Shambhala Publications
Architect and author Chapin describes existing pocket neighborhoods and co-housing communities while providing inspiration for creating new ones.
The Pocket Emily Dickinson Simon and Schuster
Charles Darwin, George Washington Carver, and Jane Goodall were once

curious kids with pockets full of treasures! When you find something strange and wonderful, do you put it in your pocket? Meet nine scientists who, as kids, explored the great outdoors and collected "treasures": seedpods, fossils, worms, and more. Observing, sorting, and classifying their finds taught these kids scientific skills--and sometimes led to groundbreaking discoveries. Author Heather Montgomery has all the science flair of a new Bill Nye. Book includes the Heather's tips for responsible collecting.
The Shape of a Pocket Hampton Roads

Publishing

By the author of 2021 Pura Belpré Honor Book *The Total Eclipse of Nestor Lopez*, a sweeping, emotional middle grade historical novel about a twelve-year-old boy who leaves his family in Cuba to immigrate to the U.S. by himself, based on the author's family history. "I don't remember. Tell me everything, Pepito. Tell me about Cuba." When the failed Bay of Pigs invasion in 1961 solidifies Castro's power in Cuba, twelve-year-old Cumba's family makes the difficult decision to send him to Florida alone. Faced with the

prospect of living in another country by himself, Cumba tries to remember the sound of his father's clarinet, the smell of his mother's lavender perfume. Life in the United States presents a whole new set of challenges. Lost in a sea of English speakers, Cumba has to navigate a new city, a new school, and new freedom all on his own. With each day, Cumba feels more confident in his new surroundings, but he continues to wonder: Will his family ever be whole again? Or will they remain just out of reach, ninety miles across the sea? A Kirkus Best Children's Book of the Year "...Cuevas' latest is a triumph of the heart...A compassionate, emotionally astute portrait of a young Cuban in exile." —Kirkus, STARRED REVIEW "Cuevas' intense and immersive account of a Cuban boy's experience after the failed Bay of Pigs Invasion brings a specific point in history alive." —Booklist, STARRED REVIEW "Cuevas packs this sophomore novel with palpable emotions and themes of friendship, love, longing, and trauma, attentively conveying tumultuous historical events from the lens of one young refugee." — Publishers Weekly, STARRED REVIEW

A Happy Pocket Full of Money Bloomsbury Publishing
The reason why Melody just laughed it off about the items she bought being magic. She thought Mr. Lee was just making small talk. She finds out later that her pockets really are magic. Mr. Lee could have told her that the pockets were magic. But they're only magical if the owner's heart is good and because Melody is good ...the pockets are magical. The same way if the owner's heart has bad intention to do wrong. Then their pockets will have no reaction. They would just be regular old pockets with no meaning. So make your pockets shine and filled them up with good things. Even if you just put a pen in your pocket. You will never know when someone needs something to write with. They may not need one today. But, you are doing good because you are putting good and useful things in your pockets for others. That's a great way to start *Pockets* Storytime Ink International
A Happy Pocket Full of Money, first self-published in 2001, so impressed Rhonda Byrne, that she asked David Gikandi to become a consultant on *The Secret*. In *A Happy Pocket Full of Money*, Gikandi

explains that true wealth is not about having buckets of cash, but rather understanding the value within. True wealth flows out of developing "wealth consciousness," that incorporates gratitude, a belief in abundance, and an ability to experience joy in life. He explores how recent discoveries in theoretical physics are relevant for the creation of personal wealth and shows readers how to create abundance by saving, giving, offering charity, and building happy relationships. *A Happy Pocket Full of Money* features: --How to use an internal mantra to build wealth consciousness. --How to be conscious and deliberate about your thoughts and intentions. --How to decide, define, and set goals you can believe in. --How to act on your beliefs and overcome challenges. --How to incorporate gratitude, giving, and faith to experience abundance and joy in life. This inspirational book will change how you view and create money, wealth, and happiness in your life.

This is a short children's storybook.

Pockets," noticed that a little girl was running so fast and slipped on a banana peel. And somehow made a boo-boo on her knee. Don't you know that she had started crying?

