 NOT EVERY FAIRY TALE HAS A HAPPY ENDING. . . . Reality hit Taylor Armstrong hard one tragic evening last August when she found the body of her estranged husband, Russell, hanging in his California home. Fans across the country were shocked at the horrific news of his death and even more shocked to discover that behind the glittering “reality” of Taylor’s life on *The Real Housewives of Beverly Hills* lurked a painful story of emotional and physical abuse that she had been terrified to tell. An estimated 80 percent of domestic abuse victims remain silent, suffocated by fear and relentless self-

doubt. For Taylor, it was the threat of financial ruin and finding herself alone with her young daughter that kept her tethered to her volatile husband. But after a ferocious roundhouse punch from Russell fractured her face, resulting in reconstructive surgery, she finally made the brave decision to walk away from a man she loved and a legacy of physical abuse that she first encountered as a child and that haunted her throughout her adulthood. To the outside world, the Armstrongs lived like royalty, throwing lavish parties—including a memorable tea party for their daughter’s fourth birthday—and mingling with their privileged *Housewives* co-stars. It was impossible to hide the cracks in their marriage from the cameras forever, though, and their darkest secrets slowly began to seep through the gilded façade. With searing honesty, Taylor candidly

examines her difficult journey from the abusive home in which she was born to the low self-esteem that kept her constantly on the run from herself, to the tumultuous marriage that ended in suicide, and ultimately to her realization that only by sharing her moving story could she help other women. *** “The terrible truth is that I felt lost without the control that Russell had imposed on me for the nearly six years that we were married. Disturbingly, I missed that control. I didn’t know what to do once I had no one there to tell me how to dress, act, and behave; what to want; and who, even, to be. In some ways, I missed the abuse. I missed the pain. I missed being scared. Not because I liked feeling any of that. But because it was the life I had become accustomed to, and without anyone to be afraid of, to apologize to, and to cover for, I felt completely lost.” —TAYLOR

A Visit from the Goon Squad Forum Books

A powerful exploration of grief and resilience following the death of the author's son that combines memoir, reportage, and lessons in how to heal. Everyone deals with grief in their own way. Helen Macdonald found solace in training a wild goshawk. Cheryl Strayed found strength in hiking the Pacific Crest Trail. For Carol Smith, a Pulitzer Prize nominated journalist struggling with the sudden death of her seven-year-old son, Christopher, the way to cross the river of sorrow was through work. In *Crossing the River*, Smith recounts how she faced down her crippling loss through reporting a series of profiles of people coping with their own intense challenges, whether a life-altering accident, injury, or diagnosis. These were stories of survival and transformation, of people facing devastating situations that changed them in unexpected ways. Smith deftly mixes the stories of these individuals and their families with her own account of how they helped her heal. General John Shalikashvili, once the most powerful member of the American military, taught Carol how to face fear with discipline and endurance. Seth, a young boy with a rare and incurable illness, shed light on the totality of her son's experiences, and in turn helps readers see that the value of a life is not measured in days. *Crossing the River* is a beautiful and profoundly moving book, an unforgettable journey through grief toward hope, and a valuable, illuminating read for anyone coping with loss.

Oliver the tortoise has had his human, Ike, for a very, very long time now. In fact, they're the same age--80 years old--and practically twins. They both enjoy the slowness of the garden, cool water from the hose on a hot day, and a nice slice of honeydew melon. But when Ike stops visiting the garden, Oliver wonders why his pet has left him so soon. So he makes the long journey to see his mother ten gardens away--she will certainly have the answer. This tender story from the author and illustrator that brought us *Memoirs of a Goldfish* reminds us to cherish all the days we have with our pets and loved ones.

After being diagnosed with terminal cancer, a professor shares the lessons he's learned—about living in the present, building a legacy, and taking full advantage of the time you have—in this life-changing classic. "We cannot change the cards we are dealt, just how we play

the hand." —Randy Pausch A lot of professors give talks titled "The Last Lecture." Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull over the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave—"Really Achieving Your Childhood Dreams"—wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because "time is all you have . . . and you may find one day that you have less than you think"). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.

An unprecedented examination of how news stories, editorials and photographs in the American press—and the journalists responsible for them—profoundly changed the nation's thinking about civil rights in the South during the 1950s and '60s. Roberts and Klibanoff draw on private correspondence, notes from secret meetings, unpublished articles, and interviews to show how a dedicated cadre of newsmen—black and white—revealed to a nation its most shameful shortcomings that compelled its citizens to act. Meticulously researched and vividly rendered, *The Race Beat* is an extraordinary account of one of the most calamitous periods in our nation's history, as told by those who covered it.

