Effective English Grade 2 Routledge

"[The] Ukrainian American heroine of this sweet-bitter debut is a wisecracking fatalist who can be counted on to say the inappropriate thing, a tendency that becomes more pronounced as doomed crushes and family crises pile up on the road to adulthood."—O: The Oprah Magazine When Oksana and her family move from the Ukraine to Florida to begin a new American life, her physicist father delivers pizza at night to make ends meet, her cranky mother sits at home all day worrying, and her flamboyant grandmother relishes the attention she gets from men. All Oksana wants is to be as far away from her family as possible, to have friends, and to be normal—and though she constantly tries to do the right thing, she keeps getting in trouble. As she grows up, she continues to misbehave, from somewhat accidentally maiming the school-bus bully, to stealing the much-coveted key to New York City's Gramercy Park, to falling in love with a married man. After her grandmother moves back to Ukraine, Oksana longs for the motherland that looms large in her imagination but is a country she never really knew. When she visits her grandmother in Yalta and learns about her romantic past, Oksana comes to a new understanding of how to live without causing harm to the people she loves. But will Oksana ever quite learn to behave? Praise for Oksana, Behave! "Tragicomic and bittersweet . . . an immigrant's coming-of-age tale done with brio."—Kirkus Reviews "What luck for readers that Oksana can't behave! Little devil, infinite imbecile, poor futureless child—all the names her displaced, loving family give to her as she crashes and burns and wanders the wilderness of her inheritance, fit perfectly. As outrageous as she is, as funny and as awful as she can be, though, in Oksana, Maria Kuznetsova has also created a character of great passion and depth—of tragedy, even, too—the very sort that populate the stories of Chekhov and Tolstoy, the poems of Anna Akhmatova, and all the other Russian writers Oksana looks to for comfort and company and some sort of

bearing in this absurd world. This novel is a stark, hilarious delight."—Paul Harding, Pulitzer Prize-winning author of *Tinkers*

This book offers a critical examination of second language (L2) learning outside institutional contexts, with a focus on the way second language learners introduce, close, and manage conversational topics in everyday settings. König adopts a Conversation Analysis for Second Language Acquisition (CA-SLA) approach in analyzing oral data from a longitudinal study of L2 learners of French, au pairs in Swiss families, over several years. With this approach the author presents insights into the ways in which L2 learners introduce and close conversational topics in ongoing conversations and how these strategies evolve over time, setting the stage for future research on this little documented process in second language acquisition. This volume contributes toward a greater understanding of L2 learning "in the wild," making this key reading for students and researchers in second language acquisition, applied linguistics, and French language learning and teaching.

English second language Routledge

Almost all low- and middle-income postcolonial countries now use English or another dominant language as the medium of instruction for some, if not all, of the basic education cycle. Much of the literature about language-in-education in such countries has focused on the instrumentalist value of English, on one side, and the rights of learners to high quality mother tongue-based education, on the other. The polarised nature of the debate has tended to leave issues related to the processes of learning in English as a Medium Instruction (EMI) classrooms under-researched. This book aims to provide a greater understanding of the existing challenges for learners and educators and potential strategies that can support more effective teaching and learning in EMI classrooms. Contributions illustrate the impact that learning in English has on learners in a range of regional, national and local contexts and put forward theoretical and empirical analyses to support more relevant and inclusive educational policies. This volume was originally published as a special issue of *Comparative Education*.

Complete Book of Grade 2 Rigby

NATIONAL JEWISH BOOK AWARD WINNER A SYDNEY TAYLOR MIDDLE GRADE HONOR BOOK Like Ruta Sepetys for middle grade, Anne Blankman pens a poignant and timeless story of friendship that twines together moments in underexplored history. On a spring morning, neighbors Valentina Kaplan and Oksana Savchenko wake up to an angry red sky. A reactor at the nuclear power plant where their fathers work--Chernobyl--has exploded. Before they know it, the two girls, who've always been enemies, find themselves on a train bound for Leningrad to stay with Valentina's estranged grandmother, Rita Grigorievna. In their new lives in Leningrad, they begin to learn what it means to trust another person. Oksana must face the lies her parents told her all her life. Valentina must keep her grandmother's secret, one that could put all their lives in danger. And both of them discover something they've wished for: a best friend. But how far would you go to save your best friend's life? Would you risk your own? Told in alternating perspectives among three girls--Valentina and Oksana in 1986 and Rifka in 1941--this story shows that hatred, intolerance, and oppression are no match for the power of true friendship.