The Dry-rot of Incense Cedar Knopf Books for Young Readers

Why, even in the same high-crime neighborhoods, do robbery, drug dealing, and assault occur much more frequently on some blocks than on others? One popular theory is that a weak sense of community among neighbors can create conditions more hospitable for criminals, and another proposes that neighborhood disorder—such as broken windows and boarded-up buildings—makes crime more likely. But in his innovative new study, Peter K. B. St. Jean argues that we cannot fully understand the impact of these factors without considering that, because urban space is unevenly developed, different kinds of crimes occur most often in locations that offer their perpetrators specific advantages. Drawing on Chicago Police Department statistics and extensive interviews with both law-abiding citizens and criminals in one of the city's highest-crime areas, St. Jean demonstrates that

drug dealers and robbers, for example, are primarily attracted to locations with businesses like liquor stores, fast food restaurants, and check-cashing outlets. By accounting for these important factors of spatial positioning, he expands upon previous research to provide the most comprehensive explanation available of why crime occurs where it does.

Cuba in My Pocket Algonquin Books

A stranger arrives at a remote village and becomes the tailor, sewing magical embroidered scenes into the pockets of their plain clothes, which transforms their humdrum lives forever.

[Dept. Bulletins \[on Forestry\]](#) World Health Organization

John Newbery (1713-1767) was a British publisher of books who first made children's literature a sustainable and profitable part of the literary market. He also supported and published the works of Christopher Smart, Oliver Goldsmith and Samuel Johnson. In honour of his achievements in children's publishing, the Newbery Medal was named after him. By 1740 he had started publishing books in Reading, Berkshire; his first two publications were an edition of Richard

Allestree's *The Whole Duty of Man and Miscellaneous Works Serious and Humerous in Verse and Prose*. In 1743, Newbery left Reading, putting his stepson John Carnan in charge of his business there, and established a shop in London. The first book he published there was *A Little Pretty Pocket-Book* in 1744. Scholars have speculated that Oliver Goldsmith or Giles and Griffith Jones wrote one of Newbery's best-selling stories, *The History of Little Goody Two-Shoes*. This was Newbery's most popular book, going through 29 editions between 1765 and 1800. Newbery also published a series of books written by "Tom Telescope" that were wildly popular, going through seven editions between 1761 and 1787 alone.

A consequence of this reduction can be that the sewer system is not drained fast enough.

Pocket Neighborhoods Hal Leonard Corporation

The circulation of a mere rumor that the Morgan interests are accumulating Steel or that the Standard Oil crowd is getting out of St. Paul is sure at any time to create

a market following. Most of the tips that are hawked about the Street are based on the supposition that somebody-or-other of consequence is buying or selling certain stocks. I do not know of a single case where anyone has been able to make money consistently by following information of this character, even when the information comes to him first hand. - from "A Speculative Decision" In 1917, an insider at a Wall Street brokerage firm took a close look at his company's most active traders and analyzed their trades to glean the secrets of their success... and what he found is still applicable today. Writing pseudonymously, he here offers a wide range of sage advice about: .buying on the way down .determining trends .how a bull market starts .the correct use of stop orders .when and what to sell short .and more.

Botanical Gazette Charlesbridge Publishing

"Who knew the humble pocket could hold so much history? In this enthralling and always surprising account, Hannah Carlson turns the pocket inside out and out tumble pocket watches, coins, pistols, and a riveting centuries-long social and political

history." —Jill Lepore, author of *These Truths: A History of the United States* Pockets "showcases the best features of cultural history: a lively combination of visual, literary and documentary evidence. As sumptuously illustrated as it is learned ... this highly inventive and original book demands a pocket sequel." —Jane Kamensky, *Wall Street Journal* Who gets pockets, and why? It's a subject that stirs up plenty of passion: Why do men's clothes have so many pockets and women's so few? And why are the pockets on women's clothes often too small to fit phones, if they even open at all? In her captivating book, Hannah Carlson, a lecturer in dress history at the Rhode Island School of Design, reveals the issues of gender politics, security, sexuality, power, and privilege tucked inside our pockets. Throughout the medieval era in Europe, the purse was an almost universal dress feature. But when tailors stitched the first pockets into men's trousers five hundred years ago, it ignited controversy and introduced a range of social issues that we continue to wrestle with today, from concealed pistols to gender inequality. See:

#GiveMePocketsOrGiveMeDeath. Filled with incredible images, this microhistory of the humble pocket uncovers what pockets tell us about ourselves: How is it that putting your hands in your pockets can be seen as a sign of laziness, arrogance, confidence, or perversion? Walt Whitman's author photograph, hand in pocket, for *Leaves of Grass* seemed like an affront to middle-class respectability. When W.E.B. Du Bois posed for a portrait, his pocketed hands signaled defiant coolness. And what else might be hiding in the history of our pockets? (There's a reason that the contents of Abraham Lincoln's pockets are the most popular exhibit at the Library of Congress.) Thinking about the future, Carlson asks whether we will still want pockets when our clothes contain "smart" textiles that incorporate our IDs and credit cards. Pockets is for the legions of people obsessed with pockets and their absence, and for anyone interested in how our clothes influence the way we navigate the world.

