Easy Money BoD - Books on Demand
Kennst du deine monatlichen Ein- und

Ausgaben? Kennst du dein Sparpotential und hast du dein Ziel ganz klar vor Augen? Dieses Buch hilft dir genau dies zu erreichen. Du planst deinen Monat, deine Woche und wenn du willst sogar jeden einzelnen Tag. Es ist ganz einfach dein Budget zu planen und mehr zu sparen. Dieses Buch hilft dir einfach mit 7 Schritten zu deinem Ziel zu gelangen. Folgendes kannst du in dem Buch eintragen: deine Fixkosten deine wöchentlichen variablen Kosten dein Ziel und bis wann du dies erreichen möchtest deinen Kontostand deine Ein- und Ausgaben deine Sparentwicklung wöchentlicher und Monatlicher Rückblick und vieles mehr! Durch den wöchentlichen sowie monatlichen Rückblick lernst du den Umgang mit deinem Geld, lernst es mehr zu schätzen und einen achtsamen Umgang hiermit. Wenn du mehr Sparen möchtest kannst du entweder deine Einnahmen erhöhen oder deine Ausgaben verringern. Mit dem Buch siehst du sofort, wo du Verbesserungspotential hast. Das Thema Geld ist leider noch für viele ein Tabu und wird halbherzig behandelt. Aber du kannst es ändern, indem du dich mit deinen Finanzen auseinandersetzt. Dieses Buch beinhaltet die monatlichen/wöchentlichen/täglichen Vorlagen für ein komplettes Jahr. Darüber hinaus gibt es reichlich Platz für Notizen und Erkenntnisse. Das schöne Din A4 Format ermöglicht eine schöne Transparenz und Übersichtlichkeit. Das Cover ist in einem glänzendes und hochwertigen Softcover. Worauf wartest du also noch? Nimm deine Finanzen in die Hand!

Easy Money LID Editorial

Walking upright on two feet is a uniquely human skill. It defines us as a species. It enabled us to walk out of Africa and to spread as far as Alaska and Australia. It

freed our hands and freed our minds. We put one foot in front of the other without thinking - yet how many of us know how we do that, or appreciate the advantages it gives us? In this hymn to walking, neuroscientist Shane O'Mara invites us to marvel at the benefits it confers on our bodies and minds. In *Praise of Walking* celebrates this miraculous ability. Incredibly, it is a skill that has its evolutionary origins millions of years ago, under the sea. And the latest research is only now revealing how the brain and nervous system performs the mechanical magic of balancing, navigating a crowded city, or running our inner GPS system. Walking is good for our muscles and posture; it helps to protect and repair organs, and can slow or turn back the ageing of our brains. With our minds in motion we think more creatively, our mood improves and stress levels fall. Walking together to achieve a shared purpose is also a social glue that has contributed to our survival as a species. As our lives become increasingly sedentary, we risk all this. We must start walking again, whether it's up a mountain, down to the park, or simply to school and work. We, and our societies, will be better for it.

Mein Haushaltsbuch Ein- und Ausgaben im Überblick John Wiley & Sons

In the New York Times bestseller that the Washington Post called "Lean In for misfits," Sophia Amoruso shares how she went from dumpster diving to founding one of the fastest-growing retailers in the world. Amoruso spent her teens hitchhiking, committing petty theft, and scrounging in dumpsters for leftover bagels. By age twenty-two she had dropped out of school, and was broke, directionless, and checking IDs in the lobby of an art school—a job she'd taken

for the health insurance. It was in that lobby that Sophia decided to start selling vintage clothes on eBay. Flash forward to today, and she's the founder of Nasty Gal and the founder and CEO of Girlboss. Sophia was never a typical CEO, or a typical anything, and she's written #GIRLBOSS for other girls like her: outsiders (and insiders) seeking a unique path to success, even when that path is windy as all hell and lined with naysayers. #GIRLBOSS proves that being successful isn't about where you went to college or how popular you were in high school. It's about trusting your instincts and following your gut; knowing which rules to follow and which to break; when to button up and when to let your freak flag fly. "A witty and cleverly told account . . . It's this kind of honest advice, plus the humorous ups and downs of her rise in online retail, that make the book so appealing." —Los Angeles Times "Amoruso teaches the innovative and entrepreneurial among us to play to our strengths, learn from our mistakes, and know when to break a few of the traditional rules." —Vanity Fair "#GIRLBOSS is more than a book . . . #GIRLBOSS is a movement." —Lena Dunham

