Thomas feels like no matter what he does, he can't escape Kyle's persistent bullying. At school, at soccer—nowhere feels safe! "Mom said Kyle would grow over the

summer and stop picking on me, but he didn't grow up, he just grew." With support from friends, classmates, and adults, Thomas starts to feel more confident in himself and his hobbies, while Kyle learns the importance of kindness to others. The book concludes with "activity club" pages for kids, as well as information to help parents, teachers,

counselors, and other adults foster dialogue with children about ways to stop bullying.

**Engaging Social-Emotional Skits for Gifted Students** Penguin  
Make workplace conflict resolution a game that EVERYBODY wins! Recent studies show that typical managers devote more than a quarter of their time to resolving coworker disputes. The

Big Book of Conflict-Resolution Games offers a wealth of activities and exercises for groups of any size that let you manage your business (instead of managing personalities). Part of the acclaimed, bestselling Big Books series, this guide offers step-by-step directions and customizable tools that empower you to heal rifts arising from ineffective communication, cultural/personality clashes, and other specific problem areas—before they affect your

organization's bottom line. Let The Big Book of Conflict-Resolution Games help you to: Build trust Foster morale Improve processes Overcome diversity issues And more Dozens of physical and verbal activities help create a safe environment for teams to explore several common forms of conflict—and their resolution. Inexpensive, easy-to-implement, and proved effective at Fortune 500 corporations and mom-and-pop businesses alike, the exercises in The Big Book

of Conflict-Resolution Games delivers everything you need to make your workplace more efficient, effective, and engaged. *Kindness* HarperCollins Try drama to encourage children to communicate well, work together and develop empathy for others--all key Christian living skills. The skits in this book are intended for Catholic faith formation and enable children to work directly with faith concepts that are being taught. The book contains 7 skits for Grades 1-3 and

11 skits for Grades 4 and above, in addition to 2 Christmas skits. Each skit includes a faith discussion question, a prayer, a drama skill, and suggestions for set design and costumes. Use the skits as an alternative to a traditional vacation Bible school program, as classroom activities to support lessons, as half-day events, and in many other ways as well!

#### Ups and Downs

'This is the most stimulating, thorough, in-

depth work on empathy as originated and developed by Carl Rogers within client-centred therapy and the person-centred approach that a reader will find. It provides a rigorous look at empathic understanding, with practical case illustrations throughout. 'What a 'cornucopia' of offerings are provided in this book. The quotes and extracts from Rogers are always to the point, and explorations of the concepts rich and original, each amplifying, yet not

changing, Carl's meanings. This book has a unique format and style, merging tradition with innovation and whimsy. It is both intellectually stimulating and very personal. I was delighted with the wit, humour, and plays on words. When compared with the reductionistic, stereotypic depiction of Rogers' work in so many previous texts outside the Person Centred Approach community, this book is a breath of fresh air. I believe Steve has guided us with elegance and

insight, wisdom and compassion, towards deeper understandings of the genius and profundity of Carl Rogers' work and his principles. While the audience for this book might best be considered to be those in training as therapists, or students using the book as a university text, it will also be most helpful for practitioners who want to review and renew a deeper understanding of Rogers' approach. Potential clients, in seeking a safe haven for their deep explorations,

may also profit greatly from this book as a guide in their search.' Gay Leah Barfield in her Foreword **Raising Prayerful Kids Be Kind** New York Post Best Book of 2016 We often think of our capacity to experience the suffering of others as the ultimate source of goodness. Many of our wisest policy-makers, activists, scientists, and philosophers agree that the only problem with empathy is that we don't have enough of it. Nothing could be farther

from the truth, argues Yale researcher Paul Bloom. In **AGAINST EMPATHY**, Bloom reveals empathy to be one of the leading motivators of inequality and immorality in society. Far from helping us to improve the lives of others, empathy is a capricious and irrational emotion that appeals to our narrow prejudices. It muddles our judgment and, ironically, often leads to cruelty. We are at our best when we are smart enough not to rely on it, but to draw instead upon a more distanced

compassion. Basing his argument on groundbreaking scientific findings, Bloom makes the case that some of the worst decisions made by individuals and nations—who to give money to, when to go to war, how to respond to climate change, and who to imprison—are too often motivated by honest, yet misplaced, emotions. With precision and wit, he demonstrates how empathy distorts our judgment in every aspect of our lives, from philanthropy and charity

to the justice system; from medical care and education to parenting and marriage. Without empathy, Bloom insists, our decisions would be clearer, fairer, and—yes—ultimately more moral. Brilliantly argued, urgent and humane, AGAINST EMPATHY shows us that, when it comes to both major policy decisions and the choices we make in our everyday lives, limiting our impulse toward empathy is often the most compassionate choice we can make.

