 The sudden dissolution of the Soviet Union altered the routines, norms, celebrations, and shared understandings that had shaped the lives of Russians for generations. It also meant an end to the state-sponsored, nonmonetary support that most residents had lived with all their lives. How did Russians make sense of these historic transformations? Serguei Alex Oushakine offers a compelling look at postsocialist life in Russia. In Barnaul, a major industrial city in southwestern Siberia that has lost 25 percent of its population since 1991, many Russians are finding that what binds them together is loss and despair. The Patriotism of Despair examines the aftermath of the collapse of the Soviet Union, graphically described in spray paint by a graffiti artist in Barnaul: "We have no Motherland." Once socialism disappeared as a way of understanding the world, what replaced it in people's minds? Once socialism stopped orienting politics and economics, how did capitalism insinuate itself into routine practices? Serguei Alex. Oushakine offers a compelling look at postsocialist life in

noncosmopolitan Russia. He introduces readers to the "neocoms": people who mourn the loss of the Soviet economy and the remonetization of transactions that had not involved the exchange of cash during the Soviet era. Moving from economics into military conflict and personal loss, Oushakine also describes the ways in which veterans of the Chechen war and mothers of soldiers who died there have connected their immediate experiences with the country's historical disruptions. The country, the nation, and traumatized individuals, Oushakine finds, are united by their vocabulary of shared pain.

 Garnering international prizes and acclaim before its publication, *Ilustrado* has been called "brilliantly conceived and stylishly executed . . . It is also ceaselessly entertaining, frequently raunchy, and effervescent with humor" (2008 Man Asian Literary Prize panel of judges). It begins with a body. On a clear day in winter, the battered corpse of Crispin Salvador is pulled from the

Hudson River—taken from the world is the controversial lion of Philippine literature. Gone, too, is the only manuscript of his final book, a work meant to rescue him from obscurity by exposing the crimes of the Filipino ruling families. Miguel, his student and only remaining friend, sets out for Manila to investigate. To understand the death, Miguel scours the life, piecing together Salvador's story through his poetry, interviews, novels, polemics, and memoirs. The result is a rich and dramatic family saga of four generations, tracing 150 years of Philippine history forged under the Spanish, the Americans, and the Filipinos themselves. Finally, we are surprised to learn that this story belongs to young Miguel as much as to his lost mentor, and we are treated to an unhindered view of a society caught between reckless decay and hopeful progress. Exuberant and wise, wildly funny and deeply moving, *Ilustrado* explores the hidden truths that haunt every family. It is a daring and inventive debut by a new writer of astonishing talent.

"Absolutely fantastic." -Kendare Blake, #1 New York Times bestselling author of the Three Dark Crowns series "Heart-pounding." -Buzzfeed \* "Masterful." -School Library Journal, starred review In this dark, sweeping fantasy perfect for fans of *Girls of Paper and Fire* and *Wicked Saints*, Princesses Lu and Min find themselves on opposite sides of a war to rule their Empire. Sisters Lu and Min have always known their places as the princesses of the Empire of the First Flame: assertive Lu will be named her father's heir and become the dynasty's first female ruler, while timid Min will lead a quiet life in Lu's shadow. Until their father names a new heir--their male cousin, Set. Determined to reclaim her birthright, Lu goes in search of allies, leaving Min to face the volatile court alone. Lu soon crosses paths with Nokhai, the lone, unlikely survivor of the Ashina, a clan of nomadic wolf shapeshifters. Nok never learned to shift--or to trust the empire that killed his family--but working with the princess might be the only way to unlock his true power. As Lu and Nok form a tenuous alliance, Min's own hidden power awakens, a forbidden, deadly magic that could secure Set's reign . . . or allow her to claim the throne herself. But there can only be one emperor, and the sisters' greatest enemy could very well turn out to be each other. This sweeping fantasy set against a world of ancient magic and political intrigue weaves an unforgettable story of ambition, betrayal, and sacrifice.

*A Big Stone Gap Novel* Penguin UK

Andi is short. And she has lots of wishes. She wishes she could play on the school basketball team, she wishes for her own bedroom, but most of all she wishes that her long-lost half-brother, Bernardo, could come and live in London where he belongs. Then Andi's biggest wish comes true and she's minutes away from becoming someone's little sister. As she waits anxiously for Bernardo to arrive from the Philippines, she hopes he'll turn out to be tall and just as crazy as she is about basketball. When he finally arrives, he's tall all right. Eight feet tall, in fact—plagued by condition called Gigantism and troubled by secrets that he believes led to his phenomenal growth. In a novel packed with quirkiness and humor, Gourlay explores a touching sibling relationship and the clash of two very different cultures.

