IZAIAH BROOKLYN

Stealing Parker Springer

Au cours du XXe siècle, la défaite du sauvage a semblé totale. Nous avons progressivement fait le vide autour de nous. La litanie des disparitions se poursuit quotidiennement dans l'indifférence des décideurs, et les scientifiques prédisent une annihilation biologique qui ébranlerait jusqu'aux fondements mêmes de la civilisation humaine. Et pourtant, ce livre est un

ouvrage optimiste. Tout n'est pas perdu, loin de là. Car, malgré tout ce que nous lui avons fait subir, la nature résiste. Mieux, elle revient ! Notre pays est le mieux placé pour faire en tête, la course de la plus belle nature européenne. Favoriser le retour de la nature sauvage est un excellent facteur de développement. Notre richesse naturelle est renouvelable et non-délocalisable. C'est l'enjeu économique de demain. La place pour la vie sauvage ne manque pas sur notre territoire ; elle ne manque que dans nos têtes. Nous voudrions contribuer à ménager cette place pour le

bien-être et l'épanouissement de tous. Hommes, plantes et animaux : nous sommes tous liés et il est grand temps aujourd'hui de renouer avec notre famille. Il en va de notre survie. Une nouvelle alliance est possible, basée sur le triptyque abondance/diversité/proximité : ce livre le démontre.

Ré-ensauvageons la France Walter de Gruyter

Addresses the development since the 1950s of a new type of Francophone African novel created by first-generation African authors living in France. This book examines how these authors, men and women, part from mainstream African literature by exploring more personal avenues while retaining a shared interest in the community of

African emigrants.

Tradition of the Text Felony & Mayhem Press

Ten years ago, *The Great New Wilderness Debate* began a cross-disciplinary conversation about the varied constructions of "wilderness" and the controversies that surround them. *The Wilderness Debate Rages On* will reinvigorate that conversation and usher in a second decade of debate. Like its predecessor, the book gathers both critiques and defenses of the idea of wilderness from a wide variety of perspectives and voices. *The Wilderness Debate Rages On* includes the best explorations of the concept of the concept of wilderness from the past decade, underappreciated essays from the early twentieth century that offer an

alternative vision of the concept and importance of wilderness, and writings meant to clarify or help us rethink the concept of wilderness. Narrative writers such as Wendell Berry, Scott Russell Sanders, Marilynne Robinson, Kathleen Dean Moore, and Lynn Maria Laitala are also given a voice in order to show how the wilderness debate is expanding outside the academy. The writers represented in the anthology include ecologists, environmental philosophers, conservation biologists, cultural geographers, and environmental activists. The book begins with little-known papers by early twentieth-century ecologists advocating the preservation of natural areas for scientific study, not, as did Thoreau, Muir, and the early Leopold, for purposes of outdoor

recreation. The editors argue that had these writers influenced the eventual development of federal wilderness policy, our national wilderness system would better serve contemporary conservation priorities for representative ecosystems and biodiversity.

The Murders of Molly Southbourne A&C Black

The text of Jeremiah presents its own special problems which continue to be debated, especially since the discovery of the Qumran fragments. Professor Soderlund seeks to take stock and review current research by employing an in-depth investigation of one chapter of the LXX of Jeremiah, viz. chapter 29, as a control. Three different problem areas are highlighted: the relationship between the Greek and Hebrew texts, the inner-

Greek text-critical problem, and the translator/reviser debate. - Back cover.

A Bite-Sized History of France Springer
 After devouring every available book on Bengal tigers, a great scholar travels to the jungle and discovers that his encyclopedic knowledge cannot compete with his guide's practical experience.

Black Paris Sourcebooks, Inc.
 1920, Paris. The Great War is over, and Josef and his family move to France. To provide for their mother and siblings, Josef and his younger brother Moses find work at the Caudron Brothers airplane factory in Issy-les-Moulineaux, near Paris. Still hoping to become a professional pilot, Josef chases his dream by hanging around the nearby airfield. With a German accent, however, and an apprentice's meager wage, he is a long

way from achieving his ambitions. But when he discovers the dubious activities of the gang his brother Moses has become involved with, he sees the means to realize his goal—whatever the consequences might be...

Panthera Tigris Brill Archive
 How has the concept of wild nature changed over the millennia? And what have been the environmental consequences? In this broad-ranging book Max Oelschlaeger argues that the idea of wilderness has reflected the evolving character of human existence from Paleolithic times to the present day. An intellectual history, it draws together evidence from philosophy, anthropology, theology, literature, ecology, cultural geography, and archaeology to provide a new

scientifically and philosophically informed understanding of humankind's relationship to nature. Oelschlaeger begins by examining the culture of prehistoric hunter-gatherers, whose totems symbolized the idea of organic unity between humankind and wild nature, and idea that the author believes is essential to any attempt to define human potential. He next traces how the transformation of these hunter-gatherers into farmers led to a new awareness of distinctions between humankind and nature, and how Hellenism and Judeo-Christianity later introduced the unprecedented concept that nature was valueless until humanized. Oelschlaeger discusses the concept of wilderness in relation to the rise of classical science and modernism, and shows that

