JEFFERSON RANDALL

Smile for Me 6 Springer

Kate is bored of being overlooked by her grown-up children and decides to escape on an Aegean cruise. She ends up in Keritha - a mysterious Greek island all but forgotten by the modern world. There she encounters her childhood friends, the Challoners, returned to the island of their birth to claim their heritage. When another stray arrives: the unattractive, foolish Selwyn Potter, Kate is irritated. But under the spell of this strange and beautiful island both visitors find themselves, and each other, cast in a new light.

 New York, Los Angeles, and Washington, D.C., have been abandoned. The Bill of Rights has been revoked, and replaced with the Moral Statutes. There are no more police—instead, there are soldiers. There are no more fines for bad behavior—instead, there are arrests, trials, and maybe worse. People who get arrested usually don't come back. Seventeen-year-old Ember

Miller is old enough to remember that things weren't always this way. Living with her rebellious single mother, it's hard for her to forget that people weren't always arrested for reading the wrong books or staying out after dark. It's hard to forget that life in the United States used to be different. Ember has perfected the art of keeping a low profile. She knows how to get the things she needs, like food stamps and hand-me-down clothes, and how to pass the random home inspections by the military. Her life is as close to peaceful as circumstances allow. That is, until her mother is arrested for noncompliance with Article 5 of the Moral Statutes. And one of the arresting officers is none other than Chase Jennings...the only boy Ember has ever loved. A masterly biography of a great Conservative Prime Minister (and publisher) - Harold Macmillan (1894-1986). Harold Macmillan was a figure of paradox. Outwardly, it was Edwardian elegance and civilised urbanity. Inwardly, it was emotional damage from his wife's open adultery and his progressive perplexity at the onward march of time. The First World War showed the courageous

soldier. From then on, it was politics, rather than the family business of publishing, which was to be his future. Nevertheless, although he supported Churchill in the 1930s he was deemed boring - and certainly not ministerial material. All changed with the Second World War. Appointed Minister in Residence in North Africa, Macmillan's career flowered. After the War he became indispensable to Conservative Cabinets and as Churchill's Minister of Housing in the early 1950s he achieved the target, against all expectations, of 300,000 houses annually. Thereafter, he was Eden's Foreign Secretary and Chancellor but by then Macmillan had become openly ambitious. Over the Suez affair in 1956 he played a difficult - and somewhat devious - hand. Eden's resignation left him as the clear choice of his Cabinet colleagues to become Prime Minister. From 1957 to 1962, Macmillan was a good - some would say a great - Prime Minister. By 1962, however, his government was looking tired. The Profumo affair in 1963 was particularly damaging, and in the autumn of 1963 his health forced him to retire.

Birdy starts every day by smiling at herself in the mirror. She says you can smile while doing just about anything--brushing your teeth, taking out the garbage, or eating broccoli. Okay, maybe not while eating broccoli. Even people with bad teeth (like our first president, George Washington) should show their toothy grins because there's no such thing as a bad smile. So heed Birdy's advice and practice your smile—you'll need it while reading this book! This title has Common Core connections

This is the first book to collect nearly all of the extant correspondence between Henry James and Macmillan in London and, to a lesser degree, in New York. The letters, chiefly between James and Frederick Macmillan over a period of thirty-seven years, deal primarily with business matters, but they also include comment on literary and social affairs. The editorial apparatus seeks to provide context and information sufficient to make the letters available to an academic as well as a general audience.
