To succeed today in email fundraising, you need to do more than just email your donors. You need to tell a compelling story that moves the reader emotionally to give. Raise More Money with Email will equip you to do just that. In this book, Jeremy shows you how to: Understand the elements of what goes into an email appeal Write an effective email appeal Create a repeatable process for producing high quality nonprofit fundraising campaigns Generate more email addresses for your fundraising Build a nonprofit email marketing program that gets results You may be creating your first nonprofit fundraising email campaign, or perhaps you want to learn more so that your next effort generates improved results. Either way, this book will help you write more effective appeals that get results. This book will help your NGO get more results from your email marketing program. What Others Say About Raise More Money with Email Jeremy Reis brilliantly reveals the secret to crafting an email appeal that inspires response. Breaking down each component and presenting clear examples, he delivers exactly what you and your marketing team need to know. Understand this type of appeal in the context of other activities. Learn about how to measure results and genuinely thank all those who respond. You need to buy the book and apply these proven best practices immediately! - Tami Heim, President & CEO, Christian Leadership Alliance It has been my privilege to work with Jeremy for quite a few years. We, at BBS, do respect Jeremy's high degree of professionalism and ability. Jeremy is unusual not just in his skills and perspective, but his willingness to keep his focus on his responses and relationships clear - not overwhelmed by fancy graphics or catering only to one generation. In this practical easy-to-use book, Jeremy will teach you how to write and work for response - he will help you communicate missionally with your donors and new friends while maximizing the bottom line. - Dale Berkey, President, BBS & Associates Jeremy's new book, Raise More Money with Email: Activate Digital Giving at Your Nonprofit, is a must read for any nonprofit leader seeking to find that digital stream of revenue that has escaped them to this point. I can highly recommend this book. His ideas around the importance of email to fundraising, urgency and the key to keeping the donor as the hero and at the center of the story will empower the reader to lift their response rates immediately. - Timothy L. Smith, former CDO, Museum of the Bible This book is gold; full of real-world insights and actionable items that is sure to give any nonprofit the tools and resources needed to effectively use email to fundraise. - Kyle Chowning, Full Cycle Marketing Jeremy Reis provides important information in email marketing trends and practical, easily implemented steps for the understaffed nonprofit marketer. He builds his case for why his methods work and then gives checklists and step-by-step directions to create effective campaigns. I plan to use his book to train staff and as a working reference to keep on track with creating well-performing email campaigns. - Renee Targos, Nonprofit Marketing Director I have known Jeremy to be relentless in his pursuit of understanding the methodologies of communicating to various

audiences. This work has nuggets that can take many ministries into a new platforms of development, measurement and growth. I can endorse Raise More Money with Email without reservation and hesitation. I encourage all those engaged in the work we call ministry to engage with these concepts as positive change will be the result. - Ossie Mills, VP of Communications and Marketing, ORU

Even as unemployment rates soared during the Great Depression, FDR's relief and social security programs faced attacks in Congress and the courts on the legitimacy of federal aid to the growing population of poor. In response, New Dealers pointed to a long tradition—dating back to 1790 and now largely forgotten—of federal aid to victims of disaster. In *The Sympathetic State*, Michele Landis Dauber recovers this crucial aspect of American history, tracing the roots of the modern American welfare state beyond the New Deal and the Progressive Era back to the earliest days of the republic when relief was forthcoming for the victims of wars, fires, floods, hurricanes, and earthquakes. Drawing on a variety of materials, including newspapers, legal briefs, political speeches, the art and literature of the time, and letters from thousands of ordinary Americans, Dauber shows that while this long history of government disaster relief has faded from our memory today, it was extremely well known to advocates for an expanded role for the national government in the 1930s, including the Social Security Act. Making this connection required framing the Great Depression as a disaster afflicting citizens though no fault of their own. Dauber argues that the disaster paradigm, though successful in defending the New Deal, would ultimately come back to haunt advocates for social welfare. By not making a more radical case for relief, proponents of the New Deal helped create the weak, uniquely American welfare state we have today—one torn between the desire to come to the aid of those suffering and the deeply rooted suspicion that those in need are responsible for their own deprivation. Contrary to conventional thought, the history of federal disaster relief is one of remarkable consistency, despite significant political and ideological change. Dauber's pathbreaking and highly readable book uncovers the historical origins of the modern American welfare state.

