Kids Gone Wild Fantagraphics Books
Live...Suburbia! is a collection of stories and images of the post-1960s subcultures that define America. It's kids taking their urethane wheels to empty pools, picking British Punk in broad downstrokes and creating Hardcore, it's skinheads wearing sneakers and moshing in Connecticut warehouses. Live...Suburbia! is dedicated

to denim devils twirling butterfly knives and hasty tags thrown down with Rust-Oleum touch-up paint stolen from your parent's garage. Most importantly Live...Suburbia! is a new approach in compiling a book. We have Tumblr, Facebook, Flickr and thousands of blogs documenting subcultures, but we're interested in the other side: real people's archives and memories, the ones that haven't been passed around so many times that we have no idea where they came from. The book begins with Kiss. From there Live...Suburbia! rushes through

years packed with ninjas, long metal hair, BMX dirt jumps, karate, seven-ply skateboards, bathroom mohawks, skinheads, jockey hardcore kids, basement DJs, graffiti murals behind supermarkets, and finally we arrive in the 1990s where it all collides.

Heterotopia and the City Coffee House Press

This foray into the often violent subcultures of Japan dramatically debunks the Western perception of a seemingly controlled and orderly society.

Teenage Wasteland Harper Collins

Read the book that inspired the movie! Sixteen-year-old Starr lives in two worlds: the poor neighbourhood where she was born and raised and her posh high school in the suburbs. The uneasy balance between them is shattered when Starr is the only witness to the fatal shooting of her unarmed best friend, Khalil, by a police officer. Now what Starr says could destroy her community. It could also get her killed. Inspired by the Black Lives Matter movement, this is a powerful and gripping novel about one girl's struggle for justice. *The Stepford Wives* Vintage

First appearing in the pages of Seventeen Magazine, "Teenage Wasteland" has become one of Anne Tyler's most widely beloved short stories—an affecting and masterful portrait of a life interrupted and a family come undone. Daisy Coble had been a good mother, and so she was ashamed to find out from Donny's teacher that he had been misbehaving. He was noisy, lazy, disruptive, and he was caught smoking. At night, she lay awake wondering where she had gone wrong, and how she could have failed as a parent. Unsure of herself, Daisy follows the advice of professionals, and hires Donny a tutor

with some unusual ideas to set the boy straight. But, has the gap between them grown too wide to bridge? A Vintage Short. Teenage Wasteland Harper Perennial

Fourteen-year-old Jennifer sets the record straight after a best-selling book, ostensibly written about her, declares that her life was improved by her fairy godparent, who is actually a creepy, unkempt drunk with greasy hair. Eldorado Pantheon

The central experience of the Ramones and their music is of being an outsider, an outcast, a person who's somehow defective, and the revolt against shame and self-loathing. The fans, argues Donna Gaines, got it right away, from their own experience of alienation at home, at school, on the streets, and from themselves. This sense of estrangement and marginality permeates everything the Ramones still offer us as artists, and as people. Why the Ramones Matter compellingly makes the case that the Ramones gave us everything; they saved rock and roll, modeled DIY ethics, and addressed our deepest collective traumas, from the personal to the historical. Kids of the Black Hole HarperCollins

The riveting narrative of an honorable Irish priest who finds the church collapsing around him at a pivotal moment in its history. Propelled into the priesthood by a family tragedy, Odran Yates is full of hope and ambition. When he arrives at Clonliffe Seminary in the 1970s, it is a time in Ireland when priests are highly respected, and Odran believes that he is pledging his life to "the good." Forty years later, Odran's devotion is caught in revelations that shatter the Irish people's faith in the Catholic Church. He sees his friends stand trial, colleagues jailed, the lives of young parishioners destroyed, and grows nervous of venturing out in public for fear of disapproving stares and insults. At one point, he is even arrested when he takes the hand of a young boy and leads him out of a department store looking for the boy's mother. But when a family event opens wounds from his past, he is forced to confront the demons that have raged within the church, and to recognize his own complicity in their propagation, within both the institution and his own family. A novel as intimate as it is universal, *A History of Loneliness* is about the stories we tell ourselves to make peace with our

lives. It confirms Boyne as one of the most searching storytellers of his generation. [Live...Suburbia!](#) Delacorte Books for Young Readers

