Stories from Aulus Gellius BoD - Books on Demand

Selections from Aulus Gellius' Attic Nights, The Lives of Nepos, Phaedrus' Fables in verse, and some Caesar are carefully aimed to interest and challenge, but not overtax, the college student who is not yet ready for complicated readings in Latin.

Brill's Companion to the Reception of Plutarch Oxford Paperbacks

Lactantius has always commanded respect and admiration for his Latinity, but of his numerous works on various subjects only his Christian writings survive. He lived (c. AD 240-320) in an age of bureaucracy, inflation and narrow-minded ideology when civilized men had lost confidence in their world and when powerful forces were threatening the very existence and freedom of the Roman way of life. At such a time of crisis, with all the resources of the classical inheritance behind him, he turned to the god of the Christians. This makes his writing all the more significant for us today. Lactantius was not a great thinker, but he is very representative of his times, and he is perhaps the most Classical of all early Christian writers. This study provides a detailed analysis of his literary background and of the books that he actually read.

The Beginnings of Rome Oxford University Press, USA

Brill's Companion to the Reception of Plutarch offers the first comprehensive analysis of Plutarch's rich reception history from the high Roman Empire, Late Antiquity and Byzantium to the Renaissance, Enlightenment, and the modern era, across various cultures in Europe, America, North Africa, and the Middle East.

Easy Latin for Sight Reading for Secondary Schools OUP Oxford

A student-friendly introduction to Latin Learning Latin can prove daunting even to the brightest students. But this innovative text draws students into the story of Rome and lets Virgil and Livy lead the way in learning declensions and conjugations. Latin Alive and Well is a classroom-tested textbook consisting of 36 units. It is

designed for both high school and university classes, in both two-semester courses and intensive one-semester courses. Clear and direct, it avoids lengthy explanations in teaching grammar, instead introducing modern students to this venerable language by focusing on exercises and translations that make fine points of grammar more readily understandable. P. L. Chambers presents essential elements of grammar in a way that enables students to read classical authors immediately, introducing them to a passage from Virgil as early as the fifth chapter. In addition to using selected readings in Roman mythology, history, and philosophy to illustrate grammatical points, she has adopted an informal, encouraging tone, with a healthy dose of humor when appropriate. *Latin Alive and Well* is written so simply that students with no previous exposure to a foreign language can understand and learn the grammatical concepts. Previously available only in privately published editions, it has been used nationwide.

The Attic Nights of Aulus Gellius

Manchester University Press

What do the bizzare etymologies of Jean-Pierre Brisset, made-up languages for literary fiction, *The Dialectic of Enlightenment*, Latin grammarians, Horace's Epodes, and the Papyrus of Ani have in common? Absolutely nothing. Yet, taken together they provide an unusually coherent picture of a hitherto unacknowledged non-tradition of linguistic investigation. At these moments, particularly within the traditions of European writing which can loosely be termed "avant-garde," philology goes rogue, hearkening to unearthly imperatives and barely comprehended intimations, and producing results well beyond those generated by more respectable - and supposedly more grounded - philological endeavors. 'Pataphilology: An Irreader seeks to document and analyze such moments of philological speculation, invention, and détournement. In using the term 'pataphilology, Gurd and van Gerven Oei are not proposing a facile analogy with 'pataphysics, where 'pataphilology would be philology's wacky twin, always out for a lark, never doing anything real. This would presuppose an operation (even if parenthetical) on philology analogous to a shift from physics to 'pataphysics, something which Alfred Jarry, to whom this volume owes the latter neologism, appears to contradict in his initial definition: "Pataphysics [...] is the science of that which is superinduced upon metaphysics, whether within or beyond

the latter's limitations, extending as far beyond metaphysics as the latter extends beyond physics." Any way you cut it, 'pataphysics is a physics that demands -- or, better, that relies on -- an utmost philological sensitivity to writing, unheard etymologies, unstable translations, incomplete formalizations, and haphazard decryptations. This volume seeks, then, to document how philological practices -- no matter how non-standard, disreputable, or academically useless -- have played a role in the production of avant-garde literature and knowledge, as well as forgotten, alternative, or fictitious scholarly projects. Ranging from the papyrus of Ani to the future languages of speculative fiction, from the fictional tablets of Armand Schwerner to the Attic Nights of Aulus Gellius, from Horace to Lacan, 'Pataphilology: An Irreader is a cabinet of philological curiosity -- and a map of the ever-changing constellations that emerge when human language loses its chains. *Cicero's De Provinciis Consularibus Oratio* Delphi Classics

Brill's Companion to the Reception of Socrates, edited by Christopher Moore, provides three-dozen studies of nearly 2500 continuous years of philosophical and literary engagement with Socrates as innovative intellectual, moral exemplar, and singular Athenian.

