The best and first available guide to the members of the newly elected Congress is "Politics in America". Readers will discover "who's who" on Capitol Hill, thanks to profiles of the newly elected as well as incumbents. Key facts are highlighted--biographical data, committee assignments, election results, votes on key issues, and more. The CD-ROM includes all member information, photos, and maps from the book. 600 photos. 75 illustrations.

Confederate Veteran CQ-Roll Call Group  
Books

Official records produced by the armies of the United States and the Confederacy, and the executive branches of their respective governments, concerning the military operations of the Civil War, and prisoners of war or prisoners of state. Also annual reports of military departments, calls for troops, correspondence between national and state governments, correspondence between Union and Confederate officials. The final volume includes a synopsis, general index, special index for various military divisions, and background information on how these documents were collected and published. Accompanied by an atlas.

Too often, Wallace Hettle points out, studies of politics in the nineteenth-century South reinforce a view of the Democratic Party that is frozen in time on the eve of Fort Sumter--a deceptively high point of white racial solidarity. Avoiding such a "Civil War synthesis," *The Peculiar Democracy* illuminates the link between the Jacksonian political culture that dominated antebellum debate and the notorious infighting of the Confederacy. Hettle shows that war was the greatest test of populist Democratic Party rhetoric that emphasized the shared interests of white men, slaveholder and nonslaveholder alike. *The Peculiar Democracy* analyzes antebellum politics in terms of the connections between slavery, manhood, and the legacies of Jefferson and Jackson. It then looks at the secession crisis through the anxieties felt by Democratic politicians who claimed concern for the interests of both slaveholders and nonslaveholders. At the heart of the book is a collective biography of five individuals whose stories highlight the limitations of democratic political culture in a society dominated by the "peculiar institution." Through narratives informed by recent scholarship on gender, honor, class, and the law, Hettle profiles South Carolina's Francis W. Pickens, Georgia's Joseph

Brown, Alabama's Jeremiah Clemens, Virginia's John Rutherford, and Mississippi's Jefferson Davis. The Civil War stories presented in *The Peculiar Democracy* illuminate the political and sometimes personal tragedy of men torn between a political culture based on egalitarian rhetoric and the wartime imperatives to defend slavery.

*Woodall's Campground Directory*

This work presents an accurate account of the life and career of William Tecumseh Sherman. He was an American soldier, businessman, and a prominent architect of modern warfare. He served as a general in the Union Army during the American Civil War, gaining recognition for his command of military strategy. Sherman led Union forces in crushing campaigns through the South, marching through Georgia and the Carolinas. However, he also received criticism for the harshness of the scorched-earth policies he implemented against the Confederate States to destroy anything that was useful to the enemy. P. C. Headley's writing style is unbiased and easy to understand. As a result, one can quickly grasp the complex events of Sherman's life. Since one cannot separate the life of this extraordinary soldier from the chaotic period he lived in, this work also presents the history of that time.

**Army-Navy-Air Force Register and Defense Times**

Before Russia invaded Ukraine, it invaded Georgia. Both states are part of Russia's "near abroad" - newly independent states that were once part of the Soviet Union and are now Russia's neighbors. While the Russia-Georgia war of 2008 faded from the headlines in the wake of the global recession, the geopolitical contest that created it did not. Six years later, the spectre of a

revanchist Russia returned when Putin's forces invaded and annexed the Crimean peninsula, once part of Russia but an internationally recognized part of Ukraine since the Soviet collapse. Crimea's annexation and follow on conflict in eastern Ukraine have generated the greatest geopolitical crisis on the European continent since the end of the Cold War. In *Near Abroad*, the eminent political geographer Gerard Toal moves beyond the polemical rhetoric that surrounds Russia's interventions in Georgia and Ukraine to study the underlying territorial conflicts and geopolitical struggles. Central to understanding are legacies of the Soviet Union collapse: unresolved territorial issues, weak states and a conflicted geopolitical culture in Russia over the new territorial order. The West's desire to expand NATO contributed to a growing geopolitical contest in Russia's near abroad. This found expression in a 2008 NATO proclamation that Georgia and Ukraine will become members of NATO, a "red line" issue for Russia. The road to invasion and war in Georgia and Ukraine, thereafter, is explained in *Near Abroad*. Geopolitics is often thought of as a game of chess. *Near Abroad* provides an account of real life geopolitics, one that emphasizes changing spatial relationships, geopolitical cultures and the power of media images. Rather than being a cold game of deliberation, geopolitics is often driven by emotions and ambitions, by desires for freedom and greatness, by clashing personalities and reckless acts. Not only a penetrating analysis of Russia's relationships with its regional neighbors, *Near Abroad* also offers an analysis of how US geopolitical culture frequently fails to fully understand Russia and the geopolitical archipelago

of dependencies in its near abroad.

*Politics In America 1998 Hardbound Edition W/CD*

Published every two years after the congressional elections, Congressional Quarterly's insider's guide profiles each of the 535 members of Congress-- including the 91 freshmen. Each profile features unbiased perspectives on each lawmaker's hopes, concerns, and ambitions, as well as insight into their personalities, legislative priorities, personal style, reputation at home and on the Hill, and background information such as office addresses, committee assignments, election results, interest group ratings, demographic data on each district, and campaign finance figures. A CD-ROM version of the book is included. Paper edition (unseen), \$96.95.

The Congressional Record is the official

record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States (1789-1824), the Register of Debates in Congress (1824-1837), and the Congressional Globe (1833-1873)