The national bestseller and basis for the Ang Lee film is a “powerful” novel of two troubled families during a blizzard in 1970s suburban Connecticut (Newsday). A potentially devastating blizzard approaches New Canaan, Connecticut, while internal forces of desire, frustration, and ennui threaten to tear apart two quintessentially affluent, suburban families. Elena Hood rightfully suspects her husband, Benjamin, is having an affair with neighbor Janey Williams, while Benjamin resents Elena and his mounting feelings of ineptitude. As the snow begins to fall, Benjamin and Elena, as well as Janey and her husband, attend a neighborhood “key party,” where they and other respectable suburbanites agree to go home with whomever’s keys they draw from a bowl. Meanwhile, the Hoods’ and Williams’s teenage children are caught up in their own experimentations with sex and drugs as they test the boundaries of their structured upbringing. With author Rick Moody’s sharp eye for the nuances of

suburban life and allusions to 1970s America from Watergate to the Fantastic Four, the novel’s landscape is vivid and immersive. This timeless, unforgettable novel is a passionate portrayal of flawed characters and reflects Rick Moody’s sharp eye for the contradictions of suburban life. This ebook features an illustrated biography of Rick Moody including rare images from the author’s personal collection.

Prepare yourself for a journey through the world of Patton Oswalt, one of the most creative, insightful, and hysterical voices on the entertainment scene today. Widely known for his roles in the films *Big Fan* and *Ratatouille*, as well as the television hit *The King of Queens*, Patton Oswalt—a staple of Comedy Central—has been amusing audiences for decades. Now, with *Zombie Spaceship Wasteland*, he offers a fascinating look into his most unusual, and lovable, mindscape. Oswalt combines memoir with uproarious humor, from snow forts to *Dungeons & Dragons* to gifts from Grandma that had to be explained. He remembers his teen summers spent working in a movie Cineplex and his early

years doing stand-up. Readers are also treated to several graphic elements, including a vampire tale for the rest of us and some greeting cards with a special touch. Then there’s the book’s centerpiece, which posits that before all young creative minds have anything to write about, they will home in on one of three story lines: zombies, spaceships, or wastelands. Oswalt chose wastelands, and ever since he has been mining our society’s wasteland for perversion and excess, pop culture and fatty foods, indie rock and single-malt scotch. *Zombie Spaceship Wasteland* is an inventive account of the evolution of Patton Oswalt’s wildly insightful worldview, sure to indulge his legion of fans and lure many new admirers to his very entertaining “wasteland.”

Gaines is a self-described “bourbon-guzzling, pill-popping, penis-addicted, workaholic, tattooed Jew” with a Ph.D. and a pistol permit. “A Misfit’s Manifesto” is about living with the contradictions. This is how she did it, and found God in all the unlikely places—like Ramones songs.

Alison Hart is a medium by trade. But her ability to communicate with spirits is a torment rather than a gift. Behind her plump, smiling and bland public persona is a desperate woman. Her days and nights are haunted by the men she knew in her childhood, the thugs and petty criminals who preyed upon her hopeless, addled mother, Emmie. And the more she tries to be rid of them, the stronger and nastier they become.

Beyond Black Simon and Schuster

NATIONAL BESTSELLER • From the Pulitzer Prize-winning author of *The Goldfinch* comes an utterly riveting novel set in Mississippi of childhood, innocence, and evil. • “Destined to become a special kind of classic.” —The New York Times Book Review The setting is Alexandria, Mississippi, where one Mother’s Day a little boy named Robin Cleve Dufresnes was found hanging from a tree in his parents’ yard. Twelve years later Robin’s murder is still unsolved and his family remains devastated. So it is that Robin’s sister Harriet—unnervingly bright,

insufferably determined, and unduly influenced by the fiction of Kipling and Robert Louis Stevenson—sets out to unmask his killer. Aided only by her worshipful friend Hely, Harriet crosses her town’s rigid lines of race and caste and burrows deep into her family’s history of loss. Filled with hairpin turns of plot and “a bustling, ridiculous humanity worthy of Dickens” (The New York Times Book Review), *The Little Friend* is a work of myriad enchantments by a writer of prodigious talent.

LOOKING FOR A KISS McGraw-Hill

Humanities, Social Sciences & World Languages

For decades the suburbs have been where art happens despite: despite the conformity, the emptiness, the sameness. Time and again, the story is one of gems formed under pressure and that resentment of the suburbs is the key ingredient for creative transcendence. But what if, contrary to that, the suburb has actually been an incubator for distinctly American art, as positively and as surely as in any other cultural hothouse? Mixing personal experience, cultural reportage, and history while rejecting clichés and

pieties and these essays stretch across the country in an effort to show that this uniquely American milieu deserves another look.