opposition to "modernism" arose almost immediately from scientific, literary, and philosophical communities. He provides new and, in some cases, revisionist studies of the seminal American figures Thoreau, Muir, and Leopold, and he gives fresh readings of America's two prodigious wilderness poets Robinson Jeffers and Gary Snyder. He concludes with a searching look at the relationship of evolutionary thought to our postmodern effort to reconceptualize ourselves as civilized beings who remain, in some ways, natural animals. Wilderness Management Saint-Paul Annotation. Six essays by Finnish scholars (which accounts for some of the notes being in Finnish) discuss the "new" science of environmental history, issues and case studies of change over time in

forested Northern Hemisphere zones due to natural and human forces, and Western conceptions of wilderness. The editors are with the U. of Helsinki, whose press first published the book in 1999. Annotation copyrighted by Book News Inc., Portland, OR.

The Septuagint and Jewish Worship
Macmillan

The Great New Wilderness Debate is an expansive, wide-ranging collection that addresses the pivotal environmental issues of the modern era. This eclectic volume on the varied constructions of "wilderness" reveals the recent controversies that surround those conceptions, and the gulf between those who argue for wilderness "preservation" and those who argue for "wise use." J. Baird Callicott and Michael P. Nelson

have selected thirty-nine essays that provide historical context, range broadly across the issues, and set forth the positions of the debate. Beginning with such well-known authors as Ralph Waldo Emerson, Henry David Thoreau, John Muir, and Aldo Leopold, the collection moves forward to the contemporary debate and presents seminal works by a number of the most distinguished scholars in environmental history and environmental philosophy. The Great New Wilderness Debate also includes essays by conservation biologists, cultural geographers, environmental activists, and contemporary writers on the environment.

USA TODAY BESTSELLER In 1962, in the Soviet Union, eight-year-old Katya is bequeathed what will become the love of her life: a Blüthner piano, on which she discovers an enriching passion for music. Yet after she marries, her husband insists the family emigrate to America—and loses her piano in the process. In 2012, in Bakersfield, California, twenty-six-year-old Clara Lundy is burdened by the last gift her father gave her before he and her mother died in a terrible house fire: a Blüthner upright she has never learned to play. Now a talented and independent

auto mechanic, Clara's career is put on hold when she breaks her hand trying to move the piano, and in sudden frustration she decides to sell it. Only in discovering the identity of the buyer—and the secret history of her piano—will Clara be set free to live the life of her choosing.

The Conquest of Mexico Peeters Publishers

Comprehensive synthesis of information organized under six main areas: the setting, legal basis for wilderness, management concepts and direction, important elements for management, wilderness use and its management, and problems and opportunities, all as they relate to the North American, principally U.S., scene.

The Wilderness Debate Rages on
 Minotaur Books

A "delicious" (Dorie Greenspan), "genial"
 (Kirkus Reviews), "very cool book about
 the intersections of food and history"
 (Michael Pollan)—as featured in the New
 York Times "The complex political,
 historical, religious and social factors
 that shaped some of [France's] . . . most
 iconic dishes and culinary products are
 explored in a way that will make you

rethink every sprinkling of fleur de sel."
 —The New York Times Book Review
 Acclaimed upon its hardcover publication
 as a "culinary treat for Francophiles"
 (Publishers Weekly), *A Bite-Sized History
 of France* is a thoroughly original book
 that explores the facts and legends of
 the most popular French foods and
 wines. Traversing the cuisines of
 France's most famous cities as well as its
 underexplored regions, the book is
 enriched by the "authors' friendly
 accessibility that makes these stories so
 memorable" (The New York Times Book
 Review). This innovative social history
 also explores the impact of war and
 imperialism, the age-old tension
 between tradition and innovation, and
 the enduring use of food to prop up
 social and political identities. The origins

of the most legendary French foods and wines—from Roquefort and cognac to croissants and Calvados, from absinthe and oysters to Camembert and champagne—also reveal the social and political trends that propelled France's rise upon the world stage. As told by a Franco-American couple (Stéphane is a cheesemonger, Jeni is an academic) this is an "impressive book that intertwines stories of gastronomy, culture, war, and revolution. . . . It's a roller coaster ride, and when you're done you'll wish you could come back for more" (The Christian Science Monitor).

The Idea of Wilderness Springer Science & Business Media

"A bold outpouring of flesh and crisis at once horrifying and familiar." —The New York Times Winner of the 2018 Nommo

Award for Best Novella Every time she bleeds a murderer is born. Experience the horror of Tade Thompson's *The Murders of Molly Southbourne*. A finalist for the 2017 BSFA Award, the 2017 Shirley Jackson Award. The rule is simple: don't bleed. For as long as Molly Southbourne can remember, she's been watching herself die. Whenever she bleeds, another molly is born, identical to her in every way and intent on her destruction. Molly knows every way to kill herself, but she also knows that as long as she survives she'll be hunted. No matter how well she follows the rules, eventually the mollies will find her. Can Molly find a way to stop the tide of blood, or will she meet her end at the hand of a girl who looks just like her? At the Publisher's request, this title is being