Mein Haushaltsbuch Vintage

For countless millennia, the dwarves of the have defended the stone gateway into Girdlegard. Many and varied foes have hurled themselves against the portal and died attempting to breach it. No man or beast has ever succeeded. Until now. . . Abandoned as a child, Tungdil the blacksmith labors contentedly in the land of Ionandar, the only dwarf in a kingdom of men. Although he does not want for friends, Tungdil is very much aware that he is alone -- indeed, he has not so much as set eyes on another dwarf. But all that is

about to change. Sent out into the world to deliver a message and reacquaint himself with his people, the young founding finds himself thrust into a battle for which he has not been trained. Not only his own safety, but the life of every man, woman and child in Girdlegard depends upon his ability to embrace his heritage. Although he has many unanswered questions, Tungdil is certain of one thing: no matter where he was raised, he is a true dwarf. And no one has ever questioned the courage of the Dwarves.

Pocket Hazel's Money Guide Createspace Independent Pub

The best-selling investing "bible" offers new information, new insights, and new perspectives The Little Book of Common Sense Investing is the classic guide to getting smart about the market. Legendary mutual fund pioneer John C. Bogle reveals his key to getting more out of investing: low-cost index funds. Bogle describes the simplest and most effective investment strategy for building wealth over the long term: buy and hold, at very low cost, a mutual fund that tracks a broad stock market Index such as the S&P 500. While the stock market has tumbled and then soared since the first edition of Little Book of Common Sense was published in April 2007, Bogle's investment principles have endured and served investors well. This tenth anniversary edition includes updated data and new information but maintains the same long-term perspective as in its predecessor. Bogle has also added two new chapters designed to provide further guidance to investors: one on asset allocation, the other on retirement investing. A portfolio focused on index funds is the only investment that effectively guarantees your fair share of stock market returns.

This strategy is favored by Warren Buffett, who said this about Bogle: "If a statue is ever erected to honor the person who has done the most for American investors, the hands-down choice should be Jack Bogle. For decades, Jack has urged investors to invest in ultra-low-cost index funds. . . . Today, however, he has the satisfaction of knowing that he helped millions of investors realize far better returns on their savings than they otherwise would have earned. He is a hero to them and to me." Bogle shows you how to make index investing work for you and help you achieve your financial goals, and finds support from some of the world's best financial minds: not only Warren Buffett, but Benjamin Graham, Paul Samuelson, Burton Malkiel, Yale's David Swensen, Cliff Asness of AQR, and many others. This new edition of *The Little Book of Common Sense Investing* offers you the same solid strategy as its predecessor for building your financial future. Build a broadly diversified, low-cost portfolio without the risks of individual stocks, manager selection, or sector rotation. Forget the fads and marketing hype, and focus on what works in the real world. Understand that stock returns are generated by three sources (dividend yield, earnings growth, and change in market valuation) in order to establish rational expectations for stock returns over the coming decade. Recognize that in the long run, business reality trumps market expectations. Learn how to harness the magic of compounding returns while avoiding the tyranny of compounding costs. While index investing allows you to sit back and let the market do the work for you, too many investors trade frantically, turning a winner's game into a loser's game. *The Little Book of Common Sense*

Investing is a solid guidebook to your financial future.

The Winners Laws by Bodo Schafer is a number-one best-selling book in the world that has helped innumerable people and can you can be one of them! What is it that you want most out of life? Is it wealth, power, or even happiness perhaps? The direction of one's future is continuously up in the air for many people and they just let the current of life sweep them any which way and that. Wouldn't it be great if there were some set of rules to follow, laws per say, which could help one join the ranks of the productive and the successful? As it turns out, there is. Bodo Schafer is a successful time management trainer. Through his time spent as a financial guru, Schafer has come up with a set of 30 laws that, when followed, can drastically improve the quality of one's life. The laws give you the tools used by this world's elite in order to gain control of your life and attain the confidence you need to move forward with all the gusto and purpose of a true winner. In this book, you will learn: - How to be happy, smart, and successful - The tools needed to achieve your dreams - The secret to having immeasurable confidence - And so much more! There is no easy fix when it comes to achieving success. Rather, there are a series of steps you can follow to ensure that your life improves in a dramatic and measurable way. These laws have assisted many over a lengthy period of time and this infallible method can help you too! ©2016 AB Publishing, The Rights Company (P)2016 AB Publishing, The Rights Company
Ach du Scheiße, ich bin glücklich!
 Jennifer Estep
The Way of Rest gathers nearly 200 of Jeff Foster's most inspiring essays,

poems, and reflections on restoring and reviving ourselves when we feel exhausted or defeated. Drawing from his personal journey—including his own struggles with illness and depression—Jeff invites us to contemplate “the Way of Rest” and its potential to transform our experience of:

