YOSSELIN BRODERICK

The Concise Oxford Dictionary of Current English Oxford University Press

A concise guide to the essential language of medicine. More than 35,000 entries. Pronunciations provided for all entries. Covers brand names and generic equivalents of common drugs.

The Concise Oxford Dictionary of Family Names in Britain CRC Press

Offers definitions for English words and phrases, along with observations about the evolution of the dictionary since its first edition and tables that contain information for such topics as countries and chemical elements.

Concise Medical Dictionary Oxford University Press

An eloquent and engaging account of the use of herbal medicine from prehistoric times to the present. Newly revised to include the latest developments in the field of herbal medicine, this classic bestseller presents a fascinating account of the ideas that have shaped the course of medicine and pharmacology in the Western world.

A Dictionary of Nursing OUP Oxford

This up-to-date medical dictionary is used by medical students, doctors, paramedical staff, and pharmaceutical companies. It is handy and easy to carry. It has been published keeping in mind Indian cases and examples, and has been kept simple and affordable for everyone, yet providing the highest level of inputs. Basically compiled for Indian and International readers.

Oxford Concise Medical Dictionary, 7Th Ed. OXFORD University Press

This colour edition medical dictionary should be of use both as a home medical guide and as an aid for all those working in the medical and allied professions. Over 10,000 concise entries cover all the major medical and surgical specialties and the dictionary aims to reflect recent medical advances, including those in genetics, infertility treatment, cancer, imaging techniques, organ transplantation, and the links between BSE and Creutzfeldt-Jakob disease, and there is coverage of new drugs in clinical use.

The Concise Oxford Dictionary Oxford University Press, USA

The Oxford Dictionary of English offers authoritative and in-depth coverage of over 350,000 words, phrases, and meanings. The foremost single-volume authority on the English language.

Concise Oxford American Dictionary Oxford University Press, USA

This best-selling dictionary contains over 1,700 entries on all aspects of politics. Written by a leading team of political scientists, it embraces the whole multi-disciplinary spectrum of political theory including political thinkers, history, institutions, and concepts, as well as notable current affairs that have shaped attitudes to politics. An appendix contains timelines listing the principal office-holders of a range of countries including the UK, Canada, the USA, Australia, New Zealand, Russia, and China. Fully revised and updated for the 3rd edition, the dictionary includes a wealth of new material in areas such as international relations, political science, political economy, and methodologies, as well as a chronology of key political theorists. It also boasts entry-level web links that don't go out of date. These can be accessed via a regularly checked and updated companion website, ensuring that the links remain relevant, and any dead links are replaced or removed. The dictionary has international coverage and will prove invaluable to students and academics studying politics and related disciplines, as well as politicians, journalists, and the general reader seeking clarification of political terms.

Concise Colour Medical Dictionary Oxford University Press, USA

Concise Medical Dictionary Oxford University Press, USA
Paperback Oxford English Dictionary Oxford University Press, USA
