"'The Evolving Earth' is a higher education geology textbook, aiming to teach evolution to non-majors. The book will emphasize popular topics such as dinosaurs, mass extinctions, ice ages, climate change, and the origins of Earth and life"--

A Primer Riverhead Books  
The National Bestseller  
"Focused and persuasive... Bray's book is many things: the first English-language transnational history of antifa, a how-to for would-be activists, and a record of advice from anti-Fascist organizers past and present."—THE NEW YORKER "Insurgent activist movements need spokesmen, intellectuals and apologists, and for

the moment Mark Bray is filling in as all three... The book's most enlightening contribution is on the history of anti-fascist efforts over the past century, but its most relevant for today is its justification for stifling speech and clobbering white supremacists."—Carlos Lozada, THE WASHINGTON POST "[Bray's] analysis is methodical, and clearly

informed by both his historical training and 15 years of organizing, which included Occupy Wall Street...Antifa: The Anti-Fascist Handbook couldn't have emerged at a more opportune time. Bray's arguments are incisive and cohesive, and his consistent refusal to back down from principle makes the book a crucial intervention in our political moment."—SAN FRANCISCO CHRONICLE in the wake of tragic events in Charlottesville, VA, and Donald Trump's initial refusal to denounce the

white nationalists behind it all, the "antifa" opposition movement is suddenly appearing everywhere. But what is it, precisely? And where did it come from? As long as there has been fascism, there has been anti-fascism — also known as "antifa." Born out of resistance to Mussolini and Hitler in Europe during the 1920s and '30s, the antifa movement has suddenly burst into the headlines amidst opposition to the Trump administration and the alt-right. They could be

seen in news reports, often clad all in black with balaclavas covering their faces, demonstrating at the presidential inauguration, and on California college campuses protesting far-right speakers, and most recently, on the streets of Charlottesville, VA, protecting, among others, a group of ministers including Cornel West from neo-Nazi violence. (West would later tell reporters, "The anti-fascists saved our lives.") Simply, antifa aims to deny fascists the

opportunity to promote their oppressive politics, and to protect tolerant communities from acts of violence promulgated by fascists. Critics say shutting down political adversaries is anti-democratic; antifa adherents argue that the horrors of fascism must never be allowed the slightest chance to triumph again. In a smart and gripping investigation, historian and former Occupy Wall Street organizer Mark Bray provides a detailed survey of the full history

of anti-fascism from its origins to the present day — the first transnational history of postwar anti-fascism in English. Based on interviews with anti-fascists from around the world, *Antifa* details the tactics of the movement and the philosophy behind it, offering insight into the growing but little-understood resistance fighting back against fascism in all its guises. **We the People and Governing Texas** W. W. Norton Politics is relevant and participation matters.

### **The Jungle** Crown

A collection of poems focus on the mix of cultures within America, juxtaposing the author's experiences in Eastern Europe and Southeast Asia against contemporary life in the United States. *American Government* CQ Press Since 1975, when the U.S. government adopted a policy of self-determination for American Indian nations, a large number of the 562 federally recognized nations have seized the

opportunity to govern themselves and determine their own economic, political, and cultural futures. As a first and crucial step in this process, many nations are revising constitutions originally developed by the U.S. government to create governmental structures more attuned to native people's unique cultural and political values. These new constitutions and the governing institutions they create are fostering greater governmental stability and

accountability, increasing citizen support of government, and providing a firmer foundation for economic and political development. This book brings together for the first time the writings of tribal reform leaders, academics, and legal practitioners to offer a comprehensive overview of American Indian nations' constitutional reform processes and the rebuilding of native nations. The book is organized in three sections. The first part

investigates the historical, cultural, economic, and political motivations behind American Indian nations' recent reform efforts. The second part examines the most significant areas of reform, including criteria for tribal membership/citizenship and the reform of governmental institutions. The book concludes with a discussion of how American Indian nations are navigating the process of reform, including overcoming the politics of reform,

maximizing citizen participation, and developing short-term and long-term programs of civic education.

**Antifa** Oxford University Press, USA

The #1 selling book for Texas government courses, with a new focus on the future of Texas politics.

The first in-depth study of the savings and loan crisis of the eighties reveals the unprecedented scope of the financial fraud and political collusion involved and the leniency of the criminal justice system in dealing with the culprits.  
UP.

**Governing States and Localities** Springer

Grounded on a series of first-hand interviews with Chinese government

officials, this book examines China's accession to the World Trade Organization, providing an 'inside' look at Chinese WTO accession negotiations. Presenting a systematic political economy model in analyzing Beijing's decision-making mechanisms, the book argues that China's WTO policy making is a state-led, leadership driven, and top-down process. Feng explores how China's determined political elite partly bypassed and partly

restructured a largely reluctant and resistant bureaucracy, under constant pressure from an increasingly globalized international system. By addressing China's accession to the WTO from a political analysis perspective, the book provides a theoretically informed and intriguing examination of China's foreign economic policy making regime. The book highlights contemporary debates relating to state and institutionalist theory and provides new and useful insights into a

significant development of this century.

