Since time immemorial, the Kingdoms of Sun and of Night have been at war. Pamina, daughter of the Starqueen, supreme symbol of the Night, and of Sarastro, King of the Royal House of the Sun, must now choose which of her parents' ways she will follow. Together with her love, Prince Tamino, she must

face the Ordeals at the Court of Wisdom, of Earth and Air, of Fire and Water. Only if she and Tamino pass all these trials can they have a life together. If this sounds like the plot of the opera Die Zauberflöte (The Magic Flute), that's because it was one of MZB's favorite operas - and the inspiration for this book.

"It chimes eerily with the times we are living through now." —Margaret Atwood, The New York Times Book Review  
Hendrik Hofgen is a man obsessed with becoming a famous actor. When the Nazis come to power in Germany, he willingly renounces his Communist past and deserts his wife and mistress in order to keep on

performing. His diabolical performance as Mephistopheles in Faust proves to be the stepping-stone he yearned for: attracting the attention of Hermann Göring, it wins Hofgen an appointment as head of the State Theatre. The rewards – the respect of the public, a castle-like villa, a place in Berlin's highest circles – are beyond his wildest dreams. But the moral consequences of his betrayals begin to haunt him, turning his dreamworld into a nightmare. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. NEW YORK TIMES BESTSELLER • From the critically acclaimed author of Six Crimson Cranes comes the thrilling next adventure!

A journey to the kingdom of dragons, a star-crossed love, and a cursed pearl with the power to mend the world or break it... Fans of Shadow and Bone will devour this soaring fantasy. Princess Shiori made a deathbed promise to return the dragon's pearl to its rightful owner, but keeping that promise is more dangerous than she ever imagined. She must journey to the kingdom of dragons, navigate political intrigue among humans and dragons alike, fend off thieves who covet the pearl for themselves and will go to any lengths to get it, all while cultivating the appearance of a perfect princess to dissuade those who would see her burned at the stake for the magic that runs in her blood. The pearl itself is no ordinary cargo; it thrums with malevolent power, jumping to Shiori's aid one minute, and betraying her the next—threatening to shatter her family and sever the thread of fate that binds her to her true love. It will take every ounce of strength Shiori can muster to defend the life and the love she's fought so hard to win.

Schenkerian Analysis: Perspectives on

Phrase Rhythm, Motive and Form, Second Edition is a textbook directed at all those—whether beginners or more advanced students—interested in gaining understanding of and facility at applying Schenker's ideas on musical structure. It begins with an overview of Schenker's approach to music, and then progresses systematically from the phrase and its various combinations to longer and more complex works. Unlike other texts on this subject, Schenkerian Analysis combines the study of multi-level pitch organization with that of phrase rhythm (the interaction of phrase and hypermeter), motivic repetition at different structural levels, and form. It also contains analytic graphs of several extended movements, separate works, and songs. A separate instructor's manual provides additional advice and solutions (graphs) of all recommended assignments. This second edition has been revised to make the early chapters more accessible and to improve the pedagogical effectiveness of the book as a whole. Changes in musical examples have been carefully made to ensure that each example fully supports student learning. Informed by decades of teaching

experience, this book provides a clear and comprehensive guide to Schenker's theories and their applications.

Teachers and flutists at all levels have praised Nancy Toff's *The Flute Book*, a unique one-stop guide to the flute and its music. Organized into four main parts--The Instrument, Performance, The Music, and Repertoire Catalog--the book begins with a description of the instrument and its making, offers information on choosing and caring for a flute, sketches a history of the flute, and discusses differences between members of the flute family. In the Performance section, readers learn about breathing, tone, vibrato, articulation, technique, style, performing, and recording. In the extensive analysis of flute literature that follows, Toff places individual pieces in historical context. The book ends with a comprehensive catalog of solo and chamber repertoire, and includes appendices with fingering charts as well as lists of current flute manufacturers, repair shops, sources for flute music and books, and flute clubs and related organizations worldwide. In this Third Edition, Toff has updated the book to

reflect technology's advancements--like new digital recording technology and recordings' more prevalent online availability--over the last decade. She has also accounted for new scholarship on baroque literature; recent developments such as the contrabass flute, quarter-tone flute, and various manufacturing refinements and experiments; consumers' purchase prices for flutes; and a thoroughly updated repertoire catalog and appendices.