The Rabbit Hutch HarperCollins Canada

Poetry. "Inhabiting the space between elegy and prophecy, Marty Cain's poem floats in a drowning country parallel to the United States of America. Where loss flickers at the edge of each frame, 'the earth turns itself inside out' like a teenager in a dreamscape, baptized in tears."--Lucas de Lima "If Holden Caulfield had acid-tripped on friendship and death in the aughts--if he'd then fallen through a therapy-hole to ride shotgun in a dark-energy jalopy--he might have dreamed this long, wild narrative lit up on uncertainty and sex. To steal a phrase from Cain: this poem has risen from the dead to eat lesser poems. It glows."--Cathy Wagner

Teenage Wasteland Simon and Schuster

In an energy-starved future, Richard Hampton's world is blown apart when his younger brother Danny disappears and the police are too busy trying to keep a lid on a hungry, overcrowded city to search for him. Richard has to make the

transformation from bookish nerd to street-smart warrior to survive when he jumps the "Food Train" for the disintegrating suburbs in a desperate search for Danny and his dog, Zonk. Branded a criminal by a community of outcasts and condemned to death, Richard is rescued by streetwise Carrie, who joins in his search. As they trek across the remnants of suburbia, facing criminal gangs, renegade militias, and the hardships of the road, their friendship evolves into something more. The trail finally unwinds at a deserted complex in the remotest corner of the suburbs. The incredible secret they uncover there will alter their lives and their world forever. *The Rising* Farrar, Straus and Giroux "You're hooked, you feel every cut, grope up every cliff, swallow water with every spill of the canoe, sweat with every draw of the bowstring. Wholly absorbing [and] dramatic."—Harper's Magazine The setting is the Georgia wilderness, where the states most remote white-water river awaits. In the thundering froth of that river, in its echoing stone canyons, four men on a canoe trip discover a freedom and exhilaration beyond compare. And

then, in a moment of horror, the adventure turns into a struggle for survival as one man becomes a human hunter who is offered his own harrowing deliverance. Praise for *Deliverance* "Once read, never forgotten."—Newport News Daily Press "A tour de force . . . How a man acts when shot by an arrow, what it feels like to scale a cliff or to capsize, the ironic psychology of fear: these things are conveyed with remarkable descriptive writing."—The New Republic "Freshly and intensely alive . . . with questions that haunt modern urban man."—Southern Review "A fine and honest book that hits the reader's mind with the sting of a baseball just caught in the hand."—The Nation "[James Dickey's] language has descriptive power not often matched in contemporary American writing."—Time "A harrowing trip few readers will forget."—Asheville Citizen-Times "A novel that will curl your toes . . . Dickey's canoe rides to the limits of dramatic tension."—New York Times Book Review "A brilliant and breathtaking adventure."—The New Yorker *Teenage Wasteland* Vintage Dismissed by critics and academics, condemned by parents and politicians,

and fervently embraced by legions of fans, heavy metal music continues to attract and embody cultural conflicts that are central to society. In *Running with the Devil*, Robert Walser explores how and why heavy metal works, both musically and socially, and at the same time uses metal to investigate contemporary formations of identity, community, gender, and power. This edition includes a new foreword by Harris M. Berger contextualizing the work and a new afterword by the author. Ebook Edition Note: Ebook edition note: all photographs (16) have been redacted. [It's Complicated](#) University of Chicago Press

Discusses how young women use the punk subculture for empowerment and self-identification, constructing their own version of femininity from the ingredients of the style. The book is based in part on the author's own reminiscence of a punk girlhood, as well as interviews with 40 punk girls and women between the ages of 14 and 37 in a handful of cities throughout North America. Sacred Heart NYU Press

Now featuring never-before-seen material, the “brilliantly realized” (The New York Times Book Review) breakthrough novel from visionary author Neal Stephenson, a modern classic that predicted the metaverse and inspired generations of Silicon Valley innovators Hiro lives in a Los Angeles where franchises line the freeway as far as the eye can see. The only relief from the sea of logos is within the

autonomous city-states, where law-abiding citizens don’t dare leave their mansions. Hiro delivers pizza to the mansions for a living, defending his pies from marauders when necessary with a matched set of samurai swords. His home is a shared 20 X 30 U-Stor-It. He spends most of his time goggled in to the Metaverse, where his avatar is legendary. But in the club known as The Black Sun, his fellow hackers are being felled by a weird new drug called

Snow Crash that reduces them to nothing more than a jittering cloud of bad digital karma (and IRL, a vegetative state). Investigating the Infocalypse leads Hiro all the way back to the beginning of language itself, with roots in an ancient Sumerian priesthood. He’ll be joined by Y.T., a fearless teenaged skateboard courier. Together, they must race to stop a shadowy virtual villain hell-bent on world domination.
