining” (The Stranger). In her comic, scathing essay “Men Explain Things to Me,” Rebecca Solnit took on what often goes wrong in conversations between men and women. She wrote about men who wrongly assume they know things and wrongly assume women don’t, about why this arises, and how this aspect of the gender wars works, airing some of her own hilariously awful

encounters. She ends on a serious note—because the ultimate problem is the silencing of women who have something to say, including those saying things like, “He’s trying to kill me!” This book features that now-classic essay with six perfect complements, including an examination of the great feminist writer Virginia Woolf’s embrace of mystery, of not knowing, of doubt and ambiguity, a

highly original inquiry into marriage equality, and a terrifying survey of the scope of contemporary violence against women. “In this series of personal but unsentimental essays, Solnit gives succinct shorthand to a familiar female experience that before had gone unarticulated, perhaps even unrecognized.” —The New York Times “Essential feminist reading.” —The New Republic “This

personal essays by Pulitzer Prize-winning author Jhumpa Lahiri, who reflects on her emerging identity as a translator as well as a writer in two languages. With subtlety and emotional immediacy, Lahiri draws on Ovid's myth of Echo and Narcissus to explore the distinction between writing and translating, and provides a close reading of passages from Aristotle's Poetics to talk more broadly

about writing, desire, and freedom. She traces the theme of translation in Antonio Gramsci's Prison Notebooks and takes up the question of Italo Calvino's popularity as a translated author. Lahiri considers the unique challenge of translating her own work from Italian to English, the question "Why Italian?," and the singular pleasures of translating contemporary and ancient writers.

Featuring essays originally written in Italian and published in English for the first time, as well as essays written in English, *Translating Myself and Others* brings together Lahiri's most lyrical and eloquently observed meditations on the translator's art as a sublime act of both linguistic and personal metamorphosis. Kipling's autobiography, *Something of Myself*, was the author's last work, but it has not received the serious attention it deserves. Thomas Pinney's edition of the work, supplemented by other autobiographical pieces, aims to change that. Professor Pinney, a leading textual editor currently engaged on Kipling's letters, has consulted the available source

material relating to *Something of Myself*. He has constructed an outline of the book's composition; described the history of its publication; established a text and a set of variants; and given a critical account of the book's design and its main themes. His annotations to the work (and to the supplementary pieces) identify references and allusions, and provide a biographical context against which

Kipling's selections, omissions, and distortions may clearly be seen. The extent to which Kipling's description of his life failed to match what actually happened is extraordinary. Two of the additional items presented here (Kipling's Indian diary of 1885 and the illustrations he made for his autobiographical story, 'Baa Baa, Black Sheep') are previously unpublished. Pinney shows how they, and

other forms of autobiographical writing, reflect upon or complicate the narrative of *Something of Myself*. This carefully prepared edition sheds new light on Kipling as a man and writer.

Something of myself

Routledge
We live in an age of unprecedented opportunity: with ambition, drive, and talent, you can rise to the top of your chosen profession regardless of where you started out.

But with opportunity comes responsibility. Companies today aren't managing their knowledge workers careers. Instead, you must be your own chief executive officer. That means it's up to you to carve out your place in the world and know when to change course. And it's up to you to keep yourself engaged and productive during a career that may span

some 50 years. In *Managing Oneself*, Peter Drucker explains how to do it. The keys:
Cultivate a deep understanding of yourself by identifying your most valuable strengths and most dangerous weaknesses;
Articulate how you learn and work with others and what your most deeply held values are; and
Describe the type of work environment where you can make the

greatest contribution. Only when you operate with a combination of your strengths and self-knowledge can you achieve true and lasting excellence. *Managing Oneself* identifies the probing questions you need to ask to gain the insights essential for taking charge of your career. Peter Drucker was a writer, teacher, and consultant. His 34 books have been published in

more than 70 languages. He founded the Peter F. Drucker Foundation for Nonprofit Management, and counseled 13 governments, public services institutions, and major corporations. *Too Much and Not the Mood* Simon and Schuster A fascinating, richly illustrated exploration of the poignant origins of Rudyard Kipling's world-famous children's classic *From "How the Leopard Got*