From invisible PA... Tycoon Cam Hillier requires a suitably attractive young lady to grace his arm at this season's fundraising party, but time is running out. So Cam must turn his attention to the woman right under his nose—his dowdy PA, Liz Montrose. To belle of the ball! 'Personal duties' were not in Liz's job description—but, with her little daughter to clothe and feed, she knows she must go above and beyond. But there will be no sensible suits or thick-rimmed glasses to hide behind tonight! Cam's never noticed her before...but all that's about to change!

"A delectable mixture of ice cream and romance." —Publishers Weekly (starred review) "For fans of Jenny Han." —School Library Journal "A rare, enjoyable portrait of a woman-run business." —Kirkus Reviews From the author of *The Last Boy and Girl in the World* and *The List* comes a bold and sweet summer read about first love, feminism, and ice cream. Summer in Sand Lake isn't complete without a trip to Meade Creamery—the local ice cream stand founded in 1944 by Molly Meade who started making ice cream to cheer up her lovesick girlfriends while all the boys were away at war. Since then, the stand has been owned and managed exclusively by local girls, who inevitably become the best of friends. Seventeen-year-old Amelia and her best friend Cate have worked at the stand every summer for the past three years, and Amelia is "Head Girl" at the stand this summer. When Molly passes away before Amelia even has her first day in charge, Amelia isn't sure that stand can go on. That is, until Molly's grandnephew Grady arrives and asks Amelia to stay on to help continue the business...but Grady's got some changes in mind...

*The Girl He Never Noticed* David Fickling Books

I picked up the book and thumbed through the pages. Names in alphabetical order, names with meanings, names I knew, names I'd never heard of. How to pick? Nothing that would stand out, nothing that would link me to the past - those were the instructions. The past. As if everything that had gone before this moment was buried already. Being the new girl at school is hard. But when you've been forced to abandon your old life, your old friends and even your old identity, hard doesn't begin to cover it. That's the point of witness protection, though. And it's the only thing that can keep Holly and her family safe. But how is she supposed to start a new life when one wrong move could put all their lives in danger?

In this debut collection of poetry, r.c. perez takes us into a journey of pain, hope, acceptance, and love—one that is all too familiar to anyone who has had a bit of experience in life. Divided into four chapters, *magic of the modest* is about all the magic we find in everyday things. It is the author's aspiration that through this book, readers will realize that there is magic in carrying on, in looking forward to things, in letting it be, and in loving with all one's being.

**Magic of the Modest** Penguin

Questions of morality in exploring alternate realities; goddesses of old, living in modern-day Philippine society; the flesh trade in a dystopic future; four childhood friends, taunting fate by crossing the line between life and death, and coming back again; a world where Justice is immediate, absolute, and therefore deemed perfect—these are but some of the ideas to have sprung from the mind of up-and-coming writer Eliza Victoria. In *A Bottle of Storm*

Clouds, Victoria's first compilation of short fiction, her subjects are a mottled bunch; her characters, of all walks of life; her approaches, from all directions. But her stories all boil down to one question: "e;What if?"e;

Morning Moments with God Le vie della Cristianità

I Twenty-five years ago, at the Conference on the Comparative Reception of Darwinism held at the University of Texas in 1972, only two countries of the Iberian world—Spain and Mexico—were represented.' At the time, it was apparent that the topic had attracted interest only as regarded the "mainstream" science countries of Western Europe, plus the United States. The Eurocentric bias of professional history of science was a fact. The sea change that subsequently occurred in the historiography of science makes 1972 appear something like the antediluvian era. Still, we would like to think that that meeting was prescient in looking beyond the mainstream science countries—as then perceived—in order to test the variation that ideas undergo as they pass from center to periphery. One thing that the comparative study of the reception of ideas makes abundantly clear, however, is the weakness of the center/periphery dichotomy from the perspective of the diffusion of scientific ideas. Catholics in mainstream countries, for example, did not handle evolution much better than did their correigionaries on the fringes. Conversely, Darwinians in Latin America were frequently better placed to advance Darwin's ideas in a social and political sense than were their fellow evolutionists on the Continent. The Texas meeting was also a marker in the comparative reception of scientific ideas, Darwinism aside. Although, by 1972, scientific institutions had been studied comparatively, there was no antecedent for the comparative history of scientific ideas.