From the reinvention of French food through the fine dining revolution in America, Daniel Boulud has been a witness to and a creator of today's food culture. A modern improviser with a classical foundation (a little rock 'n' roll and a lot of Mozart, he'd say), he speaks with the authority that comes from a lifetime of preparing, presenting, and thinking about food—an ancient calling with universal resonance. In *Letters to a Young Chef*, Boulud speaks not only of how to make a career as a chef in today's world, but also of why one should want to do so in the first place. As he himself puts it, it is "a tasty life." The love of food and the obsession with flavors, ingredients, and techniques are the chef's source of strength, helping the young chef to survive and flourish during the long years of apprenticeship and their necessary sacrifices. Part memoir, part advice book, part cookbook, part reverie, this delicious new book will delight and enlighten chefs of all kinds, from passionate amateurs to serious professionals.

AN UNFORGETTABLE AFTER-GRAD takes the guesswork out of planning and operating one of the most important events in a graduation year - the all-night graduation party. Combining her many years of corporate event planning along with her desire to keep her own three teen graduates safe, Linda Hunter has developed an easy-to-understand and easy-to-use guidebook for volunteer committees to produce a successful and memorable After-Grad event. Designed for committee use, this practical guide provides a step-by-step, month-by-month approach, breaking down the almost year long process into a straightforward, uncomplicated and manageable project. Based on a systematic approach, this book includes: inspiration, along with tried and true ideas to help you design your own unforgettable event specific instructions and directions for each committee, eliminating planning guesswork a convenient monthly calendar of 'action items' to keep your committee on time and on track 26 essential, adaptable, easy-to-use, forms to make planning faster and easier. RAVE REVIEWS Finally there is help for those parent committees struggling with the organizing of their school's dry grad. I have worked with hundreds of grads over the past 25 years and seen the success and importance of celebrating the once-in-a-lifetime graduation in a safe and organized environment. Linda Hunter's book is what every grad committee needs - easy to use and comprehensive. Get it, you'll use it and you'll be glad you did! - Robert Mesmer, America's Grad Hypnotist direct from Princess Cruise Lines With her strong background in event planning, along with her incredible energy and huge commitment, this amazing woman has volunteered countless hours coordinating these very successful, safe and fun filled nights for the kids. Linda has established the "After-Grad" Template for new parent organizers, not just for Parkland Secondary, but for other high schools to learn from her talents and her experience. I hope her strong commitment for the positive and safe After-Grad goes on for years to come. - Heather McAughtrie, Catering and Conference Manager, UVic Students' Society, University of Victoria About the Author - LINDA HUNTER Linda Hunter has over 20 years of conference and event planning experience, and has successfully

produced five unforgettable After-Grad events for Parkland Secondary School, including the founding event in 2006. Linda lives in Sidney, British Columbia where she shares her heart and her home with her husband, 3 grown children and her mother, and where she remains open to possibility and dedicated to service. Her hope for all high school graduates is that they will embrace a safe dry After-Grad event so that their graduation really can be the time of their life and not the end of their lifetime.