Its Spots" to "The Elephant's Child," Rudyard Kipling's *Just So Stories* have delighted readers across the world for more than a century. In this original study, John Batchelor explores the artistry with which Kipling created the *Just So Stories*, using each tale as an entry point into the writer's life and work—including the tragedy that shadows much of the volume, the

death of his daughter Josephine. Batchelor details the playful challenges the stories made to contemporary society. In his stories Kipling played with biblical and other stories of creation and imagined fantastical tales of animals' development and man's discovery of literacy. Richly illustrated with original drawings and family photographs, this account reveals Kipling's

public and private lives—and sheds new light on a much-loved and tremendously influential classic. Rudyard Kipling: Something of Myself and Other Autobiographical Writings Read Books Ltd Kipling was one of the most popular writers in English, both prose and verse, in the late 19th and early 20th centuries. Henry James famously said of him:

"Kipling strikes me personally as the most complete man of genius (as distinct from fine intelligence) that I have ever known." In 1907, he was awarded the Nobel Prize in Literature. "What Do You Care What Other People Think?": Further Adventures of a Curious Character Elex media This volume contains a short autobiography of the seminal English poet

and author, Rudyard Kipling. It offers a unique insight into the life and mind of this prolific man of letters, who strove to uphold the Victorian values of patriotism, duty, and obedience; yet simultaneously sympathized with outlaws and children. This autobiography outlines his unhappy childhood years in the 'House of Desolation', his doting parents, and the pride he took in his

work. The chapters of this book include: "A Very Young Person", "The School Before Its Time", "Seven Year's Hard", "The Interregnum", "The Committee of Ways and Means", "South Africa", "The Very-Own House", etcetera. Joseph Rudyard Kipling (1865 - 1936) was a seminal English short-story writer, novelist, and poet. We are republishing this vintage book now in

an affordable, modern edition, complete with a specially commissioned new biography of the author. *Something of Myself* Penguin "Jen offers up all the gory details of a life permanently in progress. She reassures you that it's okay to not have life completely figured out, even when you reach middle age (and find your first gray pubic hair). She talks about making unusual or unpopular life

decisions (such as cultivating a 'friend with benefits' or not going home for the holidays) because you don't necessarily want for yourself what everyone else seems to think you should. It's about renting when everyone says you should own, dating around when everyone thinks you should settle down, and traveling alone when everyone pities you for going to Paris without a

man"-- Amazon.com. *Something of Myself and Other Autobiographical Writings* Simon and Schuster Rudyard Kipling has been described as 'one of the few complete originals in English literature'. In his last work, *Something of Myself*, he reflects on his life and the basis of his art. Yet paradoxically this ostensibly autobiographical work (as an early critic pointed out) actually

discloses very little of himself. Thomas Pinney's revealing edition now uncovers the extraordinary extent to which Kipling's account of his life fails to match the biographical facts, in a series of selections, omissions and distortions. Illustrated with Kipling's own satirical drawings from the manuscripts, and brought together with his other autobiographical writings (some

previously unpublished), this fascinating book sheds new light on the intriguing relationship between Kipling's life and work. On Myself, and Other, Less Important Subjects W. Norton & Company On April 11, 1931, Virginia Woolf ended her entry in A Writer's Diary with the words "too much and not the mood." She was describing how tired she was of correcting her

own writing, of the "cramming in and the cutting out" to please other readers, wondering if she had anything at all that was truly worth saying. The character of that sentiment, the attitude of it, inspired Durga Chew-Bose to write and collect her own work. The result is a lyrical and piercingly insightful collection of essays and her own brand of essay-meets-prose poetry about identity and

culture. Inspired by Maggie Nelson's *Bluets*, Lydia Davis's short prose, and Vivian Gornick's exploration of interior life, Chew-Bose captures the inner restlessness that keeps her always on the brink of creative expression. *Too Much and Not the Mood* is a beautiful and surprising exploration of what it means to be a first-generation, creative young woman working today. *Song of Myself*

