Back to the Future: Telling Time with  
Marty McFly Simon and Schuster

One of Oprah Daily's 20 Favorite Books of 2021 • Selected as one of Pitchfork's Best Music Books of the Year “One of the best books of its kind in decades.” —The Wall Street Journal An epic achievement and a huge delight, the entire history of popular music over the past fifty years refracted through the big genres that have defined and dominated it: rock,

R&B, country, punk, hip-hop, dance music, and pop Kelefa Sanneh, one of the essential voices of our time on music and culture, has made a deep study of how popular music unites and divides us, charting the way genres become communities. In Major Labels, Sanneh distills a career’s worth of knowledge about music and musicians into a brilliant and omnivorous reckoning with popular music—as an art form (actually, a bunch of art forms), as a cultural and economic force, and as a tool that we use to build our identities. He explains the history of slow jams, the genius of

Shania Twain, and why rappers are always getting in trouble. Sanneh shows how these genres have been defined by the tension between mainstream and outsider, between authenticity and phoniness, between good and bad, right and wrong. Throughout, race is a powerful touchstone: just as there have always been Black audiences and white audiences, with more or less overlap depending on the moment, there has been Black music and white music, constantly mixing and separating. Sanneh debunks cherished myths, reappraises beloved heroes, and upends familiar ideas of musical greatness, arguing that sometimes, the best popular music isn't transcendent. Songs express our grudges as well as our hopes, and they are motivated by greed

as well as idealism; music is a powerful tool for human connection, but also for human antagonism. This is a book about the music everyone loves, the music everyone hates, and the decades-long argument over which is which. The opposite of a modest proposal, Major Labels pays in full.

This book is an exact replica of the original Grays Sports Almanac as seen in the 1989 film 'Back to the Future Part II' and contains 155 pages of sports statistics spanning 50 years. The cover has been painstakingly created in high-

quality crisp graphics using a genuine prop which was used for filming as a reference to make this an exact replica. With 155 pages containing 50 years of sports statistics from 1950 to the year 2000, including American Football, Basketball, Horse Racing, Ice Hockey, Major League Baseball and others. This is the perfect book for anyone who appreciates the Back to the Future franchise, movie props, 80's movies or just sport in general.

**Back to the Future** Harper Design  
Steven Spielberg's classic sci-fi story of interplanetary friendship makes a perfect picture book for the whole family. When E.T. the Extra-Terrestrial was released in theaters back in 1982, its bittersweet story enchanted millions and the film surpassed Star Wars to

become the highest-grossing movie of all time. Now the cinematic blockbuster is transformed into an illustrated storybook, with colorful, adorable drawings by Kim Smith. Here is a story you can't help but love: After E.T. is stranded on Earth, he takes refuge with Elliott, a boy in need of a friend.

Together they find a way to help E.T. get back home. Along the way, both child and alien learn important lessons about courage, friendship, and the power of imagination. This is the perfect read-along story for children, their parents, and E.T. fans across the universe.

#1 NEW YORK TIMES BESTSELLER • Now a major motion picture directed by Steven Spielberg. “Enchanting . . . Willy Wonka meets The Matrix.”—USA Today • “As one adventure leads expertly to the next, time simply evaporates.”—Entertainment Weekly A world at stake. A quest for the ultimate prize. Are you ready? In the year 2045, reality is an ugly place. The only time Wade Watts really feels alive is when he’s jacked into the OASIS, a vast virtual world where most of humanity spends their days. When the eccentric creator of the OASIS dies, he leaves behind a series of fiendish puzzles, based on his

obsession with the pop culture of decades past. Whoever is first to solve them will inherit his vast fortune—and control of the OASIS itself. Then Wade cracks the first clue. Suddenly he’s beset by rivals who’ll kill to take this prize. The race is on—and the only way to survive is to win. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Entertainment Weekly • San Francisco Chronicle • Village Voice • Chicago Sun-Times • iO9 • The AV Club “Delightful . . . the grown-up’s Harry Potter.”—HuffPost “An addictive read . . . part intergalactic scavenger hunt, part romance, and all heart.”—CNN “A most excellent ride . . . Cline stuffs his novel with a cornucopia of pop culture, as if to wink to the reader.”—Boston Globe “Ridiculously fun and large-hearted . . . Cline is that rare

writer who can translate his own dorky enthusiasms into prose that's both hilarious and compassionate."—NPR "[A] fantastic page-turner . . . starts out like a simple bit of fun and winds up feeling like a rich and plausible picture of future friendships in a world not too distant from our own."—iO9

A critical examination of the cultural, cinematic, and historical contexts of the Back to the Future trilogy, this book provides a multi-focal representation of the trilogy from several interdisciplinary fields, including philosophy, literature,

music, pop culture, and media and gender studies. Topics include sexual symbolism in the trilogy and the oedipal plotting of the first film; nostalgia and the suburban dream in the cultural climate of the 1980s; generic play and performance throughout the trilogy; the emotional and narrative force provided by the films' renowned musical scores; the trilogy's post-modern references and allusions to the Western genre; female representations across the trilogy; and the Lacanian philosophical constructs in the characterizations of Doc Brown and George and Marty McFly.

**William Shakespeare's Get Thee Back to the Future!** Out of Time Marty McFly and Doc Brown return to the old West in 1885 to prevent a gun fight in which Doc will be killed.

Get ready for charades like you've never played it before. You can play Pop Freak! with as many people as you can find.

