Imperial Leather chronicles the dangerous liaisons between gender, race and class that shaped British imperialism and its bloody dismantling. Spanning the century between Victorian Britain and the current struggle for power in South Africa, the book takes up the complex relationships between race and sexuality, fetishism and money, gender and violence, domesticity and the imperial market, and the gendering of nationalism within the zones of imperial and anti-imperial power.

Sasha Grey, rising adult film and pop-culture star, takes control in her new monograph "neu sex," moving out from in front of the camera to behind it, turning the lens on the wild world she inhabits. "When I first got into the adult industry, I decided to take my photography much more seriously. I

started taking a camera with me to capture my experiences on set, so it was a moment in time, a memory for myself--not the video that would be seen by thousands of people. On days where I was physically unable to capture an image, Ian, my fiance, became my third arm. He understands my aesthetic, or lack thereof. Ian is a photographer, yet the work in this book is quite different from his usual style. When you are so close with someone, there is a shorthand and true understanding of what the other person is trying to accomplish. If there's something I am physically unable to photograph, I can say one word and Ian can assist me with my vision. Ian can capture intimate moments with me that nobody can fabricate, because of our relationship. The strong sense of familiarity eliminates all boundaries between the subject and the photographer. "Documenting myself has almost become a necessity. "There are so many photos of me, taken by other people, that aesthetically I have no control over. Documenting myself allows me to reflect on the day, on the feelings I am having at that second. When you work in the entertainment industry, there are always surprises; there certainly isn't one day that is similar to the last. Personally, it's important to embrace this and appreciate it every day. "Still images vividly capture emotion, a second in

time that can be left open for interpretation by the viewer and the creator. I am inspired by the work of Cindy Sherman and Nan Goldin. Sherman's work continues to inspire me to develop certain characters. I figured if I am on set I might as well take advantage of my surroundings, and document my life in an exciting, untraditional manner. I look back at photos, and see how much I've grown, how my opinions have changed, and how they will continue to change." --Sasha Grey

Text in English, French & German. How beautiful are these pilose vulvas that are natural and hairy and not shaven bald. I feel happy whenever I see something beautiful. Many past cultures worshipped vulvas. And its no small wonder that today, vulvas have started again to unfold their magical charms, at least within the world of fine art. So it is that Paramonov's angels appear unashamed of their hairiness, act rather proud of their unshaven, natural beauty.

Malcolm Gladwell, host of the podcast Revisionist History and author of the #1 New York Times bestseller *Outliers*, offers a powerful examination of our interactions with strangers and why they often go wrong—now with a new afterword by the author. A Best Book of the Year: The Financial Times, Bloomberg, Chicago Tribune, and Detroit Free Press How did Fidel Castro fool the CIA for a generation? Why did Neville Chamberlain think he could trust Adolf Hitler? Why are campus sexual assaults on the rise? Do television sitcoms teach us something about the way we relate to one another that isn't true? Talking to Strangers is a classically Gladwellian intellectual adventure, a challenging and controversial excursion through history, psychology, and scandals taken straight from the news. He revisits the deceptions of Bernie Madoff, the trial of Amanda Knox, the suicide of Sylvia Plath, the Jerry Sandusky pedophilia scandal at Penn State University, and the death of Sandra Bland—throwing our understanding of these and other stories into doubt. Something is very wrong, Gladwell argues, with the tools and strategies we use to make sense of people we don't know. And because we don't know how to talk to strangers, we are inviting conflict and misunderstanding in ways that have a profound effect on our lives and our world. In his first book since his #1 bestseller *David and Goliath*, Malcolm Gladwell has written a gripping guidebook for troubled times.

With the publication of *On the Road* in 1957, Jack Kerouac became at once the spokesman and hero of the Beat Generation. Along with such visionaries as William S. Burroughs and Allen Ginsberg, Kerouac changed the face of American literature, igniting a counterculture revolution that even now, decades later, burns brighter than ever in *Desolation Angels*.

"No more romance," said the renowned erotic photographer Stefan Soell, after enjoying great success with his two lavish photographic volumes entitled "Alpenglow" and "Volcanic Girls." A completely new, modern style of portraying the nude was required, and Stefan has once more succeeded convincingly. He searched for the right type of woman to match his vision for three long years, finally settling on something between the young, successful, cool businesswoman and glamorous movie star. Oozing beauty, of course, fantastically built, with a confident, cheeky appearance, and unashamedly flaunting their sex appeal. Soell has discovered more than 16 completely new, never-seen-before faces, and managed to fit all their glorious nudity into the unprecedented environment of finest, ultra-modern, minimalist architecture. The contrast between the wonderful, warm skin tones, sensual body shapes and the cool, modern architecture could not be greater, and the very unusual combination of hot eroticism and cool design increases the attraction of this volume of photos immensely."