Zhukov's Greatest Defeat Sleeping Bear Press

A New York Times bestseller with an "engaging narrative and array of detail" (*The Wall Street Journal*), the "intimate and sweeping" (*Raleigh News & Observer*) untold, true story behind the Biltmore Estate—the largest, grandest private residence in North America, which has seen more than 120 years of history pass by its front door. The story of Biltmore spans World Wars, the Jazz Age, the Depression, and generations of the famous Vanderbilt family, and features a captivating cast of real-life characters

including F. Scott Fitzgerald, Thomas Wolfe, Teddy Roosevelt, John Singer Sargent, James Whistler, Henry James, and Edith Wharton. Orphaned at a young age, Edith Stuyvesant Dresser claimed lineage from one of New York's best known families. She grew up in Newport and Paris, and her engagement and marriage to George Vanderbilt was one of the most watched events of Gilded Age society. But none of this prepared her to be mistress of Biltmore House. Before their marriage, the wealthy and bookish Vanderbilt had dedicated his life to creating a spectacular European-style estate on 125,000 acres of North Carolina wilderness. He summoned the famous landscape architect Frederick Law Olmsted to tame the grounds, collaborated with celebrated architect Richard Morris Hunt to build a 175,000-square-foot chateau, filled it with priceless art and antiques, and erected a charming village beyond the gates. Newlywed Edith was now mistress of an estate nearly three times the size of Washington, DC and benefactress of the village and surrounding rural area. When fortunes shifted and changing times threatened her family, her home, and her community, it was up to Edith to save Biltmore—and secure the future of the region and her husband's legacy. This is the fascinating, "soaring and gorgeous" (Karen Abbott) story of how the largest house in America flourished, faltered, and ultimately endured to this day.

Long may she thrill us with exquisite works like *What We Lose*. . . . The book is a remarkable journey." —*Essence* From an author of rare, haunting power, a stunning novel about a

young African-American woman coming of age—a deeply felt meditation on race, sex, family, and country Raised in Pennsylvania, Thandi views the world of her mother’s childhood in Johannesburg as both impossibly distant and ever present. She is an outsider wherever she goes, caught between being black and white, American and not. She tries to connect these dislocated pieces of her life, and as her mother succumbs to cancer, Thandi searches for an anchor—someone, or something, to love. In arresting and unsettling prose, we watch Thandi’s life unfold, from losing her mother and learning to live without the person who has most profoundly shaped her existence, to her own encounters with romance and unexpected motherhood. Through exquisite and emotional vignettes, Clemmons creates a stunning portrayal of what it means to choose to live, after loss. An elegiac distillation, at once intellectual and visceral, of a young woman’s understanding of absence and identity that spans continents and decades, *What We Lose* heralds the arrival of a virtuosic new voice in fiction.

NEW YORK TIMES BESTSELLER • "Driving, wild and hilarious" (The Washington Post), here is the incredible "memoir" of the legendary actor, gambler, raconteur, and Saturday Night Live veteran. When Norm Macdonald, one of the greatest stand-up comics of all time, was approached to write a celebrity memoir, he flatly refused, calling the genre "one step below instruction manuals." Norm then promptly took a two-year hiatus from stand-up comedy to live on a farm in northern Canada. When he emerged he had under his arm a manuscript, a genre-smashing book about comedy, tragedy, love, loss,

war, and redemption. When asked if this was the celebrity memoir, Norm replied, "Call it anything you damn like."

Beat the Story Drum, Pum-Pum Abrams In AD 9 half of Rome's Western army was ambushed in a German forest and annihilated. Three legions, three cavalry units and six auxiliary regiments - some 25,000 men - were wiped out. It dealt a body blow to the empire's imperial pretensions and was Rome's greatest defeat. No other battle stopped the Roman empire dead in its tracks. Although one of the most significant and dramatic battles in European history, this is also one which has been largely overlooked. Drawing on primary sources and a vast wealth of new archaeological evidence, Adrian Murdoch brings to life the battle itself, the historical background and the effects of the Roman defeat as well as exploring the personalities of those who took part.