**Born for Love** American Psychological Association  
But all the kids are wearing them! Any child who has ever craved something out of reach will relate to this warm, refreshingly realistic story. Features an audio read-along. "I have dreams about those shoes. Black high-tops. Two white stripes." All Jeremy wants is a pair of those shoes, the ones everyone at school seems to be wearing. But Jeremy's grandma tells him they don't have room for "want," just "need,"

and what Jeremy needs are new boots for winter. When Jeremy's shoes fall apart at school, and the guidance counselor gives him a hand-me-down pair, the boy is more determined than ever to have those shoes, even a thrift-shop pair that are much too small. But sore feet aren't much fun, and Jeremy comes to realize that the things he has -- warm boots, a loving grandma, and the chance to help a friend -- are worth more than the things he wants.

*Of Human Kindness* Crown

Publishing Group (NY)  
This charming story uses verse, beautiful illustrations and a little person called Quinn to model the meaning of empathy. Quinn shows an abundance of understanding, compassion and kindness towards others. Empathy is a learnt trait, and one to nurture in all children. Included are Discussion Questions and activities to promote empathy.

*Stand in My Shoes* Cornell University Press  
The friends are happy it is Field Day! But then they

learn there is no race for turtles. How can the friends help the turtles have fun too? Character concepts: Working together, empathy, being a good friend, self-esteem

*A Kids Book About Empathy* Cambridge University Press  
MARCH is Community Social Services Awareness month! Is your organization looking for service project ideas? An increasing number of schools, workplaces, and organizations are doing family service projects as a way to make positive

change in their communities. The 101 projects in *Doing Good Together* answer this growing demand for family service with hands-on projects focused on easing poverty, promoting literacy, supporting the troops, helping the environment, and more. [Chairs on Strike](#) Scholastic Inc.

*Engaging Social-Emotional Skits for Gifted Students* gives you all the tools you need to help gifted children expand social skills and develop a better understanding of self,

peer relations, task commitment, and leadership through insightful, engaging roleplay! Presented in an easy-to-read, conversational style using real-world examples, these open-ended roleplay scenarios teach students how to recognize, monitor, and adjust their behavior. Covering topics from anxiety to patience to teasing and cooperation, each skit includes a problem that invites students to develop their own solutions and

takeaways from the situation. Ideal for learners in grades 2–6, these skits allow gifted students to engage with social-emotional learning, making tackling difficult social and emotional issues nonthreatening and fun.

**Behave** Rodale Books  
The culmination of three decades of study and research in the area of child and developmental psychology.

This loving ode to our shared humanity is the

perfect introduction to conversations about identity and Anti-Racism.\* "Will invite the book's audience to grapple with themes of individuality, diversity, universality, and what it means to be human." -- The Horn Book, starred review "Loved it." - - Jacqueline Woodson, former Ambassador of Young People's Literature Presented as a thoughtful, poetic exchange between two characters -- who don't realize they are thinking and asking the very same questions -- this beautiful celebration

of our humanity and diversity invites readers of all ages to imagine a world where there is no you or me, only we. If the first step toward healing the world is to build bridges of empathy and celebrate rather than discriminate, *Why Am I Me?* helps foster a much-needed sense of connection, compassion, and love. *Empathy* Chicago Review Press  
A Little Sister's Classic: Sarah Schulman's beautiful, subtly transgressive novel about

identity, sexual politics, and self-esteem. *Empathy in Action* Tyndale House Publishers, Inc.  
When Emily asks her big sister what the word empathy means, Emily has no idea that knowing the answer will change how she looks at people. But does it really matter to others if Emily notices how they're feeling? *Stand in My Shoes* shows kids how easy it is to develop empathy toward those around them. Empathy is the ability to notice what other people

feel. Empathy leads to the social skills and personal relationships which make our lives rich and beautiful, and it is something we can help our children learn. This book teaches young children the value of noticing how other people feel. We're hoping that many parents read it along with their children.

