The first-of-its-kind sample paper booklet, i.e., one incorporating not only the practice papers but also the basic concepts for each chapter, is here. Some salient features of this book are as follows: 1. This sample paper booklet begins with basic concepts about each chapter, providing a snapshot of the entire chapter. The practice papers in this booklet are designed per the specimen paper released by the CBSE board to give its readers an edge over the others in preparing for the CBSE examinations in 2023. It hence facilitates the purpose of last-minute revisionary notes needed by the students. 2. To help students practice and evaluate their understanding, detailed solutions of the CBSE-released sample paper have been incorporated in this booklet, along with 15 sample papers. Out of these 15 sample papers, five papers include detailed step-by-step solutions, and the remaining ten papers are for practice of the students (answers for objective type questions and numerical have been included for these practice papers). 3. A blueprint based on the specimen paper released by the CBSE Board has also been included in this booklet to enable the students to gauge the unit-wise weightage and the marking scheme of the paper. 4. Effort has been made to model each practice paper based on the CBSE released sample paper hence all typology of questions that are to be tested in the annual examination 2023 (both objective and descriptive type questions) have been included. 5. Special emphasis has been laid to include the new typology of questions in each paper, i.e., matching-type, reason and assertion-based, statement-based, case-based, and data interpretation-based miscellaneous questions. 6. This book is a one-stop destination for all the subject matter required for the final revision to ace the annual exam of economics. Your guide to annual exams 2023 is now "Simplified"!

The present thoroughly revised and updated edition of Core Economics with Video Lectures is strictly according to the latest syllabus prescribed by the CBSE, New Delhi of Class XII. As in the previous editions, I have kept the treatment as simple as possible and confined the scope of each topic to the requirement of the syllabus. The treatment has been supplemented by the real life examples and numerical illustrations to enhance the understanding of the subject. This book is an outcome of my interaction with a large number of teachers in the Orientation Programmes organised by the CBSE and KVS in various parts of India and by School Associations in UAE and Kuwait. I have taken care of the suggestions and observations made by the teachers. My sincere thanks to them. Goyal Brothers Prakashan