This powerful call to arms offers a realistic vision for getting locally produced, healthy food onto everyone's table, "[blending] a passion for sustainable living with compassion for the poor" (Dr. Jane Goodall) In Closing the Food Gap, food activist and journalist Mark Winne poses questions too often overlooked in our current conversations around food: What about those people who are not financially able to make conscientious choices about where and how to get food? And in a time of rising rates of both diabetes and obesity, what can we do to make healthier foods available for everyone? To address these questions, Winne tells the story of how America's food gap has widened since the 1960s, when domestic poverty was "rediscovered," and how communities have responded with a slew of strategies and methods to narrow the gap, including community gardens, food banks, and farmers' markets. The story, however, is not only about hunger in the land of plenty and the organized efforts to reduce it; it is also about doing that work against a backdrop of ever-growing American food affluence and gastronomical expectations. With the popularity of Whole Foods and increasingly common community-supported agriculture (CSA), wherein subscribers pay a farm so they can have fresh produce regularly, the demand for fresh food is rising in one population as fast as rates of obesity and diabetes are rising in another. Over the last three decades, Winne has found a way to connect impoverished communities experiencing these health problems with the benefits of CSAs and farmers' markets; in Closing the Food Gap, he explains how he came to his conclusions. With tragically comic stories from his many years running a model food organization, the Hartford Food System in Connecticut, alongside fascinating profiles of activists and organizations in communities across the country, Winne addresses head-on the struggles to improve food access for all of us, regardless of income level.

Inspired by the reading and writing habits of citizens leading up to the French Revolution, *The Writing Public* is a compelling addition to the long-running debate about the link between the Enlightenment and the political struggle that followed. Elizabeth Andrews Bond scoured France's local newspapers spanning the two decades prior to the Revolution as well as its first three years, shining a light on the letters to the editor. A form of early social media, these letters constituted a lively and ongoing conversation among readers. Bond takes us beyond the glamorous salons of the intelligentsia into the everyday worlds of the craftsmen, clergy, farmers, and women who composed these letters. As a result, we get a fascinating glimpse into who participated in public discourse, what they most wanted to discuss, and how they shaped a climate of opinion. *The Writing Public* offers a novel examination of how French citizens used the information press to form norms of civic discourse and shape the experience of revolution. The result is a nuanced analysis of knowledge production during the Enlightenment. Thanks to generous funding from The Ohio State University Libraries and its participation in TOME (Toward an Open Monograph Ecosystem), the ebook editions of this book are available as Open Access (OA) volumes, available on the Cornell University Press website and other Open Access repositories.

Provides a wide-ranging entry point and intervention into scholarship on nineteenth-century American letter-writing This comprehensive study by leading scholars in an important new field—the history of letters and letter writing—is essential reading for anyone interested in nineteenth-century American politics, history or literature. Because of its mass literacy, population mobility, and extensive postal system, nineteenth-century America is a crucial site for the exploration of letters and their meanings, whether they be written by presidents and statesmen, scientists and philosophers, novelists and poets, feminists and reformers, immigrants, Native Americans, or African Americans. This book breaks new ground by mapping the voluminous correspondence of these figures and other important American writers and thinkers. Rather than treating the letter as a spontaneous private document, the contributors understand it as a self-conscious artefact, circulating between friends and strangers and across multiple genres in ways that both make and break social ties. Key Features Draws together different emphases on the intellectual, literary and social uses of letter writing Provides students and researchers with a means to situate letters in their wider theoretical and historical contexts Methodologically expansive, intellectually interrogative chapters based on original research by leading academics Offers new insights into the lives and careers of Louisa May Alcott, Charles Brockden Brown, Emily Dickinson, Frederick Douglass, Margaret Fuller, Henry James, Thomas Jefferson, Abraham Lincoln, Herman Melville, Harriet Beecher Stowe, and Edgar Allan Poe, among many others