*Governing Texas* W. W. Norton

The Fifth Edition of *American Politics Today* is designed to show students the reality of politics today and how it connects to their own lives. New features--from chapter opening cases that address the kinds of questions students ask, to full-page graphics that illustrate key political processes--show students how politics works and why it matters. All components of the

learning package--textbook, InQuizitive adaptive learning tool, and coursepack--are organized around specific chapter learning goals to ensure that students learn the nuts and bolts of American government. [The Antifascist Handbook](#) McGraw-Hill Education Since its publication in 1996, *The Sagebrush State* has served as the text for the Nevada Constitution component required for graduation from all Nevada colleges and universities. The second edition of this

authoritative work is updated through 2001 to include recent changes in the Nevada Supreme Court, term limits, legislative oversight of the executive branch, and limited legislative sessions. The full text of the state constitution is provided for reference in an appendix and includes extensive annotations that note and explain amendments and other changes made to the original 1864 document. *A Novel* W. W. Norton  
A fresh, accessible perspective on the

fundamentals  
*Politics, Policy, and Power*  
OUP Oxford  
"Inside Texas Politics provides students with an exciting insider's perspective on the world of Texas government. Its focus on how power struggles have shaped Texas institutions and political processes offers students a fresh perspective that differentiates itself from all other texts on the market. Rottinghaus' anecdotes make Inside Texas Politics fun and relevant for today's

students, and his visual representations of data foster the skills students need in order to understand and think critically about the political world around them"--  
The Wine Bible CQ Press  
Newly revised by the AMA, the Graduate Medical Education Directory, 2007 - 2008 (or the "Green Book") contains extensive information on more than 8,300 residency, fellowship and combined programs in the United States, as well as

residency application and career-planning resources to help in making one of the most important professional decisions that a medical student can make. In this new edition, you'll find more than 6,500 revisions, updated specialty/subspecialty information/data, including Match data and more. Other changes to this edition include: 1,200 program director changes, 240 new programs, and 90 withdrawn programs. Inside the 2007-2008 edition, you'll find: \*

Comprehensive GME program listings, including program director, address, phone, fax, and e-mail address \* Certification requirements for 24 medical specialty boards \* Teaching institutions that sponsor GME programs \* Residency application and career planning resources \* Expanded descriptions of GME-related organizations \* Medical licensure information \* A list of Canadian residency programs Purchase your copy today of this indispensable tool

designed to help medical students during their search through residency programs.

We the People Da Capo Press

Recounts the life and career of the inventive and controversial rock musician, and includes information on his philosophies on art, his opinions on the music industry, and his thoughts on raising children.

*Charlie Wilson's War* W. Norton

The respected, recognized best seller in the market, Jerry Burger's

PERSONALITY is a solid mid-level book that fuses the best of theory-based and research-based instruction to give students an illuminating introduction to the subject. Burger pairs theory, application, and assessment chapters with chapters that describe the research programs aligned with every major theoretical approach. Biographical sketches of theorists and accounts of the stories behind influential research programs help students understand how classic

and contemporary findings relate to each other, and reinforce the idea that theory and research perpetuate one another. In-book self-assessments promote students' interaction with the material. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

**Real Frank Zappa Book**  
Workman Publishing  
"An easy-to-navigate, comparative book on state and local

government. Very student-friendly and well-organized." —Jane Bryant, John A. Logan College  
The trusted and proven Governing States and Localities guides students through the contentious environment of state and local politics and focuses on the role that economic and budget pressures play in issues facing state and local governments. With their engaging journalistic writing and crisp storytelling, Kevin B. Smith and Alan Greenblatt employ a comparative approach to explain how

and why states and localities are both similar and different. The Seventh Edition is thoroughly updated to account for such major developments as state versus federal conflicts over immigration reform, school shootings, and gun control; the impact of the Donald Trump presidency on intergovernmental relations and issues of central interest to states and localities; and the lingering effects of the Great Recession. See how your students benefit. **The Essentials** Amer Medical Assn Finally, a Texas truth-telling tale about Lone Star State politics by three authors with over 100 combined years of experience as Austin

insiders and outsiders. "How Texas Politics Really Works" is an uncommon introduction to a subject that is shrouded in economic and governmental myths, This book exposes exactly how Democratic and Republican party leaders, in the past and the present, have ridden herd over the people of Texas in their desire to do the bidding of the rich and powerful. The authors believe that the masses, who have historically received the short end of the rope from elites, can

come together to change the state power dynamic through peaceful political action. Knowledge is where it starts, and this book is a long hard look at the reality of Texas politics.

Governing California in the Twenty-First Century  
MDPI

This book probes the efforts at manipulation individuals face daily in this information age and the tactics of persuaders from many sectors of society using various forms of Orwellian "doublespeak." The book

contains the following essays: (1) "Notes toward a Definition of Doublespeak" (William Lutz); (2) "Truisms Are True: Orwell's View of Language" (Walker Gibson); (3) "Mr. Orwell, Mr. Schlesinger, and the Language" (Hugh Rank); (4) "What Do We Know?" (Charles Weingartner); (5) "The Dangers of Singlespeak" (Edward M. White); (6) "The Fallacies of Doublespeak" (Dennis Rohatyn); (7) "Doublespeak and Ethics" (George R. Bramer); (8) "Post-Orwellian

Refinements of Doublethink: Will the Real Big Brother Please Stand Up?" (Donald Lazere); (9) "Worldthink" (Richard Ohmann); (10) "Bullets Hurt, Corpses Stink': George Orwell and the Language of Warfare" (Harry Brent); (11) "Political Language: The Art of Saying Nothing" (Dan F. Hahn); (12) "Fiddle-Faddle, Flapdoodle, and Balderdash: Some Thoughts about Jargon" (Frank J. D'Angelo); (13) "How to Read an Ad: Learning to Read between

the Lies" (D. G. Kehl); (14)	"Make Money, Not Sense: Intentions, Silly Ideas, and
