## CONNER GUERRA

---

Serafino e la  
strega Sibilla  
Bloomsbury  
Publishing  
A fifteen-year-  
old girl and  
her father,  
Johannes, take  
a cruise to  
Greece on the

Proleterka.  
Jaeggy  
recounts the  
girl's youth in  
her  
distinctively  
strange,  
telescopic  
prose: the  
remarried  
mother, cold  
and  
unconcerned;  
the father who  
was allowed  
only rare visits

with the child;  
the years  
spent stashed  
away with  
relatives or at  
boarding  
school. For the  
girl and her  
father, their  
time on the  
ship becomes  
their 'last and  
first chance to  
be together.'  
On board, she  
becomes the

|--|--|---|

And she doesn't EVEN have a sprinkler in her own garden. But none of that matters in the end... because Mabel is still MAGNIFICENT. Three laugh-out-loud funny short stories, brilliantly illustrated throughout! With perfectly-observed, child-friendly humour, highly-relatable themes in each story, an incredibly distinctive voice, and stylish illustrations, these books are perfect for

early readers. **The Island of Evil** David Fickling Books Food and its preparation play an integral role in this novel of a young Italian woman struggling to find her own identity in a family of strong personalities and colorful figures. **Ricciolino e le amabili streghe.** Ediz. **illustrata** Nosy Crow Andrea Zanzotto is one of the most important and acclaimed poets of

postwar Italy. This collection of ninety-one pseudo-haiku in English and Italian—written over several months during 1984 and then revised slowly over the years—confirms his commitment to experimentation throughout his life. Haiku for a Season represents a multilevel experiment for Zanzotto: first, to compose poetry bilingually; and second, to write in a form foreign to Western poetry. The

volume traces the life of a woman from youth to adulthood, using the seasons and the varying landscape as a mirror to reflect her growth and changing attitudes and perceptions. With a lifelong interest in the intersections of nature and culture, Zanzotto displays here his usual precise and surprising sense of the living world. These never-before-published original poems in English

appear alongside their Italian versions—not strict translations but parallel texts that can be read separately or in conjunction with the originals. As a sequence of interlinked poems, *Haiku for a Season* reveals Zanzotto also as a master poet of minimalism. Zanzotto's recent death is a blow to world poetry, and the publication of this book, the last that he approved in manuscript,

will be an event in both the United States and in Italy. *Heroes of the Valley* Bordighera Press

|---|--|--|

aligns these with writings of the modern Romanian poet Paul Celan, a Jew and survivor of the Holocaust, whose "economies" of language are notorious. Asking such questions as, What is lost when words are wasted? and Who profits when words are saved? Carson reveals the two poets' striking commonalities. In Carson's view Simonides and Celan share a similar mentality or

disposition toward the world, language and the work of the poet. Economy of the Unlost begins by showing how each of the two poets stands in a state of alienation between two worlds. In Simonides' case, the gift economy of fifth-century b.c. Greece was giving way to one based on money and commodities, while Celan's life spanned pre- and post-Holocaust worlds, and he

himself, writing in German, became estranged from his native language. Carson goes on to consider various aspects of the two poets' techniques for coming to grips with the invisible through the visible world. A focus on the genre of the epitaph grants insights into the kinds of exchange the poets envision between the living and the dead. Assessing the impact on Simonidean

composition of the material fact of inscription on stone, Carson suggests that a need for brevity influenced the exactitude and clarity of Simonides' style, and proposes a comparison with Celan's interest in the "negative design" of printmaking: both poets, though in different ways, employ a kind of negative image making, cutting away all that is superfluous. This book's

juxtaposition of the two poets illuminates their differences-- Simonides' fundamental faith in the power of the word, Celan's ultimate despair--as well as their similarities; it provides fertile ground for the virtuosic interplay of Carson's scholarship and her poetic sensibility. **A Swift Pure Cry** Princeton University Press "This happy little gingerbread man is very

busy making a delicious gingerbread house for Christmas day!"--Page [4] cover. *The Story of the Year* SUNY Press THE GALDRABOK, or Book of Magic, is the most important single document for understanding the practice of magic in late medieval Iceland. In this translation, the author discusses books of the black art, old gods, daemons of hell, runes and magical

signs, theory and practice of magic. *Il libro magico di strega pasticcia. Ediz. illustrata* Orchard Books Ireland 1984. After Shell's mother dies, her obsessively religious father descends into alcoholic mourning and Shell is left to care for her younger brother and sister. Her only release from the harshness of everyday life comes from her budding spiritual friendship with a naive young

priest, and most importantly, her developing relationship with childhood friend, Declan, who is charming, eloquent, and persuasive. But when Declan suddenly leaves Ireland to seek his fortune in America, Shell finds herself pregnant and the center of a scandal that rocks the small community in which she lives, with repercussions across the whole country. The lives of

those immediately around her will never be the same again. This is a story of love and loss, religious belief and spirituality—it will move the hearts of any who read it. *Strega. Ediz. illustrata* Candlewick Press Halli loves the old stories from when the valley was a wild and dangerous place when the legendary heroes stood together to defeat the ancient enemy, the bloodthirsty

exercise on the Pacific skies, a fighter pilot of the Italian Navy loses contact with the aircraft carrier Cavour and finds himself forced to make an emergency landing on a mysterious deserted island not marked on maps. Trying to survive while waiting for rescue, his nights are tormented by terrifying nightmares in which he sees slimy tentacles that crush him mercilessly. Exploring the

island, he locates the bodies of members of a scientific expedition that arrived to investigate the "bloop", a mysterious sound coming from the ocean depths. In the diaries of the researchers he reads of hallucinations and nightmares similar to his, but there is one mysterious word that recurs in all files: Cthulhu. It will not be long before the island awakens something

that arrived on Earth billions of years ago... something waiting to claim its domain on the Universe. Freely inspired by the Cthulhu Mythos of Howard Philips Lovecraft. **Fantasmie** **streghe** Book Tree Essays. Theater. Edited by Daniele Benati. Translated by Adria Bernardi. "Baldini's texts have the wonderful simplicity of fairy tales. It is for this reason that they can

be read again and again without becoming tiresome. In the entire civilized western world, simplicity is usually considered as something inferior. Baldini is one of the few who makes us realize that simplicity is the highest conquest of words. But he achieves it through an unbelievably pliable, modulated, and complex prosody, which revolves around a few fundamental

sounds, as in modern music. His dialect is a reservoir of these fundamental sounds of emotion" - Gianni Celati.

**Economy of the Unlost**  
Full of gentle humour, every Barbpapa story celebrates the power of family and friends. In this story, Barbpapa and his family have to find a perfect new home after their old one is turned into apartments.

**Manolito Four-Eyes**  
Were witches

real in the Middle Ages? This handbook on witchcraft, first published in 1628, claims to expose the entire practice and profession of witchcraft. Was used as support in the accusation of witches at the time, although we can recognize much of it today as being paranoid superstition by religious authorities. The book is valuable because it allows one to view the extreme superstition surrounding

witchcraft at the time, and to better understand the degree of persecution that resulted.
