Going to the Mountain
TeNeues
For his first book, AJ
Jacobs read the entire

Encyclopedia Britannica.
For his second, he
followed every single rule
in the Bible. Now comes a
collection of his most
outrageous, hilarious and
thought-provoking
experiments yet. In My
Experimental Life Jacobs
puts himself to a series of
bizarre and ridiculous

tests, from total
obedience to his long-
suffering wife and 'Radical
Honesty', to living as a
beautiful woman and
outsourcing his personal
life to India (whether
sending an email, having
a weekly chat with his
parents or arguing with
his wife). Written by an

author who has been compared in the British press to Woody Allen and Bill Bryson, *The Guinea Pig Diaries* will be one of the funniest, most entertaining and most illuminating books of the year.

Illustrata Random House
 - A visually stunning book that approaches erotic photography from a female point of view, curated by Iman Whitfield
 - Features young and exciting photographers from around the globe - Celebrates the diversity of

female beauty and body confidence in the 21st century If you spend a reasonable amount of time online, chances are you may have stumbled across the phrase: **#SENDNUDES**. A staple of millennial lingo, the term is used to request sexually explicit photographs, typically over text messaging and dating apps. Over time, **#SENDNUDES** has also evolved into a meme, deployed as a common punchline in image and video internet jokes. Today, **#SENDNUDES** is

making another transition -- as the title of a carefully curated book of nude photography. In collaboration with Iman Whitfield, *MENDO* reached out to photographers all over the world and asked them to send their favorite shots of female sensuality and intimacy. The result is a visually stunning photo collection approaching erotic photography from a female point of view, celebrating the diversity of female beauty and body confidence, and teasing the delicate line

between that which is revealed and that which remains private. The featured images were sent from all over the world, from such highly skilled erotic photographers as Dennis Swiatkowski, Fauve Bouwman, and Paul Bellaart -- each bringing a distinctive style and approach to female sensuality, intimacy, and elegance.

My Experimental Life

'You empower yourself and then you reach out to others.' Uplifting life lessons from one of the

greatest leaders the world has ever known... through the eyes of the grandson whose life he changed forever. In his book *Going to the Mountain*, Ndaba Mandela shares the story of his coming-of-age alongside South Africa's rebirth. It is a remarkable journey, and one that took him from the violent, segregated Soweto ghettos to his grandfather's presidential home. As a young boy, Ndaba was constantly shunted from place to place. But at eleven years old he was unexpectedly

invited to live with his grandfather, Nelson Mandela, even though he had met him only once before, during a prison visit. And, slowly, they built a relationship that would affect both of them profoundly. Ndaba's teenage years were complicated, but as he approached his twenty-first birthday, Mandela decided that Ndaba was finally ready to 'go to the mountain' – a test of courage during which you become a man. At the end of this gruelling ritual journey, the elders of the

Mandela's tribe gathered and Ndaba's grandfather was there, as ever, to share his greatest life lessons. From Nelson Mandela, Ndaba learned the spirit of endurance, the triumph of forgiveness, the power of

resistance and the beauty of reconciliation. And as Mandela grew older, Ndaba had the chance to repay his grandfather's love and support by demonstrating the ways in which he'd understood all that he had taught him. Intimate and

inspirational, *Going to the Mountain* is a powerful reminder of how one person can impact profoundly on another, and a testament to the awesome power within us to change ourselves and our world.
