Academic E-Books: Publishers,
Librarians, and Users provides readers
with a view of the changing and
emerging roles of electronic books in
higher education. The three main
sections contain contributions by experts
in the publisher/vendor arena, as well as
by librarians who report on both the
challenges of offering and managing e-
books and on the issues surrounding
patron use of e-books. The case study
section offers perspectives from seven
different sizes and types of libraries
whose librarians describe innovative and
thought-provoking projects involving e-
books. Read about perspectives on e-
books from organizations as diverse as a
commercial publisher and an association
press. Learn about the viewpoint of a
jobber. Find out about the e-book
challenges facing librarians, such as the
quest to control costs in the patron-
driven acquisitions (PDA) model, how to
solve the dilemma of resource sharing
with e-books, and how to manage PDA in
the consortial environment. See what
patron use of e-books reveals about
reading habits and disciplinary

differences. Finally, in the case study
section, discover how to promote
scholarly e-books, how to manage an e-
reader checkout program, and how one
library replaced most of its print
collection with e-books. These and other
examples illustrate how innovative
librarians use e-books to enhance users'
experiences with scholarly works.

'Wishful Drinking is a touching and
incisive account of bipolarity, addiction
and motherhood.' Independent 'No
motive is pure. No one is good or bad -
but a hearty mix of both. And sometimes
life actually gives to you by taking away.'
Carrie Fisher in *Wishful Drinking* In

Wishful Drinking, Carrie Fisher told the true and intoxicating story of her life with inimitable wit. Born to celebrity parents, she was picked to play a princess in a little movie called Star Wars when only 19 years old. "But it isn't all sweetness and light sabres." Alas, aside from a demanding career and her role as a single mother (not to mention the hyperspace hairdo), Carrie also spends her free time battling addiction and weathering the wild ride of manic depression. It's an incredible tale: from having Elizabeth Taylor as a stepmother, to marrying (and divorcing) Paul Simon, and from having the father of her daughter leave her for a man, to ultimately waking up one morning and finding a friend dead beside her in bed. Carrie Fisher's star-studded career included roles in numerous films such as The Blues Brothers and When Harry Met Sally. She was the author of four bestselling novels, Surrender in the Pink, Delusions of Grandma, The Best Awful and Postcards from the Edge, which was made into a hit film starring Shirley MacLaine and Meryl Streep. Carrie's experience with addiction and mental illness - and her willingness to talk honestly about them - made her a sought-after speaker and respected advocate. She was truly one of the most magical people to walk among us. Further praise for Carrie Fisher:- [Shockaholic] is the finest, funniest chronicler of the maddest celebrity mores.' Sunday Times 'Fisher has a talent for lacerating insight that masquerades as carefree self-deprecation' Los Angeles Times 'She is one of the rare inhabitants of La-La Land who can actually write' New York Times

NEW YORK TIMES BESTSELLER • One million copies sold! Inspired by the life of a real World War II heroine, this remarkable debut novel reveals the power of unsung women to change history in their quest for love, freedom, and second chances. "Extremely moving and memorable . . . This impressive debut should appeal strongly to historical fiction readers and to book clubs that adored Kristin Hannah's *The Nightingale* and Anthony Doerr's *All the Light We Cannot See*."—Library Journal (starred review) New York socialite Caroline Ferriday has her hands full with her post at the French consulate and a new love on the horizon. But Caroline's world is forever changed when Hitler's army invades Poland in September 1939—and then sets its sights on France. An ocean away from Caroline, Kasia Kuzmerick, a Polish teenager, senses her carefree youth disappearing as she is drawn deeper into her role as courier for the underground resistance movement. In a tense atmosphere of