- Imperfection—how we are “gloriously flawed” yet complete exactly as we are
- Not knowing—how we come to trust in the greater intelligence of life
- Melancholy and loneliness—how we learn to release the healing energies of “exquisite sensitivity”
- Ordinary moments—recognizing and receiving “the closest thing of all”
- Discomfort and discontent—how our frustrations become an opening to deep peace
- Love—rediscovering who we are beyond our carefully constructed facades
- Silence—discovering the vibrancy of living by letting go of thoughts and concepts “I hope the words in this book inspire, challenge, and encourage you. But most of all, I hope they help you remember that you are life, inseparable from the power that grows the flowers and gives birth to galaxies,” writes Jeff Foster. The Way of Rest brings you his companionship and support whenever you need it most.

One Up On Wall Street AB Publishing, The Rights Company

Keine Zeit, kein Geld und keine Ahnung – Schluss mit all den Ausreden und Vorurteilen rund um die Themen Finanzen, Vermögensaufbau und Altersvorsorge. Aktien sind Teufelszeug? Geld macht nicht glücklich? Kapitalismus zerstört die Umwelt? Gold ist ein sicherer Hafen? Aber auch: Über Geld spricht man nicht. Jessica Schwarzer – langjährige Börsenexpertin beim Handelsblatt und Bestsellerautorin, zeigt, wie leicht sich diese typischen Ausreden ganz einfach entkräften lassen und wie schnell sich jeder in die Themen rund um Börse und Finanzen einarbeiten kann – mit nahezu sofortiger, positiver Wirkung auf die eigene Geldanlage. Sie hilft, Ordnung in Ihre Finanzen zu bringen, Ihren langfristigen Vermögensaufbau zu optimieren und damit für das Alter vorsorgen zu können. Denn Vermögensaufbau ohne Aktien ist

in Zeiten von Null- und Niedrigzinsen kaum noch möglich. Er kann jedoch – mithilfe der richtigen Strategie – schon mit ganz kleinen Summen angegangen werden.

12 Grad unter Null Createspace Independent Publishing Platform
The New York Times bestselling book of simple rules everyone should follow in order to live a long, healthy life, featuring illustrations throughout, from the author of *The End of Illness*. In his international bestseller, *The End of Illness*, Dr. David B. Agus shared what he has learned from his work as a pioneering cancer doctor, revealing the innovative steps he takes to prolong the lives of not only cancer patients, but those who want to enjoy a vigorous, lengthy life. Now Dr. Agus has turned his research into a practical and concise illustrated handbook for everyday living. He believes optimal health begins with our daily routines. *A Short Guide to a Long Life* is divided into three sections (What to Do, What to Avoid, and Doctor's Orders) that provide the definitive answers to many common and not-so-common questions: Who should take a baby aspirin daily? Are flu shots safe? What constitutes "healthy" foods? Why is it important to protect your senses? Are airport scanners hazardous? Dr. Agus will help you develop new patterns of personal health care, using inexpensive and widely available tools that are based on the latest and most reliable science. An accessible and essential handbook for preparing for visits to the doctor and maintaining control of your future, "A Short Guide to a Long Life explores the simple idea that a healthy tomorrow starts with good habits today" (Fortune).

Was dich in diesem Buch erwartet: In

dem Finanz-Ratgeber "Das kleine 1x1 der Finanzen - Wie du deine Finanzen sortierst und entspannt lebst" erfährst du in einfachen Worten, warum du dafür sorgen solltest, dass du dich richtig um dein Geld kümmerst. Denn Geld ist Lebenszeit. Egal, ob du dein erstes Geld verdienst, Konsumschulden, am Ende des Geldes noch sehr viel Monat übrig hast oder deine Finanzen einfach nur strukturieren möchtest. Für jeden bietet der kleine Ratgeber eine passende Struktur, so dass du in kürzester Zeit deine Finanzen automatisiert laufen lassen kannst und gleichzeitig sowohl fürs Alter, als auch für deinen Konsum, Geld beiseite legst. Strukturiert und auf das Wesentliche reduziert! Angefangen mit einer Struktur für den richtigen Umgang mit deinem Geld, über den Aufbau der privaten Altersvorsorge, bis hin zu Tipps im Alltag, die dir aufs Jahr gesehen eine ganze Menge Geld sparen können. Kurz gesagt: Das Rund-um-Sorglos-Paket, was auf einen Marathon, anstatt einem Sprint ausgelegt ist. Der Erfolg liegt in deinem Durchhaltevermögen. Wenn 2 Stunden in deinem Leben, deine komplette finanzielle Zukunft zum Besseren verändern könnten. Würdest du diese 2 Stunden dann investieren? Verlasse die Konsumspirale und trete ein in die Welt der finanziellen Gelassenheit. Eine Welt, in der du mit gutem Gewissen nur noch das konsumierst, was dir wirklich wichtig ist und in der du am Ende automatisch ein Vermögen aufgebaut hast, was dich vor der Altersarmut rettet. Nimm deine finanzielle Zukunft noch heute in die Hand und beginne jetzt!
Springer Nature
This edited book explores how stakeholders play a key part in any entrepreneurial endeavour because of their investment in the outcome. This