Too Many Pockets Simon and Schuster So, you want to publish books. Drawing on 23 years of experience operating an independent publishing company, Joe Biel

has written the most accessible and comprehensive guide to running a successful publishing business. You'll learn all the skills of the trade, including how to: Develop your individual books to connect with readers on a practical and emotional level Choose between offset printed, digitally printed, and eBook formats and work effectively with printers Build an authentic niche so you can reach your audience and sell books directly Understand if and when you're ready to work with a distributor or large online retailer Create a budget and predict the cost and income of each book so your company stays in the black Decide what work you need to do yourself and what can be done by others Plan for sustainable growth Featuring interviews with other upstart independent publishers and funny anecdotes from publishing's long history as well as detailed charts and visuals, this book is intended both beginners looking for a realistic overview of the publishing or self-publishing process and for experienced publishers seeking a deeper understanding of accounting principles, ways to bring their books to new audiences, and how to advance their

mission in a changing industry. All readers will come away with the confidence to move forward wisely and a strong sense of why publishing matters today more than ever.

Pockets of Crime Farrar, Straus and Giroux (BYR)

The first in a series of amazing (and almost true) stories of a girl named Clara and her little black dog, Pockets. Each page is filled with large, brightly-colored original illustrations taken from watercolors painted by the author. "The "Pockets" books help teach children some small lessons about life: being happy, laughing, sharing, playing with others, and being a friend." In this adventure, Clara loses her happiness and it's up to Pockets to help her find it again.

A treasury of writings and teachings from the beloved Zen teacher Thich Nhat Hanh. Since Thich Nhat Hanh's exile from his native Vietnam in 1966, this Zen Buddhist monk has gone on to become one of the most influential and beloved spiritual masters of our age. The seeming simplicity of his words belies the power of this teaching to touch the heart and mind and

to inspire spiritual practice. These selections, taken from his many published works, together make up a concise introduction to all his major themes and distill his teachings on the transformation of individuals, relationships, and society. This book is part of the Shambhala Pocket Library series. The Shambhala Pocket Library is a collection of short, portable teachings from notable figures across religious traditions and classic texts. The covers in this series are rendered by Colorado artist Robert Spellman. The books in this collection distill the wisdom and heart of the work Shambhala Publications has published over 50 years into a compact format that is collectible, reader-friendly, and applicable to everyday life.

be surprised, thrilled and tickled pink by Angelica Sprocket's never-ending pockets, and the marvellous things she keeps in them!

What's in Your Pocket? DK Children

Whether fashionable or functional-or both-pockets are an important design detail that can enhance the aesthetic of your collection and improve the experience of the wearer. Whether it's for fashion design, construction, patternmaking or costume design, if you're looking to get the full picture on patch pockets, better command of the cargo, or more know-how on welts, this is your go-to resource. The Book of Pockets includes: - inspirational imagery, overlaid with flat patterns or zoom-ins of the pocket detail - comprehensive information on all things pocket, beginning with their long history and going all the way from workwear to activewear and couture - practical advice through interviews with fashion designers, curators, and technology developers a Pocket Flat Sketch Library appendix for quick reference, and - step-by-step construction tutorials, illustrated with flats throughout, showing you how to create nested pockets with gussets, invisible

zipper patch pockets, cascading pockets, and more. With consumers crying out for stylish, functional pockets, The Book of Pockets is the ultimate guide to help you successfully incorporate them into your designs.

Pockets IOS Press

A beautiful exploration of grief by one of the top selling poets in America. Anis Mojgani's In the Pockets of Small Gods explores what we do with grief, long after the initial sadness has faded from our daily lives: how we learn to carry it without holding it, how our joy and our pain touch, and at times need one another. His latest collection of poetry touches on many kinds of sorrow, from the suicide of a best friend to a broken marriage to the current political climate. Mojgani swings between the surreal imagery and direct vulnerability he is known for, all while giving the poems a direct frankness, softening whatever the weight may be. A book of leaves and petals as opposed to a book of stones, In the Pockets of Small Gods encapsulates the human experience in a way that is both deeply personal and astoundingly universal.