watchful eyes and suspecting neighbors, one false move can have dire consequences. For the ambitious young German doctor, Herta Oberheuser, an ad for a government medical position seems her ticket out of a desolate life. Once hired, though, she finds herself trapped in a male-dominated realm of Nazi secrets and power. The lives of these three women are set on a collision course when the unthinkable happens and Kasia is sent to Ravensbrück, the notorious Nazi concentration camp for women. Their stories cross continents—from New York to Paris, Germany, and Poland—as Caroline and Kasia strive to bring justice to those whom history has forgotten. USA Today "New and Noteworthy" Book • LibraryReads Top Ten Pick Like Family BoD - Books on Demand From Kazakhstan's most celebrated author comes his powerful and timely English-language debut about a fisherman's struggle to save the Aral Sea, and its way of life, from man-made ecological disaster. Unfolding on the vast grasslands of the steppes of Kazakhstan before its independence from the USSR, this haunting novel limns the struggles of the world through the eyes of Nasyr, a simple fisherman and village elder, and his resolute son, Kakharman. Both father and son confront the terrible future that is coming to the poisoned Aral Sea. Once the fourth-largest lake on earth, it is now an impending environmental catastrophe. Starved of water by grand Soviet agricultural schemes, the sea is drying out, and the land around it is turning into a salt desert. The livelihood of the fishermen who live on its shores is collapsing. Vanishing with the water is a whole way of life. Despite overwhelming odds, Kakharman wages a battle against an indifferent bureaucracy, while Nasyr

looks to Allah for guidance. Without the support of neighbors, who have lost hope, Kakharman must travail alone to rescue what literally gives them life. Even as the consequences mount, his quixotic fight proves more daunting. Even the sea itself seems to roil with distress. In the face of despair, the unwavering convictions of these soulful individuals offer hope. Rollan Seisenbayev takes readers on a cautionary, elegiac, and deeply compassionate journey into what it means to be human--to care and to fight against devastating odds. May humankind heed his warning cry.

"From aide to nanny and housekeeper . . . Paolo Giordano examines this unusual relationship in the context of one household of three. . . . Spare, elegant."—The New York Times "Like Family. . . demands to be savored. . . Giordano's emphasis on how we choose to live and love offers subtle hope that our decisions actually matter."—NPR.org From the author of *Heaven and Earth*, an exquisite portrait of marriage, adulthood, and the meaning of family Paolo Giordano's prizewinning debut novel, *The Solitude of Prime Numbers*,

catapulted the young Italian author into the literary spotlight. His new novel features his trademark character-driven narrative and intimate domestic setting that first made him an international sensation. When Mrs. A. first enters the narrator's home, his wife, Nora, is experiencing a difficult pregnancy. First as their maid and nanny, then their confidante, this older woman begins to help her employers negotiate married life, quickly becoming the glue in their small household. She is the steady, maternal influence for both husband and wife, and their son, Emanuele, whom she protects from his parents' expectations and disappointments. But the family's delicate fabric comes undone when Mrs. A. is diagnosed with cancer. Moving seamlessly between the past and present, Giordano highlights with remarkable precision the joy of youth and the fleeting nature of time. An elegiac, heartrending, and deeply personal portrait of marriage and the people we choose to call family, this is a jewel of a novel—short, intense, and unforgettable.

It's okay though, because we've always been close and I think I'm going to have fun living with him again. That is until I meet Cooper... Turns out, my brother has very strong opinions on the idea of me dating his best friend and is dead set against it. According to him, Cooper is everything I should stay away from: flirtatious, adventurous, non-committal, and freaking hot. (I added that last part because I feel like you need the whole picture.) My brother is right-I should stay away from Cooper

James and his pretty blue eyes. He's the opposite of what I need right now. Nah—who am I kidding? I'm going for it. *The Off Limits Rule* is a closed door romance, perfect for readers who love lots of sizzle but no explicit content.

I asked for his criteria for bed buddies—that's the PG version. He swore at me and said he didn't do groupies. And just like that, our friendship was off to a great start. Reese Forster was the starting point guard for the Seattle Thunder. Gorgeous. Cocky. Loved by the nation. He's also attending preseason basketball training camp where I used to

work. Correction: where I work again, because I was fired from my last job. And dumped. And I might have a tiny bit of baggage, but that's normal. Right? Reese and I shouldn't have become friends. We shouldn't have become roommates. And we really shouldn't have started sleeping together ... (Except we did.) I'm adorably psychotic. He's in the NBA. This is not a disaster waiting to happen, at all.