book highlights that it is important to understand the reason and rationale for stakeholder engagement in entrepreneurship. Furthermore, this book showcases how there are different kinds of stakeholders from businesses directly linked to an entity to others that have a more policy influence on the industry segment. This book demonstrates that it is useful to understand to what extent stakeholders influence entrepreneurial decision making. This book states that most stakeholders tend to take an indirect role in the governance of a business in terms of what strategic decisions are made. This can change in times of crisis or change depending on the nature of the relationship. This book makes the case that stakeholders can take positive action in the form of advice or help. This book asserts that stakeholders who have an ongoing direct role are likely to invest more time and effort in an entrepreneurial endeavour. This book uncovers that it is important to re-evaluate on a continual basis whether the relationship is working and what needs to be done in order to increase efficiency. This edited book focuses on the role of stakeholders in an entrepreneurial context thereby being amongst the first research books to place specific attention on stakeholder management through public and private partnerships.

The Dwarves Little, Brown Spark
Number-one worldwide best seller Bodo Schafer suggests tips to help make you as successful as he and many others have been by showing you the road to financial freedom. For many people, the concept of actually owning a million dollars at one time is completely unfathomable. So what if you could do it in seven years? Bodo Schafer, renowned

financier and personal management aficionado, is back again to help people discover the tips and tricks that successful individuals employ to make it to the top. *The Road to Financial Freedom* is just that - a journey, and one Schafer has elected to help you undertake. Being rich and successful isn't merely luck; it takes discipline, tools, and an understanding of finances that most people simply don't have. This book is here to help unravel the shroud that keeps success out of the grasp of ordinary individuals. In this book you will learn: - How to manage and eliminate debt - Asset control and growth - Ways to not depend on others for financial solvency - And so much more! While becoming a millionaire in just seven years seems like a dream to some, those who practice the habits in this book could very well see it become a reality. Individuals are fraught with financial prejudices they don't know they have, which keep them from attaining success they don't know they are capable of. You can earn money, manage that money, and watch that money grow exponentially in a way that allows you every want without becoming destitute, because at the end of the day it's all about making your money work for you instead of spending your whole life working for your money. ©2016 AB Publishing, The Rights Company (P)2016 AB Publishing, The Rights Company *Philosophische Schriften ...* Haymon Verlag
Challenges popular conceptions to outline new methods for promoting wellness and longevity, arguing that traditional medicine has not been successful in treating serious illness while urging readers to embrace a systemic understanding of the body that incorporates the use of revolutionary

technologies.

Joy at Work Sounds True

THE NATIONAL BESTSELLING BOOK THAT EVERY INVESTOR SHOULD OWN

Peter Lynch is America's number-one money manager. His mantra: Average investors can become experts in their own field and can pick winning stocks as effectively as Wall Street professionals by doing just a little research. Now, in a new introduction written specifically for this edition of *One Up on Wall Street*, Lynch gives his take on the incredible rise of Internet stocks, as well as a list of twenty winning companies of high-tech '90s. That many of these winners are low-tech supports his thesis that amateur investors can continue to reap exceptional rewards from mundane, easy-to-understand companies they encounter in their daily lives. Investment opportunities abound for the layperson, Lynch says. By simply observing business developments and taking notice of your immediate world -- from the mall to the workplace -- you can discover potentially successful companies before professional analysts do. This jump on the experts is what produces "tenbaggers," the stocks that appreciate tenfold or more and turn an average stock portfolio into a star performer. The former star manager of Fidelity's multibillion-dollar Magellan Fund, Lynch reveals how he achieved his spectacular record. Writing with John Rothchild, Lynch offers easy-to-follow directions for sorting out the long shots from the no shots by reviewing a company's financial statements and by identifying which numbers really count. He explains how to stalk tenbaggers and lays out the guidelines for investing in cyclical, turnaround, and fast-growing companies. Lynch promises that if you ignore the ups and downs of the market

and the endless speculation about interest rates, in the long term (anywhere from five to fifteen years) your portfolio will reward you. This advice has proved to be timeless and has made *One Up on Wall Street* a number-one bestseller. And now this classic is as valuable in the new millennium as ever.