A haunting tribute to the heroic pioneers who shaped the American Midwest This powerful novel by Willa Cather is considered to be one of her finest works and placed Cather in the forefront of women novelists. It tells the stories of several immigrant families who start new lives in America in rural Nebraska. This powerful tribute to the quiet heroism of those whose struggles and triumphs shaped the American Midwest highlights the role of women pioneers, in particular. Written in the style of a memoir penned by Antonia's tutor and friend, the book depicts one of the most memorable heroines in American literature, the spirited eldest daughter of a Czech immigrant family, whose calm, quite strength and robust spirit helped her survive the hardships and loneliness of life on the Nebraska prairie. The two form an enduring bond and through his chronicle, we watch Antonia shape the land while dealing with poverty, treachery, and tragedy. "No romantic novel ever written in America...is one half so beautiful as My Antonia." -H. L. Mencken Willa Cather (1873-1947) was an American writer best known for her novels of the Plains and for *One of Ours*, a novel set in World War I, for which she was awarded the Pulitzer Prize in 1923. She was elected a fellow of the American Academy of Arts and Sciences in 1943 and received the gold medal for fiction from the National Institute of Arts and Letters in 1944, an award given once a decade for an author's total accomplishments. By the time of her death she had written twelve novels, five books of short stories, and a collection of poetry.

*Hell's Angels* Little, Brown

Bataille's first novel, published under the pseudonym 'Lord Auch', is still his most notorious work. In this explicit pornographic fantasy, the young male narrator and his lovers Simone and Marcelle embark on a sexual quest involving sadism, torture, orgies, madness and defilement, culminating in a final act of transgression. Shocking and sacrilegious, *Story of the Eye* is the fullest expression of Bataille's obsession with the closeness of sex, violence and death. Yet it is also hallucinogenic in its power, and is one of the erotic classics of the twentieth century.

Men have been coming to Thailand for many years now to enjoy the infamous night-life of cities like Pattaya, Bangkok and Phuket and to experience the girls that work in the thousands of bars around them. Some have found out to their cost that there are devils amongst the young women that ply their trade in the neon-lit forests of the country and others have been lucky enough to have discovered angels. Peter Jaggs has spent the best part of the past thirty years in Thailand and his previous books about the characters and locations on the seedier side of the streets of Thailand

have reached best selling status in their respective categories on Amazon's lists as well as those of other distributors and have sold thousands of copies to date. His first work, 'From Beggar to Butterfly,' was described by the legendary Bernard Trink in a review in the Bangkok Post as one of the best books on Pattaya written. 'Thailand Bar-girls; Angels and Devils,' is in the same genre and written in very much the same style. During more than a quarter of a century in Pattaya the author has seen and heard many tales of true love, deception and even murder and death, with Thailand's bar-girls taking the part of the main players. This book contains the very best of them. Many of the stories are funny and others are heart-warming. Some are distressing and one or two are bizarrely insane. Once again, the author has produced another work that is a must-read for anyone intending to take a stroll down the bright lights of Thailand's night-streets and it will give those who read it an unparalleled insight into the world of the country's good-time girls and hookers that will prove invaluable for anybody planning a close encounter with Thailand's bar-girls, and the angels and devils amongst them. 'Peter Jaggs is a highly skilled writer supremely confident in his craft' Daniel Schwartz, Pattaya Trader Magazine 'Jaggs is a rare kind of ex-pat, not only relishing the atmosphere of Pattaya and its charming women but he can communicate the romantic ups and downs with a perfectly targeted common touch' Richard Ravensdale, Vice President Pattaya ex-pats club

*The Claiming of Iris, the Sweet Angel of Hope* Random House

Gonzo journalist and literary roustabout Hunter S. Thompson flies with the angels—Hell's Angels, that is—in this short work of nonfiction. "California, Labor Day weekend . . . early, with ocean fog still in the streets, outlaw motorcyclists wearing chains, shades and greasy Levis roll out from damp garages, all-night diners and cast-off one-night pads in Frisco, Hollywood, Berdoo and East Oakland, heading for the Monterey peninsula, north of Big Sur. . . The Menace is loose again." Thus begins Hunter S. Thompson's vivid account of his experiences with California's most notorious motorcycle gang, the Hell's Angels. In the mid-1960s, Thompson spent almost two years living with the controversial Angels, cycling up and down the coast, reveling in the anarchic spirit of their clan, and, as befits their name, raising hell. His book successfully captures a singular moment in American history, when the biker lifestyle was first defined, and when such countercultural movements were electrifying and horrifying America. Thompson, the creator of Gonzo journalism, writes with his usual bravado, energy, and brutal honesty, and with a nuanced and incisive eye; as *The New Yorker* pointed out, "For all its uninhibited and sardonic humor, Thompson's book is a thoughtful piece of work." As illuminating now as when originally published in 1967, Hell's Angels is a gripping portrait, and the best account we have of the truth behind an American legend.

Ammonite Press unveils a series of four picture books, compiled from the archives of the classic girlie magazines, *Fiesta* and *Knave*, which celebrates an age when glamour photography strove more for artistic ideals and risqué titillation than the sexually explicit top-shelf titles of today. The bevy of beauties that graces the pages of these four books illustrates the changing faces and bodies of the glamour model over four decades, from the demure to the titillating, the seductive to the steamy, the erotic to the raunchy. Each title features almost three hundred photographs, all with whimsical yet reverential captions describing the girls, the sets, the poses, and the props."
