Rene Char (1907-1988) was one of France's most respected 20th century

poets. Part of the Surrealist group in the late 1920's-1930's, he gradually drifted away from the group. During WWII he joined the resistance and wrote his forceful prose poems describing what he saw and experienced. This large, bilingual anthology, includes all of his well known books *Feuillets d'Hypnos* and *Fureur et Mystere* as well as a sampling of other poems and prose poems. Insightful essays are provided by Sandra Bermann, Mary Ann Caws, and Nancy Kline.

Guide to the International Registration of Marks under the Madrid Agreement and the Madrid Protocol UN

The concepts of modernity and modernism are amongst the most controversial and vigorously debated in contemporary philosophy and cultural theory. In this intervention, Fredric Jameson-perhaps the most influential and persuasive theorist of

postmodernity-excavates and explores these notions in a fresh and illuminating manner. The extraordinary revival of discussions of modernity, as well as of new theories of artistic modernism, demands attention in its own right. It seems clear that the (provisional) disappearance of alternatives to capitalism plays its part in the universal attempt to revive 'modernity' as a social ideal. Yet the paradoxes of the concept illustrate its legitimate history and suggest some rules for avoiding its misuse as well. In this major interpretation of the problematic, Jameson concludes that both concepts are tainted, but nonetheless yield clues as to the nature of the phenomena they purported to theorize. His judicious and vigilant probing of both terms-which can

probably not be banished at this late date-helps us clarify our present political and artistic situations.

Le glaucome est une maladie dégénérative du nerf optique qui entraîne une perte progressive de la vision commençant tout d'abord en périphérie et progressant graduellement vers le centre. Cette maladie est souvent associée à une pression intra-oculaire (PIO) élevée qui comprime et endommage les fibres du nerf optique et de la rétine. Dans d'autres cas, malgré une PIO normale, une circulation sanguine inadéquate entraîne la mort (nécrose) des cellules du nerf optique et de la rétine. La perte de vision associée au glaucome est permanente et

irréversible. Sans traitement, cette maladie peut mener jusqu'à la cécité. Le glaucome est une maladie fréquente puisqu'il atteint 2 % de la population totale en France. Ce sujet de santé publique fera l'objet du rapport annuel de la SFO en 2014. Le rapport abordera:

- les bases fondamentales et cliniques; -
- la prise en charge thérapeutique; -
- les aspects socio-économiques et juridiques; -
- le dépistage et les incidences en terme de santé publique.

Cultural critic Fredric Jameson, renowned for his incisive studies of the passage of modernism to postmodernism, returns to the movement that dramatically broke with all tradition in search of progress for the first time since his acclaimed A

Singular Modernity . The Modernist Papers is a tour de force of analysis and criticism, in which Jameson brings his dynamic and acute thought to bear on the modernist literature of the nineteenth and twentieth centuries. Jameson discusses modernist poetics, including intensive discussions of the work of Baudelaire, Rimbaud, Mallarmé, Wallace Stevens, Joyce, Proust, and Thomas Mann. He explores the peculiarities of the American literary field, taking in William Carlos Williams and the American epic, and examines the language theories of Gertrude Stein. Refusing to see modernism as simply a Western phenomenon he also pays close attention to its Japanese expression; while the complexities of a late modernist representation of twentieth-

century politics are articulated in a concluding section on Peter Weiss's novel The Aesthetics of Resistance. Challenging our previous understanding of the literature of this period, this monumental work will come to be regarded as the classic study of modernism.

Liane de Pougy, known as Paris's most beautiful and notorious courtesan, was a Folies-Bergere dancer who became a princess and died a nun. Between 1919 and 1941 she wrote her intimate memoir, *My Blue Notebooks*. Making modern tell-alls seem downright tepid by comparison, this long-out-of-print classic is a fascinating look into the mind of an audacious woman of great intelligence and humor. In *My Blue Notebooks*, de Pougy describes hosting the likes of Jean Cocteau and the poet Max Jacob, her best friend ("Never again. Never more than one writer at a time"). She shares her literary critiques of her "friend" Colette ("I look down on her with a grimace of disgust"), recalls the funeral of Nicholas I (she happened to be in St. Petersburg at the time), and

reports the sad early death of her acquaintance Marcel Proust. She writes graphically of her many sexual liaisons with both men and women, including her complex marriage to the "too handsome" Prince Georges Ghika of Romania and her difficult relationship with Nathalie Clifford Barney, perhaps the real love of her life. Here is a voyeuristic feast of high society living during the first decades of the twentieth century.

Beautiful and naïve, Columbia Columbus wanders through the world in search of friendship upon the death of her famous father. From a "comic strip" papyrus dating from Egypt's New Kingdom to the works of Stein, Joyce, and Barth, "nonsense" texts reveal a set of possibilities as rich and complex as the more conventional system of "making sense" from which they are derived. Examining palindromes, children's rhymes, puns, anagrams, code languages, and other texts, Susan Stewart explores the labyrinthine relationships between common sense and nonsense—and presents an original contribution to the fields of folklore, literary theory, anthropology, and sociology by analyzing nonsense within an expansive context of the social manufacture of order and disorder.

Nonsense Berghahn Books

The novels of Wyndham Lewis have generally been associated with the work of the great modernists-Joyce, Pound, Eliot, Yeats-who were his sometime friends and collaborators. Lewis's originality, however, can only be fully grasped when it is understood that, unlike those writers, he was essentially a political novelist. In this now classic study, Fredric Jameson proposes a framework in which Lewis's explosive language practice-utterly unlike any other English or American modernism-can be grasped as a political and symbolic act. He does not, however, ask us to admire the energy of Lewis's style

without confronting the inescapable and often scandalous ideological content of Lewis's works: the aggressivity and sexism, the predilection for racial and national categories, the brief flirtation with fascism, and the inveterate and cranky oppositionalism that informs his powerful polemics against virtually all the political and countercultural tendencies of his time. *Fables of Aggression* draws on the methods of narrative analysis and semiotics, psychoanalysis, and ideological analysis to construct a dynamic model of the contradictions from which Lewis's incomparable narrative corpus is generated, and of which it offers so many varying symbolic resolutions. *Trade Ornament Usage Among the Native Peoples of Canada* Tarcher