The Attic Nights of Aulus Gellius Routledge This classroom-tested, accessible text will motivate second-year Latin students to continue their study. Aulus Gellius, a well-educated nobleman, began his observations during the long winter nights spent in Attica. These selections touch on diverse aspects of Roman culture and can be easily understood and translated by intermediate students.

Attic Nights OUP Oxford

Noting previously unrecognized allusions to literary works and contemporary events, this book presents an original portrait of the miscellanist Aulus Gellius ("Attic Nights") as a satirical writer and a Roman intellectual working within the cultural milieu of Antonine Rome.

Remnants of Early Latin BRILL

Using the results of archaeological techniques, and examining methodological debates, Tim Cornell provides a lucid and authoritative account of the rise of Rome. *The Beginnings of Rome* offers insight on major issues such as: Rome's relations with the Etruscans the conflict between patricians and plebeians the causes of Roman imperialism the growth of slave-based economy. Answering the need for raising acute questions and providing an analysis of the many different kinds of archaeological evidence with literary

sources, this is the most comprehensive study of the subject available, and is essential reading for students of Roman history.

Emotion and Peace of Mind Society for Classical Studies

Professor Roger Woodard brings together a group of the world's most authoritative scholars of classical myth to present a thorough treatment of all aspects of Greek mythology. Sixteen original articles guide the reader through all aspects of the ancient mythic tradition and its influence around the world and in later years. The articles examine the forms and uses of myth in Greek oral and written literature, from the epic poetry of 8th century BC to the mythographic catalogues of the early centuries AD. They examine the relationship between myth, art, religion and politics among the ancient Greeks and its reception and influence on later society from the Middle Ages to present day literature, feminism and cinema. This Companion volume's comprehensive coverage makes it ideal reading for students of Greek mythology and for anyone interested in the myths of the ancient Greeks and their impact on western tradition.

Classics: A Very Short Introduction

University of Chicago Press

Richard Sorabji presents a study of ancient Greek views of the emotions and their influence on subsequent theories and attitudes, pagan and Christian. It examines what emotion is and how one copes with emotions and establish peace of mind.

The Attic Nights of Aulus Gellius; Volume 3 Oxford University Press

Explores the relationship between the contemporary world and the ancient one.

The Attic Nights of Aulus Gellius Univ of Wisconsin Press

Perhaps no other single Roman speech exemplifies the connection between oratory, politics and imperialism better than Cicero's *De Provinciis Consularibus*, pronounced to the senate in 56 BC. Cicero puts his talents at the service of the powerful triumviri (Caesar, Crassus and Pompey), whose aims he advances by appealing to the senators' imperialistic and chauvinistic ideology. This oration, then, yields precious insights into several areas of late republican life: international relations between Rome and the provinces (Gaul, Macedonia and Judaea); the senators' view on governors, publicani (tax-farmers) and foreigners; the dirty mechanics of high politics in the 50s, driven by lust for domination and money; and Cicero's own role in that political choreography. This speech also

exemplifies the exceptional range of Cicero's oratory: the invective against Piso and Gabinius calls for biting irony, the praise of Caesar displays high rhetoric, the rejection of other senators' recommendations is a tour de force of logical and sophisticated argument, and Cicero's justification for his own conduct is embedded in the self-fashioning narrative which is typical of his post reditum speeches. This new commentary includes an updated introduction, which provides the readers with a historical, rhetorical and stylistic background to appreciate the complexities of Cicero's oration, as well as indexes and maps.

Pataphilology: An Irreader Oxford University Press

Aulus Gellius originated the modern use of 'classical' and 'humanities'. His Attic Nights, so named because they began as the intellectual pastime of winter evenings spent in a villa outside Athens, are a mine of information on many aspects of antiquity and a repository of much early Latin literature which would otherwise be lost; he took a particular interest in questions of grammar and literary style. The whole work is interspersed with interesting personal observations and vignettes of second-century life that throw light on the Antonine world. In this, the most comprehensive study of Gellius in any language, Dr Holford-Strevens examines his life, his circle of acquaintances, his style, his reading, his scholarly interests, and his literary parentage, paying due attention to the text, sense, and content of individual passages, and to the use made of him by later writers in antiquity, the Middle Ages, the Renaissance, and more recent times. It covers many subject areas such as language, literature, history, law, rhetoric, medicine; light is shed on a wide range of problems in Greek as well as Latin authors, either in the main text or in the succinct but wide-ranging footnotes. In this revised edition every statement has been reconsidered and account taken of recent work by the author and by others; an appendix has been added on the relation between the literary trends of Latin (the so-called archaizing movement) and Greek (Atticism) in the second century AD, and more space has been given to Gellius' attitudes towards women, as well as to recurrent themes such as punishment and embassies. The opportunity has been taken to correct or excise errors, but otherwise nothing has been removed unless superseded by more recent publications.