Divide yourselves into teams then randomly pull out about 40 cards (more for a longer game, fewer for a quick one) – but no peeking! Set the cards in a pile in the middle. This is the playing deck. Each game has three rounds. Teams take 60 second turns to collect as many cards as they can by correctly guessing exactly what's written on each of them. One person in the team does the talking (or not talking) to the rest of the team, who do the guessing. For every correct guess, your team gets to keep the card.

A round is over when there are no cards left in the playing deck. Tally the scores and shuffle all the cards back together for the next round. The winning team is the one who has accumulated the most cards over the three rounds. Round 1 You can say anything you want besides the words or phrases on the card. If you say any of these, the card is returned randomly to the playing deck, and you lose five seconds from that turn. There's no skipping of cards that you get stuck on. Sorry. And no spelling out words or rhyming! Round 2 The same as round one, but you can only say one word. Use it wisely. Round 3 No words or sounds. *Pop Sonnets* Penguin Wall Street scandals. Fights over taxes. Racial resentments. A Lakers-Celtics championship. The Karate Kid topping

the box-office charts. Bon Jovi touring the country. These words could describe our current moment—or the vaunted iconography of three decades past. In this wide-ranging and wickedly entertaining book, New York Times bestselling journalist David Sirota takes readers on a rollicking DeLorean ride back in time to reveal how so many of our present-day conflicts are rooted in the larger-than-life pop culture of the 1980s—from the “Greed is good” ethos of Gordon Gekko (and Bernie Madoff) to the “Make my day” foreign policy of Ronald Reagan (and George W. Bush) to the “transcendence” of Cliff Huxtable (and Barack Obama). Today's mindless militarism and hypernarcissism, Sirota argues, first became the norm when an '80s generation weaned on Rambo one-

liners and “Just Do It” exhortations embraced a new religion—with comic books, cartoons, sneaker commercials, videogames, and even children’s toys serving as the key instruments of cultural indoctrination. Meanwhile, in productions such as *Back to the Future*, *Family Ties*, and *The Big Chill*, a campaign was launched to reimagine the 1950s as America’s lost golden age and vilify the 1960s as the source of all our troubles. That 1980s revisionism, Sirota shows, still rages today, with Barack Obama cast as the 60s hippie being assailed by Alex P. Keaton–esque Republicans who long for a return to Eisenhower-era conservatism. “The past is never dead,” William Faulkner wrote. “It’s not even past.” The 1980s—even more so. With the native dexterity only a

child of the Atari Age could possess, David Sirota twists and turns this multicolored Rubik’s Cube of a decade, exposing it as a warning for our own troubled present—and possible future. *Back to the Future 003* Insight Editions Marty McFly finds himself in the year 1955 after getting into a strange car-- which was really a time machine built by Marty's friend Doc Brown! How is he going to return home to the year 1985? This Little Golden Book is illustrated in the quirky and lovable Funko POP! art style.

 “A screaming comes across the sky. . .”  
 A few months after the Germans’ secret V-2 rocket bombs begin falling on London, British Intelligence discovers

that a map of the city pinpointing the sexual conquests of one Lieutenant Tyrone Slothrop, U.S. Army, corresponds identically to a map showing the V-2 impact sites. The implications of this discovery will launch Slothrop on an amazing journey across war-torn Europe, fleeing an international cabal of military-industrial superpowers, in search of the mysterious Rocket 00000, through a wildly comic extravaganza that has been hailed in *The New Republic* as “the most profound and accomplished American novel since the end of World War II.”

A behind-the-scenes look at the making

of the iconic *Back to the Future* trilogy—the perfect movie gift for fans of the franchise, actors, writers, and filmmakers who contributed to this beloved pop culture phenomenon. Long before Marty McFly and Doc Brown traveled through time in a flying DeLorean, director Robert Zemeckis, and his friend and writing partner Bob Gale, worked tirelessly to break into the industry with a hit. During their journey to realize their dream, they encountered unprecedented challenges and regularly took the difficult way out. For the first time ever, the story of how these two young filmmakers struck lightning is being told by those who witnessed it. *We Don't Need Roads* draws from over 500 hours of interviews, including original interviews with Zemeckis, Gale,

Christopher Lloyd, Lea Thompson, Huey Lewis, and over fifty others who contributed to one of the most popular and profitable film trilogies of all time. The book includes a 16-page color photo insert with behind-the-scenes pictures, concept art, and more. With a focus not only on the movies, but also the lasting impact of the franchise and its fandom, *We Don't Need Roads* is the ultimate read for anyone who has ever wanted to ride a Hoverboard, hang from the top of a clock tower, travel through the space-time continuum, or find out what really happened to Eric Stoltz after the first six weeks of filming. So, why don't you make like a tree and get outta here—and start reading! *We Don't Need Roads* is your density. “What fun! Deeply researched and engagingly written...the

book *Back to the Future* fans have been craving for decades. Geekily enthusiastic and chock full of never-before-heard tales of what went on both on and off the screen, *We Don't Need Roads* is a book worthy of the beloved trilogy itself.”—Brian Jay Jones, author of the national bestseller *Jim Henson: The Biography* “A very compelling and enjoyable history of our trilogy. For me, reading it was like going back in time. And—Great Scott—there were even a few anecdotes that I'd never heard!”—Bob Gale, co-creator, co-producer, and co-writer of the *Back to the Future* trilogy