Beginning in 1990, thousands of Spanish speakers emigrated to Japan. A Cultural History of Spanish Speakers in Japan focuses on the intellectuals, literature, translations, festivals, cultural associations, music (bolero, tropical music, and pop, including reggaeton), dance (flamenco, tango and salsa), radio, newspapers, magazines, libraries, and blogs produced in Spanish, in Japan, by Latin Americans and Spaniards who have lived in that country over the last three decades. Based on in-depth research in archives throughout the country as well as field work including several interviews, Japanese-speaking Mexican scholar Araceli Tinajero uncovers a transnational, contemporary cultural history that is not only important for today but for future generations. Araceli Tinajero is professor of Hispanic literatures at The City College of New York and at the Graduate Center. She is the author of *Orientalismo en el modernismo hispanoamericano*, *El Lector: A History of the Cigar Factory*, and *Kokoro: A Mexican Woman in Japan*. Tinajero is the editor or co-editor of various volumes including *Exilio y cosmopolitismo en el arte y la literatura hispanica*, *Orientalisms of the Hispanic and Luso-Brazilian World*, *Technology and Culture in Twentieth Century Mexico*, and *Handbook on Cuban History, Literature, and the Arts*. She is the Book Review Editor of the journal *Asia / America Latina*.

"Heartwarming . . . Everything that really matters is here: humor, romance, wisdom, and drama."—The Dallas Morning News Eight years have passed since Ave Maria Mulligan married Jack Mac, moved up into the hills, and dug in her roots even deeper. But Ave Maria soon discovers that the mountains cannot shelter her from the painful lessons of the heart. As her life reaches a crossroads, almost everybody in town has advice to offer—including the Bookmobile's self-appointed sexpert Iva Lou Wade, savvy pharmacy owner Pearl Grimes ("a very mature twenty-four"), crusty chain-smoking cashier Fleeta, and of course, the always-wise band director Theodore Tipton, now unofficially "out" and about. But when Ave Maria takes her daughter to Italy for the summer, her passion for a seductive stranger will test her marriage—and push her to choose the man who is truly her destiny. At once funny and deeply poignant, resonant with the power of love and forgiveness and the unexpected events that force us to stake a claim in our own lives, *Big Cherry Holler* is a wise, wonderful story to treasure.

Sink your teeth into the first novel in New York Times bestselling author Michele Bardsley's *Broken Heart* series. *Broken Heart* is the city with the highest rate of divorce and highest percentage of single parents in Oklahoma. And I, Jessica Matthews, have been a member of that club ever since my husband dumped me for his twenty-something secretary and then had the gall to die in a car accident. Now I'm not just a single mother trying to make ends meet in this crazy world...I'm also a vampire. One minute I was taking out the garbage; the next I awoke sucking on the thigh of superhot vampire Patrick O'Halloran, who'd generously offered his femoral artery to save me. But though my stretch marks have disappeared and my vision has improved, I can't rest until the thing that did this to me is caught. My kids' future is at stake—figuratively and literally. As is my sex life. Although I wouldn't mind finding myself attached to Patrick's juicy thigh again, I learned that once a vampire does the dirty deed, it hitches her to the object of her affection for at least one hundred years. I just don't know if I'm ready for that kind of commitment... *A Biography of José Rizal* Forge Books

This book is a collection of short essays, accessible through open access, which takes the interested reader on a tour across the global higher education landscape. It addresses pertinent themes and challenges in higher education. To mark the 70th anniversary of the International Association of Universities (IAU) and its role in higher education since 1950, experts from around the world share their insights into higher education's recent past, present and future. The book is divided into six parts: Part I – "70 years of Higher Education Cooperation and Advocacy" looks back at key events in IAU's history, its mission and significant activities over time, and remarks on the current global context informing its quest to promote academic partnerships and solidarity on a global scale. Part II – "Facilitating International Cooperation" provides for different perspectives on the transformation of the internationalisation of higher education and the contribution of higher education to international cooperation. Part III – "Coding the Values" debates the values upon which higher education was, is and will have to be built to provide for a democratic and inclusive society. Part IV – "The Changing Landscape" analyses various aspects of the transformation of higher education in an evolving context across the globe. Part V – "The Promise of Education" reflects on the role of higher education, its ideals and shortfalls and what it must do to stay true to its promise to help shape our societies. Part VI – "Opening up – The Future of Higher

Education” focuses on future scenarios of higher education and call on the reader to envision a different kind of higher education and reimagine the contribution of higher education to society, as well as future roles for the IAU. The book will be of interest to higher education policy makers and academics. It is also of interest to the general public, as it provides a comprehensive overview of the challenges higher education institutions currently face and suggests scenarios of what the future of education might look like.