Instant Loss Cookbook Evro Publishing Limited

My Greatest DefeatEvro Publishing Limited **Defeat** Behler Publications Patrick J. Buchanan, bestselling author and senior advisor to Richard Nixon, tells the definitive story of Nixon's resurrection from the political graveyard and his rise to the presidency. After suffering stinging defeats in the 1960 presidential election

against John F. Kennedy, and in the 1962 California gubernatorial election, Nixon's career was declared dead by Washington press and politicians alike. Yet on January 20, 1969, just six years after he had said his political life was over, Nixon would stand taking the oath of office as 37th President of the United States. How did Richard Nixon resurrect a ruined career and reunite a shattered and fractured Republican Party to capture the White House? In *The Greatest Comeback*, Patrick J. Buchanan—who, beginning in January 1966, served as one of two staff members to Nixon, and would become a senior advisor in the White House after 1968--gives a firsthand account of those crucial years in which Nixon reversed his political fortunes during a decade marked by civil rights protests, social revolution, The Vietnam War, the assassinations of JFK, RFK, and Martin Luther King, urban riots, campus anarchy, and the rise of the New Left. Using over 1,000 of his own personal memos to Nixon, with Nixon’s scribbled replies back, Buchanan gives readers an insider’s view as Nixon gathers the warring factions of the Republican party--from the conservative base of Barry Goldwater to the liberal wing of Nelson Rockefeller and George Romney, to the New Right legions of an ascendant Ronald Reagan--into the victorious coalition that won him the White House. How Richard Nixon united the party behind him may offer insights into how the Republican Party today can bring together its warring factions. *The Greatest Comeback* is an intimate portrayal of the 37th President and a fascinating fly on-the-wall account of one of the most remarkable American political stories of the 20th century.

The Last Castle Simon and Schuster "Derek Zumbro chronicles this key military campaign from a unique and fresh perspective - that of the defeated German soldiers and civilians caught in the final maelstrom of the war's western front." "Zumbro chronicles the relentless assault on the Ruhr Pocket through German eyes, as the Allied juggernaut battered the region's cities, villages, and homes into submission. He tells of children pressed into service by a desperate Nazi regime - and of even more desperate parents trying to save their sons from sacrifice at the eleventh hour. He also tells of unspeakable conditions suffered by foreign laborers, POWs, and political opponents in the Ruhr Valley and of the mass graves that gave Allied soldiers a grisly new understanding of their enemy." "Zumbro also recounts the story of Field Marshal Walter Model's final hours. His eventual suicide effectively ended the existence of

the Wehrmacht's once-formidable Army Group B after being pursued, methodically encircled, and finally destroyed by U.S. and British forces. Through interviews with surviving members of Model's former staff, Zumbro has uncovered the attitudes of beleaguered officers that official records could never convey." "Other interviews with former soldiers reveal the extent to which Allied bombing contributed to the rapid deterioration of German combat effectiveness and tell of civilians begging soldiers to abandon the war. Zumbro's research reveals the identities of specific characters discussed in previous works but never identified, describes the final hours of German officers executed for the loss of the bridge at Remagen, and offers new insight into Model's acquiescence to Hitler in military affairs."--BOOK JACKET.

Toolbox: I Choose

The creative force behind Blackberry Farm, Tennessee's award-winning farm-to-table resort, reveals how she found herself only after losing everything in this powerful memoir of resilience. "I couldn't put down this wise, honest, beautifully written story."—Shauna Niequist, New York Times bestselling author of *Present Over Perfect* and *Bread & Wine* Born with the gift of hospitality, Kreis Beall helped create one of the nation's most renowned resort destinations, Blackberry Farm, in Tennessee's Smoky Mountain foothills. For decades, she was a fixture in the travel and entertaining world and frequently appeared in the pages of popular home and design magazines. But at the pinnacle of her success, Kreis faced a series of challenges that reframed her life, including a brain injury that permanently impaired her hearing and the conclusion of her thirty-six-year marriage to her best friend and business partner, Sandy Beall. Alone and uncertain as her world shifts and marriage ends, Kreis begins a new journey to find her faith and find God. After spending years on her beautiful exterior life and work, she begins the hardest undertaking of all: reclaiming and redesigning her interior life and soul. Kreis retreats to Blackberry Farm, moving into an unassuming, 300-square-foot shed with peeling paint on the exterior walls, "where I met myself for the first time." She examines what it takes to redefine life after deep loss and acknowledges, for the first time, often unbearable truths that existed beneath the beauty she had created. By turns fiercely honest, heartbreaking, and warm, Kreis Beall's story will resonate with anyone who can benefit from her discovery that "All it takes is all you've got. And it is worth it."