Latin Alive and Well University of Oklahoma Press

Composed during the nights of an Attic winter, the sole surviving work of Aulus Gellius, the second century Latin author and grammarian, is an intriguing compendium of notes covering philosophy, history, biography and questions of grammar. 'Attic Nights' offers a valuable insight into the works of lost authors and the manners and occupations of Roman society. Delphi's Ancient Classics series provides eReaders with the wisdom of the Classical world, with both English translations and the original Latin texts. This comprehensive eBook presents Aulus Gellius' complete extant works, with relevant illustrations, informative introductions and the usual Delphi bonus material. (Version 1) * Beautifully illustrated with images relating to Aulus Gellius' life and works * Features the complete extant works of Aulus Gellius, in both English translation and the original Latin * Concise introductions to the 'Attic Nights' * Includes John C. Rolfe's translation previously appearing in the Loeb Classical Library edition of Aulus * Excellent formatting of the texts * Easily locate the sections you want to read with individual contents tables * Provides a special dual English and Latin text, allowing readers to compare the sections paragraph by paragraph - ideal for students * Features a bonus biography - discover Aulus Gellius' ancient world * Scholarly ordering of texts into chronological order and literary genres Please visit www.delphiclassics.com to explore our range of Ancient Classics titles or buy the entire series as a Super Set

The Attic Nights of Aulus Gellius University of Chicago Press
The second year of Latin instruction can be the most difficult for student and teacher alike. Students must remember a seemingly endless array of grammatical rules and vocabulary, and often the material to be translated seems dull and lengthy beyond endurance. These problems have been overcome by P. L. Chambers with the help of one ancient Roman. Aulus Gellius, a well-educated nobleman, is best known today for a collection of observations titled *Noctes Atticae*, a project he began during the long winter nights he spent in Attica, the region of Greece where Athens is located. The selections chosen for this reader touch on diverse aspects of Roman culture and can

be easily understood and translated by intermediate students. A classroom-tested book, *The Attic Nights of Aulus Gellius* will motivate second-year students to continue their course of study while providing a much-needed alternative for Latin instructors seeking accessible textbooks for their students.

[The Library of Lactantius](#) BRILL

The study of Greco-Roman civilisation is as exciting and innovative today as it has ever been. This intriguing collection of essays by contemporary classicists reveals new discoveries, new interpretations and new ways of exploring the experiences of the ancient world. Through one and a half millennia of literature, politics, philosophy, law, religion and art, the classical world formed the origin of western culture and thought. This book emphasises the many ways in which it continues to engage with contemporary life. Offering a wide variety of authorial style, the chapters range in subject matter from contemporary poets' exploitation of Greek and Latin authors, via newly discovered literary texts and art works, to modern arguments about ancient democracy and slavery, and close readings of the great poets and philosophers of antiquity. This engaging book reflects the current rejuvenation of classical studies and will fascinate anyone with an interest in western history.

[Plautus: Amphitruo. Edited with notes by ... Thomas Cutt ... Introduction to the revised edition by Jacob E. Nyenhuis](#) Open Book Publishers

Aulus Gellius (c. 123-170 CE) offers in *Attic Nights* (Gellius began to write these pieces during stays in Athens) a collection of short chapters about notable events, words and questions of literary style, lives of historical figures, legal points, and philosophical issues that served as instructive light reading for cultivated Romans. Aulus Gellius (ca. 123-170 CE) is known almost wholly from his *Noctes Atticae*, *Attic Nights*, so called because it was begun during the nights of an Attic winter. The work collects in twenty books (of Book VIII only the index is extant) interesting notes covering philosophy, history, biography, all sorts of antiquities, points of law, literary criticism, and lexicographic matters, explanations of old words and questions of grammar. The work is valuable because of its many excerpts from other authors whose works are lost; and because of its evidence for people's manners and occupations. Some at least of the dramatic settings may be genuine occasions. The Loeb Classical Library edition of *Attic Nights* is in three volumes.

[The Attic Nights of Aulus Gellius](#)

Cambridge University Press

This is the first collection of essays in any language on Aulus Gellius; its contributors, both established and younger scholars, include Gellian experts looking out with specialists in other fields looking in; they

combine traditional and new approaches. Subjects range from the bilingual culture in which Gellius wrote, through his stylistic judgements, his skills in etymology and narrative, his relation to the antiquarian

tradition, the generic expectations of miscellany, his claim to educate his readers, the theory of 'Gellian humanism', and his attitude towards intellectuals, to his reception in the Middle Ages, the Renaissance, and the Scientific Revolution.