... Asian Educational Services A New York Times Notable Book of 2019 A unique exploration of the life and work of Rudyard Kipling in Gilded Age America, from a celebrated scholar of American literature At the turn of the twentieth century, Rudyard Kipling towered over not just English literature but the entire literary world. At the height of his fame in 1907, he was awarded the Nobel Prize for Literature, becoming its youngest winner. His influence on major figures—including Freud and William James—was pervasive and profound. But in recent decades Kipling’s reputation has suffered a strange eclipse. Though his body of work still looms large, and his monumental poem “If—” is quoted and referenced by politicians, athletes, and ordinary readers alike, his unabashed imperialist views have come under increased scrutiny. In *If*, scholar Christopher Benfey brings this fascinating and complex writer to life and, for the first time, gives full attention to Kipling’s intense engagement with the United States—a rarely discussed but critical piece of evidence in our understanding of this man and his

enduring legacy. Benfey traces the writer's deep involvement with America over one crucial decade, from 1889 to 1899, when he lived for four years in Brattleboro, Vermont, and sought deliberately to turn himself into a specifically American writer. It was his most prodigious and creative period, as well as his happiest, during which he wrote *The Jungle Book* and *Captains Courageous*.

Had a family dispute not forced his departure, Kipling almost certainly would have stayed. Leaving was the hardest thing he ever had to do, Kipling said. "There are only two places in the world where I want to live," he lamented, "Bombay and Brattleboro. And I can't live in either." In this fresh examination of Kipling, Benfey hangs a provocative "what if" over Kipling's American years and

maps the imprint Kipling left on his adopted country as well as the imprint the country left on him. If proves there is relevance and magnificence to be found in Kipling's work. *The Book of Myself* Lumen Deo We are all witnesses of our time, and this is something of a witness to mine.' Something of Myself and Others is a fascinating collection of articles and reflections on the public and

private life of one of Ireland's best known journalists. Detailing memorable events in her life, as well as those she has witnessed in Ireland's recent history, Mary Kenny recalls her experiences with humour and charm. In this collection of articles, some of which have appeared previously in a number of newspapers and magazines, Kenny reflects on the people she has known, the

places she has been and the experiences that have shaped her. *Something of Myself and Others* is a wonderfully varied and entertaining read. In it, Mary chronicles her adventures as a young ambitious journalist through to her current personal challenges with illness and loss. She recalls bringing down a Cabinet minister aboard the Queen Mary, introducing Irish president

Michael D. Higgins to his wife, interviewing Grace of Monaco and Marlene Dietrich and being complimented by the Queen. She talks with great heart about the absent friends that have influenced her, such as Terry Keane, June Levine and Maeve Binchey. She gives her account of the now infamous trip to Belfast aboard the contraception train, as well as some reflections on culture,

religion and Irish society. Alongside stories of the famous faces she has encountered, Mary also writes candidly on the loss of her sister, Ursula and her recent experience as primary carer for her husband, Richard. *Something of Myself and Others* is not an autobiography . Instead, Mary Kenny has assembled a refreshing collection of articles that are sometimes

funny, often poignant and always sharply perceptive, giving a wonderful insight into the life of one of Ireland's most prolific journalists. My Name Is Monster Cambridge University Press This is the story of the internationally acclaimed American woman Margaret Bourke-White, who for over thirty years made photographic history: as the first photographer to see the

artistic and storytelling possibilities in American industry, as the first to write social criticism with a lens, and as the most distinguished and venturesome foreign correspondent -with-a-camera to report wars, politics and social and political revolution on three continents. In this poignant autobiography , Bourke-White details her fight against Parkinson's disease, and recounts tales

of her struggles to master her art and craft, of photographing Stalin, Gandhi and many other notables, of being torpedoed off North Africa while reporting World War II, of flying combat missions, of photographing the dread murder camps of Nazi Germany, of touring Tobacco Road to produce the book *You Have Seen Their Faces* with Erskine Caldwell (whom she

later married), of adventures—and wonderful picture-taking—in the mines of South Africa, in the frozen North, in war-torn Korea. Illustrated throughout with over 70 of Margaret Bourke-White's fine photographs, this is the great life story of a great American, greatly yet modestly told. *If* Penguin