Halloween Frost Julian Hosp Coaching Limited

It's Halloween at Mythos Academy, and Gwen Frost and her friends are ready to have a little fun. But when a mythological monster shows up, the night turns out to be more trick than treat. Halloween Frost takes place in between the events of *Touch of Frost*, book #1, and *Kiss of Frost*, book #2, in the Mythos Academy young adult urban fantasy series. The short story is about 6,500 words. Halloween Frost was originally published in *Entangled, A Paranormal Anthology*, in 2011.

Geld Sparen Mit Dem Perfekten Haushaltsbuch Albrecht Knaus Verlag

Wie schaffen wir es, in Zeiten von Corona, Kriegen, steigenden Preisen, persönlichen Krisen und Angst vor der Zukunft weiter für unsere Träume loszugehen, ohne dabei den Kopf in den Sand zu stecken? Wie schaffen wir es, glücklich zu sein, während Zukunftsangst und Selbstzweifel an uns nagen? Und warum (verdammte Scheiße) scheint eigentlich manchen Menschen trotz all der Probleme in der Welt immer die Sonne aus dem Arsch? Dieses Buch ist eine Liebeserklärung an unsere großen Träume in (un)sicheren Zeiten. Eine kompakte und einfache Anleitung für all diejenigen, die trotz alltäglicher oder weltlicher Krisen nicht

bereit sind, ihre Träume zu begraben. Herrlich unkonventionell und frech zeigt uns Jessica Goschala, wie wir mit Hilfe von praktischen Übungen und Tools aus der positiven Psychologie unsere Ängste auflösen, Schritt für Schritt unsere wildesten Träume wahr werden lassen und unser Glück selbst in die Hand nehmen. Denn die beste Zeit ist immer Jetzt.

Das Kleine 1x1 der Finanzen Simon and Schuster

Antifragile is a standalone book in Nassim Nicholas Taleb's landmark *Incerto* series, an investigation of opacity, luck, uncertainty, probability, human error, risk, and decision-making in a world we don't understand. The other books in the series are *Fooled by Randomness*, *The Black Swan*, *Skin in the Game*, and *The Bed of Procrustes*. Nassim Nicholas Taleb, the bestselling author of *The Black Swan* and one of the foremost thinkers of our time, reveals how to thrive in an uncertain world. Just as human bones get stronger when subjected to stress and tension, and rumors or riots intensify when someone tries to repress them, many things in life benefit from stress, disorder, volatility, and turmoil. What Taleb has identified and calls "antifragile" is that category of things that not only gain from chaos but need it in order to survive and flourish. In *The Black Swan*, Taleb showed us that highly improbable and unpredictable events underlie almost everything about our world. In *Antifragile*, Taleb stands uncertainty on its head, making it desirable, even necessary, and proposes that things be built in an antifragile manner. The antifragile is beyond the resilient or robust. The resilient resists shocks and stays the same; the antifragile gets better and better. Furthermore, the antifragile is immune

to prediction errors and protected from adverse events. Why is the city-state better than the nation-state, why is debt bad for you, and why is what we call "efficient" not efficient at all? Why do government responses and social policies protect the strong and hurt the weak? Why should you write your resignation letter before even starting on the job? How did the sinking of the Titanic save lives? The book spans innovation by trial and error, life decisions, politics, urban planning, war, personal finance, economic systems, and medicine. And throughout, in addition to the street wisdom of Fat Tony of Brooklyn, the voices and recipes of ancient wisdom, from Roman, Greek, Semitic, and medieval sources, are loud and clear. *Antifragile* is a blueprint for living in a Black Swan world. Erudite, witty, and iconoclastic, Taleb's message is revolutionary: The antifragile, and only the antifragile, will make it. Praise for *Antifragile* "Ambitious and thought-provoking . . . highly entertaining."—*The Economist* "A bold book explaining how and why we should embrace uncertainty, randomness, and error . . . It may just change our lives."—*Newsweek*