The Seventh Edition of *Examples & Explanations for Professional Responsibility* is a thorough and comprehensive text that can be used by students as a study aid and by professional responsibility teachers as a class text. It covers the whole field of professional responsibility, focusing not only on the ABA Model Rules, but on the often-complex relationship between the rules and doctrines of agency, tort, contract, evidence, and constitutional law. Beginning with the formation of the attorney-client relationship, the book proceeds through topics including attorneys' fees, malpractice and ineffective assistance of counsel, confidentiality and privilege rules, conflicts of interest, witness perjury and litigation misconduct, advertising and solicitation, admission to practice, and the organization of the legal profession. Coverage includes all subjects that are tested on the Multistate Professional Responsibility Exam (MPRE), including judicial ethics, a subject tested on the MPRE and not often covered thoroughly, if at all, in law school professional responsibility courses; the ABA's simplification of the rules on advertising and solicitation; Model Rule 8.4(g) on discrimination in the practice of law; the California Supreme Court's Sheppard Mullin opinion on advance waivers of

conflicts, and continuing developments in the impact of technology on the practice of law. New to the Seventh Edition: Expanded coverage of developments in the law having to do with lawyering, including ABA rules, ethics opinions, and cases New and revised examples and explanations in many chapters Top-to-bottom comprehensive revision and updates of all areas of professional responsibility, with attention to areas that are particularly challenging for students (as well as many practicing lawyers!), such as conflicts of interest and privilege and confidentiality Professors and students will benefit from: A study aid that, without "teaching to the test," provides students with thorough preparation for the MPRE, which is the first licensing exam that many law students take MPRE-style multiple-choice questions in the Examples The depth and sophistication of the coverage

*Environmental Valuation in Developed Countries* will be of interest to policy makers and economist in search of a variety of methodologies related to environmental valuation. *Political Studies Review* This is the second of two volumes of case studies that illustrate how environmental economists place values on environmental assets and on the flows of goods and services generated by those assets. The first volume, *Valuing the Environment in Developing Countries*, illustrates methodologies and applications of valuation techniques in the developing world; this volume concentrates on developed or wealthy nations where the first examples of economic valuation of the environment were carried out. This important book assembles studies that discuss broad areas of application of economic valuation from amenity and pollution through to water and health risks, from forestry to green urban space. In this, his last book, the late David Pearce brought together leading European experts, contributors to some two dozen case studies exploring the frontiers of economic valuation of natural resources and environmental amenity in the developed world. Essays on the role of valuation in environmental policy, environmental justice and green accounts are presented, and case study topics include: valuing forestry benefits GM crops water use and quality externalities in the electricity sector renewable energy benefits electricity transmission line disamenity urban greenspace chemical risks noise pollution. Economic valuation has undoubtedly made an important contribution to the environmental debate, and the contributors illustrate how sophisticated techniques have become, and how powerful their application can be. As such, this significant volume will prove essential reading for academics, researchers, students and practitioners in the field of

environmental economics.

To survive and ultimately thrive, a nonprofit needs forceful revenue strategies and an organizational culture that champions them, and this book shows you just how to do it. Between government

cutbacks, shrinking endowments, and business belt-tightening, the nonprofit sector may end up being the biggest victim of today's unpredictable market that few even hear about. However, this does not mean that nonprofits aren't just as vital as before--if not more so--or that yours cannot receive the regular funding it needs to fulfill the mission you heroically set out to do. It's going to take the same type of advanced organizational and competitive strategies that the most successful for-profit businesses have utilized to remain atop the leader board. Bridging the gap between theory and practical methods, The Nonprofit Fundraising Solution shows you how to: Ensure that executive leadership and board dynamics fully support fundraising initiatives Build a broad constituency of donors aligned to the mission Determine the right level of funding diversification Use tactics such as challenge drives, stretch gifts, and corporate matching; parlor gatherings; leadership councils; year-end drives; corporate partnerships; and major campaigns to power revenue, increase access to wealthy donors, and raise their community profile Proactively encourage planned giving Avoid revenue plateaus Complete with stories of those who have done this exceptionally well, as well as "casebooks" of the strategies-in-action, The Nonprofit Fundraising Solution reveals how any nonprofit can implement advanced fundraising methods and secure the funds they need to excel.
