 In this study, Alex Hon Ho Ip argues that when Paul wrote to Philemon about Onesimus, his main purpose was not to try and reunite, as is widely held, a runaway slave with his master, but rather to have Onesimus accepted as a beloved brother in Christ. By

examining the letter's inner texture, the author shows that Paul's main concern was for Philemon and Onesimus to be reconciled in brotherly love. The inter-textual weave reveals Paul's theological and ethical thoughts on love, which is the basis for the apostle's main argument. By taking a new institutional economics approach to help reconstruct the economic relationship between slave

and master, Alex Hon Ho Ip is able to offer a better understanding of the original relationship Paul argued against. With all this in mind, the focus is on re-reading the letter and hearing how Paul's rhetoric exhorts a new relationship between Onesimus and Philemon.

 For the first time ever, three pioneers in the field of acceptance and

commitment therapy (ACT) present an edited volume that outlines how the core ACT processes can be applied to religious and spiritual care approaches. If you are a clergy leader or pastoral counselor, people struggling with difficult situations or life traumas frequently turn to you for guidance. And while you're passionate about helping, you may be unprepared for counseling people with certain mental

health challenges. On the other hand, if you are a psychotherapist, you may need guidance in supporting your client's religious belief system in therapy. In either case, this book presents a powerful road map to help you provide the best care. In this book, you'll find a complete overview of ACT, as well as strategies for integrating ACT and issues related to spirituality. You'll also learn how the

core processes of ACT—such as commitment to change and values-based living—can be seamlessly tied into spiritual and religious counseling, no matter your faith or therapeutic background. By teaching you how to fuse conceptual psychological and spiritual principles, this book will provide you with the tools needed to enhance your counseling skill set. Letter from the

Publishing, Inc. The Encyclopedia of Italian Literary Studies is a two-volume reference book containing some 600 entries on all aspects of Italian literary culture. It includes analytical essays on authors and works, from the most important figures of Italian literature to little known authors and works that are influential to the field. The Encyclopedia

is distinguished by substantial articles on critics, themes, genres, schools, historical surveys, and other topics related to the overall subject of Italian literary studies. The Encyclopedia also includes writers and subjects of contemporary interest, such as those relating to journalism, film, media, children's literature, food and vernacular literatures. Entries consist

of an essay on the topic and a bibliographic portion listing works for further reading, and, in the case of entries on individuals, a brief biographical paragraph and list of works by the person. It will be useful to people without specialized knowledge of Italian literature as well as to scholars. Treasury of Alphabets and Lettering Mohr Siebeck Bess of Hardwick's Letters is the

first book-length study of the c. 250 letters to and from the remarkable Elizabethan dynast, matriarch and builder of houses Bess of Hardwick (c. 1527-1608). By surveying the complete correspondence, author Alison Wiggins uncovers the wide range of uses to which Bess put letters: they were vital to her engagement in the overlapping realms of politics, patronage, business, legal negotiation, news-gathering and domestic life. Much more than a case study of Bess's letters, the discussions of language, handwriting and materiality found here have fundamental implications for the way we approach and read Renaissance letters. Wiggins offers readings which show how Renaissance letters communicate d meaning through the interweaving linguistic, palaeographic and material forms, according to socio-historical context and function. The study goes beyond the letters themselves and incorporates a range of historical sources to situate circumstances of production and reception, which include Account Books, inventories, needlework and textile art and architecture.

The study is therefore essential reading for scholars in historical linguistics, historical pragmatics, palaeography and manuscript studies, material culture, English literature and social history. *The Invisible Touch* Ballantine Books Written by fundraising experts Tom Ahern and Simone Joyaux, *Keep Your Donors* is a new, winning guide to making

disappointing donor retention rates a thing of the past. This practical and provocative book will show you how to master the strategies and tactics that make fundraising communications profitable. Filled with case studies and based in part on the CFRE and AFP job analyses, *Keep Your Donors* is your definitive guide to getting new donors and keeping them for many years to

come. *The Complete Guide to Overcoming depression, low mood and other related problems* (ebook bundle) New Harbinger Publications Examinations of the culture - artistic, material, musical - of English monasteries in the six centuries between the Conquest and the Dissolution. The cultural remains of England's abbeys and priories have always attracted

scholarly attention but too often they have been studied in isolation, appreciated only for their artistic, codicological or intellectual features and not for the insights they offer into the patterns of life and thought - the underlying norms, values and mentalité - of the communities of men and women which made them. Indeed, the distinguished monastic historian David Knowles doubted there would ever be

sufficient evidence to recover "the mentality of the ordinary cloister monk". These twelve essays challenge this view. They exploit newly catalogued and newly discovered evidence - manuscript books, wall paintings, and even the traces of original monastic music - to recover the cultural dynamics of a cross-section of male and female communities. It is often claimed that

over time the cultural traditions of the monasteries were suffocated by secular trends but here it is suggested that many houses remained a major cultural force even on the verge of the Reformation. 2 Corinthians,  
a Letter about  
Reconciliation  
 Mohr Siebeck  
 Paul's first  
 letter to the  
 Corinthians  
 contains both  
 emphatic  
 warnings and  
 strong  
 statements of  
 assurance,  
 and the  
 relationship  
 between them  
 has often  
 puzzled  
 interpreters.  
 At times, it  
 sounds as if  
 Paul is  
 warning the

Corinthians  
 lest they  
 forfeit their  
 eschatological  
 salvation; at  
 others, it  
 sounds like he  
 is assuring  
 them that  
 they will not.  
 Attempts to  
 harmonise the  
 two stances  
 have often  
 ended up  
 nullifying the  
 warnings, or  
 the  
 assurances, or  
 both. In this  
 fresh analysis  
 of all the  
 relevant texts,  
 Andrew J.  
 Wilson  
 demonstrates  
 that Paul's  
 warnings and  
 assurances  
 stand in  
 tension with  
 each other,

and suggests  
 that this  
 tension is both  
 coherent, and,  
 in actual fact,  
 deliberate on  
 Paul's part.  
 Discussions of  
 perseverance  
 and apostasy  
 in Paul, grace  
 and works,  
 and the  
 relationship  
 between  
 divine and  
 human  
 agency, will all  
 now need to  
 reckon with  
 this important  
 contribution.

 The

relationship between God and Jesus is the means and the model for God's renewal of humanity. Jesus is the "firstborn" of God's future human society, but he will not be the last. God's purpose is to have a family made up of the completed and glorified humans we were always meant to become. What an exciting future God is planning for us! Human potential in the hands of God exceeds our wildest

imagination. Although Jesus's roles and titles are often seen as separating him from the rest of us humans, they actually embed him deeply in our humanity. Jesus was, is, and always will be one of us. Becoming completed humans like Jesus is a road we are called to travel, as we learn to increasingly depend upon God's promise to provide the gifts of forgiveness and empowerment . Let's take

the journey together with our brother who is "the Son of God" and "the Son of Man (Humanity)."  
Writing Business Letters Across Languages  
 Mohr Siebeck  
 The introduction of literary intertextuality into biblical studies has led to both discovery and dilemma. This study proposes new definitions of 'allusion' and 'echo' and a methodology on how to detect them, using the neglected

letter of Colossians as a test case.