**Field Day** Alicia Ortego  
Raising a baby is joyful, amazing . . . and ridiculously difficult. But with some insight into what's actually going on inside your little one's

head, your job as a parent can become a little bit easier—and a lot more fun. In *Think Like a Baby*, coauthors Amber and Andy Ankowski—*The Doctor and the Dad*—show parents how to re-create classic child development experiments using common household items. These simple step-by-step experiments apply from the third trimester through age seven and beyond and help parents understand their children's physical, cognitive, language, and social development.

Amazed parents won't just read about how their kids are behaving, changing, and thinking at various stages, they'll actually see it for themselves while interacting and having fun with them at the same time. Each experiment is followed by a discussion of its practical implications for parents, such as why to always bring more than one toy to a restaurant, which baby gadgets to buy (and which ones to avoid), how to get kids to be perfectly happy eating just half of

their dessert, and much more.

Be Kind Yale University Press

Show little ones the power of being kind with fun activities for ages 3 to 5. Kids start to understand empathy at an early age—and the best way to model and encourage emotional intelligence is through play! With the fun activities in this kids' empathy book, kids will practice identifying emotions in themselves and others, and begin noticing how their words and actions affect the

people around them. What sets this kids' emotions book apart from other empathy books for kids: Learning by doing—Tap into kids' natural curiosity and creativity with 30 empathy-building activities like playing emotions charades, making kindness cards, or decorating a cookie to someone else's specifications. Every aspect of empathy—Explore activities that are organized around themes like putting yourself in

someone else's shoes, being a helpful member of a community, and more, so kids can learn about different forms of empathy. Advice for adults—Find a whole chapter for parents and caregivers that explains what empathy looks like at different ages, with tips for helping kids understand the lessons in this book. Teach children to be good friends, active listeners, and considerate of others with Empathy for Kids.

**The Empathy Exams**  
Free Spirit Publishing

Show them the power of caring for others--an introduction to empathy for kids 5 to 7 Learning to understand and care about the feelings of others is one of the most important steps in a child's development--and it's never too early to help little ones build those skills. This beautifully illustrated storybook teaches young kids how to recognize and practice empathy through simple real-life scenarios that are easy for them to understand. It's written with clear language for

adults to read aloud and features discussion questions and activities that encourage kids to talk about what they learned and use it in their lives. Empathy Is Your Superpower features: Empathy heroes--Little superheroes Emmanuel and Emma model easy, age-appropriate ways for kids to practice empathy every day. Ways to set a good example--Kids will learn to put themselves in someone else's shoes, lend a helping hand, and inspire others to do the same. Using empathy for

life--Tips, reflections, and games will help adults foster empathy in children for their whole lives. Teach kids to be kind and considerate, with a fun and friendly book about the importance of empathy.

*The Dark Sides of Empathy* Penguin  
More than a book, *Raising Prayerful Kids* is a tool parents can use to make prayer fit naturally into their daily routines without it feeling like a chore or a lecture. Relatable stories of the authors' successes and

failures along with fun activities and games help parents turn everyday moments into faith-filled moments that are naturally filled with prayer. Praying with your kids can be connecting, fun, nonintimidating, and even life changing.

Includes: Prayer games  
Prayer Activities

**Empathy and Moral Development** Taylor & Francis

Teach your children the power of Kindness, one of the most important skills a child can learn. Are you one of 90 percent of

parents, saying that their top priorities for their kids is to be caring? This makes sense: Kindness and concern for others are held as moral virtues in nearly every society and every major religion. The best social-emotional learning (SEL) book for raising kind children. This charming story with peaceful rhymes and colorful illustrations will explain to your child that it is okay to make a mistake and say I'm sorry. Lucas will teach your child good manners and positive behaviour at

home, at school, in the store, and on the playground. Kids learn best by example. With the perfect examples, this book offers, your child will have more understanding for others, accept diversity, thrive in a multicultural and inclusive environment, and show more empathy. Throughout the story, little superhero Lucas will learn what kindness means and understand what it is like to be kind, sensitive, caring, and generous. Awards & Recognition #1 Amazon