The Aviator - Volume 2 - The Long Climb

Ré-ensauvageons la France

Prepare to lose yourself in the heady, mythical expanse of The Vorrh, a daring debut that Alan Moore has called “a phosphorescent masterpiece” and “the current century's first landmark work of fantasy.” Next to the colonial town of Essenwald sits the Vorrh, a vast—perhaps endless—forest. It is a place of demons and angels, of warriors and priests. Sentient and magical, the Vorrh bends time and wipes memory. Legend has it that the Garden of Eden still exists at its heart. Now, a renegade English soldier aims to be the first human to traverse its expanse. Armed with only a strange bow, he begins his

journey, but some fear the consequences of his mission, and a native marksman has been chosen to stop him. Around them swirl a remarkable cast of characters, including a Cyclops raised by robots and a young girl with tragic curiosity, as well as historical figures, such as writer Raymond Roussel and photographer and Edward Muybridge. While fact and fictional blend, and the hunter will become the hunted, and everyone’s fate hangs in the balance, under the will of the Vorrh.

A killer of a crossword draws Inspector Tibbett into a mystery with “considerable charm, atmosphere (an Isle of Wight travelogue), and English geniality” (Kirkus Reviews). It’s a slow day at Scotland Yard, so Inspector Henry Tibbett takes a busman’s holiday, immersing himself in the world of puzzling puzzlers. The hijinks kick off with an amusing gift: Someone unnamed has sent Henry the beginnings of a crossword puzzle. Even more mysterious: The clues point to the group of mystery writers to whom Henry has pledged to give a presentation. Most mysterious of all: None of the writers are who they claim to be, and one is a murderer. Which one? For that you’ll need to solve the puzzle. Six across and

then down, down, down. Praise for Patricia Moyes “The author who put the ‘who’ back in whodunit.” —Chicago Daily News “A new queen of crime . . . her name can be mentioned in the same breath as Agatha Christie and Ngaio Marsh.” —Daily Herald “An excellent detective novel in the best British tradition. Superbly handled.”

—Columbus Dispatch “Intricate plots, ingenious murders, and skillfully drawn, often hilarious, characters distinguish Patricia Moyes’ writing.” —Mystery Scene

Reinventing Eden Babel

Princess. Prisoner. Orphan. Rebel. Theodosia was six when her country was invaded and her mother, the Fire Queen, was murdered. On that day the Kaiser took Theodosia's land and her name.

Theo was crowned Ash Princess - a title of shame to wear in her new life as a prisoner. For ten years Theo has been a captive in her own palace. She's endured the relentless abuse and ridicule of the Kaiser and his court. She is powerless, surviving in her new world only by burying the girl she was deep inside. Then, one night, the Kaiser forces her to do the unthinkable. With blood on her hands and all hope of reclaiming her throne lost, she realizes that surviving is no longer enough. But she does have a weapon: her mind is sharper than any sword. And power isn't always won on the battlefield. "Tense and imaginative. Ash Princess is a smart, feminist twist on a traditional tale of a fallen heroine, with plenty of court intrigue, love, and lies to sweeten the deal. Good luck putting this

one down." Virginia Boecker, author of the Witch Hunter series

Legitimacy in European Nature Conservation Policy Yale University Press

Customers in North America who wish to purchase this publication, please contact Augsburg Fortress Press. First published in 1992, Emanuel Tov's Textual Criticism of the Hebrew Bible has rapidly established itself as the authoritative reference work for all those engaged in the study of the text of the Hebrew Bible. This thoroughly revised second edition will be welcomed by students and scholars alike. A wide range of readers will find this book accessible and indispensable. Emanuel Tov offers extensive descriptions of the major witnesses to the text of the Hebrew

Bible-the Hebrew texts from Qumran, the Septuagint, the Masoretic Text-as well as the Aramaic Targumim, the Syriac translations, the Vulgate, and others. Special attention is given to the exegetical aspects of the textual transmission, literary issues, and the problem of the original shape of the biblical text. Praise for the First Edition: "Emanuel Tov is preeminent in the world in the field of Septuagint studies. This is a solid and durable work which, given its technical character, is written in a readable way." Frank Moore Cross, Harvard University "Nowhere else can you find such a thorough presentation of how the Bible was transmitted in Second Temple times ... This excellently written handbook represents a major step forward for biblical studies." Lawrence

Schiffman, New York University "History will surely regard Emanuel Tov's monumental work as the definitive discussion of textual criticism of this generation. A 'must-have' for any serious scholar of the Bible!" Sidnie A. White, University of Nebraska "The basic reference work on the textual criticism of the Hebrew Bible for at least the next decade. This is a magisterial work which is badly needed and masterfully done." Journal for the Study of Judaism "This book will soon be viewed as a classic of biblical studies." Ralph W. Klein, Journal of Religion "Replete with examples, tables, plates, lucid definitions and explanations, as well as extensive bibliographies, the volume brings together a wealth of information not previously so accessible and makes the

theory and practice of textual criticism
easily understandable and visually

clear." Judith E. Sanderson, Seattle
University
